RE: Chapter 113 Amendment Task Force Recommendations

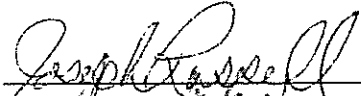

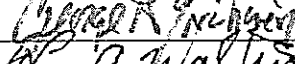

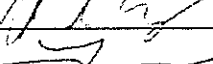

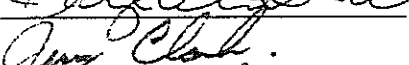

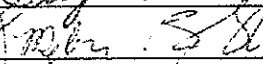

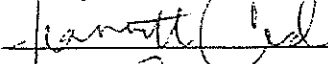

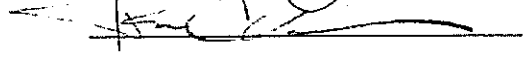

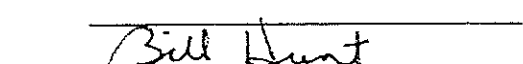

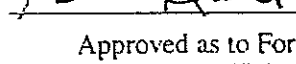

Dear Commissioners of St. Mary's County and Metropolitan Commission Board Members:

Thank you for the opportunity to participate in the above referenced Task Force effort. We have worked diligently to recommend what we believe are amendments that will provide the Metropolitan Commission with some additional flexibility and opportunity to better serve and expand its customer base. In addition, we have recommended minor editorial changes and clarifications in several topical areas. Our collective goal was not to rewrite Chapter 113, but to provide a consensus on recommended language that we believe would be beneficial and approvable. For ease of reference, we offer the attached Chapter 113 Task Force - Code Section Amendments-Matrix and corresponding proposed amendments in draft legislative format.

We trust the attached recommendations by this Task Force may be utilized as part of the legislative proposal to the Delegation in preparation for the 2018 Legislative Session. Attached please also find the Health Department's endorsement of the proposed amendments. Minutes of the Task Force meetings have been posted on MetCom's Public Meetings web page under the Administration draw down menu. In the interim, if you have any additional questions or would like the Task Force members or representatives to present its recommendations, please do not hesitate to contact us.

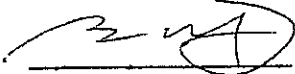

Respectfully Submitted,
