

ST. MARY'S COUNTY
ADULT PUBLIC GUARDIANSHIP REVIEW BOARD
ANNUAL REPORT – 2022

Introduction

The St. Mary's County Adult Public Guardianship Review Board (APGRB) was created through §14-401, et seq. of the Family Law Article of the Annotated Code of Maryland to make recommendations to the Court regarding the continuation, modification, or termination of public guardianship of adults with disabilities who are citizens of St. Mary's County. Guardianship is held either through the Department of Social Services and/or the Department of Aging & Human Services. There were as many as six (6) adults under guardianship of the person through the Department of Social Services and eleven (11) adults under guardianship of the person through the Department of Aging & Human Services for the year.

Accomplishments and Activities

Since the 2021 annual report, the APGRB has met twice (January 2022 and July 2022) to discuss the active guardianship cases. The APGRB meets twice a year to conduct a paper review of the guardianship cases and makes recommendations whether guardianship should continue, be modified, or terminated.

During the July 2022 review, the APGRB successfully reviewed all cases under the guardianship program and the Board recommended the continuation of guardianship in all cases.

Goals for 2023

One goal is to continue meeting semi-annually for the purpose of conducting a full review of the guardianship cases as presented by the Department of Social Services and the Department of Aging & Human Services, whether by teleconference or in-person, as allowed. Board members will continue to offer their recommendations on all guardianship cases and will make decisions the Board thinks are in the best interest of the persons under public guardianship.

Another goal is to continue working toward and maintaining a full complement of Board members and encourage different members to assume the positions of chair and vice chair, if selected/elected.

The Board president, or their representative, will request individual guardianship Recommendation Reports from the Department of Social Services and the Department of Aging & Human Services for each person currently under public guardianship. The reports will then be forwarded to the Circuit Court for St. Mary's County, Maryland.

Finally, the Board will hold elections for the appointment of new officers for 2023.

Membership

The membership of the APGRB is set by statute, all of whom are appointed by the Commissioners of St. Mary's County. Membership for the year 2022 is as follows:

1. Lori Jennings-Harris - (Representative of a Local Commission on Aging – Department of Aging and Human Services)
2. Dr. Jennifer Willoughby - (Psychologist)
3. Sherry Pierce - (Registered Nurse)
4. Kathleen M. Werner - Reporting Secretary (Lawyer)
5. Dr. Rene` Grace - Chair (Physician)
6. Thomas Stokel - (Person with a Physical Disability)
7. Vacant - (Lay Individual)
