Subject: Riverside Townhomes Public Hearing Input for 27 Feb 2025

Good evening Sherrie,

I cannot attend the hearing on 27 February, but would like to provide the following comment for the record regarding the proposed Riverside Townhomes.

I fully agree with the PC's original determination that the location for these townhomes is unsafe as should not be approved. That location is busy and dangerous enough without the addition. There is no need for something that will add to the already frustrating and dangerous infrastructure (Or lack there of) at and around that intersection. Any further development would be detrimental to the safety and well being of drivers and pedestrians.

Thank you,
Eric Giles
