

# Environmental Recognition Awards

The St. Mary's County Department of Public Works & Transportation and the Commission on the Environment are evaluating the voluntarily submitted recycling tonnage reports received for the prior calendar year. As a part of our new 2017 Annual Environmental Recognition Awards Program, we will be recognizing leaders in the community based on their recycling efforts in four (4) categories: individual, business, institutional, and non-profit. These **Recycler of the Year** awards will be based on the total amount (by weight) of recycled material reported and/or the implementation of new recycling programs /initiatives.

For more information on this program, contact the Department of Public Works & Transportation at (301) 475-4200 x \*3550 or stop by 44825 St. Andrews Church Road, California, MD 20619.
