The Clerk was instructed to request the Federal Light House Service to ~~re~~ replace the buoy on Higgins Point at the mouth of Breton Bay. This buoy having been carried away by ice during the past winter.

After hearing a report from Dr Eugene C. Peck, Health Officer, the Board, acting under its authority as the Board of Health of St. Mary's County, ordered Dr. Peck to serve notice on John F. The Board decided that it would provide a sum, not in excess of \$2000.00, for the repair and improvement (including plumbing) of the Leonardtown Public School.

Gatton at his # 1 bid of \$1600.00 for a wharf 246' x 12' with a landing on outer end 24' x 24', to be constructed with Spruce Pine Piling 10" to 12" at the Butt end, with white oak Fender and tie piles; all sills, Stringers and Decking of White oak. Contract for the above wharf was signed this date by the President of the Board and Philip A. Gatton. Payment for Wharf to be as follows: \$100.00 on signing of contract, \$1100.00 in installments as work progresses and \$400.00 when wharf is completed and accepted by the Board.

Col. W.G. Fay appeared before the Board and requested that it take action to have the State Roads Commission abandon the completion of the Beauvue-Valley Lee State road, and build a section of State Road to connect the #5 Highway with the Valley Lee end of the above road instead, and to connect up the 2 ends of the Valley Lee-Beauvue road with a County road 20' wide.

In view of the fact that the Valley Lee-Beauvue road had been planned a good many years ago and has already been built except for this short section and also of the fact that there are many other people who are interested in having this road completed the Board felt that it would not be in the public interest to take such action. *2nd Dist*
