

April 19, 1949

Board met at 10 a.m. all members present.

RESOLUTION RE DAYLIGHT SAVINGS TIME passed, effective ~~Apr~~ 24, 1949  
Resolution to be published in both county papers.

Mr. Raymond Quadé appeared relative to securing some of the oil trade fro the So.Md. Oil Co. Board decided to request bids for such service about July 19, 1949 from Thrift- So.Md.Oil Shell; Gulf.

Letter from Childrens Hospital requesting interview in hope to making arrangements for children received there from this County. Reply dictated by Mr.Hriscoe, such arrangements should be made by patient's parents or physician sending child to hospital.

Mr. Short, recently acquiring property formerly known as "Dormitories" in Lex. Pk., desires to renovate them and include hotel, servicees, theatre, small stores etc. Advised plans showing all proposed renovations must first be submitted to Planning Commission. After their approval such plans to be turned over to this Board for their approval. Mr. Short to meet Board April 26/

Conference with Dr. Riley and Freeman, State Health Dept. Balto., Md. and Dr. Collinson local Health Dept. Dr. Freeman says St. Mary's County has 3 problems

- 1 Fundamentally the County needs someone to run it intelligently, and it is a difficult task to find Full time Health Officer
- 2 Adequate space
- 3 Citizens should take more interest in health condition of county.

He also advised that Charles County has Health Dept quarters in county hospital, Garrett County has good quarters, Calvert is planning to erect hospital with Health Dept quarters included. Not sufficient space in St. Mary's County hospital for Health Dept.

What is needed is to arouse interest of the people in the matter; let citizens assist in raising funds for Health Officer's salary and to provide for proper health quarters.

Suggested Dr. Harris of Charles Co., who was part time Health officer here immediately after Dr. Ward- Dr. Harris will soon return from a special course in Health Service and will be available for part time duty in St. Mary's, if he has additional compensation Suggests Bd. plan to pay adequate compensation to specially trained health officer to make it worth his while to remain in St. Mary's as other Counties pay part of officer's salary. (\$7 - \$8000.00)

Dr. Riley advised Committee was not here to go too much into detail at this time, but close attention must be paid to areas from which oysters are taken, as unless sanitary conditions improve areas will be closed and thus the State will lose a large sum of money.

Committee will again confer with Bd. when they have matters definitely arranged.

--  
Increase in salary of Trial Magistrate to be acted upon at next meeting

Mr. Joe Weiner with Mr and Mrs Shaeffer asked for decision on real estate sale, Mr. Briscoe will have reply for next meeting.
