

January 3, 1950

Board held the first meeting of 1950, with two members present, Messrs. J. Frank Bailey and Frank Bailey. Capt. M.R. Bailey is ill. He returned home from Baltimore Jan 4th, very much improved.

Roads.

Mr. Jim Combs reported bad condition of roads- Old Indian Bridge Rd. Mr. Thompson was present and informed Mr. Combs he will start work on that road as soon as the Cedar Lane and St. Andrews Rds are completed- within a few days if the weather holds good.

Old Horse Landing, Laurel Grove. 3 families use this road and same drains right at the entrance of the owners' road which makes it almost impossible to get over after a heavy rain. Mr. Thompson was present and will take care of this matter.

Alms House

John Morris and family still at Alms House, sheriff notified to put them out at once. Copy of letter was sent to Mr. Ford at the Alms House, that this family is to be removed at once, since Morris is perfectly capable of taking care of his family.

Mr. Frank Bailey and secretary visited Alms House and inspected the heating plant now being installed by Smith's Inc. Work is progressing rapidly.

Inquired into the mentality of Janie Barnes who disturbs inmates by loud talking and singing at night, has spells and smashes things (Mr. Frank Bailey saw her room after one of these spells and it was a perfect wreck.) Mrs. Ford, curts wife, is afraid of Janie and asks that she be examined by Dr. Greenwell, alms house physician and sent away for the safety of those living in the house.

Transportation

Mrs. Essie Owens on the Lesienne Rd., asks that her 2 children attending St. John's be picked up by bus coming in 1 mi from road to do so. Says bus route is changed due to new road. Contacted Mr. Frank Bailey and he advised Mrs. Owens that Bd. agreed to have this done. Alex Webb's bus contract will be increased 4 mi per day and necessary change will be made in his contract.

LeRoy Thompson advised the Bd. he has been driving 4 mi per day since 2nd week of school term- 72 days in 1949, 28 mi @ 20¢ \$57.60 due on this for 1949 - in 1950 his contract will have to be increased \$92.00, 116 days @ 4 mi @ 20

Mr. Black of the Enterprise Iron Works, Balto bid on seven posts for jail. He visited the jail and will send bid for work.

Hoys-Davis Co ask that we consider tags for dogs, etc from them and they were requested to advise price of same.

Mr. Sterling having asked about the zoning laws in connection with leasing the houses in Loc. No. 1 for a physician's office the other day residents, were advised at length that same cannot be done- quote Mr. Briscoe's opinion.

Series of strips of land in Fanny Point area referred to Planning Commission which will report back its findings later.

Spencer Brinkman, Dawson, Dor County presented tails of 2 dogs he had killed, untagged dogs. Tails were proof of destruction of dogs which were public nuisances. Paid \$2.70 for this work. He was advised that any dog or dogs caught in the act of destroying poultry or cattle- either tagged or untagged- can be killed. Also, that all dogs must be licensed and wear their tags. He was further advised that he should notify owners they must secure tags for dogs, allow a certain length of time for this to be done, and that after that time if they do not comply with law, dogs may be killed. Mr. Briscoe read from Pub. Laws Art 16, Sec 37C

Subd of Law- when the question of the status of the School Law came up Mr. Briscoe and Miss Durr advised that a telephone call to Balto had cleared the situation. Due to the fact that Balto and Wayne Counties had already begun work on new schools, an Emergency Bill was passed granting them funds for the work and these counties were instructed to accept their requests for State Aid. This is done and the Emergency Fund allocated. State Bd. of Edu now informs that new application blanks are being prepared for the remaining counties to execute and send them in with requests for participation in the School Aid Law. Since the original law has been declared invalid, this is not necessary for all counties to do.

4th Dist. Miss Durr informed the Bd. that Miss prints for this school had been revised several times and the State Bd. of Edu. had had a conference with Mr. Baldwin and herself. The only change suggested was in the ex-Ceteris which was corrected to "A. Bowie" who has the phase of the building in charge. It is hoped the contracts will be let in February as both Bd. of Education and Co. Com are anxious for the work to get up early.

Bldg permit to Joh Lynch 1.00

Mrs. Alex Wilkinson ask that son Jimmie be sent to Spring Field to be cured of acute alcoholism. Certificates sent to Dr. F.F. Greenwell and F.A. Camalier to be filled out and sent with son.

Wm. M. Loker, Jr., appeared in re Zoning property owned by James C. Birch in Pinoy Pt. Petition asks that certain strip of land be zoned residential because residences now lie along that strip and balance of land in that area may later be requested zoned "agriculture". Planning Commission to consider matter at meeting tonight. Report ready for Mr. Loker Jan 24-

Atty. J.C.E. Sterling appeared with Mrs. Emma VanWert re-town disposal and garbage, refuse etc. Lot is swamped with rats, breeds flies, incinerator is not in working order and smoke blows thru her home when windows open. Has appealed to Town Commissioners who in turn have asked full time employee to take better care of things there. Health Dept condemned this dump 2 yrs ago but to date Town Commissioners have done nothing about it. Dr. Harris present at this meeting and says proper stack would carry smoke and odor away. Mr. Loker, present also, and Clerk to Town Commissioners advised that Health Dept had furnished plans for stack etc., and same were to be used in the very near future. Clerk was instructed to write a letter to the Town Commissioners, sending copy of same to the Health Dept., requesting that proper steps be taken to correct this nuisance, and to have stack erected at once.

Lights which have been installed on the Public Parking Lot adjacent to the Welfare Bldg are very inadequate. Clerk was instructed to communicate with the Sc. Md. Elec. Co-Op at Hughesville, asking that better lights be installed. The parking area is still dark.

Dr. Wm. Harris had a short conference with the Board. He advised that Dr. Allan D. Howser, 10 No. Melcher St., Johnston, N.Y., has been in St. Marks and looked the situation over and would like to accept the offer of the State Dept. of Health to come here as full

time Deputy Health Officer, but due to the fact that his position in New York pays him a better salary than that offered by Md., he cannot come without a supplemental salary. The Board has been paying Dr. Harris \$50.00 per month for his work here, and they agreed to increase that to \$100.00 for Dr. Houser if he will come for that additional payment monthly. Secretary was instructed to communicate with Dr. Houser, and send copy of letter to Dr. Harris.

Dr. H. is spoke of the Vision and Hearing Tests for school children. No arrangements are made by the State to care for the children in parochial schools who need treatment. Mr. Briscoe will ascertain whether or not the County Commissioners can make the necessary arrangements to take care of these children. Dr. Harris advised that a Technician would be needed for 3 weeks, the County would have to pay for her room and board, and she would receive the salary of a school teacher while here. A Specialist to administer treatment would cost \$50 per day, and he would be needed one and one half days yearly Feb-Mar and May (\$225.00). Board to be advised by Mr. Briscoe of the legality of the matter. (Otologist)

Secretary was instructed to communicate with Members of Genl. Assembly and ask that proper steps be taken to include the vote for or against the County Memorial Library in the next election in Nov 1950.

B. P. Thompson, who appeared last fall, came before the Board and requested that County maintain the road 1 1/2 mi on the Old St. Andrews Rd. Matter was referred to Mr. Thompson by letter. He is requested to give his report on the feasibility of the County assuming maintenance of the road.

DEED for Right of Way, W. Graves et al, road All Faith towards the Patuxent River filed for recording.

Owen Lathan, formerly working for Jos. Alvey, has been injured by auto accident and unable to work, aged 57, not eligible for Old Age pension; asks to be sent to County Alms House. Board agreed. Secretary will contact Welfare Bd and ascertain whereabouts of Lathan and have him removed to Alms House.

Board adjourned at 1 p.m. for lunch.

Re. from Moonlight Club thru to Wash. 1st state road attached drawing shows where road hook-up is desired and only necessary to put in large amount of gravel to make this hook-up in good condition. Matter referred to Mr. Thompson who was present.

Board adjourned at 2 p.m.

Regular meeting held today, all members present.

Passed for payment
Claim of Brock Ryan, damage to poultry by dogs \$22.00
" " Joseph Purcell, " " " 39.00

Mr. Frank Bailey authorized clerk to purchase 3 Venetian Blinds for Grand Jury room- this is occupied part time by Mr. Lacey, capt. of High School in St. Mary's.

Roads.

New Holland Farmerville, requests pipe at entrance to her road is under water after a rain, and a pipe at the entrance to same would help matters. Board agreed to request State Roads Com to place pipe where necessary

St. Mary's City.

Com. Edmund Messers, Grecks, Goddard, Lewis, requested the Board to again consider the road which goes below St. Mary's City thru the Gen. Talcomb property. Some opposition had been met previously from Gen. Talcomb when the matter was approved last year. All opposition has been removed. The delegation was advised they should secure deed to right of way, present same here and matter will be handled as soon as possible.

7th Dist.

Letter from Mr. Robert E. Fogue was read, he was asked to have the group interested in this road to appear before the Board and the matter will be given attention.

7th Dist

Milstone, Springfield Tenn, thru Capt. Boss' place G. Edwards 404 1/2 St. Survey has been made. Matter to be referred to Mr. Thompson.

Alms House.

Letter from the Sanitarian of the local Health Dept. was read. Thorough inspection of the Alms House shows it is in splendid sanitary condition. In a Jan of 1949 heat, light and water facilities have been installed. Bldg shows every indication of being kept clean. New beds and bedding has also been purchased for use of the inmates and old blankets cleaned. Isaac Ford, superintendent was reported as having whipped Janie Barnes. Dr. Greenwell reported the matter. Isaac Ford revealed that in a fit of temper Janie climbed out on the roof and he was unable to go out after and get the broom and fanned her with the broom. She came back into the house. He was instructed that under no circumstances should he ever attempt to whip any of the inmates. He agreed to not do so.

February 14, 1950

Dogs.

Letter to Mr. Spencer Bradburn, Special Dog Deputy see about dogs at homes of Dr. R.T. Fuchs, Leonardtown, Md. R1 Jos. Purcell, Drayden, Md. call at Dent's store and they will direct him to home of bad dog
Lt. Cm. Freeman, vicious dog, killed poultry belonging to Mr. Brook Bryant- dog is considered bad dog Lt. Freeman resides at Kloman Cottage, Taff Timbers.

Zoning 2nd Dist

Request from Mr. James Burch for strip zoning in 2nd Dist. Planning Committee estimates cost of Zoning would be approx. \$5,000 area requested is Blake Creek to St. Geo. River along shore line Potomac Riv to Herring Creek - purpose to prevent encroachment of business in residential section Board advised no action would be taken until all property owners in this section request zoning.

Roads.

Deed for R of W, Mrs Jane Blakeney's property, McKay's Beach received and road accepted. Letter to Mr. Thompson advising him of this, Deed is Liber CBG 24-folio 211 road 1770 ft.
Abell's Wharf Rd.

Road is public road to wharf and restaurant, needs regravelling resurfacing and widening from Spotter's cabin to wharf Mr. Thompson asked to get this on 1950 calendar

Auditor's Report

Mr. A.S. Jump, CPA had interview with Bd. Spoke of lateness in sending out Tax Bills which are payable Jan 1st, and bear interest after July 1st. Impossible for him to complete either Treas or Assessor's books, since all Personal Property Schedules not in He advised Mr. Lawrence where Schedules not sent in on time, he should use that of last year as Jan 25th is dead line for those reports. Mr. Jump completed audit of County Commissioners' books and set up new system of Accounts, which is similar to that used throughout the state. County Budget for 1949 was on estimated basis and was set at \$262,791.86 but actual expenses were \$365,171.03 Large portion was for repairs to Court room, chairs, etc., water and light and extra rooms at Alms House. It will be necessary for the Bd to advance to the Treasurer the amount of \$102,182.00 to make deficit. County Budget for 1950 based on \$16,000,000.00 has been checked assessment value has been increased. Mr. Jump will complete the work on Budget when he comes in March at which time all schedules etc., should have been received and County taxes ascertained.

Gasparovic- 8th Dist Zoning

With further reference to the matter of rezoning Gasparovic's property in the 8th Elec Dist on GM road, for the purpose of erecting Bowling Alleys, etc., the Bd sees no reason to change its' original decision to rezone the property "C" commercial. Considering the Public Hearing held Jan 26th, full copy of testimony is in Gasparovic files, Bd. feels that business is rapidly moving up towards the NATC from Great Mills, and that within a short time

the entire main artery will be business and not residential. Mr. WM. Loker, Jr., atty for Mr. Gasparovic was so advised. Plans for Mr. Gasparovic's building, and survey made by Mr. Bowman are in possession of Mr. Nicolet.

Schools. Miss Dent came before the Bd. relative to her budget which has to be made in 2 sections, Sept to Dec at '49 rate and Jan to June at '50 rate, very confusing and much unnecessary work. Forms now ready to be prepared for the School Loan for 2 projects- 5th Elec Dist Elem and Bannaker, Miss Dent was asked to contact secretary to secure any information needed to complete forms

Town Commissioners Meeting.

Afternoon session was taken up by Town Commissioners- K.B.Duke, T.W.Bell R.B.Duke, and their atty W.M.Loker., relative to strip of land to be taken from side of Court House- west side- to make room for sidewalk to wharf, from Beacon Lane. 4 ft would be very narrow. Mr. Bailey and Mr. Briscoe looked at the section in question and said they felt it could be done. Mr. Thompson was requested, by letter, to have state roads engineer look over the land and report on safety of sidewalk, and necessity for having retaining wall. Mr. R.B.Duke mentioned that it had been the practice of landowners to pay for $\frac{1}{2}$ cost of sidewalk construction but Bd. said they felt if they gave the land that was all they would do. Town Bd spoke of their summer program which includes sidewalk from Dr Greenwell's to Mattingly's lane where Norris property is taken from front of house, small plot at rear has been deed to J.R.Norris to offset any loss he might otherwise feel. Tudor Park Corp agress to deed R of W to Town for sidewalk, Bd. of Co.Com would have to deed R of W from Beacon Lane to jail lane.

Town Commissioners were on their way to see Bd of Education about new school for Leonardtown, since within a few years there will be 80 children of school age on Lawrence Ave alone.

Meeting adjourned at 4 p.m.

February 28, 1950

The Board of County Commissioners met today, with all members present.

Mr. W.W.Hutchins of Lexington Park requested the Bd. to approve his plans for a night lighted, all-year ball park to be erected on the County Fair Grounds. Mr. Hutchins was advised that while this plan meets with the hearty approval of this Bd. they have no jurisdiction in the matter. They agreed to write to Mr. Henry Fowler, President of the Fair Bd and acquaint him with their approval, hoping that the Fair Bd will also approve the plan and designate a park for the ball grounds. Letter to Mr. Fowler and Mr. Hutchins were written by the secretary, as to above.

Roads.

Fr. Horace McKenna, S.J., accompanied a delegation who asked that roads in 1st Dist be repaired Dameron to Ridge to St. Inigoes 15 families with children of school age live on these roads. Peter Fenwick- W.L.Clayton, etc. Roads were accepted by former Bd for maintenance but nothing done. Bd. will contact Mr. Thompson and have same put on 1950 program.

Red Hill Cove; Thompson's Neck-Forrest Landing- T.J.Matthews Luke Mattingly, Luke W.Mattingly, R.H.Harsh,A.C.Himmler, Geo.G.Smith, L.C.Shuff. James B. Harris, S.A.DeStefano Jno R. Knott. request for county to accept R of W and maintain road- 30 ft. by 8/10 mi. Road will not be used by trucks and buses. Mr. Thompson present. Bd. agreed to accept R of W.

Mr. J. Lee Wilkenson, architect had an interview with the Bd relative to schools. left an article as to schools he had built etc. Offers to assist Sch Bd in preparing plans whereby costs may be kept at a minimum.

Landing of Pilgrims in 1634 Six sections of lithographed panels, depicting scene of landing of Pilgrims in 1634 was presented by Fr. L.C.Wheeler,S.J., and Fr. Chas. Rohleder, S.J., of St. Aloysius Church. Bd was delighted to accept them, as they had wanted such a picture to hang in the Court Room W.Bennett instructed how to mount the scenes, letter written to Judge Gray asking permission to have celebration March 20- or March 25th when scene will be unveiled in Court Room.

Mr. Jack Bell appeared relative to sites for public dumps throughout the County. Mr. Bell was instructed to contact Mr. Lawrence to determine where County owned property is located and signs will be placed there.

Parran Graves- homeless, crippled, asks to be placed at Alms House. Has wife and sons, but wife is living with son and Mr. Graves doesnt get on well with inlaws. Sent to Alms House 2/28

Mrs. Ross Coppage, Miss Helen Clarke were here with Garrett County Bookmobile so that Commissioners could have good view of the gift Mrs. Davidson proposes giving the County. As Mrs. Ross expressed her opinion, "there is no finer company for girls or boys than good books."

Letter from Planning Commission, requesting set-back on Shangri-la Drive be removed. This necessitates Public Hearing on matter. Notice of such hearing to be held in Court House on March 14, at 10a.m.

Zoning- Gasparovic- further consideration given to matter. supplementary decision by Mr. Briscoe presented to Bd. advises they sustain their original decision to rezone property "C" commercial which was arrived at from a study of evidence presented at last hearing Jan 26- which tends to show a steady trend of business along the highway from Great Mills Road to 3 Notch and NATC. In 1945 several property owners had their property zoned from "A" to "C" due to the already creeping in of business. A denial of Mr. Gasparovic's request would hamper development along commercial lines. In the erection of the Bowling Alleys the County also gains an additional sum from taxes

State Roads Commission presented a list of roads and work completed in 1949.

Letter to St. Mary's Hospital advising them they had drawn all but \$178.50 (check for this amount enclosed with letter) of budget allowed them up to 12/31/50, for indigent patients certified them by Welfare.

Library Aid.

After several meetings at the home of A.F.King between officers of the St. Mary's County Memorial Lib. Asso.Inc., and JHTBriscoe, King and the commissioners, the Board agreed to lend its support for ONE YEAR ONLY to the library. Letter from R.E.Wigginton, sec. of the above Asso., was the first written proposal or pledge of what Mrs. Davidson proposed to do in regards to a public county library. (letter in files) Mrs. Davidson will lease any part of Tudor Hall (which she has decided to the S.M.C.M.L.A. Inc.,) necessary for the proper conduct of a library; she further agrees to operate the library for a period of at least one year at her own expenses, if the County Commissioners will appropriate the 2¢ minimum amt. on the taxable basis; after this is done the State aid for libraries at 8¢ per capita can be received for purchase of books; Mrs. Davidson will then pay the rest of all expenses, including heat, light, janitor etc. The Commissioners agreed to appropriate a sum equal to the 2¢ tax from the Surplus Fund, for ONE YEAR ONLY in order to determine whether or not the citizens desire such a library.

Lst Nat Bank requested Bd. to close out Sinking Fund and maintain only the CGF #1, from which the necessary amounts will be withdrawn when due for the Sinking Fund.

Board adjourned at 1:30 pm.

Mar 3- secretary instructed to purchase 3 Executive chairs for Judges in Court Room from Remington-Rand Inc.

Roads Repaired In St. Mary's During 1949

Below is a list of roads in St. Mary's County that were repaired and built during the year of 1949.

Roads Resurfaced—

Riceville Road, .5; McKay's Beach, .85; Loveville Road, 1.5; Cedar Lane, 2.85; Brent Davis Road, 1.0; Hurry to Chaptico, 2.58; Woodburn Hill, 1.5; Horse Landing, 2.0; James Road, 1.5; Robert Burrows, 2.6; Vista Road, 1.66; Red Hill, 1.25; John Hebb, 2.0; Blackistone, 1.16; Forest Landing, .9; Blanch McKay, .4; St. Patrick Creek, 1.21; Cherry Lane, .4; Matt Bailey, .2; Colton's Point, .3; St. Andrew's, 3.0; Town Creek, .2; Myrtle Point, 1.5; Kingston Creek, .8.

Total—31.86 Miles

Roads Reconstructed—

Esperanza, .9; St. George's Island, .9; Tall Timbers, .7; Richley Brown, .92; Colton's Point, .3; Clarence Mattingly, .7.

Total—4.42 Miles

Roads Built New—

Gibson Shipyard Road, .25; Ext. River Springs Road, .25; Bailey Road, .45; Noland Road, .50.

Total—1.45 Miles.

Roads Resurfaced - Bit. Material—

White Neck, 1.4; St. Patrick's Creek, 1.15; Loveville, 1.5; Bay-side, .5; Fresh Pond Neck, .8; Park Hall, 1.4; St. Inigoes Neck, 2.5; Cross Roads, 3.0; Cabbage Alley, .46; Morris Point, .45; Hatchet Thicket, 1.95; Mechanicsville to Chaptico, 5.75; Baptist Church, 2.85; River Springs, 1.0; Airedale, 1.5.

Total—25.21 Miles

Road Surfaced Initial Bit Mater.—

Morganza to Oraville, .2; Seven Gables, 1.7; Forest Landing, .9; McKay's Beach, .85; Ext. River Springs, .25.

Total—3.90 Miles

March 14, 1950

All members present when the Board held their regular meeting today.

Mr. A.S. Jump, CPA had a short conference with the Board relative to work in the Treasurer's office being late. He desires the Board to purchase a Tax Billing machine which will reduce the work by half, or more. Mr. Jump wants the breakdown on Real and Personal property to be placed alongside the tax bill. The Personal Property schedules not having been received, that information was not available to Mr. Jump. He desires the Assessor to prepare personal property schedules as of the year previous if reports are not in on time. He also feels there should be someone in authority in the Treasurer's office to see that work is done on time, as the present force does not assume the responsibility. He also wants Real and Personal tax bills to be sent separately. He requested the Board approve the Treasurer's request for additional help to get the tax bills out. The Board approved the employment of two young ladies at \$15.00 per week- 5 days, until work is caught up.

Enterprise Iron and Screen work will begin work tomorrow on installation of wire screens on jail windows. Same will be completed before March 20- wrong hinges received but correct ones will be sent and jailor will put them on.

Venetian blinds have been installed in Grand Jury and Clerk's office.

Remington-Rand- Mr. Marlow came to talk about Tax Billing Machines. They will require some time to prepare and the company will send instructor who will remain here until person doing the work for this county is proficient.

Rev. Morrison of Lexington Park, contracted to purchase a building and paid taxes in 1948-49. He now understands such a building is exempt from taxes. Mortgage company collects taxes. Mr. Rysticken was instructed to prepare a bill for the amount of taxes paid to date, and the Board will have them refunded. The matter is first to be straightened out with the Mortgage Co.

Mr. Good of the Crown Cork and Seal Co., Baltimore appeared with the offer of an incinerator- it is too small and doesn't comply with the Balto laws, but Mr. Good feels the CC & S Co will be glad to dismantle, haul and re-erect here in St. Mary's, also send a man to instruct operator and also furnish a generator all for a sum, but the County must make the offer. Town Commissioners appeared also, and are very anxious to secure this machine as the one on the Town dump is worn out beyond repair.

The Town Bd. had a meeting in this office and agreed to pay expenses of operating plant if the County Board would pay the expense incident to installing plat here. Mr. Briscoe will be busy in Court for the next week or 10 days and after that time he will confer with the Town Board in an attempt to come to a conclusion re the machine, price etc. He will make his report to the County Commissioners after his meeting with the Town Board. There was a feeling, tho nothing definite was said, that \$2,000.00 would be accepted by the CC&S Co.

A Public Hearing was held on the matter of eliminating the setback in Lexington Park adjacent to the building used for Methodist Church. Mr. Oliver Guyther represented 90 residents of that section who objected to another liquor license being issued. (This would be an additional license, rather moving the Rue 's Roost to this location if set back is approved.)

The Hearing was transcribed by Kathleen Jackson and is to be found in the files under "Public Hearing."

Board adjourned at 4 p.m.

Planning Commission gave information relative to non-confirming to parking regulations in the Lex. Pk area. Mr. Briscoe given full authority by the Board to handle all these matters.

SPECIAL MEETING WITH MR. JUMP

The Board of Commissioners met at one p.m., with Mr. A.S. Jump who went into the matter of the Tax Bills etc., in detail. Chas. J. Mattingly, Treas was also present.

He advises that many errors have been made in figuring the tax bills for 1950. Mr. Jump says this work should be double checked to prevent errors.

Mr. Mattingly approves the installation of a Tax Billing machine. Machine will eliminate errors, etc and pay for itself in a few years. He says growth of the County has increased the work of the Treasurer's office and at present the office is undermanned.

It will require 4-5 months to build the machine, require 3-4 weeks to instruct the operator who would then be in a position to prepare accurate bills for 1951. Machine will cost \$2200.00 and \$500 for paper; be serviced 1 year free with check up following every 3-4 months.

Mr. Frank Bailey agrees with Mr. Jump the machine is necessary and will benefit the County. Capt Matt R. Bailey and J. Frank Raley want to think it over.

Meeting adjourned at 3 p.m. No action taken.

March 28, 1950

All members of the Board were present at the regular meeting today.

Ball Field

The Board unanimously agreed to lease a portion of the Alms House field, north field adjoining the County Fair Grounds, to a corporation of Businessmen of the County for use as a lighted ball field. The field will be available for other uses than baseball, such as parades, out-of-door contests or other entertainment. Grandstand will be erected. Detailed plans have not yet been completed or presented to the Board, the new organization has not entirely materialized, but when everything is in order a lease will be signed by the Board. It is anticipated the field will be ready for use this summer. Messrs. M.C. Thompson, Jr., and Barnard Smith represented the new organization.

Roads.

Maddox section Knotley Hall Road 1 mi from State Road Matamny Rd, St. Mary's City, accepted and on 1950 program for surface treatment.

Compton t- wharf (Mrs. Noema Abell's) recommended for oiling and gravelling

All road matters were referred to Mr. M.C. Thompson who was present.

Reduction in Personal Property Taxss

Atty W.A. Loker appeared with Dr. Walter Graham, Jr., Hollywood owner of the Froz en Food Lockers, relative to reduction in Personal Property tax assessment \$13,000- State Tax is over \$30,000.00 Dr. Graham requested that he be exempted from the personal property tax inasmuch as the equipment is used in processing stored foods. His real estate tax would not be affected. He feels that the plant is of great value to the county and he cannot stand the heavy taxes since he has had to pay so much in losses, when electricity is cut down without notice to him, he frequently has a burned out motor to replace etc. The matter will be considered by the Board, and a Resolution stating what help they can render Dr. Graham will be prepared by Mr. Briscoe. The Resolution will only affect Personal Property tax of Frozen Food Lockers in St. Mary's County.

Remington-Rand

Mr. Marlow of that company called with reference to a Tax Billing machine which would elminiate about 2/3 of the work of Treas. office. No action taken. Machine would cost 2270. paper 500/ requires about 5 months to prepare the machine.

Storage for storm wind~~use~~ screens paint and supplies rented from AF King, large garage for \$100.00 per yr. beginning in April

Janie Barnes

Nace Ford, Alms House Supt. reports that Janie Barnes is becoming more annoying and requests that she be removed. She is said to have choked an inmate- Watson. Dr. Greenwell and Dr. Bean asked to reexamine Janie and make report

Lionel McCormick, whose wife Polly is an inmate of Spring Grove says he cannot pay anything for his maintenance at the hospital as he is heavily in debt and has to furnish her clothes food etc.

Alms House ceiling, reported by Grand Jury as needing repair Mr. Frank Bailey examined same and contacted John Somerville about the matter. Somerville will report to the Bd. if he can repair same.

Board adjourned at 4 p.m.

April 11, 1950

Regular Meeting.

The Board met at 10 a.m. Capt. Matt R. Bailey and Mr. Frank Bailey present. In the absence of Mr. J.H.T. Driscoe, Mr. W.O.E. Sterling sat as attorney.

Roads.

Bushwood-Dynard-Hurry Delegation headed by Mr. Geo. L. Lawrecen requested something be done to surface this road which was built sometime ago.

Cedar Lane Road, residents request surfacing before summer months and dust set s in.

Clements-Chaptico- Mr. John Mattingly requests this road be surfaced used by 12 families and 2 school buses. Road less than 2 mi long. Road to be tarred $\frac{1}{2}$ mi at either end, the rest of the road is in bad shape.

Great Mills Road

Dangerous knoll prevents cars approaching from different directions seeing each other, frequent accidents result. Request made that SRC remove knoll between Spinning wheel and Texaco station. Letter to be addressed to the SRC to have this work done, 1 mi long full width of road. Man recently killed at this spot.

Ball field at Alms House.

Chas. Price owner of restaurant and ballfield near Calloway with Nace Ford protested the leasing of the ballground to the Businessmen. Nace Ford says he needs it for his crop- Chas. Price says he has a ballfield that he will lease for \$1.00 per year to any team, but feels if this ballfield is prepared it will take the cream of the crop of players, and business in other sections of the county will fall away due to lack of good ball teams playing etc. Commissioners still feel it will be a worthwhile project to have the ballfield on the Alms House property, adjoining Fair Grounds.

Patuxent Park

Mr. Rysticken appeared relative to requesting lights along the 3 Notch Rd, Great Mills Highway and to Trailer Camp 3 Notch Rd. 274 families pay about \$24,000 in taxes. no street lights, very dangerous for women and children at night. So. Md. Elec. Co-Op advise it will cost about \$400 per yr for lights- 1 fatality this yr on road due to no lights; Pepping Toms are in the park and lights would eliminate this. Section needs Public Dump. Garbage disposal big problem and handled by private contractor. Is interested in the CC&S disposal plant offered to the County feels it would be a good thing for the county to have for disposal for all sections of county in one central place

See Mr. Briscoe about Resolution for Dr. Graham's taxes

BaseBall field:- Mr. M.C/Thompson says there is a need for athletic grounds in this section and that Fair Grounds need additional space

Burroughs Adding Machine- Mr. Lynch called relative to Tax Billing machine will secure machine and demonstrate if Board desires him to do so. machine will cost #3393 is also adding, substracting, multiplying machine included in the tax billing machine. Mr. Lynch to be advised if the Board desires this demonstration. See Mr. Briscoe if he feels this advisable.

Board adjourned at 1 pm

Scotland Beach property

Arthur Eddy requested permission purchase section of land 22 x 80 ft, close to SRC county desires to retain land.

Health Dept. Request

Dr. Harris requested that hereafter \$1,000 annual allotment for nurse be changed to \$760 for nurse and \$240 for clerical assistance, and check for \$20 be mailed monthly to clerk in local health dept. Bd. agreed. Effective Jan 1-51 since Bd. has already sent \$1,000 to State Bd. of Health for 1950

Fiscal Year Change

Chap. 47, Local Code Sec 50-Art 19 SB 136 page 317-318 permits County Commissioners to change the fiscal year of this County from Jan 1 to Dec 31, to July 1 to June 30- this will remove duplication of budgets since most of the County offices operate July 1 to June 30. This change will become effective Jan 1, 1951

Change of Room in Court House

Petit Jury room to be divided, lavatory installed and room furnished for use of Judge; other part of Petit Jury room to be used as Law Library; present Judge's room to be used by Petit Jury, present Law Library to be used by Supvs. of Election and Planning Commission. Bids to be requested for carpenter work in Petit Jury room. Bid accepted from SMITH'S INC for lavatory \$275.00.

✓ School Loan Request signed by Capt. M.R. Bailey, Mr. Frank Bailey and approved JHT Briscoe.

Bob Hendrix, Lexington Park appointed Special Dog Deputy law pertaining to tagging of all dogs to be enforced- all

untagged dogs to be destroyed- all dog owners refusing to purchase tags for 1950 will be prosecuted.

Mr. Herbert Schmidt, Fed. Housing Admin. letter to be sent advising that when Deed for R of W has been received for Old Willows from the FHA and Navy, County will make the necessary improvements in the road.

Ball Park Project- Barnard Smith and Chapman Thompson presented an agreement signed by Nace Ford present Supt of Alms House, releasing 4 acres of land adjacent to the corner of land owned by Wm. Wise heirs on north field of Alms House property, and land to be used for Ball Park. Commissioners agreed to lease land to Ball Athletic Club for 25 years at \$100 per year. Nace Ford was paid \$100 (rent) by the Athletic Club, 1951 and thereafter to be pd to Co.Com.

JHT Briscoe, representing the Board met with the Town Commissioners relative to purchasing the incenerator at Baltimore of the Crown Cork and Seal Co for the sum of \$2,000. on the condition that for this amount the Co will dismantle, haul, install and teach an operator how to manipulate the incenerator, the price also to include a generator. Mr. Briscoe will write the letter.

Board adjourned at 2; pm

May 9, 1950

Secretary instructed to secure bid from Smith's Inc for renovating plumbing in 2 lavatories in Court House, Same was done \$165.00 for all work and material etc. Smith's advised ok, asked to complete work as soon as possible.

Mr. R. Norman Yates, Pres. Bd. Supvs. Elections appeared and advised that the County would hold 2 days for registration June 15 and 16, in the Court House, County Commissioners' room. Both papers will carry notice for at least 10 days prior to Registration Days.

Mr. Yates also requested Board to erect proper voting place on St. Geo. Island, small building about 16 x 24, chimney 1 door 3 windows, 4 booths, electric lights Secretary instructed to ascertain what property on the Island is owned by the Commissioners, must be near road and then have

bids let for the building. To be completed by Sept. 1950.

Refund of \$5 to Mrs. E.C. Peck for payment on lot in St. Clements Shores which Dr. Peck made some years ago. Mrs. Peck no longer desires the lot.

Mr. Raymond Quade appeared relative to crowding on his bus-93 children. He and Mr. Frank Bailey will revamp his route before Sept. and Mr. Bailey relieve him of some of the load and increase Mrs. Alberta Bailey's route.

Mr. Geo. Lawrence appeared with relative to personal property tax, Bd. decided to reduce taxes by 50%

Mr. Gibson appeared requesting check for 7th Dist Vol Fire Dept same was given him \$700.00 (as prescribed by law-) for 1950

Board of Education

Board met with Commissioners to request the purchase of an 18 acre site of land in old Texas - J.M. Mattingly's property - land almost all level runs with street, has water, lights, fire dept. etc facilities which make it adaptable for school site. Dr. Pullen viewed land and decided it would be a good plan to purchase the entire tract of 18 Acres and hold it until Leonardtown Primary and High School is built. Bd. left at noon to view the property in question. They made no commitment as to whether they would pay any part of this \$18,000, nor did they know from what source the money would come - Incentive Fund or school loan etc. No decision made at all. **Capt. Bailey desires to have Bd present before any decision is made.**

Miss Dent advised the Bd. of Educa. is dedicated to major projects Mech and Banneker - 3rd is to be in Hollywood before Ltn school is built. (Projected completed today with regards to exchange of land with Mr. Dean etc.) This latter information came from Mr. Claude Johnson who called to see what decision the Commissioners had reached. They did not return for the afternoon session.

Mr. Briscoe asked if the source of the money for payment of the Mattingly tract could come from the Incentive Fund - Atty. Paul J. Bailey has not advised the Bd. of Educa. Or can it be drawn from the Bond issue? Miss Dent advised that the Bd. of Educa is already dedicated to 2 major and 1 tentative project and suggests that the Co. Com can assist towards the purchase of the land from some other source. Mr. Frank Bailey asked what amount would be required for the option. Town Com. and Chamber of Com., with PTA and other organizations express their desire that a tract of land be secured in the Ltn area and a consolidated school be erected here.

Mr. Mattingly also expressed his willingness to accept the present school site in part payment of the land. The Bd. of Educa says if the Co. Com will provide funds for the purchase of the new site - they the Bd of Educa will agree to use proceeds from the old site towards paying for the land.

Mr. B says before anything is done, tract should be surveyed.

All accepted except Mrs/Burch who is in ill health.

Roads accepted by the County for Maintenance

Dist #8 Quatman Rd 23352 ft.
#2 Blakeney Rd -1770 ft.
#8 Town Creek Rd - .15 mi
#8 Sypher Rd. -.06 mi

Mr. Norman Yates, Pres. Bd. Supv. Elec. requested permission to rent the Hall at St. George Island for election purposes. It was decided to use the hall at a nominal rental \$30.00 for each registration or voting, instead of building a hall for that purpose. Mr. Yates was authorized to contact the owner and make necessary arrangements for this matter in time for the Primaries in Sept.

Request for the County to accept the Hill Rd- Bond Neck Rd- .03 mi for maintenance- Survey etc was required, when R of W is received road will be accepted.

Dr. Dean Roberts of the State Dept. of Health presented Dr. Alan Houser to the Board who thereby accepted Dr. Houser as Deputy State Health Officer for St. Mary's County, effective June 19th. Dr. Houser's salary will be augmented by \$1200.00 per annum from the County, same effective June 19.

Dr. Roberts spoke of Dr. Houser's special training etc., for the work he hopes to do, and asked that he have the cooperation of the Commissioners in this work. The Board assured Dr. Houser that they will cooperate with him to their utmost.

Screen doors were to be ordered for office of the Clerk to the Circuit Court, secretary instructed to secure them.

Board adjourned at noon.

St. Jerome's Creek Rd brought to attention of Bd. by letter Ivan Shubrook asked that St. Ingoes Rd be repaired

Mr. M.C.Thompson present and all road matters referred to him.

Mr. Thompson requests record on R Of W for
Lydia Palmer Road
Hav. Mattingly Rd
Maiden Bower Rd all in the 7th

Foley Drury appeared requesting his taxes be reduced. Was advised to return for next meeting when Mr. Lawrence will be present. Mr. L. is at school at Md. Univ until July 13

Letter to Mr. W.S.Donaldson accepting his bid for 1950 audit of
County Commissioners, County Treasurer
Trial Magistrate Clerk to the Circuit Ct.
all for \$2200.00

Nace Ford authorized to secure screen doors and screens for all windows at Alms House for \$212.00 includes all material labor and hanging same.

State Tax Commission having certified Wm.F.Herbert for position as Assessor of St. Mary's, since only two men appeared for the examination, Capt. Matt Bailey requested that Walter Benjamin Raley be interviewed with a view to appointing him to the position, Letter to State Tax Com. to this effect was sent.

*Board agrees to sell the James Butler property - that is
to Noble Beaman for \$100. + Mr. Beaman will prepare
Deed Property acquired Aug 1931-*

Bd. of Education- Payment of School site in Ltn.

The Board of Education appeared relative to the \$2,000.00 check to Mr. J.M.Mattingly, Sr., deposit on school site in Ltn. Commissioners advised the Bd. Educa. should hand the check to Mr. Mattingly and that Atty P.J.Bailey for the Bd. Educa. and Atty J.H.T.Briscoe, atty for the Bd. Co. Com. confer with reference to the further payment of the site from funds secured through the State School Aid program. Land is being surveyed and will cost \$1,000 per acre. Mr. Briscoe felt a better price could have been obtained had he and someone else approached Mr. Mattingly. Mr. Claude Johnson advised that he and Mr. Geo. Thomas visited Mr. Mattingly and the first price for the land was \$1250.00 per A. Later Mr. Mattingly agreed to sell the entire plot for the sum of \$1,000 per acre. Tract is to be surveyed, it is estimated that it is 18 Acres. Miss Dent informed that the amount already received through State Aid- or asked thru State Aid- is allocated to 5th Dist. Elementary and Bannaker Consol. In view of the fact that the site in Leonardtown is in the corporate limits, with fire, water, sewage, lights and police protection it is well worth purchasing and holding for the school.

The Board adjourned at noon.

July 25, 1950

The Board of County Commissioners met in regular session today with all members present.

Roads.

Camp Dengees

Road used by summer campers as well as 8 permanent families approved for widening at narrow end.

Roadway into the farm owned by Mrs. Alfonsus Guy and Mrs. Richd. Downs closed some years ago- approved for opening if Mrs. Guy secures permission from Mr. L. Vallandingham to straighten run.

Erosion

Erosion at Tall Timbers- Lt. Com. Jas. Downs appeared asking the Board to consider relief afforded by law passed in 1950.

Com. Downs desired Board's reply as to whether or not they would follow the law- Board requested Com. Downs to ascertain if 75% of the property owners desired this relief in view of the extra taxes etc., required. Lt. Downs will advise Board of the results of a meeting of the T.T. property owners on Aug 25 when they expect to be able to lay plans, prices for jetties etc., before the Board. Mr. Briscoe to study the law and further advise the T.T. property owners as to their share in the extra taxes etc. Mr. Briscoe suggested that T T property owners go to Annapolis and consult with the County Commissioners there relative to the matter of erosion in that County etc.

Scotland Beach Sale of Taxsold property

Property secured by County through Tax Sale in 1931 sold to Mrs. L.M.Heagy and Mrs. A.C.McKenney of Wash.S.C. Land has State Road running through it, part of the unused land adjoins Mrs. McKenney's & Mrs. Heagey's lot on one side and property owned by Mr. Stafford on the other side. Lot sold to Mrs. H and Mrs. McK. for \$50. Mr. Briscoe will prepare the DEED. (This is the same land for which Mr. Arthur Eddy offered \$10.00 last spring before the County Commissioners considered selling. Property was sold to the present owners because it adjoined their land.) *Peter L. Eckert prop acquired by County 1931*

Reduction in Taxes.

Foley Drury appeared and requested reduction in taxes which had been increased a large amount over last bill. Mr. Briscoe advised that it would be practical to allow a reduction and Mr. Lawrence - absent today- will be told of the reduction.

Board of Education

Bd. of Education requested the Board of Commissioners to endorse application for use of funds received thru State School Aid to apply on balance due on purchase of Leonardtown School site. This was done.

Colored County Agent

Ryland Holmes, Carver Hts. Lexington Pk., Md., new County Agent for the Colored, who began his duties as of July 1, 1950 appeared and briefly outlined his plans for the coming year. Agent Holmes has an office in his home at Carver Hts thus relieving the County of rent etc. His salary as agreed upon between the Dept. of Agri and the Bd. is to be \$1,000 per year, payable \$83.33 monthly.

Board adjourned at 1;20 p.m.

Regular Meeting.

The Board of Commissioners met today, with all members present.

Erosion Prevention at Tall Timbers.
A request for Erosion Prevention at Tall Timbers having been received sometime previously, Mr. J.H.T. Briscoe, attorney to the Board dictated a letter to Lt. Com. Jas. H. Downs of that section, explaining the relief measure contained in Chap. 66, Art. 167-A Laws of Md. 1950 relative to such erosion and asked if 75% of the property owners of that area were willing to pay the cost which would have to be borne by them, and paid within 15 years with interest. Only those residents affected by the erosion relief would be subject to the extra tax.

Permission was granted to Mr. Norman Yates, Pres. Elec. Board of St. Mary's to have erected necessary booths for the Primaries, and to rent proper premises for the purpose of holding the election.

Mr. S.W. Little, of Woollen & Little, CPA., agreed to complete the audit of the Treasurer's and County Commissioners' office, begun by the late Mr. A.S. Jump. He also agreed to audit the books of the Trial Magistrate and Clerk to the Circuit Court for the sum of \$500.00. Secretary was instructed to write Mr. Little that the Board accepted his proposal.

Roads under consideration for Repairs, Relocation etc.
St. Andrews Church Rd- relocate
Richly Brown Road, install pipe
Air Port, Piney Point, bituminous surface needed
B. & E. Welden Road, old Dunbar property, accepted for maintenance in County System.

All surveys for Rights of Way in St. Mary's must be accompanied by TWO copies of each plat, one for Court House Records, one for the State Roads records.

Aug 22 is final day for extensions on Parochial School Bus routes. All families who are changing their residence must have their requests in by the above date, or the extension will not be allowed.

The Board today certified Walter Benjamin Raley of the 7th for the position of Assistant Tax Assessor for St. Mary's

J. Warren Guy, Jr., asked for explanation of increase in

Tax Assessment for 1950. Mr. Guy was requested to appear at the meeting on August 22, when Mr. Lawrence will be here to answer his questions. Mr. Guy was represented by W.M.Loker, Jr., attorney, who agreed to appear on the date specified.

Check for ONE HUNDRED DOLLARS (\$100.00) for rent for 1950 was received from the St. Mary's County Fair Association, Inc.

James W. Mattingly, was granted an increase in mileage for his Parochial School bus beginning September 1950, 2 mi at Piney Pt. to pick up the Swann children, and 4.6 mi from Wise Corner to the Academy to pick up children residing in the Tall Timbers area

Request from Mrs. Walter Henderson for transportation for children residing on her farm at Hollywood to attend St. Joseph's Parochial school denied. Distance to the nearest bus terminal is over 6 mi each way, making a total of 24 mi per day.

Board adjourned at 2 p.m.

secretary

On request of the St. Mary's County Welfare Bd., requested additional \$3,000.00 for 1950 expense account.

RESOLUTION

WHEREAS, the Board of Education for St. Mary's County, Maryland, has requested financial assistance from the State under the provisions of Chapter 2 of the Acts of 1949, Extraordinary Session, and Chapter 202 of the Acts of 1949, Regular Session and the applications for said financial assistance must be approved by the County Commissioners of St. Mary's County, Maryland.

AND, THEREFORE, BE IT RESOLVED, that the County Commissioners of St. Mary's County, Maryland, do hereby formally approve the applications of the Board of Education for said County and petition the Board of Public Works of the State of Maryland for a loan of (\$ 12,172.00) and grant-in-aid of (\$) for the purpose of financing the following school building projects in St. Mary's County:

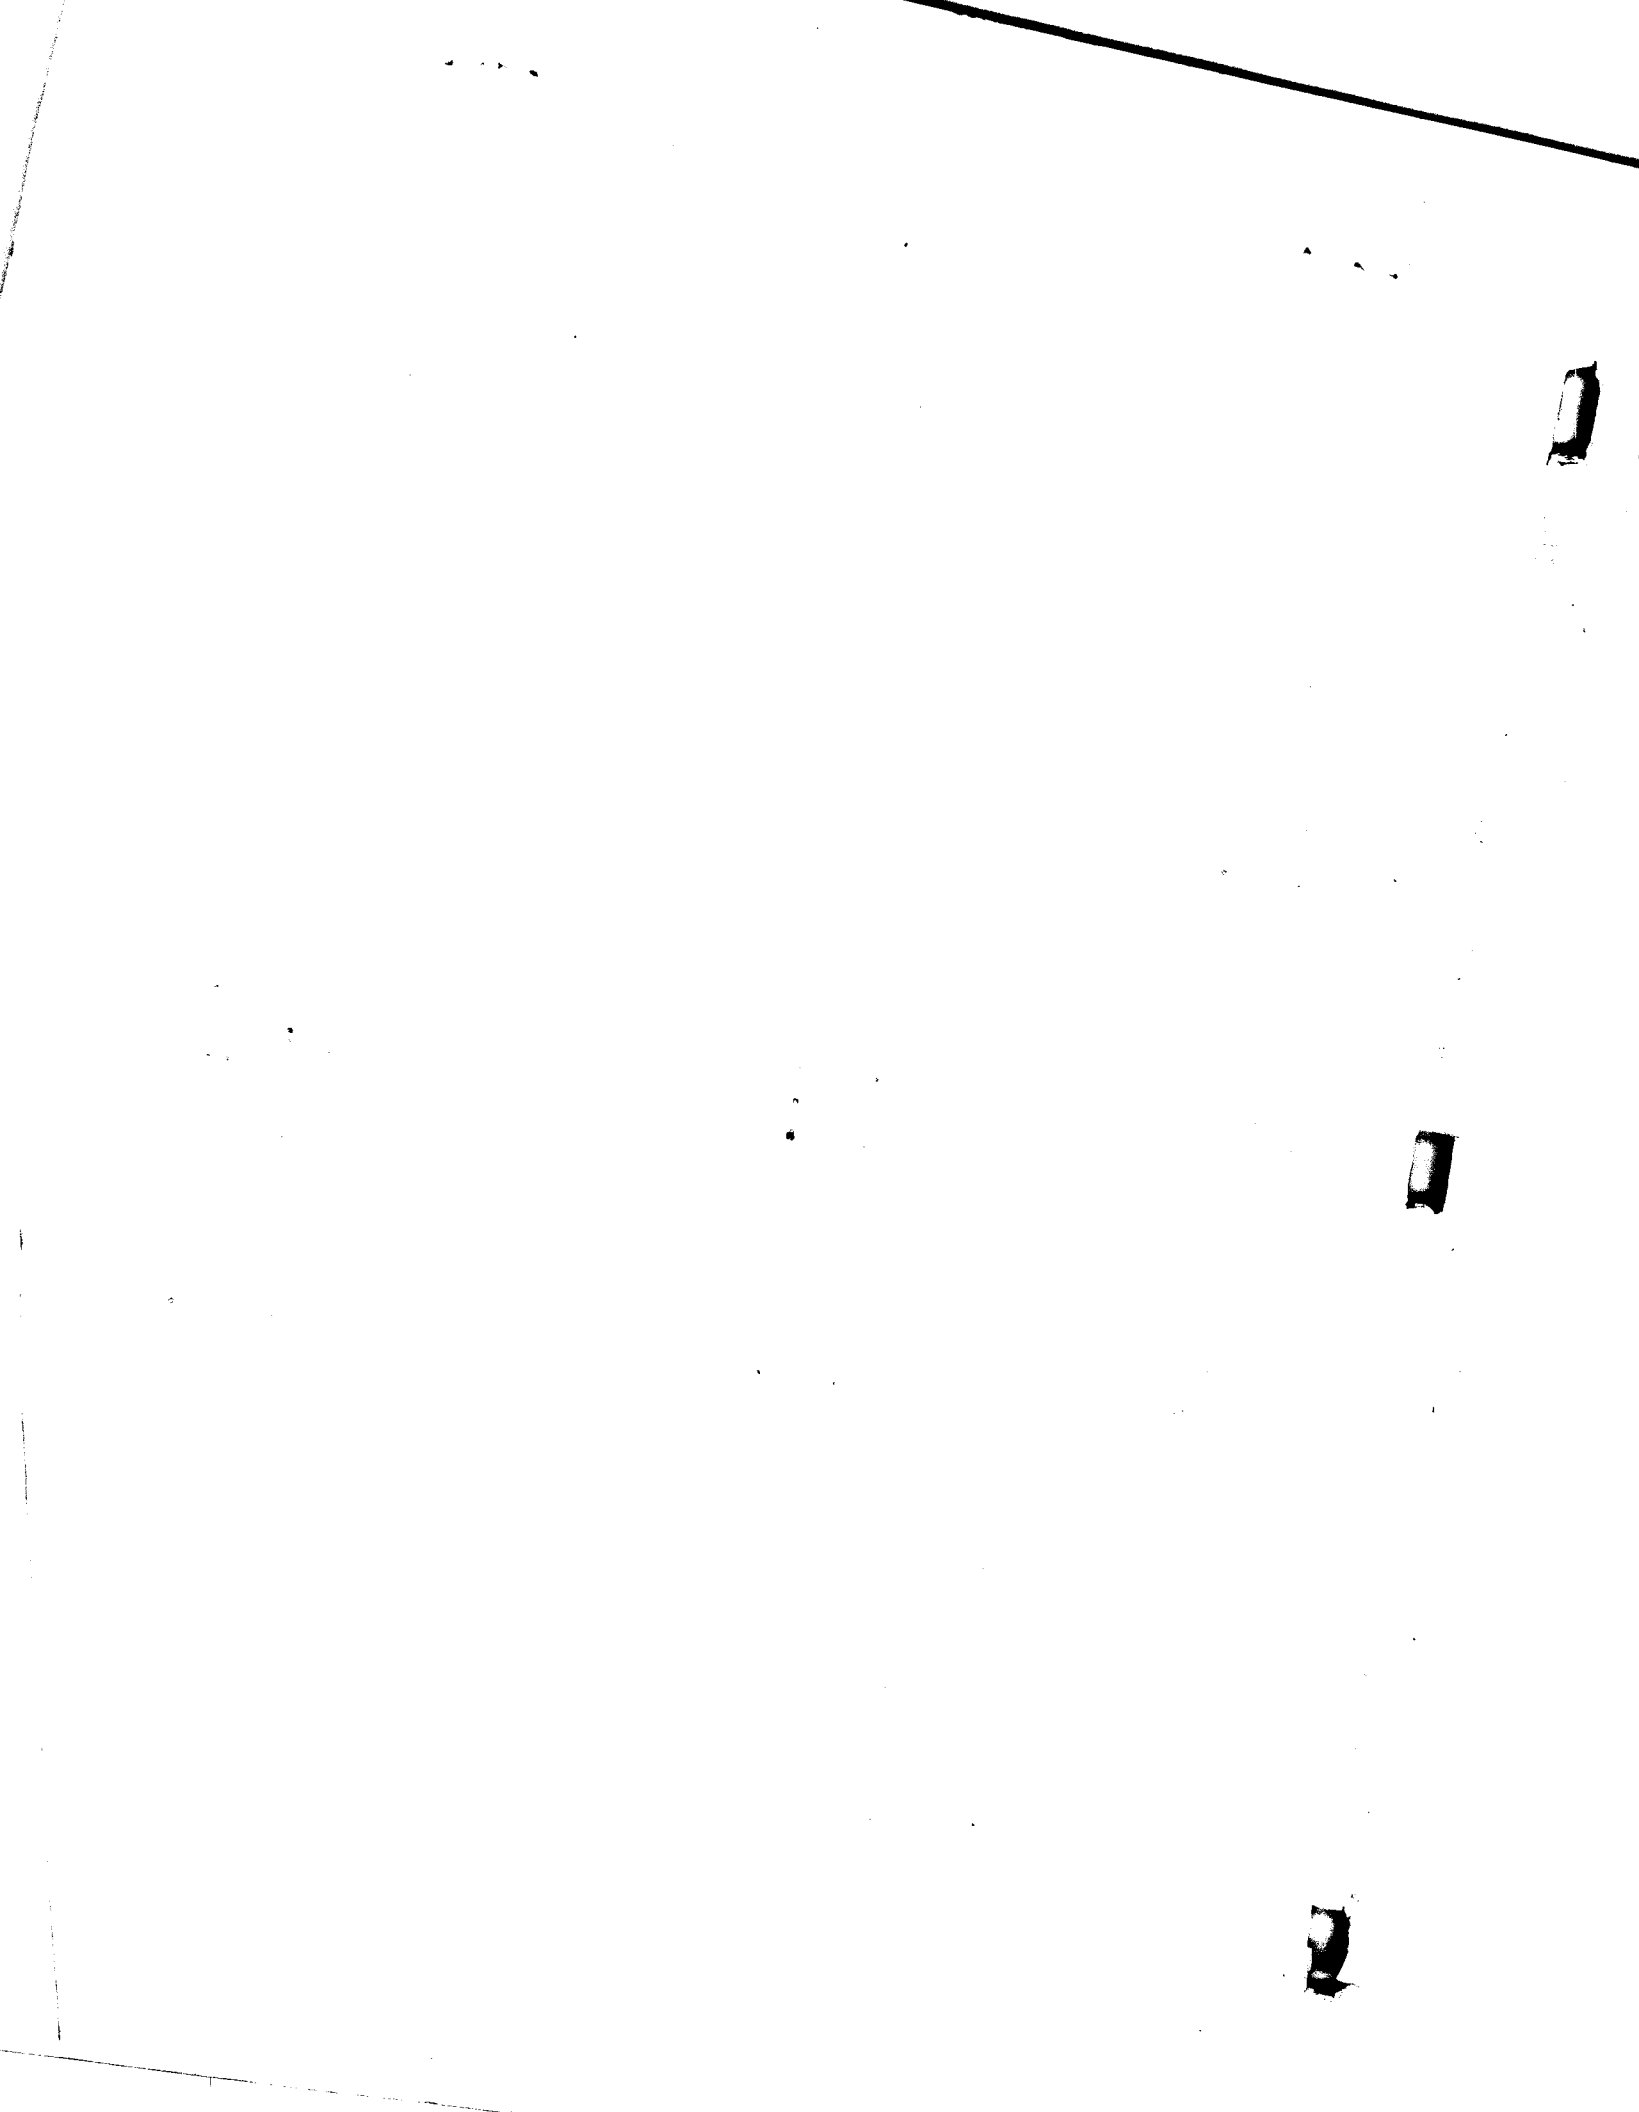

NAME OF SCHOOL	Total Cost	State Contribution	State Loan
Hollywood	\$85,000.00		\$85,000.00
Great Mills Elen	20,000.00		20,000.00
Leonardtwn	15,172.00 (land)		15,172.00
TOTAL	\$120,000.00		\$120,000.00

AND BE IT FURTHER RESOLVED, that the County Commissioners of St. Mary's County, Maryland, do hereby consent to enter into the necessary legal agreements with the State of Maryland in order to participate in said State financial assist

August 29, 1950

Special Meeting- Almshouse Matter

Special Meeting held today to inquire into alleged beating of Miss Edith Hayden by Nace Ford, Supt at Alms House. Meeting called at 10 and Nace Ford requested to be here at that hour.

11- Dr. Greenwell arrived and stated that he had examined Miss Edith Hayden whose arms were bruised in several places, showing prints of large hands. Also chest bruised to such extent and her symptoms such that he deemed an Xray necessary. Xray failed to show broken ribs, but Dr. Greenwell said he recognized symptoms of broken or splintered bones in chest. He taped the chest. Said he knew nothing about the kicks as he examined only arms and chest.

Miss Hayden had been in earlier in the week and talked to Mr. John H.T. Briscoe who advised her not to return to the Alms House until matter was taken up with Board. *Aug 23 -*

12- Nace Ford appeared and acknowledged that he hit Miss Hayden his aunt*- and further informed that he had kicked her also- the Bd. said nothing to him about the kicking he told that of his own accord- he said Miss Hayden had annoyed him for some time and what would they do in such a case? He said Miss Hayden accused his wife of having a key to her trunk and also accused a man- Wm. Dyer- of shining a flash light in her window at night. None of this- Nace Ford said- is true.

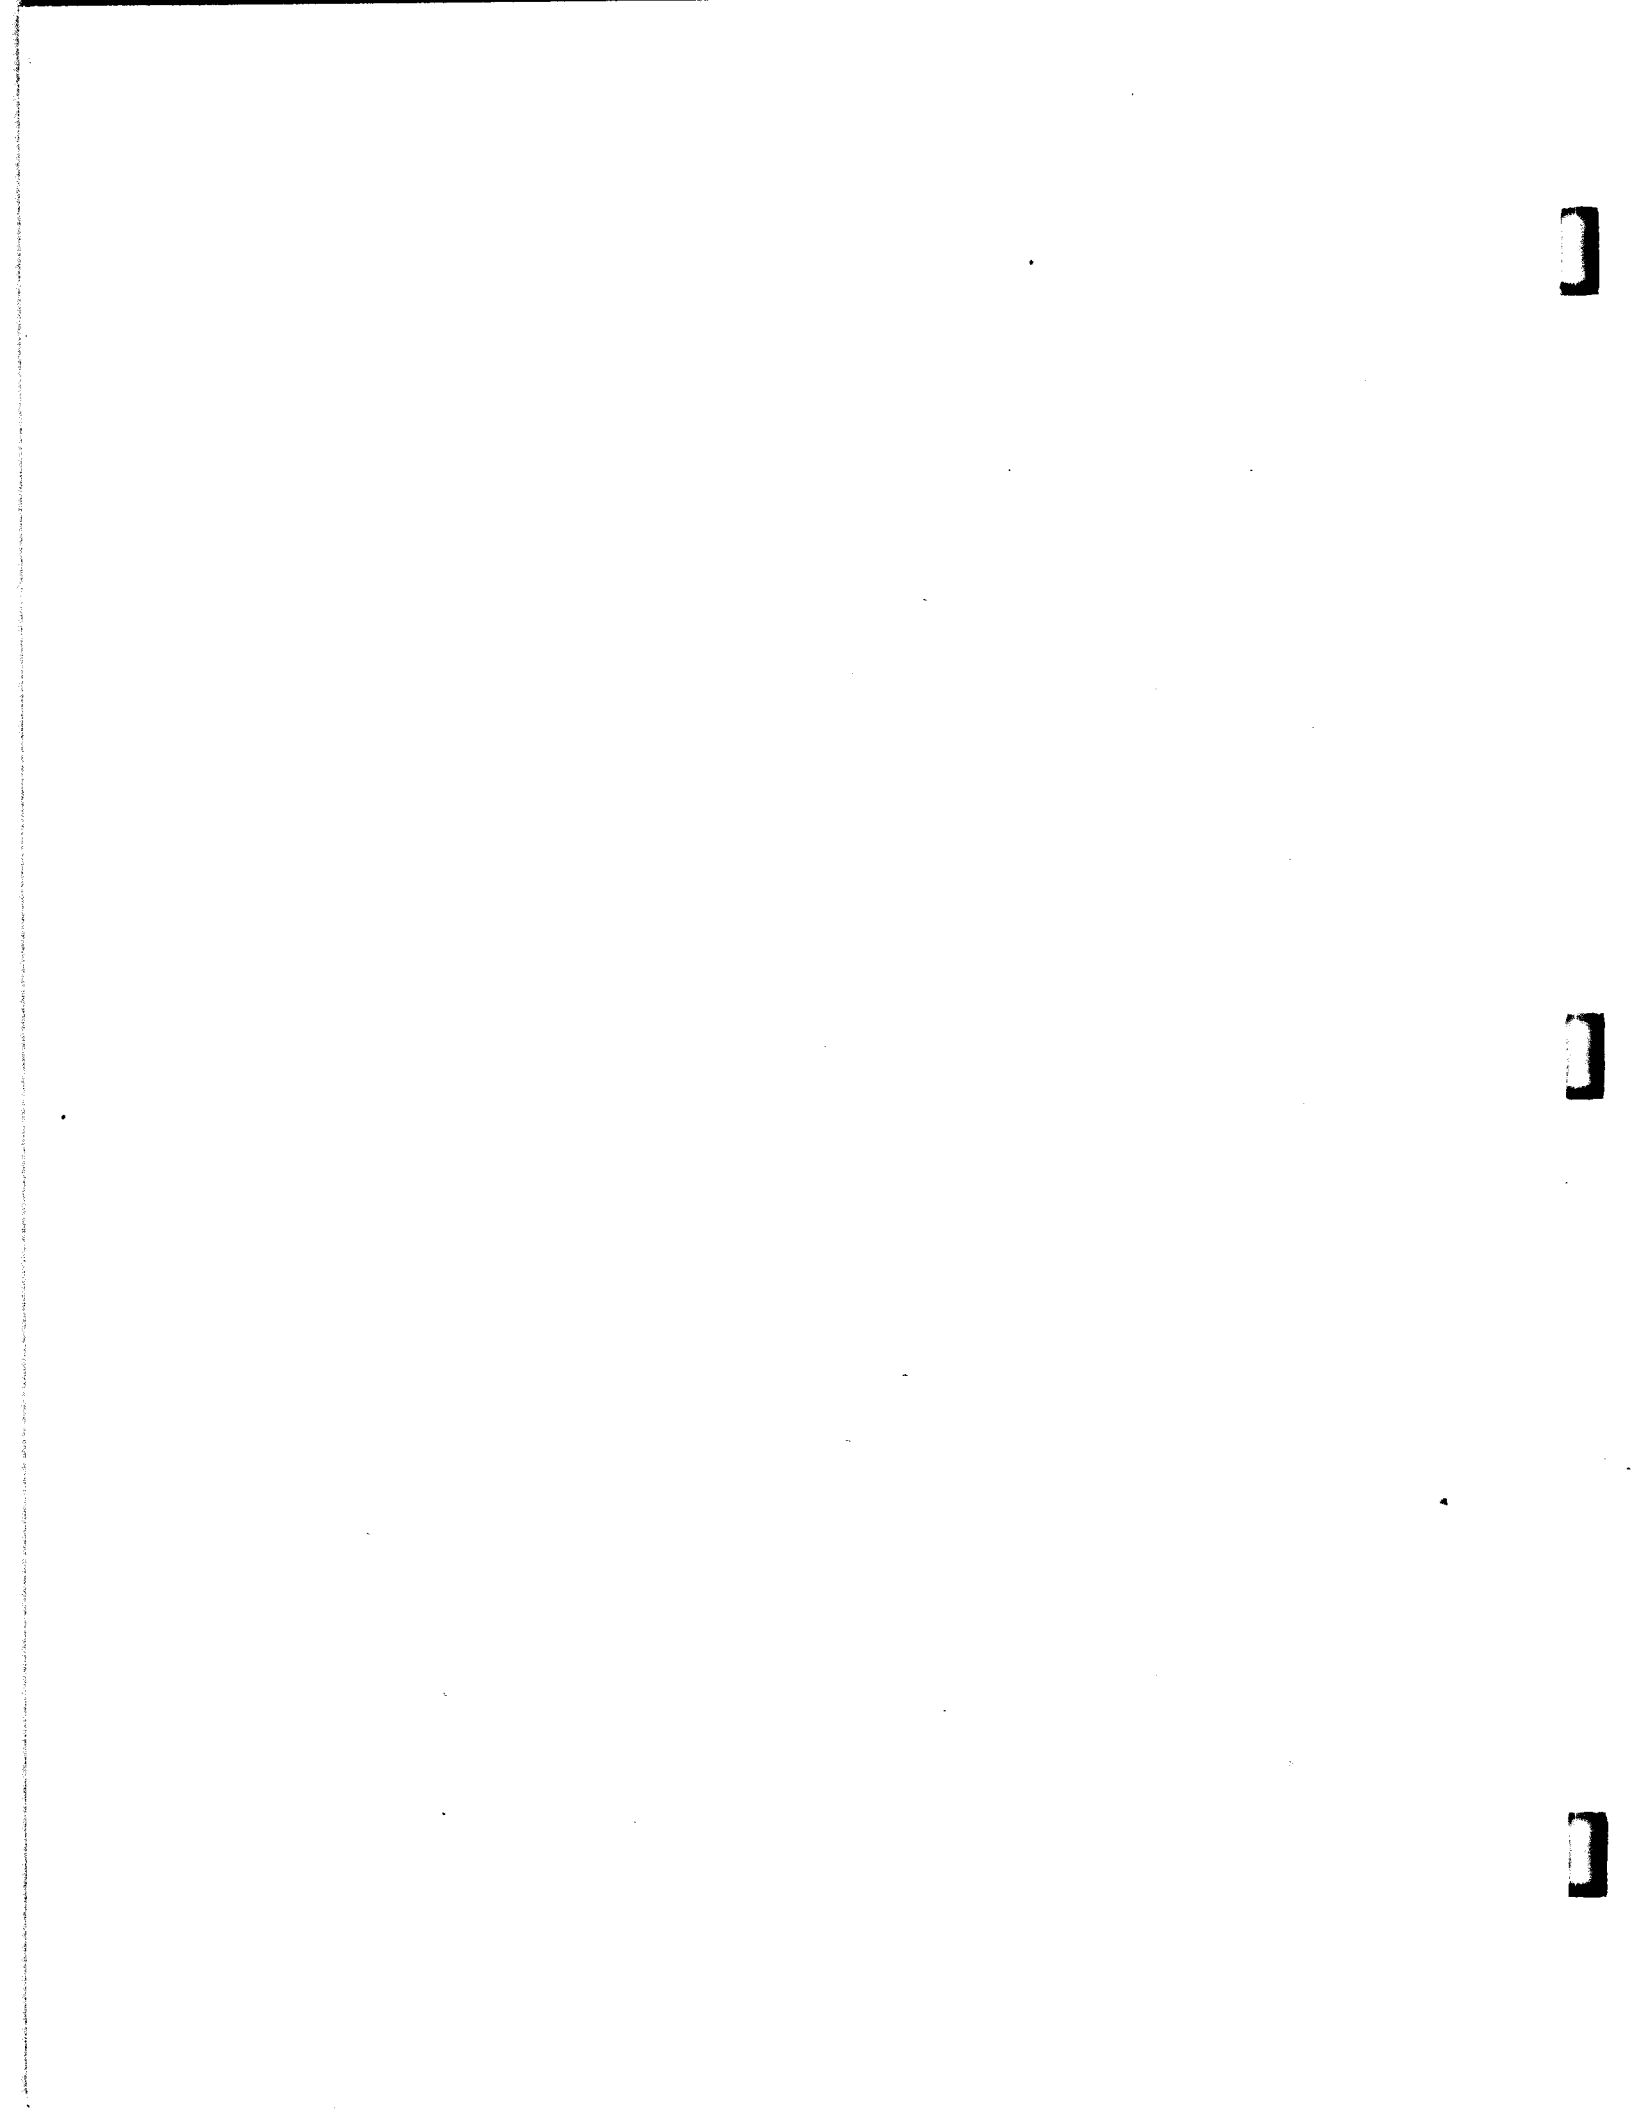

Miss Hayden said she was sure the room she was occupying and which had been Mrs. Ford's room until her death in June 1949- was wanted by Nace and his wife for their married daughter and her family. Nace told Miss Edith to get out and stay out- she has since then been at the home of Robert Meidzinski in Leonardtown.

The attitude of Nace Ford was that he felt he was within his rights when he both kicked and struck his aunt.

In the spring it was alleged that he had beaten a colored inmate- Janie Barnes- but when questioned Janie said no he didnt hit her- Miss Hayden said he did, that Janie and the other inmates are afraid of him when he is mad.

Mr. Briscoe was instructed by the Board to have a warrant issued charging Assault and Battery and have Nace appear in the Trial Magistrate's Court at once.

Board adjourned at 1 p.m.

August 29, 1950

Altho the Board met for Special Hearing several other matters were taken up at this time.

Bus extension for Redman Bean to St. Geo. Island
5 small children- extension goes to Mrs. Harry Robrecht's
if road is good for bus to turn- goes to Little Flower
School.

Bd. of Education- Miss Dent asked the Bd. to sign for partial
payment of amount requested.

Mrs. Marion Gibson- Morris Pt. Road needs culvert, ditch needs
cleaning from Morris' Pt. to Jackson's place road is impassible.
Capt Matt will look at this and advise Mr. Thompson

Mrs. Richd Downs- reports Mr. Vannalldingham says he will agree
to road on his farm if he can see Mr. Thompson and find out
just what is needed. All Bd. advises is straightening out
turn. M.T.C. says he will see Mr. Vallandingham and get the
matter straight.

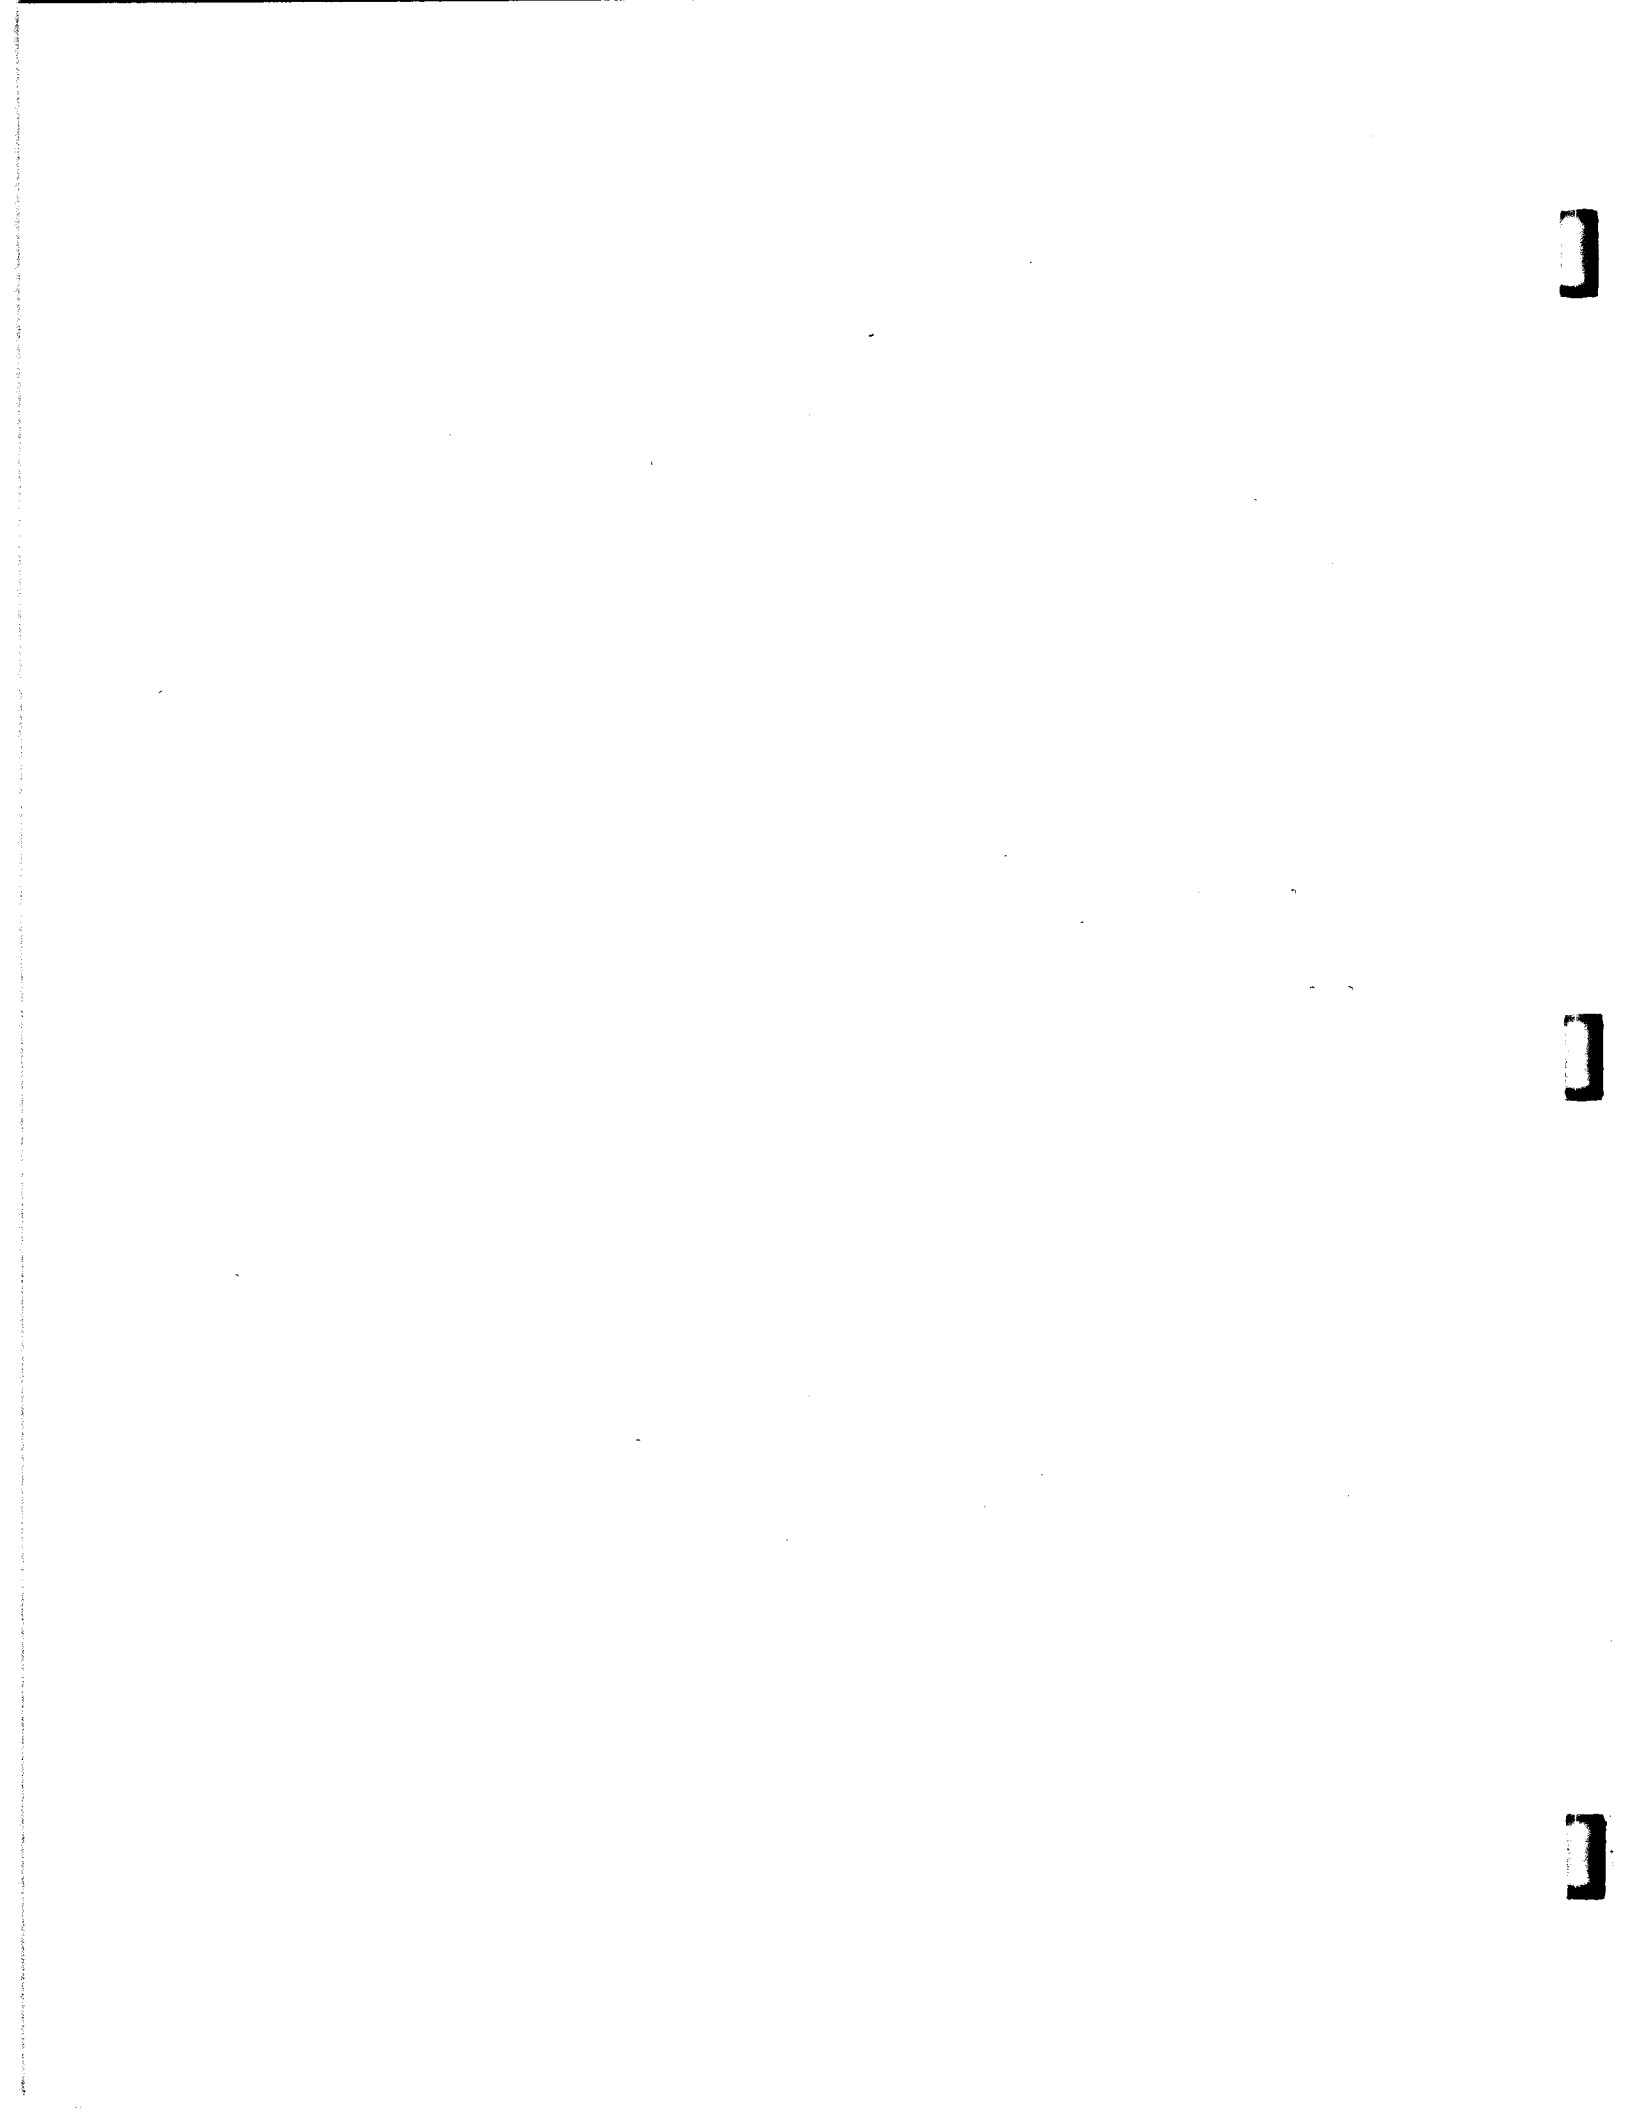

W.A.Loker appeared regarding a R of W over property near the
Sotterly estate. Road is already built and in good condition.
Capps and Dean of Hlywd. builders and owners of a large number
of very good houses ranging in value from \$8,000 to \$16,000
along this road, ask that road be taken over for 3/5 mi for
maintenance. Bd. made no comment- waiting to hear from Mr.
Briscoe about the matter.

Old tree at Y turn on 7 Gables road should be removed. Subject
of much consideration for past 2 yrs. MCT will see about it.

C.B.Greenwell asked again about road leading to Abell's Wharf
is used by several families- wharf has restaurant and road is
too narrow for cars. Mr. Joe Mattingly will give land for
widening and so will CBG, is necessary. MCT says he will get
to this road soon. Road matter was considered in early spring
and promised for 1950.

Mrs. Wm. Patrick-California- has 1 child to go to Little Flower
Sch- Mr. Hebb will make bus stop here ok.

Board adjourned at 3 pm.

Sept. 13, 1950

Regular Meeting.

Board met in regular session today, all members present.

Dr. Alan D. Houser of the Local Health Dept advised that one of his stenographers-clerks is now a trained xray technician and t us cannot handle both jobs. He requests clerical help, who is also stenog-typist. No decision.

Ralph Balckston- 7 Gables Hotel requested Bd. take over maintenance of road at Hotel. Road needs to be relocated and Bd. with Mr. Thompson will meet at the Hotel and view the situation then consider the roposition. 60 families use the road and over 300 persons live here permanently.

Polly McCormick, Bushwood recommitted to Spring Grove. Was home on parole but conditions made her ill mentally again. Dr. Guyther requested recommitment.

Rezoning of two pieces of property in Lexington Park approved
1- Lang from A residential to Commercial
2-Thomas Ball field, from A residential to Commercial
no protests heard,

Fr. Behr called in reference to bus routes, long hours etc., for children attending Holy Angels. Mr. Bailey, Mr. Ellis and Fr. Behr requested by letter to meet in this office at 11 a.m. Sept. 19 to revamp the route there are so many complaints.

Mr. Palmer has small girl who walks down lonely wood road requests bus bring her to the house- plenty of room and good solid ground for bus to turn. Agreed

The Board will sit in Tax Review of the 2nd and 8th Districts on October 10 and 11.

Miss Mary Dixon complains that pipe put in to deain her farm land is 4 inches too high and half filled with sticks and mud. Mr. Thompson agreed to do what he could to lower the pipe etc to try and please her. Soil Consevation surgested that pipe be lowered for best results to land.

Wm. Pegg road too bad to use cars etc., in winter have to carry in provisions, oil etc. Ask that road be improv d. Mr. Thompson is to meet Mr. Bowman there soon and see thwt can be done to relieve matters this winter. First request for help was made in June.

Dr. Earl Thompson appeared regarding bus transportation for his child and 2 Adams children. Bus is Jack Beans and Mr. Bean was asked by letter to appear here with Bd. and Dr. T tp revamp route. Tues. Sept. 19- 11 a.m.

Mr. Loker and Mr. Capps. re Sotterly road- on receipt of Deed

40 ft. Bd. will accept road

Paul Bell has overloaded bus- He will meet with Jas. Mattingly and Bd. here at 1 p.m. Tues Sept 19 to revamp route

Jas. W. Mattingly asked by letter to appear as above

Letter from Mrs. May Morgan regarding school bus stopping there continuing to Scotland Beach for 12 children. Matter will be taken up with Mr. Bean on Sept 19 *Jackson Route*

Board adjourned at 1:10 p.m.

Earl Gatton's route, extended 4 mi per day
McKay's to Greenwell's Store.

Scanlon Herbert, mileage increased 11 mi per day @ .20 per mi
~~\$220 per day~~ \$39.60 per yr.

All mileage allowance checked by Mr. Frank Bailey

September 26, 1950

All members present when Board met today.

Mrs. Gabel, Patuxent Park asked that bus make a circular trip through Park in order that children will not have so far to walk (most of them are 1st graders) 13 children are involved, new route would be Midway, Yorktown, Saratoga and Essex Drive .8 mi and when weather is bad children would be permitted to wait indoors. This adds two more stops to the present route. Commissioners agree if too much time is not required.

Messrs Sam Bailey and Frank Ellis, with Fr. Behr, S.J. appeared to present their new plans for transportation. This will require a third bus to be operated by Mr. Bailey but will cut down the time content. Mr. Sam Bailey's new route will begin Oct 2 and will be 60 mi round trip daily \$227.40 per mo New contract will be prepared.

Mrs. John Madel has been notified by copy of letter to Mr. Alex Hebb that the school bus will not make the third stop requested, between the two stops at the entrances to her driveway. The third stop would prevent her children from walking 1/20 mi.

Mrs. F.E. Thompson, Mrs. Adams and Mr. Jack Bean met to discuss an extension to Mr. Bean's route. It will be 1 mile longer (4 mi r.t.) and if it doesnt add too much time to his schedule Mr. Bean will stop. He will stop on Sept. 27 and notify the Board how much extra time is required.

Flat Iron Road to be proposed for repairs.

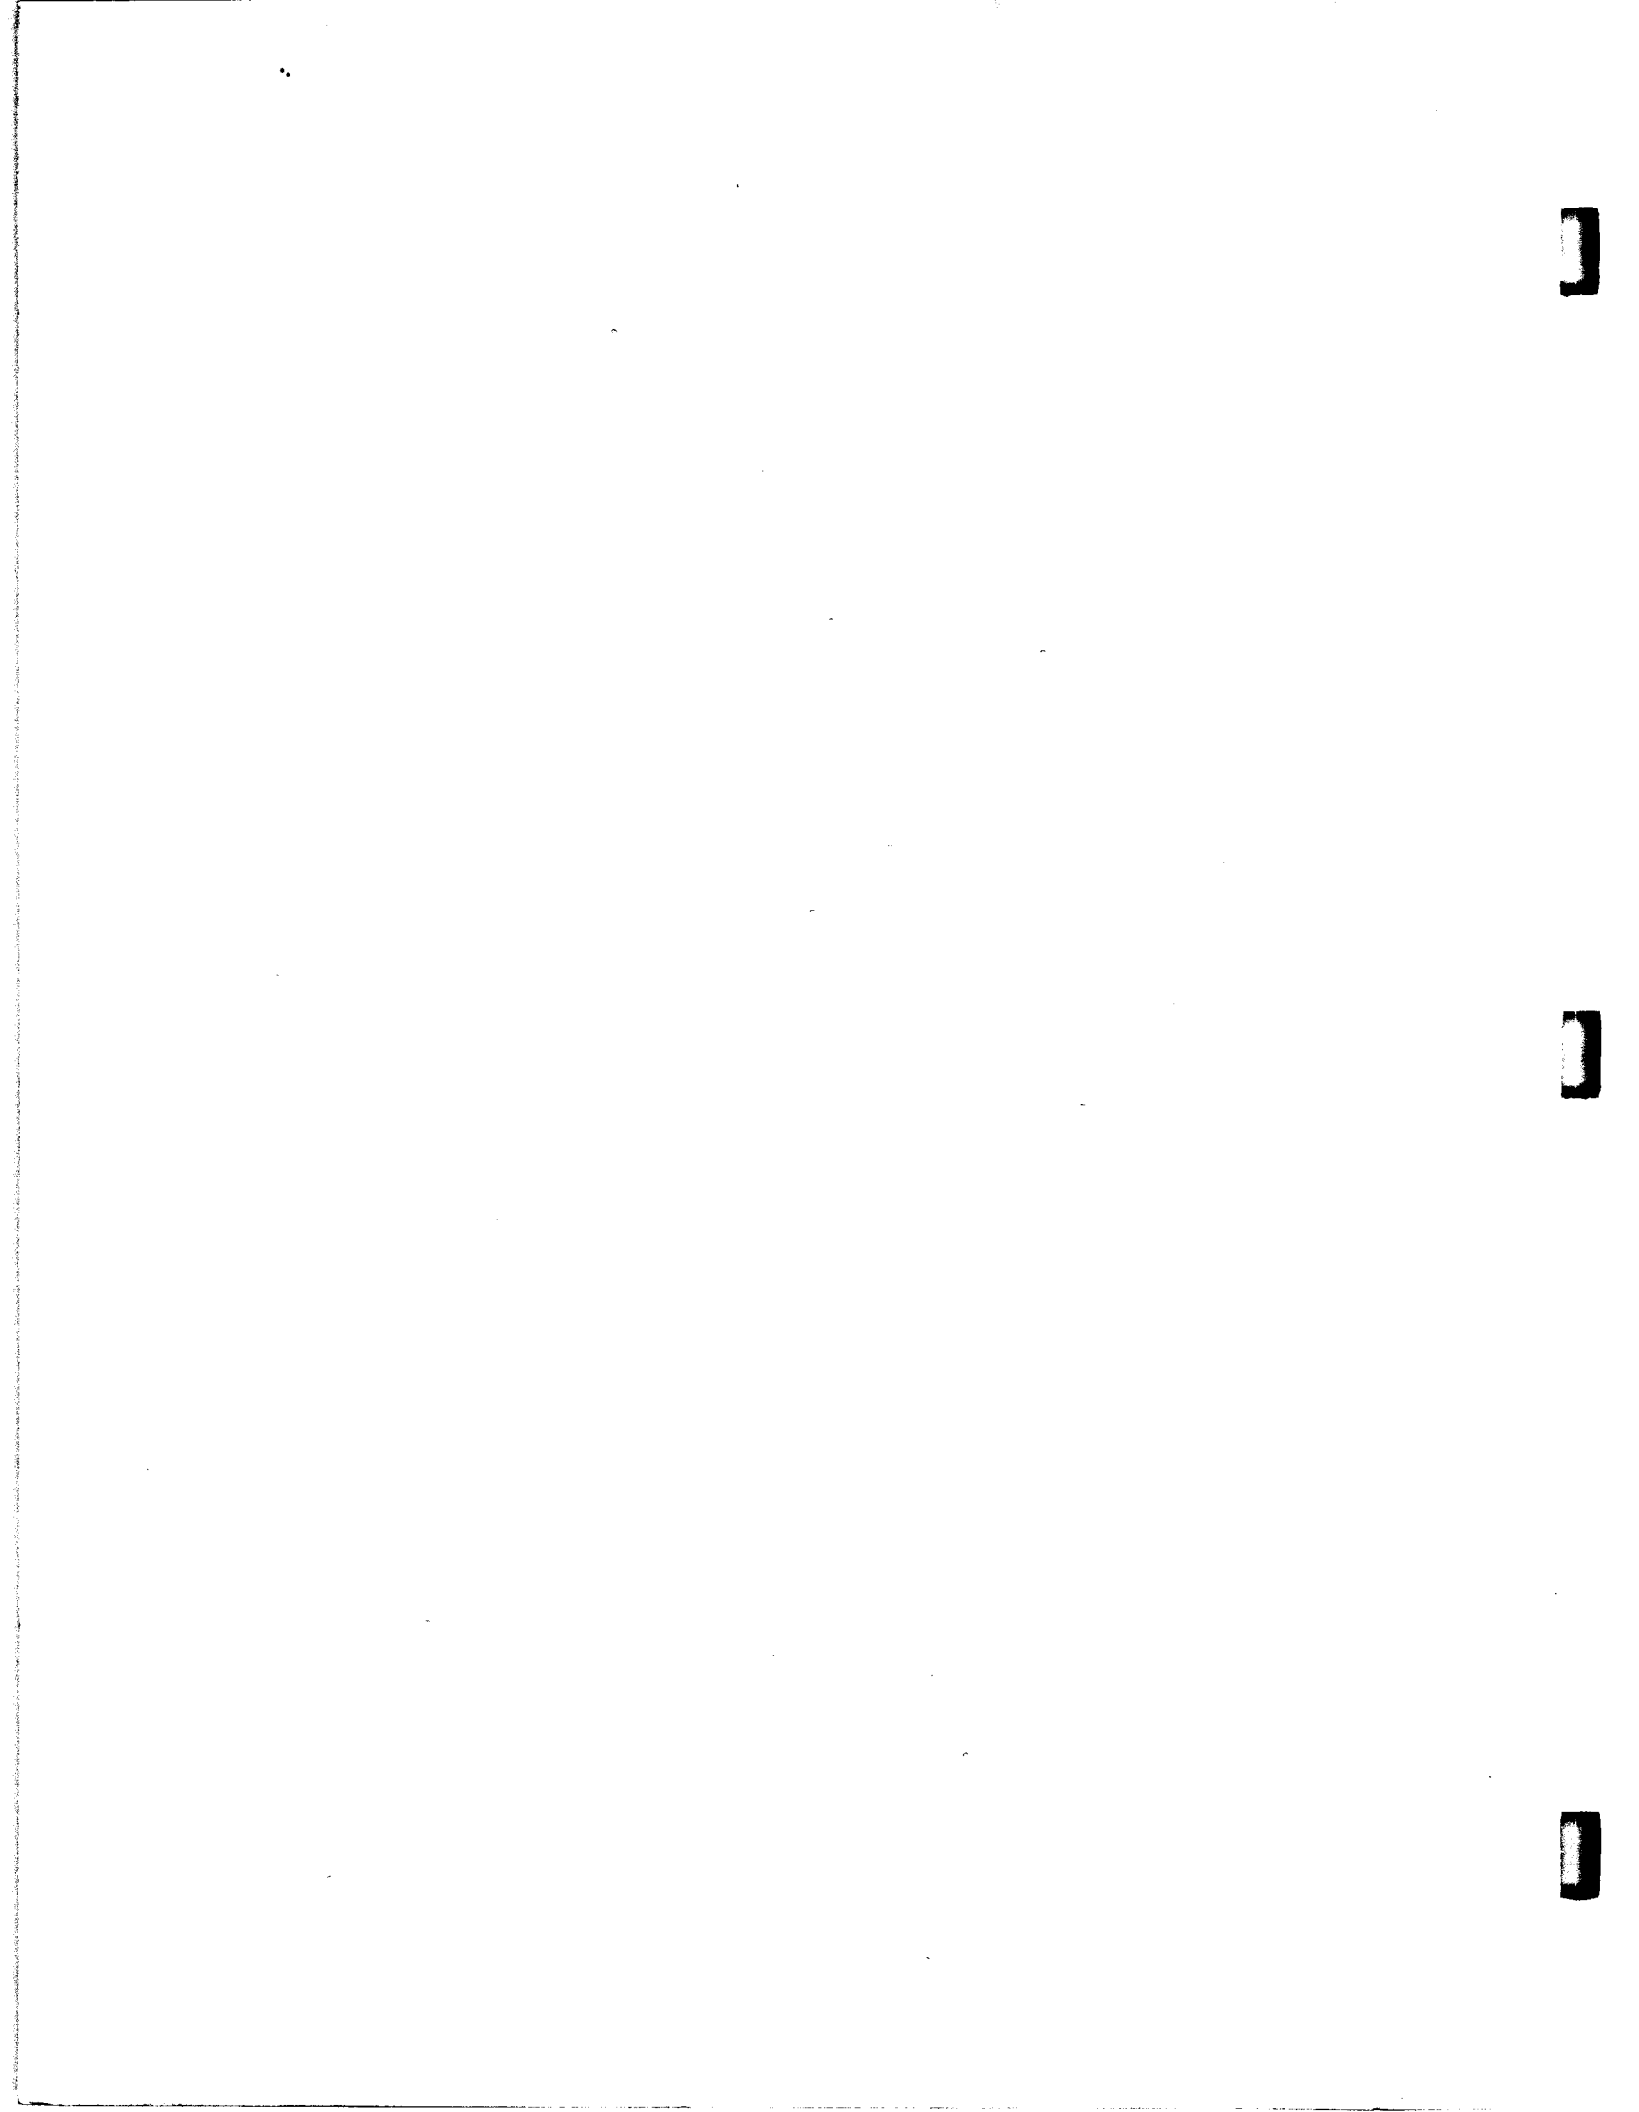

Expansion of 8 mi per day added to Leroy Thompson's route for 3 Barber children on the Great Mills Forrest rd above Cecil's store. Extension granted.

Until Board receives opinion of Attorney General Hall Hammond re payment of G.M.H.S. from State Aid School fund, the banks will be requested to extend loans for another year. Resolutions prepared and sent to both banks.

Board agreed to pay for stenog-typist for Health Dept not to exceed \$1800 per year.

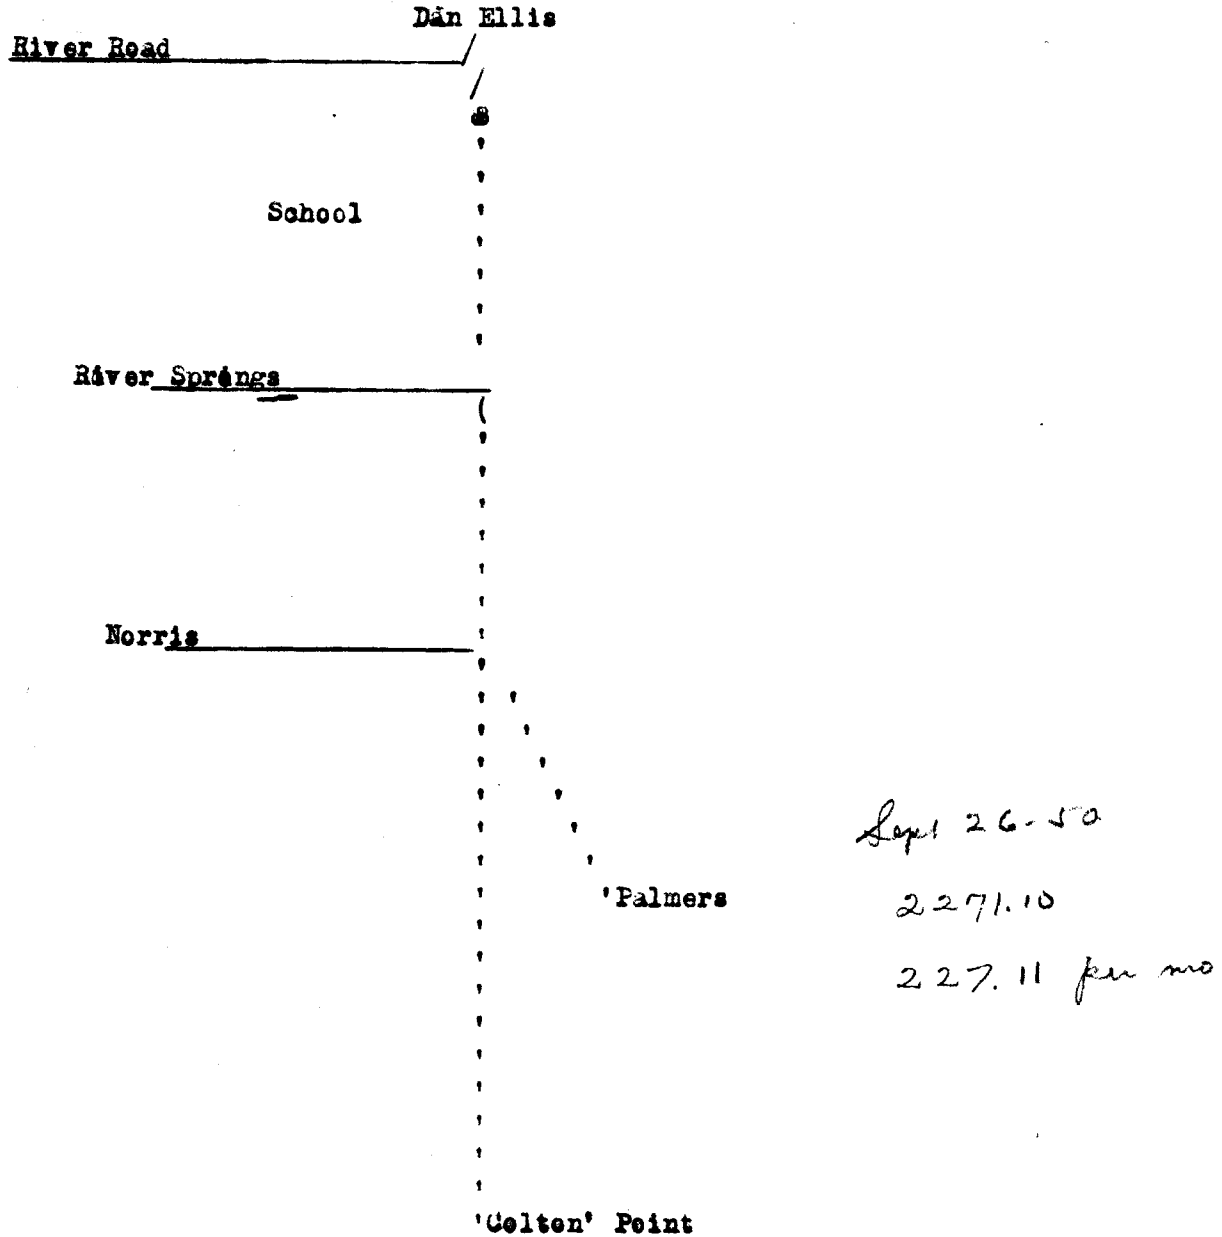

School bus contractors approve 12 payments yearly instead of 10 as heretofore, as this leaves two months in the summer when they receive no checks and they prefer checks monthly.

Board adjourned at noon.

Proposed Bus Route- for School Children, attending Holy Angels School and Academy

In General -from Avenue to Colton's Point - approximately 60 miles daily
approximately 58 children
approximately 30 -45 minutes.

Acceptable to Capt Frank Ellis and to Capt. Sam Bailey.
Contract on relief Bus to be given to Capt. Sam Bailey.

Extensions on Capt. Frank Ellis - Maycroft
Drury

Mr. Frank Ellis' bus route mileage remains unchanged.

Special Meeting

The Board met today to consider further bus route extensions.

Mrs. John Madel complained that her children walk $\frac{1}{2}$ of $\frac{1}{10}$ of a mile to the bus and she wants the bus to stop in the center of the distance between two entrances to her home. This would make 3 stops within $\frac{1}{10}$ of a mile. Aleck Hebb's bus- Mr. Raley went with Mr. Hebb to see the stop requested and agrees that it is ridiculous that the child cannot board the bus where the others meet it. Mrs. Madel talked about an hour and said she doesn't want her children to meet the groups on either side of her house, but to board the bus alone the other children tear their clothes etc. She further said that bus driver ill treated her child- he is said to have driven the bus right to her door in order that the children need not walk on the road and further asked if they would like him to use a wheelbarrow to bring them to and from the bus. This was "mental cruelty." The Board agreed that Mr. Hebb's driver should continue stopping as before and Bus Stop signs will be obtained and erected at the proper stops along all roads in the County.

Mrs. May Morgan et al- Scotland Beach requested transportation for 12 children- extension of 4 miles per day to Mr. Earl Gatton's route. Mr. Gatton came in and read the letter and said he could handle this together with the Sadowski transportation but could not accommodate another child

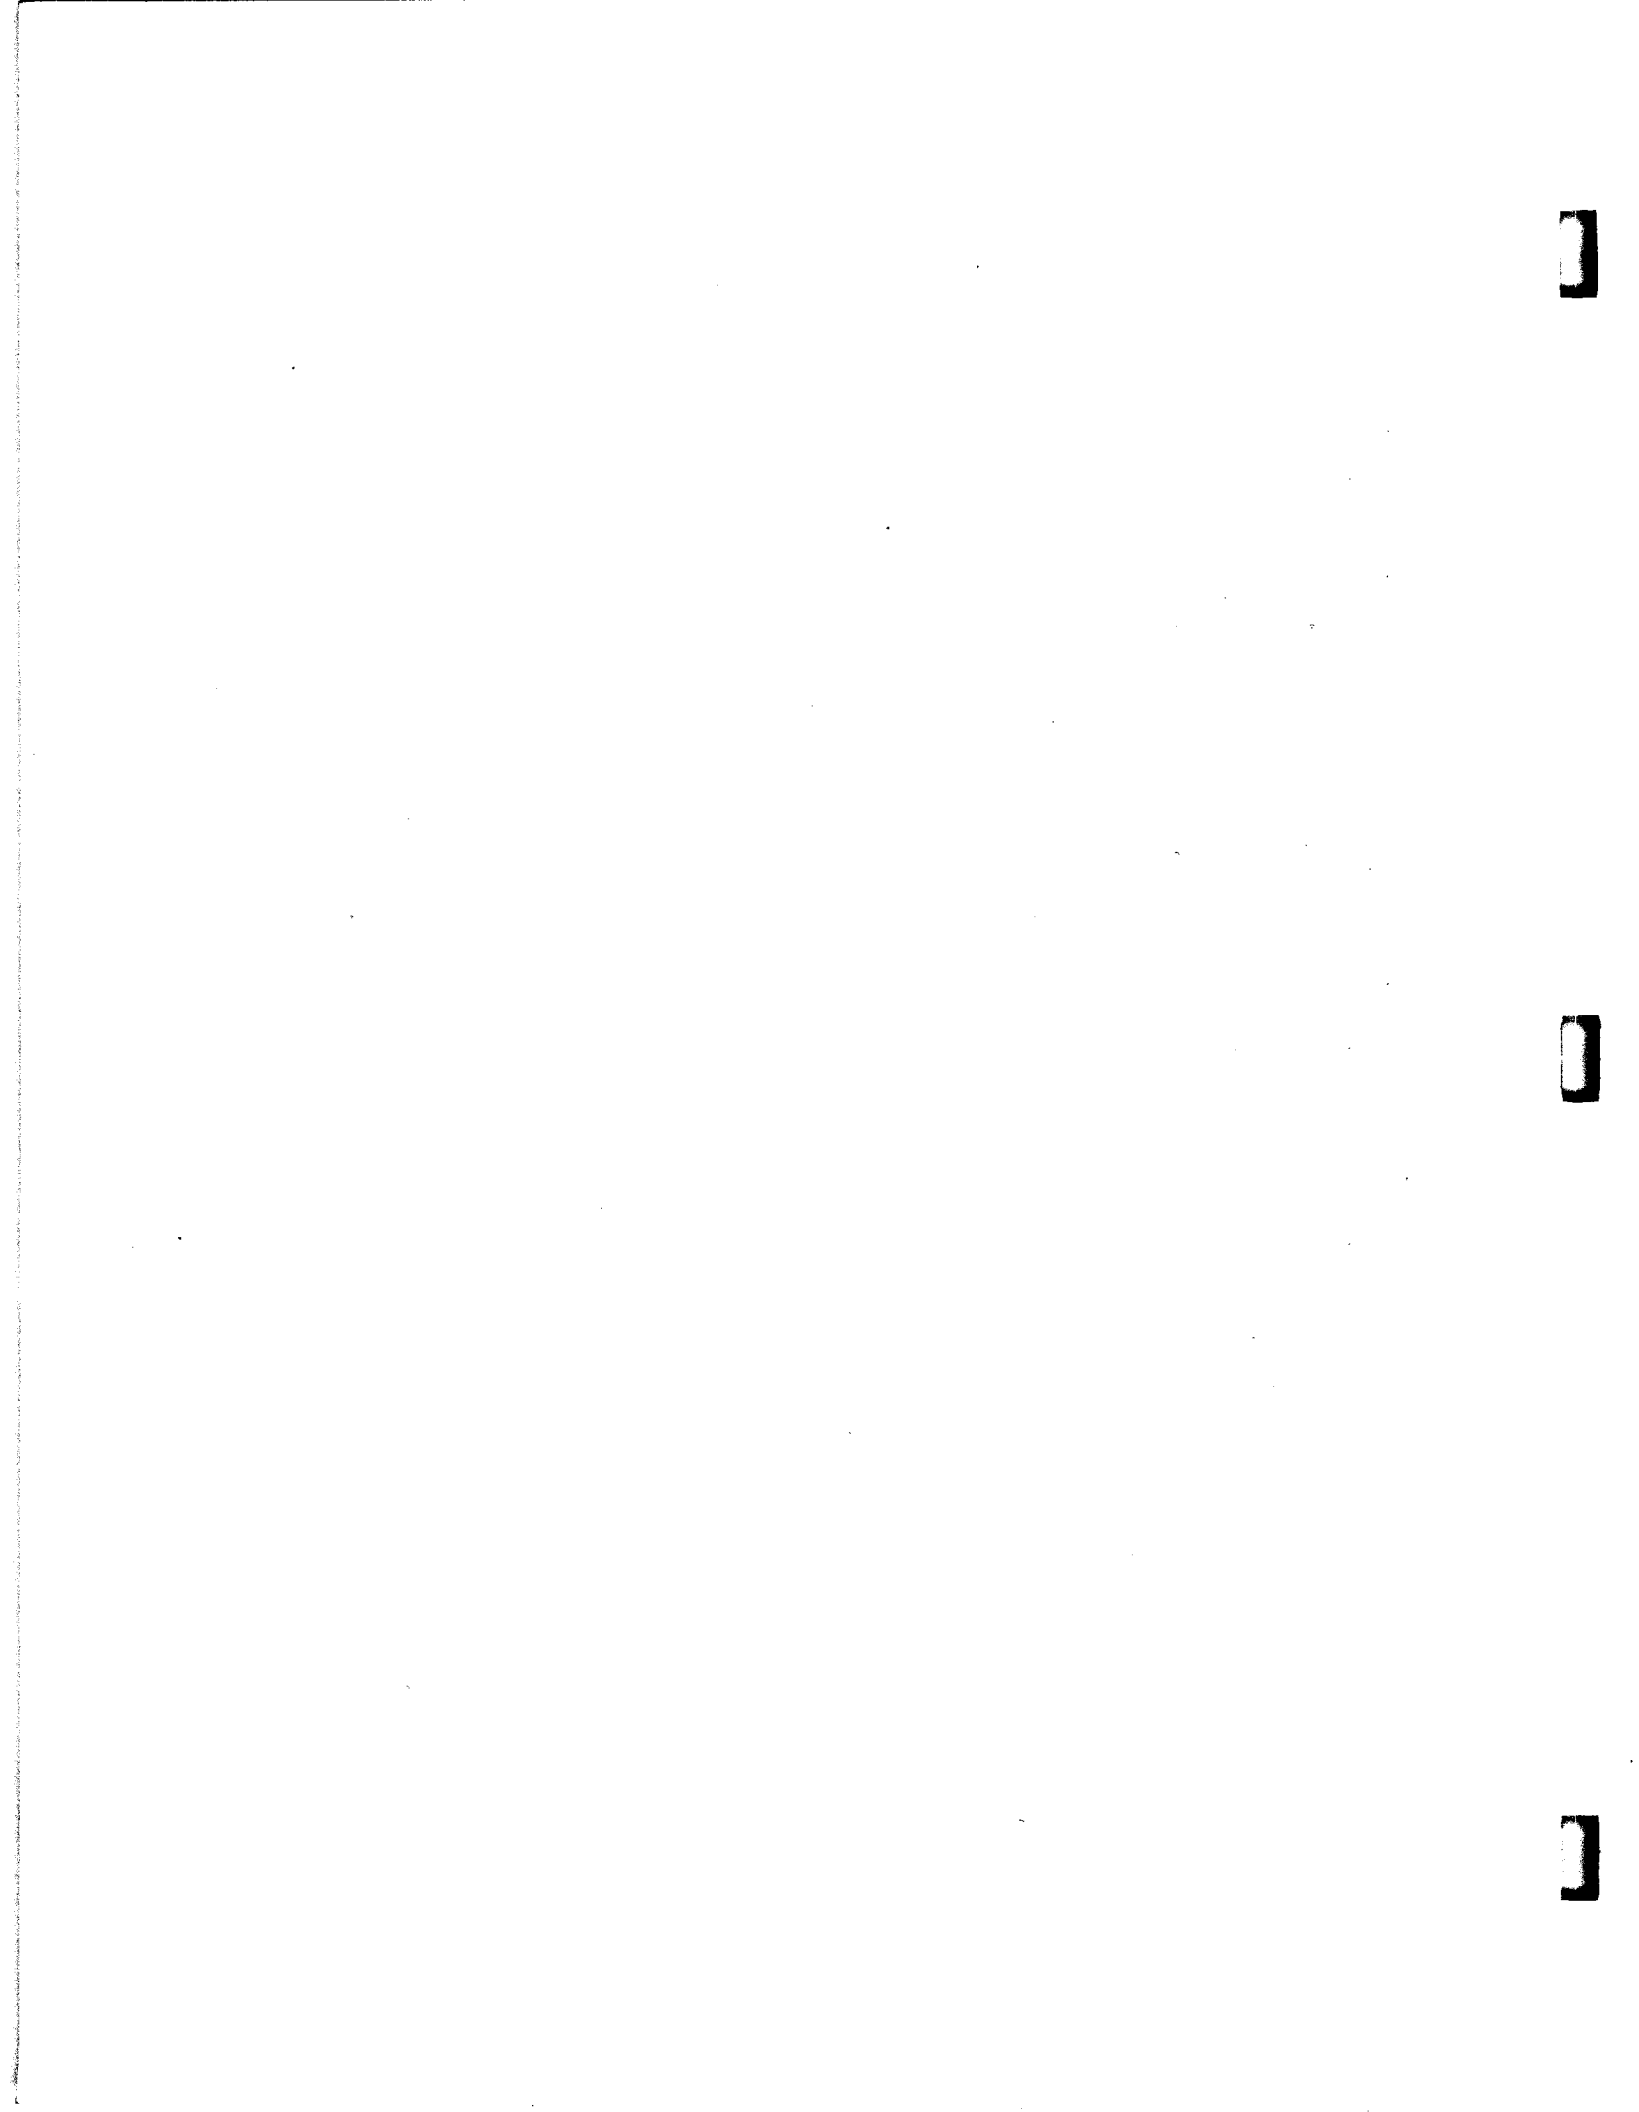

Dr. Thompson and Mr. Adams came to meet Mr. Bean as requested but they left at 11:45 and Mr. Bean came in at 12. He was asked to report at 10. Group will meet next Tuesday Sept 26, regular meeting day.

Fr. Behr, Mr. Sam Bailey and Mr. Frank Ellis met to reroute the buses in the 7th. This will require an extra bus in order to cut down the time the children are on the road and will also mean cutting off $\frac{1}{4}$ Mr. Ellis' route and $\frac{1}{3}$ Mr. Bailey's route and putting on a bus to carry the children thus cut out. Mr. Ellis says he cannot afford to operate bus for less than he gets now- Mr. Bailey is agreeable to have his route cut and place a fourth bus on the road in order to satisfy parents and get children to school on time.

James Mattingly and Paul Bell met to reroute their buses. Mr. Paul signed a third contract for \$2520.00 for additional bus to go to Lexington Park, White Neck etc. He will make 70 miles per day and carry 25 children, with room for 25 more if needed.

Letters have been written Bd. of Education, Welfare, County Agent for 1951 Budget in order that the 1951 budget may be ready for public inspection on Nov. 1st. This budget will only be for 6 mo to 6/30/51

Tax Review- Board met today, all members present, to hear Tax Review of 2nd and 8th Election Districts of St. Mary's County, Md.

Signed vouchers for Election Expenses.

Roads .

Fr. McKenna appeared representing a number of colored citizens, taxpayers who reside on the Clayton Rd. near St. Inigoes, Md. who have repeatedly requested that the road be accepted by the Bd. for maintenance. Previously had been accepted, staked out. Road is too bad for doctor to enter in bad weather, but priest and Minister come when called. Six taxpaying families reside on the road which is less than one mile long. No action taken.

Mrs. Sam Dyson, Great Mills requests that County accept a road near 7 Gables Hotel, serves 11 families, is 1/5 mi long road lies just beyond the lot facing the riverside. Mr. Thompson will report on this.

Jere Gibson, road running from Mattingly's Store at Abell, Md., 1/4 mi serves 2 families Mr. Thompson will report on this and if acceptable will advise Bd. then Mr. Gibson will be instructed to have Deed for R of W prepared.

Mrs. John Madel- Parochial transportation of her children is still unsatisfactory. Board advised Mrs. Madel she was to contact Mr. Hebb, or his driver, and whatever decision they made between them would be agreeable to Board.

Flat Iron Rd. Mr. Thompson was asked to have this road gravelled before winter sets in.

Newtown Neck Rd- Ridge Peter Fenwick says road is good now- but if extended .01 mi would serve two additional families road also needs grading as it is near a very high ditch. Mr. Thompson was asked if road will be gravelled this fall. He will report on road.

Mr. Frank Bailey says all roads requested for improvements should be taken in the order in which they are requested.

Mr. Briscoe attended the Civil Defense meeting at Upper Marlboro and a second meeting will be held in Washington on Oct 17th- in which Mr. Walter B. Raley was asked to represent the Bd. of Co. Com. Mr. Nicolet will go with Mr. Thompson and they will make a report.

R of W for road on 3 notch, Hayden, Norris, Briscoe, Clayton etal to be accepted when DEED presented 1.3 mi serves approx 9 families

Board adjourned at one p.m. both Oct 10 and 11.

October 24, 1950

The Board of County Commissioners met today, all members present.

The first work was o'king vouchers for October expenses.

Roads.

Mrs. Gladstone, and sister, who own a portion of the Old Willow Glenn farm, Maddox, near Dr. Jacob's farm, requested the Board accept a road .045 miles which serves two families and 2 tenant families. In 1936 Mr. H.H. Bowling, Rd. Engineer, had culverts installed and dug a ditch, water then drained off the hill onto the farms. The County maintained this road for several years then ceased all repairs, etc. Capt. Bailet intimated he would go with Mr. Thompson to see the farms and road and report on the matter later. Mrs. Gladstone is erecting a home and asks that road be repaired in order that materials etc., may be brought in.

Jos. J. Johnson purchased land at a Tax Sale in 1930, same land was resold for taxes in 1932 but still unclaimed. Johnson now purchased the land from the Board for the sum of \$36.00 which covered taxes, interest and costs to date. Receipt was given him for the \$36.00 cash. Mr. Briscoe will prepare his deed

Mr. Amos Dean, opposite Mr. Pembroke Moore's wants road repaired, needs tarred apron or pipe whichever SRC will install. Mr. Thompson is to see road and report on same.

Letter from State Law Department re payment of GREAT MILLS HIGH SCHOOL- \$35,390.00 (money borrowed from 2 county banks for this purpose and Bd. desires repay bank loans) This amount can be secured from the State School Loan of 1949. Request was accordingly made thru the State Dept. of Education for the amount. The Commissioners also, at this time, advised that they intended to borrow the fullest amount allowable for Public School Construction.

Dr. Alan D. Houser, State Deputy Health Officer requested the Bd. to consider new site and quarters for County Health Dept. He feels the building should be located in or near Leonardtown, and asked the Bd. to appoint a Board of Fact Finding re necessity of such a move. Commissioners appointed Fr. Frank A. Camalier,

Mr. W. Haverman Mattingly Sr., Mr. Zach Fowler and Mrs. A.F. King to confer on the matter. Letters were addressed to each member requesting them to meet with Dr. Camalier when and where he suggests to study the matter and report to the Comm. copy of which report will be forwarded to the State Bd. of Health, Balto. Md. Dr. Houser advised the State of Md. will pay 44% of entire costs of site and building. This County is at present at the top of the Priority List and unless steps are taken to make use of this before Dec 31, the County will take the lowest place on the Priority list. Dr. Houser will be ex-officio of the Health Commission at all times. The Recommendations are to be made and approved this Bd. then passed on for completion to the new Bd. taking office in Dec. 1950

Bd. signed request for additional funds to be used by the Bd. of Education from the State Sch. Construction Loan.

Horse Landing Road.

Bridge in need of repairs. Mr. Thompson will study the DEED and if County owns land at the bridge, same will be repaired, otherwise it is not the County's responsibility.

Mr. M.C. Thompson and Mr. Tell W. Nicolet attended the Civil Defense meeting in Wash. Oct 17. this meeting not to be made public, funds will be required for County Civil Defense program, up to \$1,000.00. Bd. approved this to be included in Budget.

Dean-Capps Road *see CR9 26- folio 366.*
Road in Sotterly, new subdivision to be inspected by Mr. Thompson and if same meets with approval of SRC will be accepted, otherwise altho DEED for road R of W has been given to the County no action will be taken, until road meets full requirements of FHA

Mr. Frank Bailey reports the Bayside Road is in need of repair and is used by school buses, recently a collision between 2 buses was narrowly averted. Mr. Thompson was requested to look into the matter of necessary repairs which he agreed to do.

Bd. ajourned at 1 p.m.

Board met today, all members present.

Clayton Road.

A committee of taxpayers from Clayton Rd, section came with Fr. McKenna, S.J., to ask again that something be done about accepting that road into County System. They have been making these requests for some years and road has been surveyed stobs are in sight. Mr. Frank Bailey says something should be done about this road as it is impossible for doctors to use it. The other two members felt it should be left for the new Board to handle. No action was taken.

Mr. John Shaeffer appeared to request the County sell him a lot, S.E. corner of Alms House field, across from W. Wise's. Very valuable property, all cleared land. Board felt it was advisable to take no action and let Mr. S. come before the new Board in December about the matter.

Miss Dent appeared with request for additional funds from the State School Loan- 2nd request

Painting Court House Roof

Bid received from Mr. W.H. Cullen to paint the Court House roof \$430.00 complete job, material and labor. Bid accepted. Secretary authorized to request Mr. Cullen complete the work as soon as possible.

Health Center Com. Report

The Board having appointed a committee to investigate the needs of a new health center, report was made requesting site be purchased and Health Center be built. Copy of recommendations were sent to Baltimore, State Dept. of Health.

3 yr Ins. Pla.

Mr. Thos. Waring, Waring & Son I^{ns}. Leonardtown presented a 3 yr. plan for insurance of all County buildings, and liability accident insurance. Altho it felt this was a good thing, the Bd. took no action and left it for the new members coming into office Dec 12.

Miss Dent spoke on behalf of 4 school teachers, who retired many years ago before adequate pensions were legal. None of the four receives as much as \$50 per month from the State Bd. of Education and Miss Dent asked if the Bd. could make the contribution of \$25 per month, each, for the remaining years of their lives. This the Bd. agreed to do. Miss Rosa Milburn
Miss Daisy Abell, Miss Alma Wathen, Abraham Butler
Allowance to be effective Nov. 1950.

Willow Glen Rd.

Report from Mr. Thompson- he advises that the County accept the road, after April 1, 1951. DEED for R of W to be prepared etc., he so advised Mr. Cheney by telephone.

Secretary was authorized to purchase furniture for office of Det. Srgt. Jackson and State Troopers
desk, desk chair, 1 chair, 1 file cabinet with locking drawers. Not to exceed \$400.00

November 28, 1950

Board met on Tuesday November 28th at 10 a.m. all members present.

Review of the 1951 Budget was the main item of today's meeting. About forty taxpayers were in the Board room, and many outside in the hall. This was the first real interest manifested in the County Budget since it's installation in 1948.

Besides the present Board, Mr. Leonard Alvey and Mr. C. Byron Guy incoming Commissioners were present in the morning. In the afternoon they were joined by Mr. Ernest Stone, third new Commissioner.

Mr. J.H.T. Briscoe, attorney to the Board, read the Budget items which were discussed. He explained that a number of salaries of County officials had been increased by act of the Gen. Assembly. Other expenses were increased to handle the extra work. Anyone was privileged to question the amounts to be paid.

Parochial School Transportation.

This was questioned by Mr. Ed. Cryer who asked if \$45,000.00 was sufficient for this expense. He was informed that was $\frac{1}{2}$ of the amount, and the balance would be paid from other sources than direct taxation, such as Licenses for Beer, Wine & Liquor, Slot Machine etc. Rev. J.W. Hildebrand said that in comparison to the amount allocated to the County Public Schools it was quite large, since the Pub. Schools would receive only \$117, --- He was informed that the amount allocated to Pub. Sch. was fixed through the County tax rate, on the basis. The Pub. Sch. also receives funds from the Clerk of the Ct. Ct. and the Treasurer (as well as from the State of Md).

Combination of Bus Routes.

The question was asked as to why the Parochial School Bus contracts and the Pub. Sch. contracts were not the same. Mr. Briscoe advised that the Bd. of Co. Com. had nothing to do with the contracts awarded for Pub. Sch. Transportation, and that they did not know on what Miss Dent made on her rate. The Paro. buses travel on all County roads that are in good condition where a number of children live and the children attend Paro. school. The law compels the Bd. of Co. Com to furnish transportation to all children attending schools that do not receive State aid. The Pub. sch bus travels on the State road only, even when the children have a mile to walk to meet it. The Paro. bus goes on all roads, as above stated. Rev. Hildebrand suggested that the routes be combined, which the Bd. agreed would probably be less expensive. Mr. Abe Weiner suggested that the new delegates prepare a Bill when they go to the Gen. Assembly this winter and have the two routes combined. This matter came up some fifteen years ago, but was not successful in being combined. Capt. Matt Bailey said the Bd. had no jurisdiction over how Pub. trans. was handled and was not informed on the matter by Miss Dent.

Supvs. of Assessments.

Mr. Oliver Guyther asked why there was an item of \$1,000 for expenses of the Supervisor of Assessments. This covers his expenses at summer Tax school held in Md. U and the several conferences he has to attend during the year in connection with his work. It also covers the extra work he does in seeking information on new buildings etc. The law requires the builder to get Bldg. permits but this is not always done, and all the new buildings could not get on the Tax records if the Supv. of Assessments did not go to look them up.

Liquor License Board.

Why the Liq. License Bd needs a clerk-attorney and a stenographer was also asked by Mr. Guyther. Mr. Briscoe explained that frequently the clerk was obliged to present the case to his Bd. and he could not also take the testimony. The salary of the Inspector came up and Mr. Guyther was advised that when the Inspector checked on Liquor Licenses \$1200 was satisfactory, but when it became necessary to have someone check on Slot machine licenses also a group went to the office of the Comptroller to see about the salary, and that office increased it to \$2400.00 per year to include both inspections. Mr. Guyther then stated there were many slot machines in his knowledge that were never inspected as to licenses

Planning and Zoning

How necessary is a Planning and Zoning Commission for the County was the next question raised by Mr. Guyther. Mr. Briscoe replied that at present there is only one section zoned, the 8th District in the area near the NATS Base. He pointed out that had the town of Leonardtown had zoning, the erection of a warehouse on the main street in a residential section would never have been allowed. The question was asked if it would not be possible to have the County Surveyor draw all necessary maps and pay him for that work; rather than pay a Technical Advisor a salary of \$3600.00 and \$400 expenses. Mr. Briscoe explained that Mr. Nicolet had been employed by the Navy at \$7500 and came to the Co. Com for \$3600. This item was felt to be necessary.

Whether or not the Sheriff had properly complied with the law as to his monthly reports and fees returns, then was asked by Mr. Guyther who also questioned the matter of \$500 for travel outside the County. Mr. Briscoe replied that the sheriff had not made his monthly reports, but that the item of travel was allowed by law and read the law which provides that the County pay for transportation of prisoners or those going to State institutions for mileage over the County line. Mr. Guyther did not know of this law.

Mr. Elliott Burch asked if all provisions in the Budget would go through if not questioned, and the secretary replied yes. Mr. Briscoe said they could be changed.

Estimated Budget

Mr. Cryer said that he did not understand the "estimated"

3- Nov 28-1950

Mr. Briscoe explained that formerly, until the law was changed, the old method was to levy money to collect enough to pay for the Script that had been issued. Script was discounted at 6% and when you were paid it was not for the full amount, but for 6% less. Then the County would Levy to pay the Script. The County went on a Cash Basis in 1948, and now they Bidget what to spend and levy sufficient tax to pay for it. The money which enabled the County to go on a Cash Basis and which furnishes the extra revenue comes from Coin Operated machines and Liquor licenses, etc.**

Library Appropriation.

The library appropriation at 4¢ rate, \$7220.00 was questioned. Mr. Abe Weiner asked about this and Mr. Briscoe explained that last year the Board granted an appropriation- not from taxes- but other sources** , as above noted- at the rate of 2¢ which amounted to \$3416.19 for the library. However, since it had only just been operating a little over a month it would be a waste of that money not to grant an appropriation for this year, in order to determine after a year's operation, whether or not the Library was an asset or not. If the County does not assist the State Library Aid is not available Mrs. Cuniberti read from a report that since Oct 15, 986 people had visited the library, 1074 books had been borrowed and over 300 people residing between Point Lookout, Charlotte Hall, Chaptico, etc. had registered. When it was suggested that perhaps more than half of these were from Leonardtown and Hollywood, Miss Pickrell-librarian- replied that less than half were from those sections. Mrs. Cuniberti further read from statistics to show that St. Mary's County, according to population, is less than the amount appropriated from any of the other counties of the State. The bookmobile which will be here in January will be a determining factor on how well the library will be patronized.

This was also a gift from Mrs. Davidson. Mr. Library Association stated that Mrs. D. had to the County for the library and the book- the County to cooperate in the matter of it to assist in the work.

appropriation ed for St. Mary's Hospital annually. This ts. Mr. Cryer asked why this was so low in nt \$9,000.00 appropriated for "other institutions" that the latter amount covered 8 State institutions me, boys and girls training school etc.

felt that figures in connection with the lib- hed in the two County papers. Miss Pichrell been done several times and that she would report each month as to the use of books etc.

ie of Women Voters both of the above were present and stated the to go on record as supporting the appropriation

THE COUNTY COMMISSIONERS OF ST. OFFICE OF

ENCLOSED IS CHECK NO. IN PAYMENT OF NAME ADDRESS Date

4- Health Center

Appropriation for a site and erection of a building for a new Health Center was approved by the majority. It was explained that the State would bear 44% of the entire cost of both site and building, while the County would bear only 56%. The exact location of the site was not made public, although the Fact Finding Commission appointed by the Board had located a piece of land, adjacent to the Court House and parking lot, which needs little or no grading- a very expensive item in building- it is part of the A.F.King estate and considered the best possible location for such a building as it would keep it among the County owned buildings. It was ascertained that the land could be purchased for the sum of \$5,000.00 which has been declared by real estate agents to be a very nominal price. It must be decided prior to Dec 31 1950 if the County is to receive the State aid and remain on the top of the priority list. It was intimated that this would be done.

Mr. Abe Weiner who was one of the most outspoken at the meeting, and in favor of what appeared to be the County' welfare- said he felt the Board should proceed at once with the New Health Center matter. This was also the opinion of the majority. Dr. Houser was present and stated he felt the State Bd. of Health would approve of the site- it is necessary for their approval before anything can be definitely settled.

Welfare Appropriation

Mr. Guyther questioned the advisability of allocating so much for Welfare. He felt the allotments were too high. Miss Lankford, supt. of Welfare gave an explanation that the County bears 1/6 of the expense, the State bears 2/6 and the Federal Government bears 3/6. She further explained about insurance etc., and that there are many children left orphans who are not eligible to that insurance since their parents had not paid Social Security

Hawks and Crows Bounty

Bounties for hawks and crows was approved and it was suggested that one for foxes be added. This is a matter for the General Assembly.

Appropriation for Liq. Bd. and Inspector's salary.

Mr. A. Weiner said he felt the Liq. Liv. Bd. should be maintained as set up, and the Insoector's salary be paid as at present.

Mr. Elliott Burch, Pres. St. Mary's Civic Asso- sheriff's office said in part "Every year I pay my taxes and I demand the money be spent in the proper manner. I criticise the sheriff's department". Turning to Mr. Briscoe he further said "You, as State's Attorney- I demand you make an investigation of the sheriff's lack of turning in fees." Mr. B. replied this he would do.

Mr. Guyther asked the Sec. to the Bd. as to the amount of fees received in this office from the Sheriff and the answer was "none." He then read part of the law concerning the duties of the sheriff which he said had never been complied with, since Mr. Long took office in 1947. It is understood Mr. Briscoe will make the investigation.

5- November 28-1950

After session

Members of both old and new Board, Mr. Briscoe, Mr. Michaels reporter for the Star and the clerk were present at the afternoon session, altho it was a continuation of the public hearing.

Each item reviewed

Mr. Briscoe read each item again. Mr. Alvey asked about the duties of the Custodian, they were explained in small part. The duties of the Custodian are to see that all repairs are made, the County buildings kept neat and clean, painted etc., furniture bought or repaired as the case may be; appointments for use of the Court Room are made through the custodian; supplies ordered and stored etc.

Attorney's Salary

Salary for the Bd's. attorney was felt to be too high in the Budget which allowed \$1,000.00 per yr. This was done because previously Mr. Briscoe had to conduct all meetings, prepare Resolutions and opinions etc., and give far more of his time than the attorney to the Bd. usually does, and that had made his work worth more than \$300.00 a yr which had been paid him. He said he would be glad to serve for \$600, but no decision was rendered by the new Bd. except to say they would like to have the old Bd. set that salary.

Library appro.

This was felt to be rather high, but no motion was made to lower it and the old Bd. expressed their opinion that it should be allowed for this year and then next year it could be decided whether or not the library was an asset to the County.

Planning Com. Civil Defense Allotment

Mr. M.C. Thompson phoned about the Civil Defense allotment which had been allowed in the Nov. 14 meeting and was included in the Budget. This request came through the Civil Defense Commission of Washington since they feel this area will be a refugee section rather than a bombed area in case of attack. Planning Commission was allowed the \$4,000.00 requested.

Clerk for State Troopers

Mr. Briscoe explained that the entire amount spent for the service of the State Troopers since they had been operating in St. Mary's was \$800.00 used in the raid, this has already brought in a sum of over \$3,000 in fines and costs of cases tried. It was stated it was impossible for Sgt. Jackson and the Troopers to remain in office and do their reports, answer the phone etc. This was felt to be a very legitimate item.

The meeting adjourned at 5; p.m. No appointment of attorney or clerk was announced.

December 12, 1950

The morning session, with the outgoing Board, Capt. M.R. Bailey, Mr. J. Frank Raley and Mr. Frank Bailey and their attorney J.H.T. Briscoe, were present, and sat in Tax Review

Tax Review

Set for 10 a.m. to hear complaints on assessments of new property. One party appeared. Mr. Walter Flesher of Great Mills asked for a reduction on his Personal Property Tax. Mr. Flesher sold a store, and certain of the fixtures therein were to remain as his property. Later, Mr. C.G. Singleton who had bought the store, returned the store but had removed both his own and the fixtures belonging to Mr. Flesher. The entire property had been assessed in the name of Mr. Flesher, and he is charged with fixtures he does not have. The Board agreed to reduce his assessment \$200.00 and charge him at the rate of \$1,000.00 for 1949, and not charge him for 1950.

Library

Letter was addressed to Mr. Broun, Jr., advising him that the sum of \$7220.00 is in the 1951 Budget for the St. Mary's County Memorial Library.

Tall Timbers Erosion

Commr. Downs of Tall Timbers, ^{prevention} filed a petition with the Board for assistance in the erosion of the waterfront. Pictures etc., on file also. Since this is a very important matter, and requires a good deal of study, the matter was held over to be referred for full consideration by the new Board who will take office in the afternoon.

Mrs. Sam Dyson called about a road near 7 Gables Hotel. Mr. Thompson was present and said the matter would be taken over and road accepted for County maintenance. He had viewed the road.

Health Clinic Site

Board passed a Resolution to purchase a site from A.F. King in Leonardtown on which to have erected the new Health Clinic. The price is to be \$5,000.00. Resolutions were signed and copy sent to Mr. King and to the State Board of Health, Baltimore, Md. Present at this time were Mr. Torbett, Tech. Engr. for the State Bd. of Health, Dr. A.D. Houser, Mr. Tilp, architect and said of the several pieces of land offered the Health Dept for the new Clinic this one was the most desirable, for location to County buildings to parking lot and the fact that no grading would be necessary.

Lots 21-22-23-24 7th Dist

Sold for T.I.C. in 1940 for \$6.91 this property was offered to Barnard I. Smith for \$40.00 which covers all interest to date/ He is to have DEED etc prepared all at his expense.

Mr. F. Tilp, architect

For the new Health Clinic in Leonardtown, Mr. Frederick Tilp of Wash., D.C., was appointed architect. He will prepare sketches to be approved by the Health Committee, and they will then be sent to the State Board of Health in Baltimore for their approval, later sent to the Federal Public Health Service in Wash. D.C., and when approved there, they will be used for the new Health Clinic. Bids for the erection of the building will be advertised later and Mr. Tilp will prepare all papers necessary for the securing of funds to carry on the project, of which the County pays 56% of the entire cost of land and part used by the Health Dept and the State pays 44% of the part used specially for the Health Clinic. All other costs to be borne by the County. It was necessary to get this matter settled prior to Dec. 31, 1950 in order for the County to participate in the appropriation for such building and to retain its #1 priority on the list for such assistance.

The Board adjourned at noon as their term of office was completed.

clerk

Crowded Bus

Complaint had been received of overcrowded bus on Paul Bell's route from Lex. Pk. to Little Flower School and St. Mary's Academy. Mr. Bell said he knew of this and was putting on an additional bus. This was done.

December 12, 1950
Afternoon Session.

The new Board of County Commissioners, having taken oath of office, were in session this afternoon.

Mr. Leonard S. Alvey, Leonardtown, Md., was selected president
Mr. C. Byron Guy, Clements, Md. member
Mr. Ernest L. Stone, Park Hall, Md. "

The first official act of the new Board was the approval and signing of expense account and payroll vouchers, since there would be no further meeting until after January 1, 1951.

Tall Timbers Erosion

Sen. Paul J. Bailey, appeared with Cmdr. Downs of Tall Timbers, Md., relative to erosion of the waterfront at Tall Timbers. The Board viewed the photos and petitions which had been presented in the morning session and agreed to take some action after studying the matter closely. Mr. Sterling, attorney, read the law relating to Erosion Relief, tax, etc., and the Board will study the matter carefully to ascertain how much property lies within the area to be considered. Property owners are very anxious for this relief and are willing to pay their proportion of the cost. Prices on both jetties and seawalls will be secured and presented at the next meeting.

Check drawn CGF #1 1st Nat. Bank, Leonardtown, Md.
to order of Chas. J. Mattingly, Trs. #6195 \$46,316.80

Pd
1st Nat. Bank, State School Loan.....\$.449582.33 **

** This bank account is used only to pay expenses for the new schools now being erected in the County, and is not used for General expenses.

The clerk requested a receipt for these accounts, but Mr. Cryer took the statements and advised that he preferred to check them at the bank. The telephone was suggested, but he said he preferred to go in person to the bank.

During the absence of Mr. Cryer the President of the Board asked the secretary if she would be willing to give any assistance they might need until the new clerk understood the work and she agreed to do this. Then they asked if she would help any time they asked her to, and she said she would. A telephone call revealed

that Mr. Cryer had had a heart attack on the street and was carried to St. Mary's Hospital. Verification of this proved that Mr. Cryer was dead.

Mrs. Sara M. King was appointed Clerk for a period of two years at the salary of \$2800.00 as set by law.

Mrs. Sara M. King was appointed Custodian of the County Buildings at a salary of \$600.00 per year, as set by a former Board.

Howard Buckler, jailor, was appointed also as janitor of the Court House, jail and County Building, Farm Bureau office, at a salary of \$80.00 per mo, as set by a former Board. (\$960.00 per yr.)

Dr. F.A. Camalier was appointed as Physician to Alms House and Jail, at a salary of \$150.00 per year, vice Dr. Greenwell who had sent in his resignation last year but until today no one had been appointed in his place. Dr. Camalier agreed to the salary until he could ascertain how many visits would be required.

Mr. W.O.E. Sterling was appointed Attorney to the Board at a salary of \$500.00 per annum.

The Board members decided they would prefer to receive their salary twice yearly, \$450.00 each time.

The clerk was requested to have several broken windows replaced in the jail.

The Bd. announced that their next meeting would be on Tuesday January 9, 1951, and adjourned at 4:30 p.m.

January 9, 1951

The Board of County Commissioners held their first regular meeting this morning, with all members present.

The minutes of Dec 12 were read by the secretary and approved by the Board.

Amts. on deposit as of Dec 31, 1950 were		
1st Natl. Bank, Leonardtown	CGF#1	\$16,948.03
County Trust Co "	CGF#2	95,357.78
County Trust Co Mechanicsville	CGF#3	39,651.09
State School Loan- 1st Natl		449,582.33

The Treasurer requested the Board to purchase a "check protector" as the old one has completely disintegrated. This was agreed upon.

Oil tank at Alms House, property of Thrift Oil Co., to be purchased by the Board, since the Thrift Oil Co is not servicing the Alms House. The Bd. feels it is better to own the tank and let the oil service out on contracts. Mr. Thrift so notified.

Roads.

Clayton and Newtown Roads in 1st Elec. Dist. For over five years, at different periods, taxpayers on these two roads have requested repairs. Newtown Rd. was repaired in July, but not completed, and both roads were accepted for maintenance.

St. Geo. Island.

Mr. Lawrence Henderson requested repairs on roads on the Island Since so much has been spent on the Island, for Seawall etc., and roads no action was taken on this matter.

Mr. Stone and Mr. M.C.Thompson will view the roads in question and report on their findings at the next meeting.

XRay Technician

For 3 years the "ed Corss has been paying Miss SusieBelle Guy the sum of \$300.00 per year for her work as xray technician in the Health Dept. They requested the Bd to take over this amount in order that these funds may be used for other TB work. A regular technician would be paid \$3,000.00 per year. No action taken. Dr. Houser and Mrs. Magee appeared in this matter.

Clerk for Troopers' office

Det. Srgt. Jackson requested a clerk be appointed in place of Mrs. Slingluff who is ill and will not be able to return to work for a month or more. Clerk instructed to contact Mrs. Edna Bell Frye and see if she would take the position at \$100 per month. Mrs. Frye was contacted by Mr. Jackson but did not

come to the Court House as he suggested.
Bd. of Education made appointment for 1;30 Jan 23rd.

Letter received from Mr. W.S. Donaldson asking to be appointed as auditor for the County. Mr. Donaldson, with Mr. B. Harris Sterling working under Chas. R. Norris, CPA of Towson has been approved by the State Auditor's office as auditor for the 1950 books of the County and is working on those at present. No action taken.

Letter directed to State Roads Commission requesting they combine the surplus left from 1950 with the amount allocated for 1951 and apply it to road maintenance in St. Mary's County.

Erosion

Lt. Com. J.A. Downs, A. Meatyard, Jr., Dr. Gumble; Mr. Blair and others representing Taxpayers of Tall Timbers section appeared requesting relief from the erosion taking place there. Last heavy storm washed away from $4\frac{1}{2}$ to 9 ft of shore property. A detailed discussion was held on this subject, Mr. Sterling read from the Erosion Relief Law, advising that taxpayers requesting this relief would have to pay their proportion of the cost- estimated roughly at \$72,000.00) and the extra tax would be added yearly to their regular tax bills, until the amount due had been paid. Bonds must be issued to cover the cost of installing the seawall and jetties which are deemed necessary. The committee favored a 5ft seawall with 24 ft. jetties, 10 inch creosoted piles set 7 ft. apart. The Board decided to visit Annapolis and see the recent Erosion Relief project installed there before taking any action. It is deemed advisable to take steps soon to offset any further loss of property. An appointment was made for the Board to visit the office of the County Commissioners on Monday January 15 at 2;30 and consult with them about the erosion relief project. Mr. Sterling and Mr. Thompson will accompany the Board.

Animal Rescue League.

Mrs. Hume Peabody appeared in regard to financial assistance from the County for an Animal Rescue League. Mr. Duke has offered a small building and ground for a Pound, but it will need wire fences, locks etc. Stray dogs and cats are a great nuisance in the County and in 1950 damage done by dogs amounted to almost \$1200.00. Two deputies were appointed to sell tags and destroy all untagged dogs, or any damaging poultry or cattle. The sale of tags hardly pays for the amount spent in claims. No action was taken on this matter as no definite amount was requested, nor specified work mentioned.

Law Library

Atty. W.M. Loker, Jr., who with Atty. .O. Sterling had been appointed by Judge Digges to contact the Board with regard to their financing the installation of shelves in the Law Library. Books amounting to \$1700.00 have recently been purchased by the Library Asso., and there is not sufficient shelf space to hold them. The Association would like to remove the metal cases and place them elsewhere in the Court House, as there is more space on the shelves they requested than in the book cases. The Board viewed the room and decided before they took any action they would consider the matter further.

Damage by Dogs.

Mr and Mrs Ed Stone appeared with a request for claim of damage by dogs to their hens. They saw the dog eat two hens but not the others that were missing tho there was a pile of bones and feathers w ere the dog had been

Jan 9-1951

They could not swear that the dog had gotten all the chickens since they did not see him with them and they felt they could not properly fill in the damage claim. The Board, knowing both Mr and Mrs. Stone very well, advised that if the owner of the dog would sign the claim and agree to kill the dog, the Board will pay the claim.

Pitney-Bowes Mailing machine

Representative of the Pitney-Bowes mailing machine Co desires to send a machine for demonstration as it will lighten the mailing work in the Court House. This work is only heavy twice a year and the Board felt the machine was unnecessary. However, they agreed they would advise Mr. Aidee if they desired a demonstration.

State School Loan

5th Request made for funds from this Loan made by Miss Dent.

Bannaker School.....	\$35,010.00	
architect fees	1,702.00	\$36,712.00
1st Nat Bank Check #6196 dated Jan 9-51		
drawn to order of Treas to cover this amt.		

Bernard Spaling, Leonardtown

Complains of water draining on his property from road. This is due to the lay of the road. No action taken as Mr. Thompson will look it over.

Overcrowded Buses.

Deveral overcrowded buses make it necessary for Mr. Frank Bailey and Ambrose Wood to run 2 trips, thus adding 10 miles per day to their contract. Board agreed to this.

Chairs.

During the Erosion relief conference Dr. Gamble fell from a chair which had recently been repaired. Clerk was instructed to remove all old chairs from this room since they do not stand repairing and to order one dozen from the Md. State Penitentiary. Chairs were ordered.

Roads to be built in part in 1951

Green Hills- Green Briar (to corporate limits) St. Andrews Ch Rd.
Abell's Wharf- Willows Rd. Bushwood, Pincushion to Somervilles.
The Board felt it would be advisable to build part of each road rather than to complete one or two roads and give no relief on others. In 1952 they plan to complete as many of the started roads as possible. Oiling schedule for 1951 was prepared last fall and copy will be presented at next meeting.

Jail window

Window at jail broken out by inmate, order placed with Lank Woodwork Co in Wash. Window was such an odd size they requested the torn frame. However, since the frame could not be sent by mail and truck not going to Wash- the Leonardtown Lumber Co has agreed to make the window at once. Frame has been carried to them for their meadurements.

Jan 11, conference between Mr. Alvey, Miss Dent and Mr. Sterling regarding combination of bus routes. Miss Dent advised she would cooperate in any possible way, but did not feel the system used in Charles County- where buses are owned by one garage- was as satisfactory as here where buses are privately owned. The matter will require special legislation to make the change, and Miss Dent also advised she did not think there would be as great a saving as some imagined because both Public and Parochial schools have about 3000 pupils. However, even if there could be a savings of 10% of the entire cost which is about \$180,000.00 per year would be worth while.

Board will confer with the County Senator and Delegates when they go to Annapolis on Monday January 15th.

Extension on Paro. Sch. route of Alberta Bailey granted
2½ mi 10 mi per day \$2.00 \$36.00 per mo

Extension granted on Paro Sch route of Ambrose Wood
2½ mi 10 mi per day \$2. \$36.00 per mo

January 23, 1951

Board of County Commissioners, all members and their attorney, met today.

After minutes of previous meeting were read and approved the Board considered all unfinished business

Xray technician

Dr. Houser had requested that the Board pay xray technician the sum of \$300.00 per annum for work done in the Health Dept. The Am. Red Cross has been paying this sum for the past several years. The Board agreed to pay this, and letter to Dr. Houser was sent informing him of their decision.

Law Library

Wall shelves for the new books ordered by the Library Asso had been requested at the last meeting. Today with Attys. Loker and Sterling the Board inspected the room and detailed explanation of the shelves was made. The metal bookcases will be used in other sections of the Court House and the Bd. agreed to have the wall shelves built as soon as possible.

Bus Route Extensions.

Extension for F. Bailey on Davis-Wood route agreed upon, last meeting. Mr. Bailey phoned in that the families in question had not moved and he did not start the extension but will advise the Bd. as soon as he does.

Ambrose Wood, route extended $2\frac{1}{2}$ miles to Rhody Thompson's- Bd. decided he should continue additional $\frac{1}{2}$ mile to Wm. Vallandingham's at no additional expense to the County. Letter to Mr. Wood advising him of this was sent. Mr. Wood has been travelling the extension since Jan 9th

Animal Rescue League

Letter to Mrs. Hume Peabody requested by the Bd. to advise that at this time they do not feel they can assist financially in this project as 1951 Budget has been prepared and Emergency Funds do not permit this additional expense.

Letter to Mr. W.S. Donaldson, advising that County Auditor will be appointed at a later date.

B. Spalding, requesting relief from water draining on his property has been advised that this is a matter for the State Roads Commission to handle, and it is at present under consideration by that office.

Letter from State Use Industries re chairs- since price had advanced they sent photos of chairs and prices from which selection was to be made. Chairs selected are \$6.00 each and were ordered.

New Business.

Ebenezer Church Rd- $\frac{1}{2}$ mile- Bd. advised that when Right of Way is received by them they will accept the road for maintenance.

Bd. of Education

Space in basement of jail requested for unused files- granted
ADDITIONAL office room requested, cannot be granted as there is no room. However, Bd of Education may use the room assigned to Supervisors of Election when that Bd is not using the room.

2-Way Radios

Sheriff requested additional 2-way radios for State cars.
Bd will consider this later. Sheriff has a vacancy for a Deputy which he hopes to fill within the next few days.

Error in Shrf's' check

The amount of \$8.75 was deducted from Shrf. Long's expense check to pay for removing 2-way radio from Deputy's car. This expense should be paid by the County and refund should be made to Mr. Long. This will be done on his Feb exp. check.

Erosion Relief at Tall Timbers.

The Bd. having visited the Erosion Relief Project in Annapolis held a hearing with several of the committee from Tall Timbers. It has been decided to have a new survey made by County Surveyor W.M. Bowman, to have a list of all property owners in the area made by Mr. Blair who will also contact them, and after 75% of the owners have agreed to the Erosion Tax they have to pay, the matter will get under way. Comm. Downes presented a certified copy of estimate for bulkhead alone \$24.00 per linear ft. for bulkhead and jetties \$28.00 per linear foot. There are at present signatures of 34 property owners in this section on file in this office requesting the relief. Feb 13th Mr. Thompson and Mr. Nicolett will present a plan for the work.

Sheriff Directory

Request from Shrf. Long for Bd to purchase a directory of sheriffs in the U.S. denied. Shrf. Long to purchase his own directory, as the purchase of the directory carries an Accident Ins. policy with it.

Mr. Geo. Lawrence requested the Bd. to take steps towards getting the Personal Property Schedules in his office prior to Feb. 15- Bd. ordered notice to be inserted in the two County papers to the effect that all such schedules must be in Mr. Lawrence's office on or before Feb 5th, ~~otherwise~~ They would be penalized according to law, if not in before Jan 20 next year.

Civil Defense.

Mr. Thompson, chairman of Civil Defense requested clerical assistance in this work. At present only part time clerk is necessary and Mrs. Mildred Nicolet was appointed at \$50.00 per mo when work increases other arrangements will be made.

Jan 23-1951

Mr. Thompson read a list of his 1951 oiling program. Mr. Guy asked that the road from Hurry-Maddox and Hurry-Chaptico be oiled before some new road received that attention. These roads are bad and are used by the mail and also school buses.

Letter from the Co. Com. of the Western Shore Association was read they urge the Bd. to appear or send representative to Carvel Hall, Annapolis on Jan 25 to consider Senate Bill #28 which has to do with changing the Assessment Law for the State of Md. The Bd. made no arrangements to attend, since they feel sure their representatives at Annapolis will take care of the matter.

Planning Commission has 2 vacancies, one A.F.King-resigned- the other J.T.Daugherty-retired- at present only Mr. Thompson and Mr. Stone are on the commission as Mr. Dickey is in Souther America. Appointments will be made in the near future and clerk notified of those selected in order that letters may be sent to them. The commission members are appointed to

Mr. Thompson	1953
Mr. Stone	54
Mr. Dickey	51

Mrs. Lydia Twilley

postoperative cancer case aged 50 years
Operated on in Johns Hopkins Hospital Sept 50
Certified by Dr. A. Brooks Branson Nov 29-1950
" Dr. E.L. Harvey Simmes
as to mental case-

Clerk contacted Mental Hygiene in Baltimore to request patient be sent there, Mental Hygiene advised both Doctors from Johns Hopkins had called and said Mrs. Twilley was not a mental case. Then in Nov when husband Frank Twilley and daughter Mrs. Elizabeth Bunch requested have Mrs. T. sent away she was still refused admission to a state institution. Mrs. Bunch with Mr. Geo. Thomas appeared and made a second request to have her mother placed in an institution. Clerk contacted Mental Hygiene who said Mrs. Twilley was not a mental case and they would not accept her at Spring Grove. Clerk contacted several Nursing homes lowest of which was \$30 per week, but there were no beds available. Bd. felt that \$30 a week was high, but if absolutely necessary Mrs. Twilley should be sent away, in the hope that her health and mentality might be improved. Bd. instructed clerk to contact Welfare in the hope the County would assist in defraying expenses. Welfare advised both Mr and Mrs Twilley were receiving Welfare with Care for Dep. children, \$92.60 per month total and that if Mrs. Twilley were sent to a nursing home Welfare would have to deduct the amount paid from the Welfare check. Miss Lankford was then contacted in the hope that Mrs. Twilley might be sent to Ritchie hospital, but when Welfare asked Dr. Fuchs- who had certified Mrs. Twilley as a mental case - to change his certificate to one asking for nursing care he said that he could not do, as he had just examined her and she was definitely a mental case. Dr. Camalier said he felt if Mrs. T. could receive care she would be ok in a short while, although it did not always result that way. clerk then contacted Mental Hygiene again and advised what Dr. F. said, and finally admission was granted to Mrs. Twilley for Feb 9, 1951 at Spring Grove. The family will take Mrs. Twilley away and sheriff will not be necessary.

Special Meeting

February 6, 1951

The Board held a special meeting today. Due to illness Mr. Stone was not present. Mr. Alvey and Mr. Guy with Mr. Sterling conducted a hearing between Noble Beachum, bus driver, and Mary Agnes Cooper, pupil of St. Joseph's School.

Beachum stated that January 31st he had trouble with this girl, who was creating a disturbance and a small panic in his bus. He pulled to the side of the road and told the child to get off. She asked why he did this and he replied she was creating too much disturbance. When she left the bus another child handed Beachum a razor blade which she said Mary Agnes left on her seat. It was a Gem blade and knicked.

Two patrol girls were present. Frances Brown said two girls were fussing and she tried to part them and Mary Agnes asked if she wanted to get mixed up in it too. Beachum said Mary Agnes was too much of a woman to ride on the bus with children and she replied she could ride on a real bus, she didnt have to ride on a piece of a bus. When Beachum, who thought the child had a knife asked her where it was, her sister replied Mary Agnes didnt have a knife. Then the razor blade was found, but the child said it was not her's. Her father said he doesnt use that kind and the child said she had never seen it before.

Some time ago Beachum asked Mr. Frank Bailey to speak to the pupils on this bus, because there was always fighting and fussing going on. Mr. Bailey did this and Mary Agnes was one of the children misbehaving at that time. Beachum says she insists upon sitting at the door and will not move, that she hits the other children and uses bad language and this has been going on for over a year. The Sisters told him to put any children off the bus who misbehaved, because they had trouble with them in the school room and this girl is one of the trouble makers.

No one on the bus saw the girl with the razor, but Beachum thought she had it. He told the clerk that the girl said if he gave her any talk she would cut him good, that is when he put her off.

Mary Agnes says she fights at home with her brothers and sisters. She also fights on the bus with anyone who hits her brothers and sisters. She says Beachum has pets on the bus, and treats them nice but one day he shook her little brother- she didnt know why. Girl says he passed her grade last year. Father says he never had a message from the Sisters or Beachum of this trouble, if he had he would correct her at home.

When Mary Agnes was asked if she intended now to be a good girl she replied she did. Then it was determined she should sit in the seat near Beachum so he could see that she didnt get into trouble. He is willing to give her another chance to behave so is the Board of Commissioners and her father says he will cooperate and correct her if he is advised when she misbehaves. Mr. Guy told her if they had any further trouble they would take it to the Juvenile Court and she would likely be sent away until she is

18 years old, and she wouldn't like that. So it was agreed by all that another chance was all she needed, and if anyone hit her while on the bus to tell Beachum and he would put a stop to it, as he was in full authority when they were in his bus.

Harry Moreland desires to purchase a school site not now in use, on his farm IndianTown. Miss Dent advised this was usually sold by Public Sale, but the party residing nearest the school had first opportunity to make the purchase.

Mrs. A.E. Stone had sent in an unfinished claim for hens destroyed by dogs, but could not swear the dogs had killed the hens tho she saw the feathers and bones. Dog is not at his home, tho they cant say he is dead. Albert Lyons owns the dog. Clain was allowed for 15 hens @ \$1.50 each and check for same sent Mrs. A.E. Stone, Clements, Md.

Last meeting Mrs. Mildred Nicolet was appointed clerk to the Civil Defense. Mr. M.C. Thompson, Jr., Chairman of C.D. asked that her appointment be made retroactive Jan 1, 1951 as Mrs. N. has been working for that time with no pay. Board agreed.

Mr. Baldwin, architect, appeared and asked to be considered in connectvion with the Health Clinic to be erected. Bd advised Mr. Tilo had already been appointed by the former Commissioners.

Clerk was instructed to order Dog Tags and Slot Machine Tags for 1951.

Clerk was instructed to have inserted in the 2 papers the following notice

Forms for reporting to Board of County Commissioners monthly gross receipts from Coin Operated Machines may be secured from the clerk of the County Commissioners, Court House, Leonardtown Md.

These reports must be filed monthly with the Board of County Commissioners in their office in Leonardtown.

Ambrose Wood- Mr. Guy advised Bd was to pay him for 1 ml additional for Jan 29-30 and 31. Jos. Hancock, 1 ml daily Mr. Guy will bring in correct extensions on Feb 13th.

Permission was granted to have floors in offices of Treasurer and Supv. of Assessments covered in asbestos tiles.

Mr. Sterling was to look up DEED to Ball Park and ascertain how much land was incorporated in the lease. Lease says 4 acres but Bd desires to know what about the land lying between the Fair Grounds and the Ball Park.

The Board adjourned at 1:45 pm to meet for the regular meeting Feb 13.

approved

Regular Meeting
February 13, 1951

All members were present today when the Board of County Commissioners held their regular monthly meeting.

Leases for Fair Ground and BaseBall park filed in safe in office of Tax Assessor.

Hearing between Mr. Frank Ellis, bus driver, Fr. Behr, pastor of Holy Angels, Jimmy Morris and Mrs. Ernest Morris, relative to swearing by Jimmy on bus. Mr. Frank Ellis had advised Mr. Alvey of unseemly behavior of Jimmy on his bus on Monday afternoon and the above folks were requested to attend the meeting to ascertain cause of the disturbance.

Jimmy says when he left the bus on Monday afternoon Cullins Hill threw a stone which hit him in the head. Jimmy returned to the bus and started fighting and swearing. Mr. Ellis put him off the bus with the instructions that he could not ride on that bus again until he had received permission from the County Commissioners to do so. Mrs. Morris said Jimmy had a large knot on his head when he came in from school Monday evening. She also said his aunt heard him swear and that later his father gave him a good whipping and she feels Jimmy will not use bad language on the bus again. Fr. Behr said the Hill boy who threw the stone is a bad boy, and they are considering expelling him from school. He said Jimmy usually gives no trouble and makes good marks in school. Mrs. Morris had sent Jimmy out to apologize to Mr. Ellis Tuesday but he would not stop for him, thinking Jimmy wanted to ride to school on the bus. It was the feeling of the Board that since this was the first offense of Jimmy, he should be given a second chance and they hope to have no further trouble. Jimmy assured them he would behave better. Mr. Ellis was advised that while the children were on his bus they should behave, or he should report them and they be brought in for a hearing with this Board.

Roads.

Mr. Lawrence Henderson was present to request additional repairs to the roads on St. Geo. Island. Mr. Stone was ill last week so Mr. Alvey with Mr. Thompson made a survey of the roads on the Island and considered them not too bad. In view of the fact that so much has been done on the Island in the past few years they felt other sections should receive attention first. However, they did say it was their intention to do some more repair work on the Island as soon as it could be gotten to, and they would not set a definite date.

Mr. R. Sears appeared to ask that repairs be made to a road near Compton which had been in bad condition since the survey in 1941 and nothing had been done. In many places the road is too narrow for 2 cars to pass. Board feels this road needs attention as soon as possible

Library

Miss Eloise Pickrell, librarian of St. Mary's County Mem. Library

requested check for the 1951 Budget. The Board agreed to make check for one-half the allotment, and the other half later in the year. At present they do not have sufficient funds to meet all such requests in full, but will have funds after May when licenses are due.

Transportation.

Ambrose Wood was instructed to change his bus route commencing March 1st- "instead of retracing route at W. Vallindingham's continuing to Pincushion- turn left at Loveville to St. Joseph's school, a distance of 6.9 mi

Jos. M. Hancock was instructed "discontinue going to Geo. Thompson's lane and retracing. 1.2 mi

Mrs. Bernard Bowles was instructed "due to putting on of other bus route, we are changing routes and ask that you bring your child to John Somerville's lane to meet Mr. Hancock's bus, commencing Mar. 1"

Microfilm for Clerk's Office and file cabinets agreed upon

Mr. C.B. Greenwell, clerk to the circuit court asked the Board to purchase a microfilm machine for use in his office, filming DEEDS Mortgages and Land Records. The machine will cost about \$2500.00 Mrs. Anne Fowler has been taught to operate the machine and it will save a lot of time etc., and all records with photos of signatures will be available in less space than they formerly took. Mr. Greenwell explained that he could withhold 5% of Whiskey License and with this purchase the machine, but the County would do better to take the full amount of the licenses and make the purchase. This was agreed upon. Payment of the machine will be made after May 1st.

Bd. of Education, in re; additional office space

In the afternoon the Board of Education with Miss Dent appeared. Their intention was to ask for additional office space in the building to be erected for the Health Clinic. The Commissioners had already taken up that matter with the Health Dept and had made a request for the architect to appear this week to go over plans to include extra office room. (This meeting is set for 10 a.m. Friday February 16th with Dr. Houser, Mr. Tilp, architect, Mr. Tolbert engineer of the State Bd. of Health, and the Bd. of Education represented by Miss Dent, and Mrs. Lorena Burch of the Welfare Dept.) Oct, 1950 Bd of Education completed transaction with Mr. Macguire Mattingly for the purchase of a Public School Site in Leonardtown for the sum of \$15,090.00 and \$30.00 survey Geo.W.Joy. The Bd. explained that it will be necessary to borrow further funds from the State School Loan to erect the Public school at Leonardtown, as the \$570,000.00 received in September 1950 was allocated, to schools not including Leonardtown.

Combination of Bus Routes

The Board of Education went on record as approving the combination of the two County bus systems, with the exception of Mr. Geo. Thomas. The Commissioners feel it would be a savings to the County to make this combination and employ someone to be Director of Transportation for

Feb. 13-1951

both systems. This would save a lot of trouble to both the Bd. of Education and the County Commissioners in the locating of routes. Mr. Johnson said he thought that under the present law the system could be set up, but Miss Dent informed that Public school transportation is from Government money that cannot be used for private enterprise. There are at present 3 different laws on the Statute Books relative to transportation. It would not be possible to operate new lines now until the laws are changed

Dept. of Health

Mr. Fritz of the Md. State Health Dept with Dr. Houser called with relation to Out-Patient service in Baltimore. The State will match dollar for dollar what the County puts up for this service which is to take care of any patient who cannot be handled through the hospital here. In case of xrays which the Health Dept or hospital cannot take, these can be gotten in Baltimore and the Doctor attending the patient can certify that he- or she- is unable to pay for the extra service and the State and County together pay for it. There is \$1740.00 available for St. Mary's up to June 30th, and the Board felt it would not be necessary to put up this much for such service. All bills for this service would be approved by the State Health Officer- Dr. Houser- before being paid. Money is not for any special hospital, can be used wherever the service needed can be obtained. This service was requested by the Medical profession and is not government medicine.

Bus Road at Godcharles

Mr. Guy informed Mr. Thompson that the road at the entrance to the Godcharles property, where the bus has to turn, is in very bad condition and has deep holes in it. Needs immediate attention.

Planning Commission

Letters requesting Mr. Hiram Millison and Mr. T. Webster Bell asking them to serve on the Planning Commission. Mr. Millison's appointment will be until 1954, Mr. Bell until 1952

Civil Defense

Letter from Civil Defense read. Mr. Thompson said he had been to Annapolis, Gov. McKeldin spoke on Civil Defense and advised the Govt. will furnish medical supplies and alarm system. State Police use car siren which can be purchased for \$38.12, the large sirens are not available and would cost much more. The 3rd and 8th Districts would need 2 sirens. Mr. Thompson will advise later what has been done in the County towards preparing for air raids. Pamphlets are available at his office for care in the event of a raid.

Meeting adjourned at 4:30 to meet again Friday Feb 16 at 10 a.m.

approved
Leonard Alvey

SPECIAL MEETING
February 16, 1951

Health Clinic

Today's meeting was to discuss the plans for a new Health Clinic to be erected in Leonardtown.

Present were all members of the Board of County Commissioners, their attorney; Dr. A.D.Houser of the County Health Dept. Mr. Torbet, State engineer; Mr. Conroy, Federal Pub. Health Bureau; Mrs. Lorena Burch, Welfare Bd; Miss Dent, Bd. of Education and Mr. Frederick Tilp, architect

Plans for a one-story building were presented by Mr. Tilp. The furnace room was located on the ground floor. These plans were rejected by the Commissioners as it is their intention to erect a two-story building, with furnace room in the basement. The second floor will house the Bd. of Education and, it was considered, Welfare Bd.

Mr. Torbet advised that in order to participate in the 1951 program — plans, approved by the County, State and Federal Health Service, must be perfected and the contracts awarded prior to June 30th, 1951. He advised Mr. Tilp that it will be necessary for him to secure the prevailing wage of all craftsmen who will work on the building — carpenters, bricklayers, plumbers etc., and send these to the Dept. Labor in Wash. the Dept. of Labor will then compare them with the prevailing wages for such work in Washington and set the scale of wages for the project. This must be done within 90 days. Mr. Tilp had hoped to secure all building materials in the county and the one story building could have been made of timber. With the two-story building steel structure will be necessary and he doubts if this could be secured. Mr. Torbet said he felt there would be no trouble in securing this if the plans and awards are ready prior to June 30th.

Mr. Torbet explained that the sum of \$22,000 had been allocated to St. Mary's County for the new building. The former Bd. of Commissioners understood that whatever the County planned to spend for the building 44% of it would be repaid by the State if the building were erected specially for the Health Clinic. Mr. Torbet said the allocation is made according to population. St. Mary's accepted population is now 31,000. When the Commissioners advised they had in mind the larger building, Mr. Torbet said the project could probably be divided into two sections; this year 44% would be paid for the part built especially for the Health Clinic, and if Congress makes an appropriation for 1952 for the continuation of this program, they could probably get 33-1/3% of the remaining cost spent specifically for the Health project. It is thought the building the Commissioners have in mind may cost around \$80,000.00. Of this amount \$33,000.— is in the 1951 Budget. However, in order to secure any part of this program the Commissioners must have the plans approved and contracts awarded prior to June 30th. Since this is the work of the architect, Mr. Tilp promised to have all ready prior to that date. Mr. Torbet furnished Mr. Tilp with the necessary forms to furnish the Labor Dept. all information regarding the labor wages paid here.

Mrs. Burch speaking for Welfare advised that that Board would not like to have any offices on the second floor of the new building. They prefer two rooms built on the ground floor of their present quarters and if that cannot be done, they would like to have the entire building, putting some clerical force upstairs and having a committee room there. Patients would be seen on the first floor. Since Welfare pays \$50 a month for its quarters, Mrs. Burch intimated they could pay perhaps \$75 a month for the whole building. The State pays this rent.

Miss Dent, speaking for the Bd. of Education said they would be very happy to have adequate quarters on the second floor, if they could have a hand lift for heavy books. One half of the 2nd floor will be partitioned to the desires of the Bd. of Education. A central hall will run from end to end of the building with a staircase at each end. These stairs are necessary to comply with the National Exits Code.

Mr. J.J. Johnson, Dept of Agriculture was then contacted and he advised he would be glad to have quarters on the 2nd floor. The matter of the partitions will come after the approval of the floor plans.

Mr. Torbet asked if he could take back to Dr. Robt. Riley the assurance that this Bd. of Commissioners intends to participate in the 1951 program and the Commissioners assured him that he could do so.

Afternoon session.

Considering the cost of the building which the Bd. has in mind, they felt that there would not be sufficient money on hand to pay for it and they desire to have a law enacted to permit them to borrow up to \$50,000.00 for this building if they consider it necessary. After May they can see what amount they will need, if any.

An appointment was made with Mr. Thompson and their attorney for the Commissioners to go to Annapolis on Monday February 19th at 4 p.m. At this time several matters which the Bd. feels need attention will be taken up with the County legislators for proper laws to be passed

1. permission to borrow up to \$50,000.00 for erection of the Health Clinic if more funds are needed
2. County Commissioners to succeed themselves
3. Increase in salaries of County Commissioners
4. Peddlers' licenses- farmers selling seeds and fertilizer etc
5. Increase in allowance for inmates of Alms House to \$300 each per annum- see Acts of 1949
6. See about Sheriff's bill
7. Change in date of levy from Nov to June 30 as heretofore
8. Combining transportation of parochial and public school systems

Clerk was requested to contact members of the Legislature and advise that the Commissioners would see them on Monday.

Clerk was instructed to secure from the State Roads Commission the mileage from St. Mary's County line to the following places

House of Correction	Spring Grove Hospital	Barrett Sch for Girls
Springfield Hospital	Ritchie Hospital	Good Shepherd
Md. State Reformatory	District Trn. Sch	Rosewood Sch
Vet. Admin. Perryville	Md. State Penn	Eastern Shoe Hospital

Board adjourned at 4:30 pm

Leonard J. Alvey
pres.

February 27, 1951

The Board of County Commissioners met today in regular session. All members and their attorney, were present.

The usual routine of reading and approval of minutes was followed by signing and approval of salary and expense vouchers.

James Crosby, Ebenezer Church Road asked when repairs on that road could be expected. He said at present the road was dry and could be used, but after a heavy rain it would be impassible. R of W has been secured and recorded in Clerk's Office CBG #28 folio 405- Plat Book CBG #1-folio25. The Deed has not been sent to the Commissioners. Mr. Thompson said he would attend to the matter as soon as approval was received from the SRC.

Letter from Mr. Hiram Millison, Great Mills, accepting position on Planning Commission was received. Mr. T. Webster Bell has also agreed, verbally, to accept a position with this Commission.

Mr. Sol Russell complained about the water draining on the property of his son, Dr. Russell. He said Mr. W. Fish made the change in the road which changed the drainage. Mr. Thompson did not know when this was done. Mr. Thompson was informed of this and said he would see that change was made.

Mr. Sterling will write the Atty. Genl for an opinion as to when the salary of Mr. Frank Bailey, as County Treasurer is to begin. Mr. Bailey's bond has been accepted and his Commission is in the Clerk's office, but as yet he has not qualified.

Chas. Mattingly requested permission to employ two clerks to assist in getting out the 1951 Tax Bills. It takes about 6 weeks and will cost \$25 a week for each clerk. The Commissioners felt Mr. Bailey should pay $\frac{1}{2}$ and they would pay $\frac{1}{2}$ but took no action. They will decide later.

Out-patient service as explained by Mr. Fritz was not quite clear to the Commissioners. He said there was about \$1740 available for St. Mary's County, to the end of the fiscal year June 30- if the County put up that much. The Commissioners do not feel it will be necessary, but will talk to Dr. Houser at their next meeting. He has been requested to come in.

When in Annapolis the Commissioners, among other items, asked that the Bounty be returned for Foxes at \$2.00 each, and the Bounty for Hawks be increased from 25¢ to 50¢ each, effective immediately.

Mr. Sterling advised that under the new law for Baltimore County, all property of the Bd. of Education will be held in the name of the County in FEE Simple, and all new property acquired for schools will be vested in the County Commissioners. The Commissioners of St. Mary's County have asked that this law include St. Mary's County also.

License for farmers selling fertilizer, seeds, etc., was brought up at Annapolis and Sen. Bailey asked that Mr. Stone write him and give him details of the matter. Sen. Bailey feels these farmers should secure a license for this. Mr. Alvey advised that he was talking with Mr. Latham about the matter and the latter told him that since he had no stock he did not have to pay a license he was considered just an agent.

Mr. Elmer Stone came in to inform the Commissioners that a letter should be sent to Mr. Jos. M. Mattingly, Pres. County Soil Erosion Conservation District, asking for technical assistance on the Tall Timbers project. This was done.

Mr. Thompson informed that repairs on the road to the Godcharles' farm, where the school bus turns, had been made.

Mr. Sterling dictated a letter to Col. R.B. Duke, (with copies to be sent to Sen. Bailey and Rep. Fowler) stating the exact changes in dates of law referring to the County Levy. Phone call was made to Mr. Duke asking that this be made an Emergency measure so it would become effective at once.

Mr. Sterling was appointed to Welfare Bd. as attorney.

Mr. Frank Bailey came to ask for replacement of bounty on foxes. He was advised what the Commissioners had done.

Bd. made an appointment with Mr. Frederick Tilp, architect for new Health and County Bldg for Tues. March 13 at 10 a.m.

After inspecting the shelves being installed in the Law Library the Bd. adjourned at 3 p.m.

Planning Commission met in the Court Room with two new members Mr. Millison and Mr. Bell also present. At this meeting Mr. Sterling was appointed attorney at a salary of \$300 per annum. The subject considered was the one thousand unit housing development in the 8th District.

approved.

March 13, 1951
Regular meeting.

The Board met today, with all members and their attorney present Mrs. Ann Fowler acted as secretary in the absence of the clerk who was ill.

Minutes of previous meeting were read and approved.

Mr. Carey Lacey, Supt. of High Schools requested permission to use some of the old bookshelves which had been removed from the library. Permission was granted and the shelves were placed in the Grand Jury room.

Fr. M.C. Kavanaugh, S.J., asked for a road in the new development on the Oraville road- the "St. Joseph Welfare Club" settlement. The Club will give 50' wide Right of Way. Board agreed to accept the road, when proper steps have been taken and DEED for Right of Way is made to the Commissioners. They will advise Mr Thompson of their action in this matter.

Mr. J.J. Johnson, County Agent asked for appointment on March 20 and suggested that Mr. Bradford Reeves be appointed for full time Assistant County Agent.

Comm. Downes, Tall Timbers, asked about progress on Erosion Project at Tall Timbers. He was advised that the survey is not yet completed and is expected by the next meeting- March 27.

Bennie Ownes presented bill for work in Law Library and jail. Made and installed shelves in Law Library and placed complete window in jail. This was presented in 2 separate bills, as the library bill was separate from the rest of the work around the Court House.

Road. 1st Dist. Mr. Leon Dunbar- Cornfield Harbor asked for road. Mr. Thompson and Mr. Stone will inspect this and report at the next meeting.

Mr. Lloyd Dean appeared for Dallas Hayes and asked for 1 mi of road at Hayes Beach running to bay shore be repaired. Mr. Stone and Mr. Thompson will inspect this also and make report.

Public Landings. Mr. Frank Bailey reported that the Board of which he was a member had worked on the matter of having all Public Landings surveyed and staked out plainly. Cement stobs have been made but never installed. Mr. Thompson had agreed to make the surveys but nothing had been done. Mr. Briscoe was also present and verified Mr. Bailey's statements. Mr. Gay said they have already gone into the matter somewhat.

Mr. Frank Bailey again asked what had been done about hiring help to get out the Tax bills.

Mr. Cleve Bailey wants an open road from Blue Stone Ridge to State Rd in White's neck. Said it had been promised but not done. Mr. Thompson came in and this was discussed.

Outpatient- Dr. Alan D. Houser explained about the State appropriation of \$1740. Dr. Houser requested a meeting with the Commissioners as Board of Health at their next meeting Mar. 20-1 p.m. A special meeting is set for this matter.

Jail. Shrf. Willard B. Long appeared about a sick room at the jail. Said Governor Holmes was refused admission at Spring Grove as they had no commitment papers.

Mr. Guy checked the mattresses in the jail with the sheriff and asked that States Atty. Jos. Mattingly have the drunk room in the jail cleaned up- remove oyster scrapers etc.

Mr. Thompson reported that Mrs. L.L. Cobb wanted the Fr. White marker moved.

Mr. Rip Tennyson wants an outlet for a new tenant house he has built.

Thallie Norris- 7th Dist. requested that the Board have a piece of pipe placed on his property to drain it and drain the entrance. Mr. Thompson and Mr. Guy will inspect this and report

Mr. Bowman and Mr. Nicolet came in to discuss a seawall and survey, same as Comdr. Downs discussed.

Conference with Dr. Houser and Mr. Tilp, re new Health Clinic and County Building. Same will cost approx. \$110,000.00 if made according to plans Board desires, as same runs about \$1.00 per cubic ft. Basement estimate is \$3,000.00 Building to be cinder block, brick face, flat roof "A" shape, 2 story building. Mr. Tilp will report on progress he makes with drawings.

Commissioners decided the minutes of Dec 12 should be in two sections, one for the former Board to sign which adjourned at noon. The other to be the first part of the new Board's work, which Mr. Alvey will sign.

Board inspected the work in the Law Library and adjourned at 4 p.m.

Approved .

president.

Leonard S. Alvey

March 18, 1952

Meeting was held today, as March 25th is Maryland Day, and also today the Grand Jury was to make an inspection of the several offices. The three Commissioners were present.

Roads

Mr. Thompson and the Board planned the Roads to be on the new list. Clerk is to receive copy of this list when completed.

Physic Hill to Buck Langley's- old abandoned road, 4 small houses built there recently, road needs 3/10 of mile repairs. Mr. Frank Coppage agreed to give R of W. On receipt of Deed Comms will take over the road for maintenance.

8th Dist. Mr. John Briscoe asked the Comms about the proposed road near Point-No-Point, 800 ft. R of W will be deeded if Comms. decide they can take over and maintain road. Mr. Thompson will report on this at next meeting.

Stanton Guy's corner, at residence, sharp point and near gravel pit with blind corner and high bank, near old Mechanicsville Rd. Bus uses this road and it is very dangerous.

Letter from Mrs. Elina Pollack complaining about treatment received from Mr. Wester Tippens and his wife. Letter to Mrs. Pollack advised she should contact the States Attorney, also informed her that Mr. Tippens is not a public officer, but simply sells dog tags.

Grand Jury visited this office and asked if Comms. had any recommendations to make. Comms. advised they had none/ The Grand Jury was informed that the new Health Center would house the Health Dept on the 1st floor, the Bd. of Education and County Agents on the 2nd floor and other offices.

Mr. J. Ralph Abell who had been appointed Supervisor of Assessments, vice Mr. Lawrence, took oath of office Monday March 17 but his appointment was dated Mar 14. His salary is set at \$2300.00 per an. with \$1000.00 expense money, in place of mileage. (inc. \$150. - due Jan 1 - 5-3 - 1/50 Reg. & 1958-43050 - met ad.)
Revocable Permit NOy (R) 46205m(3) DE 210 grant of easement on Jarboesville-Willows Rd received from Navy. Mr. Sterling is to advise the Comms. if same is ok for Their approval. Letter has been acknowledged to Navy Yard.

Com dr. H.H.Brandenberg, Legal Officer, USNATC, Patuxent River desires copy of new Ordinance No 1 Zoning.

F.F.Greenwell and Dr. F.A.Cemalier

March 20, 1951
Special Meeting.

All members and their attorney were present today with Mrs. Fowler acting as secretary.

Farm Bureau group appeared, with Mr. Bradford Reeves, pres. Mr. Johnson and Mr. Frank Hayden and others.

Mr. Johnson feels that it is a good idea to have a full time assistant agent to assist the young farmers with their plans. It is also a good idea to develop an assistant who can take Mr. Johnson's place when he retires. It is also very unsatisfactory to have the same man work in two counties.

Mr. Frank Hayden gave his opinion of the matter. He feels the basic salary should be about \$3600 and travel allowance \$600-\$800. There has been one application for the position

Mr. Lancaster.

The County now pays \$600 salary and \$300 for expenses

State pays \$1000 " \$100 "

would need

Salary \$2600	State \$1000	Base salary \$3000	
travel 600	100	travel 800	
<u>\$3200.</u>	<u>\$1100.</u>	<u>\$3800</u>	\$350 avoided

Mr. Johnson is very interested in this subject

Mr. Adams also spoke on the matter.

Mr. Claude Johnson and four others want the St. Andrews ' Ch. road drained. Mr. Thompson was called in about this and State RC will do about 1 mile or more from the 3 Notch Rd.

Herman H. Martin, Medley's Neck Rd stated there is a drainage problem in back of his home, opposite from the Alms House. Mr. Thompson will look at this but does not feel there is anything he can do.

Deep Creek Canal near Scotland, Md. want to introduce a bill to cut the canal to St. Jerome's Creek, 18000 ft. Has talked to Sen. Bailey about the matter. *Henry ...*

Miss Dent brought in a request for State School Loan funds. Mrs. Ding came over and made the necessary check which Mr. Alvey signed and then voucher was made for check from the Treasurer for the above for

March 27, 1951

Outpatient program

Dr. Houser, Dr. Camalier and Mr. Bell came in the afternoon about the outpatient program. Dr. Camalier said it would be a wonderful thing to be able to send a patient to a hospital where the property xrays etc., could be ascertained in order to properly diagnose a case. This service is not available for all kinds of xrays here. City clinics have necessary xrays etc for all kind of stomach. liver and blood tests. Dr. Covington comes here and does some tests but does not have the necessary equipment to do all.

Mr. Guy asked if this service included xrays and medicine. Dr. Houser advised it would not, with such medicines as cortisone, acth and such. County does pay for insulin for diabetes. Mr. Guy asked how much money should be appropriated by the County. Dr. Houser says they should start in a small way, about \$500.00 as maximum until the new budget is made, and this will make a lot of things available to the County they have not had before.

Dr. Houser explained that the County Board of Health is composed of the Board of County Commissioners and such Board should meet twice a year, May and October and any other time they felt it necessary. The Local Bd Health carries out the wishes of the County Bd. of Health and the local Health officer is executive officer and secretary to the County Bd. of Health.

Dr. Houser explained that the health of the County is pretty fair with the exception of TB and VD. Xray clinic for TB is held in Oct and 70% of the people having TB are 15 or over. VD is confined to the colored people. Health Dept has weekly clinics on Wed. nights and they are well attended by colored. Health Dept has no problem with the Navy in this line. Typhoid cases were traced to one carrier who caused four illnesses 2 years ago, at St. Mary's City. One case of diptheria was probably contracted in Washington. There are 24 monthly clinics conducted in the County- for well babies, mothers, etc. Clinics have best specialists which can be gotten anywhere and where heretofore the clinics were about 70% colored people, they are now attended by about 90% white.

Hearing Clinics, audiometer was given recently by the Ladies Aux. Am. Legion and plan to use it almost entirely for school children.

Sanitarian- Mr. Jack Bell. His duties are many, checking on water from wells, sanitation of homes, dairies- and the report on the Leonardtown Dairy is that the products are the best that can be gotten anywhere. Tho people seem to prefer the milk and cream secured from nearby cities. Health Dept. used to issue plumbing permit and charged for same. Now there is no charge and people dont come in for one at all. Mr. Bell should be able to make soil tests at homes, and inspect outdoor and indoor toilets, but he does not know where the new homes

are being built since many people do not come in for Bldg permits. Mr. Bell inspects all establishments handling food and drinks-175 It is impossible to visit all every year. There are 117 properties discharging sewage in the waters of St. Mary's and unless conditions are corrected there is danger to many oyster bars. There is now law compelling people to install septic tanks Dr. Houser asked that the Co. Coms. as Bd. of Health request people to make the necessary corrections within a time limit- if they do not comply an injunction can be gotten out against the offender. Sanitation is a big problem in this County and we have neither the laws, Rules & Regulations or facilities to handle them. The Code of Health Laws is very broad and rules and regulations are not specific enough. Some sanitary code for this county should be adopted, that do not conflict with the State Hwalth laws.

Mr. Bell said Dr. Houser had covered the problem pretty well. He said they have many nuisance complaints which cannot be dealt with by the Health Dept such as odors etc. County Bd. of Health has to consent to the issuance of all complaints- form B, but same should be issued sparingly. Complaints should be settled between neighbors wherever possible, but if this cannot be done then Bd, of Health should step in.

Dr. Houser said that at first the public idea was that the County Health Dept was specially for Welfare patients and colored people. White people have gradually been drawn in to clinics etc and that all attendance is fine, almost more work than the present staff can handle.

The Bd. of Co. Com. agreed to meet in May and Oct on their regular meeting day, reserving the afternoon session for the Health meeting.

Board adjourned at 3;30 p.m.

president.

Leonard S. Alvey

March 27, 1951

All members of the Board and their attorney were present when the meeting was held today.

Game Warden Cosden came in to talk about the untagged dogs in the County. Feels many claims are untrue when people ask for remittance for poultry destroyed by these untagged dogs. He has the authority to shoot a stray cat or dog not wearing a tag, running at large on land not belonging to the dog's owner. Says Mr. Tippens is careless about collecting for tags- waits until near the end of one tag year and the beginning of another tag year, and makes people buy two tags. Mr. Cosden is willing to help in this matter at no expense to the County, and he will try to sell tags.

Roads. Mr. Richard Sears called to ask when repairs would be made to his road and he was advised that Mr. Thompson would be in this afternoon and matter taken up with him then.

Minutes of previous meeting were then read and approved.

Tags for 1951 Coin operated machines and Dog Tags ordered from Gorman Co-Balto. 2000 dog tags 1200 Coin Op.

Tall Timbers Erosion

Commr. Downs came in to inquire what steps had been taken in completing the survey of land to be taxed for erosion, and what land would come in for the relief jetties etc. The survey is not complete. When Cmd. Downs was in Wash DC last weekened he saw a number of the property owners who are urging the Bd. to have the jetties etc., installed as the property is being washed away at the rate of 1 ft per week. Several owners who applied for loans on their property are not able to get them, it is such a risk. Webb Hutchins who had offered his property for sale last fall, has now dropped the price \$3,000.00 and cannot get a sale.

Mr. Sterling said Mr. Nicolet is working on the plans. There are already ten private seawalls erected, and Cmdr. Downs says it will be impossible to buy these and have these people come in under the taxes and urges the Bd. to do something about the relief. Mr. Alvey had read the report on the subject(same is on file) but there appears to be nothing the Bd. can do until the survey is completed. Special meeting was arranged with Cmdr. Down, the Bd. Mr. Thompson etc for Tues. April 3 at ten o'clock a.m. All duly notified.

Bob Reynolds, inmate at Alms House from Pr. Geo. County whose monthly charges had been paid by Pr. Geo. Co.Com. died Nov. 15. Information about this secured when clerk called at Alms House, Jos. Mattingly undertaker, gave date. Refund of \$70.00 made to Pr. Geo. Co. Com since they were paying at the rate of \$20.00 per mo for Reynolds. LETTER to Pr. Geo. Co.Com.

advising them of Reynolds' death etc.

Mr. Frank Bailey came in to see about securing clerks to help send out Tax Bills. No action taken

Question came up about selling Public Landings to private individuals. Mr. Sterling located record of Deed to MC Thompson from Bd. when Mr. Paul Cecil was president, for Forest Landing, \$25.00. Mr. Thompson said he would gladly DEED the property back to the Co. Com. as it is marsh land and not the public landing but joining it.

Jas.B.Harriz, Hollywood desires to purchase parcel of land near the old Hollywood road. No action taken.

Otis Wood desires to ^{have repairs on} purchase abandoned road which goes to a tenant house on his property. Road not used since 1933. No action taken

Mr. Frederick Tilp, architect, brought in blue prints of new Health Center and County Bldg to be approved by Bd. He was advised they had no ground on which to erect the building as it had not been purchased. Mr. Tilp was surprised as he had considered the matter settled when the site was approved by the Pub. Federal Health Dept in Dec. Mr. Alvey later asked clerk if garage standing near the land would be removed and he was advised that it would when land was purchased. Mr. King agreed to move the garage before building operations began. Mr. Lester Mattingly has been contacted and arrangements made to move the buildings on completion of sale of the property.

Mr. Thompson and Mr. Nicolet were in the afternoon to get permission for the So. Concrete Co to build a batchin bin at the intersection of 3 Notch and Esperanza Rds for the purpose of hauling gravel and concrete there and mixing same for use on the building operations nearby- Mr. Nicolet read the law whereby temporary permit can be given for this. Letter was written and permission granted for a period of two years commencing March 27

Mrs. Lorena Burch of Welfare called to see if Board could purchase cortisone for one Thronton Jamieson, ill of rheumotoid arthritis. Advised County cannot purchase medicine for private individuals.

Mr. J.H.T. Briscoe appeared relative to abandoned road on property of Bernard Hardin at Lex. Pk. This adjoins the Aud property and was purchased from Dana Hadgdon and description says "to run with the old road." Hiram Millison has property on other side of the Hardin property and Bd. desires to know if Mr. Millison wants the road, or is interested in same. They have authority to execute a Quit Claim Deed when question is decided whether an abandoned road reverts to original owner or remains vested in the Co. Com. Would also like to know whether Mr. Hardin wants $\frac{1}{2}$ or all of old road, Matter will be considered later.

All members of the Board of Commissioners and their attorney were present when the Board met today for Special Session.

Minutes of the previous meeting were read and approved.

Erosion Project

A group of taxpayers from Tall Timbers, represented by Lt. Comdr. Downs, with County Surveyor Wm. Bowman, and Mr. Nicolet were here to consider the problem of soil erosion at Tall Timbers. A survey had been prepared by Mr. Bowman showing the shore line where protection is necessary. There are already some jetties erected by owners along this line, and it is felt they would not be agreeable to sell their jetties to the County and come in under the protection, as that would mean they would also have to pay the special Erosion Relief Tax. A lengthy discussion was held as to methods of preparing for the installation of the jetties. It is hoped to have Mr. Thompson and Mr. Singewald, geologist, present at a later meeting, but the consensus of opinion is that some concessions must be made for those already having their jetties. Mr. Juenman said there are a number of property owners in that area who desire to come in under the erosion protection, but they have failed to co-operate with reference to the Community in ~~Opads~~ etc., and should not be considered. Mr. Sterling explained that this protection is for the Tall Timbers section only.

It was decided to authorize Mr. Bowman to establish a line and go ahead with the plans;

a short jetty is most practical, 24 ft long 30 ft. apart
Amount of payments must be established

Petitions must be prepared for lot owners to sign, giving their address and number of lots they own so it can be easily checked on plat

Public meeting to be held, and notices sent out to all property owners so they can attend

Mr. Bowman will make drawing and Comdr. Downs will have copies made to send to each lot owner, showing the line for erosion protection

Mr. Thompson will have to prepare plans showing cross sections
Mr. Thompson, Nicolet and Bowman will inspect the present sea walls and jetties

Mr. Guy suggested the owners of the seawalls be reimbursed for such protection, less the cost of their proportion of the project, then they will come in under the tax erosion plans

Dr. Gambles feels Mr. Foxwell knows a good deal about this wall and should be present

Cmdr. Downs feels the figures should be from the Beach line back and property owners should be pro-rated according to location of their lots. Mr. Thompson has figures on ratio in Anne Arundel Co

It is estimated it will require several weeks before all signatures are received and then the Public meeting should be held.

After the Public meeting the Bd. of Co. Com will decide whether to continue the project and have jetties etc erected

Next step will be to establish the Erosion District -boundaries etc., and get bids for the installation of the jetties and sea wall, then set the tax

Mr. Alvey inspected the piece of road Otis Wood wants repaired Mr. Wood was advised if other families used the road it could be repaired, but could not be done for just one family.

Mr. Stone and Mr. Thompson were to see Mr. Hira, Millison and ask if he desired any part of the abandoned road Mr. Hardin wanted. Mr. Thompson was ill and they did not contact Mr. Millison.

It was established that the clerk in the Sheriff's office is to work for both the sheriff and the State Troopers .

R of W for Hermanville Road presented by Atty Wm.M.Loker, Jr. (No record of this was found in old minutes. Mr. Thompson contacted and he advised name of road is 3 Notch Pt. Rd., and previous Bd had agreed to accept road on receipt of DEED - Nov 14 minutes)

Mr. J.Frank Bailey, Treas came in to say he will pay half the salary of the two clerks who are preparing the 1951 tax bills.

Ambrose Wood called to advise he is not being paid for all the route he drives. Mr. Bailey says he is, Mr. Guy will measure Mr. Wood's entire route to establish the mileage.

1st aid kits were handed to Mr. Bailey for
Bailey- Roberts-Beachum. \$14.65 each frt. makes them \$15

Bd. of Education presented a request for additional State School Loan of \$300,000.00, 3 copies of this were signed by the Bd. and one is filed under Bd. of Education

Bd. requested letter to sheriff asking him to appear on Tues.

Meeting adjourned at 2;30 p.m.

Special Meeting

Members, their attorney, Mr. R.B.Duke and Supvs. of Assessments Geo.L.Lawrence were present and letter was drafted to Gov.

McKeldin protesting his signing of S.B.#361. Letter signed by 3 Commissioners and mailed Sat. Copy on file.

Meeting adjourned at 11 a.m.

Pres.

Leonard S Alvey

Shooting at McKay's Beach

The same group reported that shooting at all hours of the day and night goes on, and endangers the lives of people coming in boats in the dark. Jack Rathbone, Wm. O'Donnell, Carl Satterwhite and Thompson do the shooting, also their children. They were advised they should contact the States Attorney in this matter.

Mr. J. Julius Johnson, County Agent was advised by letter the Bd. will work with the Charles County Agent, 50-50.

Roads requested to be taken over, not accepted

Otis Wood- Hays Beach--- Brinkley Rd. (owners of this road had made no request, only the tenant. Jere Gibson and Arthur Lawrence.

Roads accepted- Blackistone Rd- at Perly Wickes railway
15 houses on this road and part of road is already built

Palmer Road, check with Miss Dent. Miss Dent advised that there is one new home on this road that leads to the school and signs evidencethat another is about to be built- bad road needs repairs.

Alms House- Supt. advised by letter he must notify Commissioners when inmate dies. This has never been done by Mr. Ford.

Inspection of Paro. Sch. buses. Md. State Motor Veh. Com advises they cannot inspect the County Parochial school buses. Letters have been addressed to

Bell Motor Co., Leonardtown
Guy Bros., Clements, Md.
Frank Coppage Great Mills, Md

asking if they have inspector who could meet the buses at the Court House and make inspection. Lunch will be furnished the inspectors.

Mr. T.W. Nicolet, Tech. advs. of the Planning Commission says Public Hearing relative to rezoning of 3 Notch Rd should ne held as residents in that area are anxious to have property zoned "residential". Dr. Patrick is one and he will be advised what steps he should take. Zoning should be from Tennyson's to Greenland Gardens line- GG has caluse in deed to take care of this- Planning Com will hold the first Pub. Hearing then the Bd. will hold final Hearing.

Public Dumps

In view of so much dumping along the public highway the Bd desires a list of all County owned property in the 9 Districts to determine where dumps can be located, without injury to property.

Shrf. Long came in to answer letter from Bd. He complained that stenog in his office has no time to do his work as she is usually busy with work for the State Troopers. He feels the Sts. Atty and Shrf should have office separate from the Troopers, since the former have so many cases of family trouble. Bd. suggests the Shrf and St. Atty use the Petit Jury room when necessary until room can be had in Court House. Shrf. was requested to revamp his 1950 mileage report. Board said they would like all Enforcement Of-

April 10, 1951

The Board of County Commissioners, with all members and their attorney, met today. Minutes were read of the previous meeting and approved.

W.S. Donaldson and B.H. Sterling, auditors, having completed the 1950 audit of County Commissioners' and Treasurer's books, Mr. Donaldson presented the audit and explained it at length. The books of Clerk to the Circuit Court and Trial Magistrate which are also to be audited by these auditors will be done after July 1st, at the close of their fiscal year. Donaldson and Sterling were awarded the audit for 1951, Jan 1 to June 30 inclusive of Commissioners' and Treasurer's books, which will then put these two offices on the fiscal year base July 1 to June 30 as are all other offices in the Court House and County government. The 1951 audit is for \$800.00

Zoning violations at Lex. Pk
Atty Arthur Rysticke with Mr. Ed King appeared relative to alleged violations of the law by Mr. King. Mr. King lives in a one-family dwelling in the Park. He recently made some renovations in his house which permits a family to occupy the 2nd floor. This is in violation of the Park Zoning laws, but was done due to the housing shortage in that area. The Bd. referred the matter to the Zoning Bd which was meeting that afternoon.

Federal Aid for new Health Center
Dr. A.D. Houser presented forms to be used in securing Federal Aid for the new Health Center project. These were filled out, signed and handed to Dr. Houser. A Resolution, asking for this aid appears in these minutes, signed by the entire Bd. Copies were given Dr. Houser for the State Health and Federal Health Depts.

McKay's Beach Road
Mr. Bernard McKay headed a delegation from McKay's Beach section asking that the road there be repaired. DEED for R of W was recorded in 1940 for 30 ft road road will be repaired.

Fire Dept-McKay's Beach
The delegation advised they are planning to have a Vol Fire Dept and asked for specifications regarding same in order to receive County aid. There are none, except the fire company must be active, then they can receive not over \$700 per year, from the County.

April 10, 1951

ficers to work in harmony, for the good of the County.

Mr. Alvey advised clerk parts of the minutes could now be made public, with the understanding the same information was given to both the Enterprise and Beacon. Clerk agreed to this and same was done.

Board adjourned at 4;30 p.m.

Roads

Matters concerning roads brought to attention at this time were Mrs. Julia Maddox Stahl, Maddox, water drains on land and has ruined top soil-tenants threatened to move. After lengthy discussion on part of Mrs. Stahl, Board advised her this is a matter for the State Road and they contacted Mr. Thompson who agreed that it is not a County matter.

Mr. Sol Russell, concerning farm of his son Dr. Russell, was advised they will consult Mr. Thompson on drainage for this property.

Cornfield Harbor Rd- $\frac{1}{2}$ mi, Dunbar, Gruber and Brinkley must give R of W for this. Road is in good condition, needs gravel) ^{RM} ₅ _{GA}

Fresh Pond Neck- Spencer Wilkinson requested road be blacktopped- Mr. Thompson advised road is in fair shape, was built in 46-47.

Mr. Jere Gibson called with reference to request he made at recent meeting and he was advised that road only serves one family and therefore cannot be taken over.

Knott- road, 1st hill near St. Mary's City, at St. Inigoes leading to former Harris Tea Room, road washes out at entrance and needs black top.

Jimmy Carroll- road on Bay- Mr. Thompson will go over the road with Mr. Stone; see about R of W. Will take the matter up at the next meeting.

#4 Pub. School at St. Inigoes, owned by Bd. of Education and will be sold at public auction. Mr. Stone will so advise party who wants to by same.

Louis C. Abell-St. Inigoes wants ditch cleaned as now filled with dirt and causes water overflow on his farm.

Albert Russell and John Gibson- 7th District-want entrance pipe

Chas. Latham, needs small pipe to drain yard and advised road will be repaired soon and matter attended to.

Mr. Thompson has been advised of all road complaints and was present at most of the session.

Tall Timbers Erosion Project

Wm.L.Bowman, Surveyor, Comdr. James Downes, Mr. Nicolet consulted with Board as to plans prepared and presented by Mr. Bowman at this meeting. Needs 50ft of back fill. County agreed to fill to level of bulkhead and property owners take over from there. If one contractor to do all the work is secured it would be cheaper. Mr. Nicolet will work out ratio of all property owners' shares and property owners will then be notified. On receipt of their signed petitions etc., matter will receive final attention. Comdr. Downes says unless something is done and wall completed before fall storms, shoreline property owners will stand heavy losses.

Library

Miss Pickrell, librarian, advised the Bd. audit is being made and they will receive copy when completed.

Game Warden Gasden was informed he is allowed to destroy dogs interfering with game. He must have a letter from the Board to Geo. P. Shields, Chief Game Warden, 514 Munsey Bldg., Balto-2-Md. he will then be allowed to issue licenses and destroy dogs interfering with cattle and poultry. Letter sent.

Mr. Frank Bailey came in to determine time his pay should begin. Mr. Guy figured he should be paid \$311.11 from April to Dec 1951 which would give him his 1951 salary of \$2800.00 and then he will be paid up to and including Dec. 1954, his full 4 years. He was only paid \$233.33 in April and when his salary check is prepared in May it will be for \$311.11 for May

77.78 due for April
\$388.89

Mr. Bailey thanked the Board for tarring road at Stone's Wharf He also requested that a pipe be placed on the road near his old home. Lumber was piled by the side of the road and the ditch is filled and drain stopped up- this makes it dangerous as water cannot run in the ditch and drains off on the road

Closed Session.

In a closed session Det. Srgt. Murray Jackson and Mrs. Marjorie Doughty, clerk in that office appeared as requested by the Bd. The sheriff had complained that the clerk failed to cooperate with him in office assistance and that it was impossible to use the room for conferences with the Stats. Atty etc. Srgt. Jackson explained that the desk which is locked, as well as the file cabinet which is also locked, were purchased by the former C.Com. especially for him. All other furniture in the room is for anyone to use. He is very willing to cooperate with the sheriff at all times and has always done so. Mrs. Doughty said that she has offered to do any clerical work for the sheriff and he had asked her to write a report when she had a long report in her typewriter she had to complete at a certain time for the State Troopers. She explained this to the sheriff. Later he retd. and requested her to write a letter on his stationery and was 2 weeks bringing the stationery. Since then Mrs. Doughty has suggested making his reports etc., but he has only given her 2 to copy. One mileage report was incorrect, in that the same trips to

April 24-1951

the same place were of different mileage. When Mrs. Doughty questioned him, he told her to copy what he gave her. This she did. Srgt. Jackson says his locked file is work of 10 yrs and from it he can furnish information to the FBI or Civil Service Commission etc., and he does not feel it concerns anyone else and is not open for inspection.

States Atty. Jos. A. Mattingly came in and said that as far as he was concerned Mrs. D. cooperated with him whenever he had her to do any work; that his own secretary does his letters, etc., since she has time. He also said that if he needed privacy in order to talk over a case he would- and has- used the Petit Jury room or law library. He is very cooperative with everyone.

Clerk was instructed to write a letter to the States Atty; sheriff; Md. State Troopers who use the room and Mrs. Doughty to the effect that the room and furniture- with the exception of the metal desk and file cabinet- were for the use of all assigned to the room and the clerk was to assist them with their clerical-typewriting etc. Copy of the letter is on file.

Board of Education, with Miss Dent, appeared in the afternoon to ask for an allotment of \$37,500.00 to cover increase in pay of teachers. Gov. failed to sign the Bill which would have placed this burden on the State; said he feels it is a local affair. The County Budget for 1951 is already made and there is not sufficient appropriation to take care of this extra amount which would raise the taxes about 20¢ on the \$100.00 Mr. Alvey said he feels the County is paying a lot for education since 70¢ of all tax money goes towards that. He feels the cut should come, not in the teachers' salaries but somewhere else in the school program. He mentioned cafeterias and Miss Dent said the one at Hollywood School is being run without expense to the school, as it pays for itself. She also said that with salaries as at present a High School graduate can start at Cedar Pt for more money than a teacher. St. Mary's starts teachers at \$2,200.00 per yr. Calvert County starts at 2300.00. Miss Dent further said she has a good staff and is receiving resignations and the teachers are going to other counties where the salaries are higher. She had a chart showing salaries paid (and expenses for living in St. Mary's) and they do not meet the expenses.

Bd. of Education has already requested State aid for a school to be built in the Piney Pt section.

It was pointed out by Mr. Pierre Ghent that a school site has been dedicated since 1945 in the Pat. Park area. No one knew anything about this. A discussion is to be held concerning this later, on a special date. Mr. Ghent said the County must build a school on this site within a certain and money can be made available for this. Matter to be taken up later.

Mr. Thompson was requested to put in roads at the entrance to new schools and he explained this could not be done at State Roads expense, but the schools must pay for it.

Wherever new entrances are made, the expense is to be the cost to the property owner. If they secure the pipe the SRC can install it. Mr. Tilp, architect for Banneker, and Hollywood schools must request permit to construct new entrances -if old pipe can be salvaged it can be moved to new entrance- and pipe can be replaced on old entrances- but entirely new entrances must have new pipe at expense of property owners.

Errors in Assessment of Arthur Briscoe property-Cedar Pt Motor Co Atty Oliver Guyther and Atty Ed. Digges of Chas. Co. came in connection with taxes to Cedar Pt Motor Co; in 1949 assessed value was \$654.78, in 1950 a value was 199.00 Discrepancy was an error made by the bookkeeper-Leo Middleton of Waldorf, in valuing personal property and fixtures at 24,864. when it should have been 22,864 If the State Tax Commission will make a correction to \$22,864.00 the County will agree to make a refund to Mr. Arthur Briscoe of \$320.00 and the State Tax of \$20.00 Atty Digges had contacted Mr. Ward of the State Tax Comm whd advised it was an inequitable assessment and the Circuit Court will approve the allowances as above noted. A letter in the State Tax Comm office substantiates the statement of Mr. Middleton. Atty Guyther and Atty Sterling are to see Mr. Geo.L.Lawrence and advise the Bd. of the decision in the matter

// New 432 House development in Patuxent Park area Messrs. Pierre Ghent, architect, Richard B. Zantzinger of Wash J.T.Waring of Intn, appeared with plans for a new housing development in the Patuxent Park area. Mr. Nicolet said the Master Plan had been changed and the plans presented did not comply with requirements. Mr. Ghent said there had been no advertised change in the plans which was necessary and no public hearing had been held, and further that Mr. Nicolet had assisted him in planning the streets, etc., just recently and failed to advise him the Master Plan had been changed. Mr. Millison would not approve the plans and a meeting of the Planning Comm- Com. Stone- T.W.Bell, M.C.Thompson, H. Millison- was held. It appears the Preliminary plans had been approved by the former Planing Comm- and these plans are in accordance with the Master plans- after a lengthy discussion Mr. Bell moved the plans be accepted and approved and prepared- Mr. Stone seconded the motion and plans were accepted.

County Agent J.J.Johnson having requested a Mimeograph machine the Bd. approved same and instructed them to order it. It will cost \$372.55.

Resolution on Daylight Savings Time, making it effective Saturday midnight April 28, was passed by the Board and notices sent to the two County papers.

Meeting adjourned at 5:45 pm

approved

Leonard S. Alvey

Pres.

Gen. Home Peabody presented a request for \$3480. for Civil Defense for 1951.

Special Meeting

May 2, 1951

A special meeting was held between the Board of County Commissioners, officials of the Federal, State and County Health Department and the architect with reference to change of site of the proposed Health Clinic and County Office Building.

.7 A
The original tract of land/purchased for this purpose from A.F.King for the sum of \$5,000 was sold to Wm. Aleck Loker, attorney, and he made cash payment of \$500.00 on the land. The new site is the tract of land lying between the blacktop parking lot and the County Memorial Library. It was purchased for the sum of \$12,000.00 from Zantzinger, etal., 1½ acres.

Mr. Frederick Tilp, architect, advised it would necessitate change of some of the plans and would cost the Board \$200.00 extra. He requested that he have the survey, contours and soil report not later than Monday May 7, in order to complete the changes etc., and have plans ready to be put out for bids on May 15. They will first have to be approved by the Federal Health Dept., in Washington.

Mr. Bowman will make the survey.

Thurs a.m. Mr. Tilp phoned that he would have to have all necessary data by Sunday evening and he would call for it in Leonardtown.

Board adjourned at 3;30 pm.m

Soil test report rec'd Fri.

Regular Session

The Board met in regular session today, all members and their attorney present.

Resolution: re Health Site

Resolution was passed to sell to Loker & Wigginton the site purchased from A.F. King, for the new Health Site at \$5,000.00 and to purchase a site from the Tudor Hall Estates at \$12,000.00 for the new building. A check in the amount of \$1,000.00 payable to Zantzinger & Digges, owners of Tudor Hall Estates, was delivered to Mr. James T. Waring, local agent for Tudor Hall Estates balance of \$11,000.00 is to be paid within 30 days.

Bldg Fund

The sum of \$66,789.60 was advanced to the Bd. of Education on the State Sch. Loan in Nov., and was taken from CFG#1- The Bd. agreed to transfer this amount from the present State School Loan and place in CGF#3, County Trust Co, Mech., to be used for the Bldg program. With the amt. now on deposit there this will make \$71,440.69 for the fund.

Pub. Landing at Patuxent.

Maj. and Mrs. Walter Henderson of Patuxent, complained that someone was erecting a small pier at the end of the Pub. Landing on their property, that signs "no trespassing" and "private property" were torn down and they were insulted whenever they went on the beach. They asked that the Pub Landing be closed. They were advised this could not be done and they should take the matter to Court for relief of people on the beach which belongs to them.

Roads.

Chaptico- Road leading to Christ Church requested be opened and repaired. Mrs. Wm. Hayden and Mr. Guy Herbert represented the church. Bd. decided that if R of W can be obtained from folks owning property on the old church road can be obtained, they will accept same. If all the property on the road belongs to the church they cannot repair the road.

Blackistone Rd. extension of 2/10 mi requested. Bd. agreed to accept road when R of W is obtained.

Carroll Road-, Bd. agreed on this same as above.

Ernest Quade and Bennie Owens, Mr. Guy and Mr. Thompson will look over this road and report later.

Cedar Pt. Motor Co Tax Refund

Bd. received a letter from Geo. Lawrence relative to overassessment of property of Cedar Pt. Motor Co. They approved reducing his taxes by the amount of overpayment in 1949. Matter had been previously referred to the State Comm who made the adjustment.

Welfare Roof.

Mr. E.A Willey, reported that several sections of tile were missing on Welfare Roof and that the hips needed cementing. He said cost would be approximately \$28.00 Bd. agreed to this. Later so many tiles were missing the cost was \$35.00

Water & Sewage-

Mr. K.B. Duke, chairman of the Town Commissioners advised that the Town is preparing to install additional water and sewage pipes in the vicinity of the land purchased for a new Leonardtown School. The Bd. is in favor of building the school but no program has been presented. Mr. Duke asked if pipes to serve the school should also be laid. He further asked if the Bd. had considered the sidewalk proposed from the Court House to the wharf. This would mean the County would give some land and pay $\frac{1}{2}$ the cost of the sidewalk. No action was taken.

Drive-In-Theatre

Request for permit for a Drive in Theatre received here had been forwarded to the Planning Commission for attention. Since there are no such theatres in the County, and no regulations or rules regarding building and restrictions, it was necessary for the Planning Comm to prepare them. Plans were approved as presented.

Teachers Salaries

Increase in teachers salaries was considered by the Bd. and a letter addressed to Miss Dent asking for the names and salary of each public school teacher in this county.

Bids for Health Center.

When final plans are approved and word received from the Fed. Pub. Health Service in Washington, bids for the new building will be advertised in both county papers. The advertisement has been prepared by the architect and is on file here. The bids must be opened on June 19 at 3 p.m. and contracts awarded in order for the county to receive Fed. aid in the bldg program.

Board adjourned at 4:45

Regular Meeting

The Board, with all members and their attorney present, met today in regular session.

Salaries were set for
Trial Magistrate same as before \$2100.00 per annum
Sub-trial magistrate " " 1800.00 " "

Letter to Liquor License Commission advising that since no amount had been budgeted for an additional Inspector, the one they appointed could not be paid until after July 1, 1951 when the new Budget becomes effective.

Letters to Sen. Herbert O'Connor, Sen. John M. Butler and Rep Lansadale Sasser relative to extra \$100 tax on Coin Operated machines and also about Federal funds for building a school in Leonardtown.

Letter recd. from Attorney General's office relative to pay for Treas. J. Frank Bailey; stated he should have qualified Jan 1, as stipulated by law, but should now be paid from the date he qualified.

Letter from Mr. Little about sheriff's audit. Many attorneys who had cases connected with the sheriff failed to reply to Mr. Little's letter asking for amounts received etc. He was advised by letter to send in list of names of those attorneys and the Bd. will endeavor to contact them and get the information in order that this audit may be closed.

Zoning Appeal Board- appointment made in 1945
G. Schley Miles
James Thomas
Wm. L. Calloway

no change has been made in the Board.

Bd. of Education was advised that the sum of \$9,200.000 had been allocated for increment in Teachers' pay for 1951-52, and this amount covers only those receiving less than \$2500.00 per annum.

Mr. W.S. Donaldson agreed to make an audit of the Planning Commission books at no extra charge.

Roads accepted
Blackstone- Patuxent Beach Rd 600 ft.
Capt. Lawrence, Abell 400 yds
Bond Neck Rd. extension 1 mi

Frank L. Fanning- White Neck Crk. serves 6 families-Mr. Guy and Mr. Thompson will look over the road and make report at the next meeting.

J. Frank Abell appeared, relative to extra tax on Coin op. machines and asked that the Bd. do what it could to prevent this tax since so many machines will not be licensed if the extra tax is added

Town Commissioners appeared to ask about a new school for Leonardtown, also to ask if they should prepare sewage and water for the new building. Since there are no aparent funds to use for the school- at this time- no answer was given them about the sewage etc. The Bd. of Town Commissioners and the Bd. of Education, with the Commissioners are anxious to have a new school in Leonardtown.

R.B.Duke spoke about fire plug for protection of the County bldgs and the library. One had been placed at the Court House grounds but was removed. If the pipes are carried from that plug to the new bldg it will not serve anyone. The Town Commissioners feel that the extra pipe should be laid along the road where additional lots will be sold and thus receive part of the money from water rent etc.

The Board set the salaries of the Justice of the Peace at
8th District \$200.00 per annum
5th " 100.00 " "
all others at \$50.00 per annum

Harry C. Davis	5
Geo L. Quade	7
Clarence Dodge	8
Noah Callis Sr	6
J. Albert Long	3 <i>Lawson</i>
J. Clarence Taylor	2-1 <i>out</i>
J.I. Bowles	3 <i>Sample</i>
Roland Clarke	9

Petitions for Erosion relief signed by owners of property at Tall Timbers filed.

Board adjourned at 4:30 pm
approved

president.

Regular Meeting

June 12, 1951

All members of the Board and their attorney were present at the meeting held June 12, 1951.

Roads.

Accepted for County Maintenance

Half Pone Road- 6th District

Lawrence-Gibson Road 7th District

Plats for above roads were presented by Mr. J.H.T. Birscoe, atty.

Mr. Guy and Mr. Thompson will view the following roads and report at the next meeting

Capt. Arthur Marshall, Garner Gibson and W.H. Mattingly, Jr.,
7th District 1/8 mi in bad condition; serves fish house,
railway and store; needs oiling

Adding Machine

Clerk was authorized to purchase an adding machine for use in this office.

Welfare Salaries

Mrs. John Alvey and Mrs. Geo. Barnes, representing St. Mary's County Welfare Bd called to ask the support of the Board in requesting that salaries for employees of that office be made on the Standard Salary rate. Clerk was instructed to write to Mr. Geo. W. Reed, chrmn of the Standard Salary Bd., Balto., Md., approving the increases suggested by a letter from Welfare, and requesting that the Stenog-auditor be reclassified to bring her in a different salary group. This was done, and copy sent to Welfare Bd.

Sheriff advised that his Deputies are

Mr. Ninian Barber,	Charlotte Hall	salary	\$1800.00	exp	\$600	per	y
Mr. Harry Lancaster	Lexington Park	"	\$1800.00	"	\$600	"	"
Mr. Edward Long	Leonard own	"	\$900.00	no	exp		

These appointments became effective-by law- June 1, 1951

Mrs. Helen Uhler

Mr. Dick Uhler called about the mentality of his wife, Mrs. Helen Uhler. Certificates were signed by Dr. Guyther and Dr. Sothoron for her commitment to Spring Grove. Appointment was made to send her to Spring Grove Tues. June 19. Mr. Uhler will take her.

Budget for 1951-52

Board looked over the tentative budget and decided to come early Tues. June 19 to consider it further. In the afternoon of that day bids will be opened and contracts awarded for the new Pub. Health Center and County Office Bldg. Budget will be ready for public inspection Wed. June 20

Welfare Bd. sent check for \$688.28 refund from 1950 expenses.
" " " " 50.00 rent for May 1951
Mrs. Henrietta Sewell 10.50
& sister- for Walter Butler, mental

Ms. Geo. Boyd of Chaptico was appointed clerk-stenog to Sheriff- Stats Atty and State Troopers at a salary of \$1200.00 per year commencing when she takes office.

Mr. Alvey and Mr. Sterling had appointment at Dept. of Labor in Washington, concerning the reduction of the wage scale on the new building. Scale being too high local contractors refused to bid on same. Unless the scale is reduced to bring the cost within the amount allocated in the Budget the building cannot be erected. Federal Aid for about 1/3 the cost of the project will be granted, if contract is awarded and work begun prior to June 30, 1951.

Meeting adjourned at noon.

Special Meeting

A Special Meeting was held today to consider the Budget for 1951-52 and to open bids for the construction of the New County Health and Office Building. All members and their attorney were present.

Tall Timbers

Comdr. Downs appeared relative to the Public Hearing for the Tall Timbers project, which he felt should be held as soon as possible in order that work may be completed before the fall storms set in. Board agreed to hold the hearing on Monday July 3 at 10 a.m. Notices of this meeting were sent to both County papers.

Public Hearing on the Budget for 1951-52 will be held Saturday June 30, at ten a.m.

Alms House

Mr. Parran Graves, inmate of the Alms House requested that members of the Board come to the Alms House to consider conditions there. He also reported that he purchased 2 shirts and 1 pr. of trousers for \$9.07 and the Supt. would not pay for them. He was advised the Supt. is allowed \$25 per month for each inmate and from that should furnish and clothe them with necessary clothing. Board agreed to visit the Alms House this evening.

Trial Magistrate

Clerk was asked to inform Mr. Knight, sub-trial magistrate that while he is acting Trial Magistrate he is entitled to more salary which would be deducted from Mr. Hurry's salary. Mr. Knight said he was satisfied with his own salary

County Council PTA

Mrs. Egeli representing the GMHS PTA- and Mr. Hayward of the MBHS PTA County Council, with Miss Dent, came relative to the serious situation facing the public schools today. Out of a staff of 117 teachers 45 have resigned. This was due to lack of increase in salary. Board had allocated \$9,200 for 1951 but this only covered the teachers in the low brackets.

At 2 p.m. Mr. Frederick Tilp, architect, opened the bids on the New Health and County Office Bldg. About 30 interested citizens were present. Bids were as follows

M.M. Dean	Hollywood	\$138,400.00	
P.F. Dulaney	Wash DC	134,679.00	
W.F. Sutter	Penna	118,484.00 + 650	\$119,134.00

Nescopeck, Pa.

The low bid was accepted. The Board then withdrew to hold an Executive Session with members of the Federal, State and County Health Departments and the architect. It was determined that about \$33,252.20 will be received from Federal Aid and the incidentals will be approximately \$5,000.00 making the County share approximately \$90,000.00

A Resolut'ion was passed by the Board, the original and 3 copies sent to the State Health Dept., agreeing to accept the bid of W.F. Sutter. Copy is attached hereto.

Necessary papers requesting Federal Aid were signed by Mr. Alvey and the meeting adjourned at 5 p.m.

approved

Leonard S. Alvey

president.

**PROPOSALS FOR
CONSTRUCTION OF SEA
WALL AND JETTIES**

COUNTY COMMISSIONERS OF ST. MARY'S COUNTY, MARYLAND. July 3, 1951. Sealed Proposals for the construction of approximately 2,150 lineal feet of TIMBER SEA WALL AND JETTIES, along the Potomac River at the Tall Timbers Erosion Prevention District, will be received in the office of the County Commissioners of St. Mary's County, Court House, Leonardtown, Maryland, acting as District Council of the Erosion Prevention Works for "Tall Timbers on the Potomac" District, until Tuesday, July 24, 1951, at 10:00 A. M., Daylight Saving Time, at which time and place they will be publicly opened and read. Plans and Specifications may be obtained from the office of the County Commissioners, Leonardtown, Maryland, upon a deposit of \$5.00, which deposit will be returned to bidders or to those returning plans and specifications in good condition. The County Commissioners of St. Mary's County reserve the right to reject any and all bids.

June 26, 1951

Regular Meeting

All members of the Board and their attorney were present at the regular meeting held today.

Deputy Sheriffs' Salaries

The salaries of the Deputy Sheriffs were agreed on for the month of June, altho not sufficient provision was made in the 1950 Budget to take care of them. The law became effective June 1 so salaries, but no expenses were paid.

Roads.

Compton, Md. Miss Martha Poole, requested Quit Claim Deed to old road which runs through her property. New road also runs along her land, and she is anxious for the County to take it over for maintenance. 6 families reside on and use the road. Mr. Alvey and Mr. Thompson will look over the road and report at next meeting.

Deeds for Right of Way

Blackistone Farm Road- 6th Elec. Dist. accepted Notified SRC
Irvin Murray et al, 6th " " CBG 31 folio 190
Arthur Lawrence, Mary Gibson 7th " " 31 " 193
Deeds and plat for above recd. from JHT Briscoe

Vacation Homes Inc- Mill Pt. 4th Elec. requests permission to put light oil on road. Mr. Thompson was present and said he would take the matter up with the SRC and let the owners know the decision. It seems that it would be a waste of money to place the oil on the road in its present condition and there is no chance that the road can be resurfaced.

Lexington Park Group

A group of merchants from Lex. Park- Jack Daugherty, Wm.S. Chapman and Abe Weiner, with Atty Arthur Rysticken appeared to request sidewalks and lights. It appears that the merchants paid to have street lights installed but they are not adequate and it is dangerous for women and children to walk the streets at night, and there are no sidewalk accommodations except in Lex. Pk and Patuxent Park. Sidewalks along the main roads are needed. The Commissioners advised that they are in need of funds, and could make no plans for 1951-52 but perhaps later they could consider the matter and help. The County receives around \$42,000 in taxes from the 8th Dist, and about 13 of this is from the Park.

Bus stops in the Park.

The same group spoke about Bus Stops for school children and since this Board has jurisdiction only over the Parochial Buses they agreed to ask that the stops be made as requested. Drive around Coral Drive to Lei St., left- pick up the children and go around Tulagi Place in front of the shopping Center. One stop is at the A & P store. (Mr. Paul Bell's bus makes

this trip and clerk asked him to make the change in stops and he agreed to do it.

Lex. Pk. would also like to have the G.M. Highway levelled as one death has occurred and several accidents- Gov. Lane wrote that he would do this, but whether or not Gov. McKeldin will follow out those plans is unknown. This is a highly travelled and dangerous road and does need attention.

Jas. Wm. Brown requested he be paid for driving bus short route for Mr. Sam Bailey- was paid \$50 at Xmas and wants the \$100 now due him. Was told the Commissioners can do nothing about this but ask Mr. Bailey to pay him, as Board pays Mr. Bailey direct, and he pays his bus drivers.

Health Center

Dr. Houser and a representative of the Fed. Pub. Health Dept called to inform that the Fed. Aid grant would be increased by \$5,000.00 over that promised last week- this makes the Fed. Aid to be received \$38,342.57.

Civil Defense

At request of Gen. Peabody, Director of Civil Defense for St Mary's, Mr. M.C. Thompson, Jr., was appointed Alternate Director. This can be done and not interfere with Mr. Thompson's work in the event of bombing. Letter was addressed to Col. David McIntyre, Dir. Civ. Def. State of Md. advising him of the appointment.

Board adjourned at 2;30 p.m.

approved

President.

Leonard S. Alvey

Commissioners visited Alms House at request of inmate Parran Graves, and found conditions very good.

Mrs. George Boyd began work June 20-1951

Harry A. (Dick) Tennyson, appointed Special Investigator of Slot machine licenses at \$600.00 per year, paid quarterly (\$150.00)

Salary of Woe. Sterling atty to Bd increased to \$700.00 per yr as of July 1, 1951

Today Public Hearing and signing of Budget for 1951-52 was held
4 persons attended the Hearing

July 3, 1951

SPECIAL MEETING ON EROSION RELIEF PROJECT
AT TALL TIMBERS.

The Board, with all members, attorney, Messrs. Thompson, Bowman and Nicolet, met with the property owners of the Tall Timbers area under consideration in the Court Room.

A large group from Tall Timbers was present and a full verbatim account of the meeting appears in the files on this subject.

Meeting lasted until about 11:30 when the Board announced they would continue with the project until complete.

Mr. Sterling prepared an ad to be inserted in the County papers. Copy of the ad from the Beacon is attached to the files herewith, dated June 19, 1951

Meeting adjourned at noon.

approved.

president

Leonard S. Alway

July 10, 1951

The Board of County Commissioners met today to hold a Public Hearing on Rezoning property in the 8th Elec. District. Mr. Alvey was absent, due to business in Baltimore.

It was decided to rezone the property in Lexington Park area as advertised in the Beacon on June 29 and July 6, 1951 copy of ad attached hereto.

Roads.

5h Dist. Mr. Hubert Graves asked that the road on Canoe Neck Rd., be repaired. They cannot get farm machinery thru-combine etc. The SRC cut the bushes, but this has made them grow heavier than before and made the road dangerous. Mr. Guy and Mr. Thompson are to meet one day soon and look the road over and make a report on same.

Architect

Mr. Tilp had requested his check on the new Pub. Health Center and County office bldg but the Board felt they should wait until the contract is signed etc., and then pay him.

Public School at Abell's- Mr. Guy reported that Dr. R.I. Bowles is anxious to purchase the old building used as a Public School at Abells' some time ago. Miss Dent agreed to examine the DEED and see if this reverts to the original owner. If not it will have to be sold at public auction. She will advise Mr. Guy later.

Bd. of Education Budget, with County's appropriation presented by Miss Dent and signed by Messrs. Guy and Stone. Mr. Alvey to sign later.

Tall Timbers Erosion Relief Project has been numbered E.R.#1 in order to refer to same- other such projects will be numbered Mr. Sterling said he felt the Contract Bond should be 100% since this was such a risky project. Copies of the contract and blue prints of the work were left with the clerk. Anyone desiring to bid on same to pay \$5, and when work is completed and specifications etc returned in good order the money will be refunded. Bids will be opened at 10 am July 24, 1951

Stop-Go light has been installed at Lexington Park.

Refund on Slot machines burned up, was made to Mrs. Agnes A. Guy t/a Guy Bros. \$91.63- 11 mos.

Bldg Permit issued to Mark Parks dw. 8th D 2500. fr

Esperanza Road. Report that sand drifts and washes down the road- Mr. Thompson advised property owner (M. Barnes) refused to give R of W and road was widened to Esperanza Gate. Bridge is also in bad shape. Mr. Thompson said that representative from the US Public Roads Bureau is coming next week and will probably

look over the condition of the road, as they should handle it.

Road between Geo. Lawrence and Lawrence Hayden's in bad shape will probably be done in short time, Mr. Thompson said after 10 more working days he would be ready to go there.

Jarboesville-Willows Rd. 8th Dist Files
Atty Dorsey presented letter from attorneys relative to what the County will do in re: Jarboesville-Willows Rd etc.
Letter dictated by Mr. Dorsey & Nicolet and sent to the Attys.
copy in files

Board adjourned at 12;45 after waiting from 11;30 for Mr. Ghent in re new housing project at Lex. Pk area. Mr. Ghent arrived at 2;30

approved

NOTICE OF PUBLIC HEARING

In accordance with the State-wide Enabling Act of 1933 as amended by Chapter 808 of the Acts of 1945 and Zoning Ordinance No. 1 of St. Mary's County, notice is hereby given that a Public Hearing will be held by the Commissioners of St. Mary's County upon the rezoning of land located at Lexington Park, Maryland, from "A-residential" to "C-residential" (multiple dwelling units) as recommended by the St. Mary's County Planning Commission, as follows:

1. Land owned by Zantinger, et al. located east and south of the Jarboesville-Willows Road and Shangri-la Drive, all as shown on the Master Zoning Plan of the Lexington Park Area;

2. Lands owned by Abe Weiner and Morris Brown, Rose Brown and Louis Benjamin located southeast of the platted street connecting Midway Drive with Essex Drive and bounded on the south and east by the lands of Zantinger, et al.

Such Public Hearing will be held in the Court House in Leonardtown, Maryland on Tuesday, July 10, 1951, at 10:00 o'clock A. M.

By Orders:
COMMISSIONERS OF SAINT
MARY'S COUNTY, MD.
Sara M. King, Clerk.

At 3 p.m. today Mr. Leonard S. Alvey, for the County Commissioners and Mr. Wm. F. Sutter of the Sutter Lumber Co., Nescopeck, Pa., signed the contract for the new Health Center and County Office Building. Mr. Sutter received an order from the County Commissioners to start work on August 1, 1951, which he agreed to do. \$119,134.00

Present also were Mr. Frederick Tilp, architect and Mr. W.O.E. Sterling, attorney.

On Friday June 20, 4 copies each of the Performance Bond and Payment Bond were received from Mr. Sutter and 3 copies of each bond were forwarded to Mr. H. Stanley Torbet, State Engineer, State Health Dept., Baltimore, Md.

Saturday July 21, form for Accounting Practice of the Federal Aid for the new project was received.

approved.

Leonard S. Alvey

July 24, 1951

All members of the Board and their attorney were present today.

At 10 a.m. Mr. Sterling opened bids for contract on Tall Timbers Erosion Relief Project

Neil MacDonald, 9113 Fairview Rd., Silver Springs, Md.
was low bidder completed project \$74,400.00

M.M. Dean of Hollywood, (no backfill) \$86,206.00 rejected

L.A. Mattingly & Son, Leonardtown, Md backfill only
\$1.25 per cu yd- rejected.

Check for \$500.00 which accompanied Mr. Dean's bid was endorsed to County Treasurer for Deposit only and check for \$500 on CGF#1 was sent to Mr. Dean.

Check for \$500.00 which accompanied Mr. MacDonald's bid was deposited in Tall Timbers Erosion Relief Project account in 1st Nat. Bank, Leonardtown, Md.

Mr. MacDonald received a letter of bid-acceptance and was requested to start work as soon as possible-on or before Sept 1 and allowed 120 working days to complete the project. (Copy in file on this matter)

August 28 the Board will sign formal contract with Mr. MacDonald for the above project. In the meantime he has agreed to order materials etc., and plans to commence work at once.

Patuxent Beach -Zoning petition
Petition signed by 34 taxpayers of this area requested Zoning, 88 houses in this section. Deed for R of W was presented but Mr. Sterling advised it was incomplete and informed what was necessary. There will have to be a separate Deed from Mr. Blackstone and Mr. Wilkinson. Sub-division is from 3 Notch Rd, California to the Patuxent Road should be 30 ft wide. Mr. Thompson was present. Petition sent to the Planning Commission for their consideration and they to report to the Bd. and to Mr. Vance what they consider should be done. Mrs. Cissel of Silver Springs was in group; she has appeared before other Bds and asked for road.zoning etc.

Mr. Hubert Graves, Mech- Mr. Guy dictated letter to advise him that road had been considered and same will cost too much to widen

Mr. Nicolet was requested to prepare Notice of Public Hearing on rezoning for the 1,000 unit housing project- from "B residential to C residential. in paper of July 27-51

Mr. Lawrence requested date when Bd will sit in Tax Review- 2 days not on Regular meeting time. 5 & 6 Districts to be heard. No date set

Bd of Education appeared with group of teachers and representatives of PTAs, to ask that Bd send a representative to attend the sub-committee hearing on Teachers Salaries. Sen. Louis L. Goldstein of Calvert Co was chairman of group and Sen. Robt. Kimble of Allegany County and Del. Luber of Baltimore City members. A lengthy discussion was held by all present and it was decided Mr. Alvey would go to Annapolis on Wednesday July 25, and represent the Co. Com and made a short address. Mr. Sterling prepared the address, copy of which is on file and copy of which was sent to So. Md. Times, Annapolis, Beacon and Enterprise for use if desired.

Board adjourned at 5:50 with several matters left for the next regular meeting on Aug. 28/

approved.

Regular Session

The County Commissioners met today in regular session with all members and their attorney present.

Resignation was received from ~~Grip~~ Gen. Hume Peabody as Director of Civil Defense for St. Mary's, due to ill health. Letter was sent to Gen. Peabody advising him appointment would be made as soon as possible. He will serve until appointment is made.

Resignation received from Mr. J. Clarence Taylor, Justice of the Peace-due to ill health. Letter advising him of regret of County Commissioners, was sent.

Otis Jones, Del Rio Restaurant, Charlotte Hall, mistook his notice of Assessment for new tax bill and sent check. Letter of explanation was sent him and check enclosed.

Laura Brown, Bushwood, requests transportation for 2 children to St. Joseph's School. Nobel Beachum has this route and was advised to pick up the children. This is $2\frac{1}{2}$ mi each way- 10 mi per day added to his contract \$360.00 per year, 36.00 per mo

Check in amount of \$4651.09 was drawn on CGF#3, County Trust Co Mech., Md., and deposited to BUILDING FUND, Co. T^h.Co.Mech.

Miss Eloise Pickrell, County librarian, presented report for 1st year at library. Asked for $\frac{1}{2}$ 1951-52 Budget. Same was sent.

Atty. W.M.Loker, Sr., with P.E.Gray of Lexington Park, offered gift to County of 15 ft. space for parking, 300 ft. long in front of Plaza Theatre, Lex.Pk. Agreed to pay $\frac{1}{2}$ expenses. Atty.Loker at this time also spoke of the suit against Mr. Gray by the Commissioners. They would like to have same dropped. Mr. Sterling told the Commissioners the suit should be tried and let the Court determine whether or not the law is constitutional- Mr. Loker says it is not- if the law is constitutional then it should be enforced, if it is not, then it should be removed from the books. Case set for Wed. August 22, 1951.

Mrs. Geo. Boyd asks that road leading to her home from Dr. Welch's be repaired. Says the bus driver says he cannot make it in bad weather. Mr. Thompson was present and says road is on 52 list and the run will be taken care of at that time. In the meantime the bushes will be cut back and the washout fixed.

Blake Creek Road, $\frac{1}{2}$ mi. extension requested. Mr. Stone and Mr. Thompson will look this road over and advise Clerk what is to be done.

Blackistone Road- 7 Gables Hotel Discussion between Mr. Robt. Blackistone and Mr. Leslie Wilkins is holding matter up. Letter sent to Mr. Blackitsone advising road will not be considered until R of W is received for entire road. Deed recd. from Miss Cecil, for R of W JMM 2, folio 48 Patuxent Beach Sub-Div.

Clerk was advised to secure the necessary awnings for windows 2 Bd. of Education, 1-Co. Com. 1-Clerk Ct. Ct-1 Register of Wills 1-Supv. Elec. 6 awnings @ \$28.00 St. Mary's Linoleum Co will deliver same within 2 weeks.

State Trooper Koontz requested that Commissioners ask SRC to place signs in Patuxent Park area 30 mile speed limit in residential section and 25 mile speed limit in shopping center. Letter was written

New machine for roadwork to be purchased from McLung-Logan Equipment Co for \$7740.00 to be paid monthly from the SRC allotment \$3000 in Aug-\$3000 in Sept-\$1740.00 in Oct. Balance of the 1952 Budget will then go to the SRC \$25,260.00

Mr. Thompson says the road to 3 Notch Pt. Rd. will cost the County between \$2500 and \$3000 for 4/10 mi. Duscussion as to whether Road should be accepted as agreed by former Board. No action taken.

Miss Martha Poole's road was discussed. No action.

RESOLUTION regarding classification of Leonardtown, Md., as "Defense area" was prepared and copies sent to Sen. O'Conor, Butler, Rep. Saßcer, Sen. Bailey, Del. Duke and Fowler. Original in files.

Rezoning in 8th Elec. Hearing set for 2 p.m. No objections. Area was rezoned from "B residential" to "C residential" Copy of ad attached Board will sit in Tax Review on Aug 16 and 17 at 10 a.m.

Approved

Leonard S. Alvey
President.

NOTICE OF PUBLIC HEARING

In accordance with Chapter 599 of the Acts of 1933 as amended by Chapter 808 of the Acts of 1946, notice is hereby given that a Public Hearing will be held upon the application of the Eagle Construction Company and the Cottage Construction Company for the rezoning of lands leased to them by the Government from "B" Residential to "C" Residential (Multi-dwelling housing units) for the construction of a Housing Project under the Wherry Act. Such Public Hearing will be held in the office of the County Commissioners of St. Mary's County in the Court House, Leonardtown, Maryland on August 14, 1951, at 10:00 A. M. The area to be rezoned is in accordance with plans submitted by Mr. Victor Demers, architect, and as approved by the Government and the St. Mary's County Planning Commission.

COMMISSIONERS OF SAINT
MARY'S COUNTY, MD.

Sara King, Clerk.

August 28, 1951

Regular Meeting.

The Board of County Commissioners, with all members and their attorney present, met in regular meeting today.

Mr. Roland B. Duke requested the Commissioners sign for a radio used on the Leonardtown Vol. Fire Dept siren, in order that the sales tax may be avoided. Since the volunteer fire apparatus goes to any part of the County this was a legitimate request and Mr. Alvey agreed to sign same.

Mr. Duke also desired to know whether or not the Board desired a Right of Way from the State Highway #5 through a lot he owns to the new Leonardtown Public school site. He was asked to come in on Sept. 11.

Mr. Wm. Aleck Loker requested the Commissioners have signs erected "2 hour parking only" at Lexington Park. At Tulagi and Coral people use the streets for all day parking. Navy will not allow cars parked inside the gates unless they carry insurance for everyone who rides in the cars. Navy has sufficient land for all parking of their employees and all day parking of these employees should not be allowed.

Zoning Ordinance "Certificate of Use and Occupancy" should be taken up by the Planning Board and amended regulations be considered at a Public Hearing to be held on same.

Mr. Niel MacDonald of Silver Spring, Md., signed his contract for work on the Tall Timbers Erosion Relief Project. ERP-1- 120 working days. Acts of 1939 require that Bonds be advertised First National Bank is interested in them. Mr. Sterling suggested the Bonds be prepared- as well as the advertising- by a firm which handles these matters. It may cost \$250.00 but this would follow the proper procedure. Hartford Accident & Indemnity Co will go the Bond for Mr. MacDonald, but desire to know how the County will pay. Bonds are free from taxation of any kind.

Zoning at Patuxent Beach- Mr. Nicolet has copy of plans which should be looked up. Proper zoning will cost between 250-300 He was requested to attend the Pat. Beach Civic Asso meeting and advise that this cost must be borne by the property owners according to the Enabling Act the County can receive gifts, and this could be a gift from the property owners. Chap. 685-Acts of 47 County Commissioners can make special assessments in certain areas to carry out Zoning. This would require a lot of red tape and it was suggested that Mr. Nicolet tell the organization that the costs would have to borne by them (the property owners) due to the condition of the Budget this year. It will cost about \$2.00 each lot. The Patuxent Beach meeting is Sept 3 when the matter of raising the money can be discussed by them.

Judge Loker, attorney for P.E.Gray of Lexington Park, reported on the progress of the theatre parking space.

Messrs. Raum and Williams have purchased the old Fred Norris place in Dean and Capps sub-division. Road was put in when place was subdivided and was maintained by Capps and Dean until the entire place was sold some time ago. They were advised the R of W must be 30 ft wide. and present R of W is 15 ft. Dean & Capps have laid off 30 ft of their land and will give same, but Mrs. Raley wants some compensation for her land which Mr. Raum feels the other property owners will be willing to pay her. Mr. Alvery and Mr. Thompson will view the land in question and report at next meeting.

The following children were routed for Parochial school transportation
Paul Bell

Mrs. J. Swisinski- Trailer Pk, GM Road 1 child will meet bus
at highway for Little Flower

Mrs. Elizabeth O'Brien, White Pt- 1 child for Academy

Aug 28, 1951

Transportation for Margaret Yowaiski refused on grounds road too narrow for bus to turn. Road to be repaired 1952

Mrs. Clarence Guy advised transportation for her children to St. Joseph's Paro. sch is available. Cannot transport them to Academy as this is done by paying private party.

Mrs. Sophie Bowles advised to discontinue transporting Clarence Guy children to Academy, and to transport those of Mr. Sam Ruark (1) and Mrs. Ruby Ridgell (2) who live on same farm and are on direct route Mrs. Bowles takes to Academy, for \$10.00 per mo.

Mr. Clarence Bradburn with daughters asked for bus extension to Earl Gatton's route $1\frac{1}{2}$ mi granted

James Mattingly- 2 Coffey children at McKay's Beach
Hobbs corner to Mr. Bernard McKay's 6 mi per day ex
3 Scrivener children 1 J. DeLozier child R 1
Eva Morgan - 1 mi to corner for Rinky Jones Rd - St. Andrew

Jos. Hancock
Richard Morgan Laurel Grove
Jimmy Guy Fortune Road

Letter to Mr. Jimmy Guy-Morganza, Md., bus driver reports road too narrow to pass car and also too narrow to turn, dangerous for bus. Cannot get his child there, must meet bus as before.

Mr. Roy LeDoux, Banks Pl, Lex. Pk requests bus come in at 3 Notch Rd to Tanner Pl down Coral Pl before stopping at A & P store as many small children live along this line and too far to walk to the store. Mr. Jack Bean will see about this and extension.

Fr. Johnston requested bus service from Hollywood to Morganza and if possible to Leonardtown for colored children. Children in Leonardtown have been transported by their father so if route too long, bus will not come to Leonardtown. Fr. Johnston was informed that due to shortage of funds there was available \$1800 for his use if he can make terms for that amount. He will advise by phone what he can do.

Clerk was requested to forward copy of Resolution regarding Leonardtown classification as defense area to Mr. J.J. Baldwin for any assistance in this matter he can render.

Board adjourned at 4 p.m.

Gosnell Road- Blake Creek extension accepted.

approved

president

Leonard S. Alvey

September 11, 1951

Regular Meeting

County Commissioners, with all members and their attorney, met today.

Contracts were signed for transportation of children to Parochial schools.

Mrs. Sophie Bowles had been offered \$10 per month to carry the Ruark and Ridgell children to the Academy. She says this will not pay for extra insurance, tags and license and will advise later if she will accept.

Patuxent Beach Asso.

Members of the P.B.A. met with reference to the Zoning of their property and Mr. Nicolet's suggestion that they pay for the same. ~~They also discussed the possibility of having the County pay for the zoning.~~ Mr. Nicolet had been asked by the Board to attend their meeting and explain about the cost of zoning and that the County did not have the money to do it this year - see minutes of previous meeting. The group was advised that as yet Mr. Blackistone and wife and Mr. Leslie Wilkins had failed to sign Deed for R of W on the road requested and until they did and same, with plat was received the Commissioners could do nothing. When the meeting adjourned that afternoon the Commissioners with Mr. Thompson met Mr. Vance and Mr. Wilkins at Patuxent Beach on this matter. (Deed and Plat have since been received, but since they were not recorded, a letter was addressed to the atty- Loker and Loker, advising that no action could be taken until both were signed-at no cost to the Commissioners.)

Game Warden Gasden explained in detail a plan for caring for un tagged dogs. Mr. Guy suggested he contact Mrs. Hume Peabody on this subject.

Town Commissioners

A large group of about 200 citizens and the Town Commissioners met with the County Commissioners. The meeting repaired to the Court Room and the Board of Education was invited to attend since the matter dealt with the desire of a new public school in Leonardtown. A lengthy meeting and discussion was held. Full report is attached to this.

R.B.Duke called to ask if the Commissioners desired a Right of Way through one of his lots on the main highway, leading to the site purchased for the proposed public school in Leonardtown. He was advised that they did and would consult with him at their next regular meeting- Sept. 25.

Parking Space at Plaza Theatre. Mr. Sterling is dealing direct with Judge Loker, attorney for Mr. Gray in this matter. Mr. Gray will be allowed reasonable time to complete his agreement on the parking space.

Mr. John Bean referred to the matter of the extended bus route through Lexington Park- he has not submitted mileage nor time in this matter. Will contact the Board later.

Mr. Thompson said he would see about the matter of R of W through Duke's lot and advise them if it should be 40 ft

Board adjourned at 3;30 p.m.

September 25, 1951

REGULAR MEETING.

Meeting held today with all members and their attorney present.

Auditors- Mr. David Griber and W.S. Donaldson, auditors for the County Books, had a long talk in connection with systems in use.

Treasurer's office- they suggest that a special Financial Account be kept, with Validating Cash Register and new type Receipts and Disbursement Journal. Much of the Treasurer's work is duplicated and could thus be avoided. change in system would cost approximately \$1,000.00

Trial Magistrate's office - records improperly kept-should have a system set up with Duplicate receipt system and Cash and Disbursement Journal.

Interest should be paid on some of the money deposited for long periods, which County does not now receive, from any of the banks - but since a large amount of the money lies idle for a long period this should be arranged.

Monthly checking by auditor- if this were authorized the work would be checked each month and any errors could easily be run down, rather than wait a year. Auditors will present a final report when their work is concluded, and request authorization for a fiscal audit.

Mr. Dobry- Budd's Creek Rd, from Bethel Church to Yowaiski's Mill (old Carpenter place) road impassible, cannot get to his tobacco barn. If road were good he could get a tenant. About 500 yards of entrance at either side has been repaired, but other part is bad. Board thinks this is an abandoned road, but will check with Mr. Thompson and report next meeting.

Leonardtwn Public School Mr. J.J. Baldwin called with reference to work he is doing to have town declared a Defense Area. It was so declared during WW 11, when new jail and hospital were built and Board wonders why it lost such a clasification. Mr. Baldwin advised he was going with Rep. Sasscer to attend a meeting on Wed and would try to find out why classification was changed. He was under the impression Miss Dent has proper forms for requesting Federal funds for schools.

Overcrowded buses. Mr. John Bean has overcrowded bus and Mr. Stone will make the trip with him to see if and when any part of the route could be changed, eliminating mileage and also how they could carry the extra children without adding a 4th bus for Mr. Bean. Elias Gant also has overcrowded bus and matter will be taken up at

next meeting.

Dog claims continue to come in and Board is anxious to find some way to curb these payments. Game Warden was to contact Mrs. Peabody and make report, but failed to come in.

Jafoesville-Willows Road- Mr. Thompson has all papers and plat in connection with this road- papers were just recd. from the Navy.

Jail option- Board desires to take up option and Mr. Sterling will advise them at next meeting.

School bus route to St. Joseph's from Hollywood- contract must be signed with bus driver or contractor and not Fr. Johnson, as this is separate from church work.

Atty dictated letter to Judge Loker, representing Mr. P.E. Gray in matter of elimination of existing curb and sidewalks at Cox. Pk in front of Gray's property. Copy of recommendations from Planning Commission enclosed in letter- request denied.

Tall Timbers Erosion Project Bonds- letter to Miles, Barton, Yost and Dankmeyer, advising Board desires them to handle the matter and as soon as plats and other papers are received, will contact them. Plats were ordered from Mr. Nicolet on Wed.

Possibility of new public school in Leonardtown was taken up with Miss Dent in the afternoon- she is very anxious to have one here. Says complete data on population of Leonardtown and environments not complete. She will have information on what amount may be anticipated from the Incentive Fund for use in the building, from the money she receives from the State.

Clerk was requested to advise Treasurer he must keep separate record of amounts received from dog tags etc, and separate account kept. This was done.

Board adjourned at 4:30 p.m.

Approved

president

Leonard S. Alvers

J.D.Hurry, Trial Magistrate	Sept	239.90	

Tuesday October 9, 1951
Regular session.

All members and their attorney were present at the regular meeting held today.

Hospital Group

A group of Lexington Park, represented by Dr. Wm. Patrick, Messrs. Gaylord Aschenbeck, Wm. Chapman, V. Dietz called with reference to the construction of a new hospital in that area. They were advised by the Board that there are no funds available for this project and letter was sent to Mr. Aschenbeck stating this. It appears from Bill 139 Sec 304 that if the County cannot erect such a building, Federal funds can be secured if the building is to be located in a Critical Defense area- which is that status of Lexington Park.

Mr. Doby- 4th District road to his farm impassible. Good at either end, but cannot get to tobacco barn. Mr. Guy and Mr. Thompson will see what- if anything- can be done about it and report at next meeting. They think the road is not a County road.

Jail- roof leaking

Alms House several repairs necessary- Mr. Nace Ford was requested to have patch in floor placed where the old heater was. Also hole in wall where someone fell downstairs needs patching. He will have this done and present bill to Board. Ceiling needs repairing where it has rusted through. He was requested to contact Winters Metal Co and see if they can fix the ceiling.

Letter to USArmy Engineers for permit to construct timber bulkheads to replace those washed away by erosion, at Tall Timbers.

Fuel oil contract given to So.Md. Oil Co-LaPlata for year at $\frac{1}{2}$ cent per gallon less than delivery price.

Bus route of Mr. John Bean checked by Mr. Stone. says bus is overcrowded but after talking with Mr. Bean Board finds he is not willing to put on an extra bus at the rate of 20¢ per mile, which is the regular rate. The Board suggested Mr. Bean buy a used bus for this. No definite action taken.

Elias Gant- overcrowded bus- he was advised to do the best he can until next season when proper allowance can be made for extra bus service.

R of W to Carroll Road recorded, and accepted by Board. SRC so advised

Sheriff presented report for August 1951- no funds
" " " " Sept. 156.02

Dr. Houser requested 1951-2 Library appropriation and part of salary of X-ray technician to pay for repairs on audiometer. Granted.

Mrs. Miller requested road be repaired, she paid to have same surveyed and graded and reported that Mr. Hill said Mr. Thompson had advised him not to go in the road with the grader. Mrs. Miller wants to road in condition so she can take her child to school. Water from the VanWard farm overflows on the road. Mr. Guy thinks Mr. VanWard will give R of W to have this made a State or County road.

Letter from Southern Concrete about the Sutter Co not paying for footings at new Health Center Bldg. Mr. Sutter was advised of this in letter. Mr. Sutter was also requested to make an inspection at least once a month of this job, in order to expedite the work. Mr. Tily reports that work done so far is perfect, but slow.

R.B. Duke called to see about radios approved by Co. Commissioners for fire trucks. This is allowed in Civil Defense budget but radios not need.

Mr. Alvey consulted with Mr. Thompson about the old Stevens road which washes out after every rain. No action taken.

Alma House steps also need replacing. Should be crossotated wood.

G. F. Long, 4th Dist. called about road in "Middle Farm" in March 1946 Mr and Mrs Long and Mrs. Godcharles appeared relative to this road. No action taken. Mr. Long says the road needs graveling and he will furnish the gravel free 7/8 mi. Mr. Guy will report on this road at the next meeting.

Board adjourned at 3 p.m.

approved

October 23, 1951

Regular session, with all members present today.

Road.

Mr. Dobry came again to see about the road to his farm in Chaptico. Mr. Thompson thinks this is an abandoned road, altho Mr. Dobry says his DEED gives a boundary as the County road. Mr. Thompson will look into this and report at next meeting.

Mrs. Miller, 7th District, came again about R of W over Mr. Van Ward's farm. Says he feeds poultry in road and forces her to wait until they have finished eating and pretends he hasnt seen her. Says the present roadway lies through the bottoms, where the rain causes an overflow. Mr. Van W puts decayed vegetables etc in holes in roadway and makes it almost impassible. In a DEED dated Aug 23, 1888 the R of W is given- Mrs. Miller would like to R of W to be across the back of Mr. Van Ward's barn, from outside the gate to the telephone pole, approx 1,000 feet. On Nov./3 Mrs. Miller will come to see what the Board decides about condemnation proceedings, whether they would cost too much and if her husband will agree to it. She is very willing to cooperate in any way. Mr. Thompson will advise Mrs. Miller by letter about the R of W if practical etc.

Mr. W.F.Sutter and Mr. Fredk. Tilp, contractor and architect respectively for the New County Health Bldg were here. Mr. Sutter says as fast as the materials are released he will see that they are here for the building which he feels will be completed in June 1952. Asked Mr. Sutter about roof on jailor's bungalow, but all he recalls is a roll roofing, asphalt painted.

Bus Inspection set for Dec 17 at 10 a.m. Board agreed to meet that day and let Bus contractors have December checks, as the regular meeting and payday will fall on Xmas. The first 1952 meeting of the Board will be Jan 9, 1952.

Mr. John Hancock, complained about road leading to Bishop's Corner, Friendship school, Morganza to Oraville, has to go in 2nd all the way, road is slippery in rain or snow. Mr. Thompson will see about this.

Mr. David M. Gruber, CPA and Mr. Stanley Donaldson were here to talk about the County audit which they had just completed. Mr. Alvey was requested to sign a letter to the Comptroller which will then be signed by Mr. Gruber and the financial reports sent to the Comptroller.

Mr. David M. Gruber, CPA, appointed County Auditor- until further notice- at a cost not to exceed \$2700 for 1952 books which he was advised by letter will include office of County Commissioners- Treasurer- Clerk of the Circuit Court- Sheriff- Trial Magistrate Mr. Gruber will make a monthly check and in that way can easily trace any errors and have them corrected at once. Letter was sent Oct 25

Cmdr. Vorse and a Lieut. from the NATC, Patuxent River Base were here about transportation of pupils from the Base to Little Flower school. They requested the Board write the Cmdr. of the NATC requesting that the usual transportation be allowed and if and when the Com. are reimbursed under Public Law 874, they in turn will reimburse the Navy. Rate of 14¢ per mile-rate of driver to be Civil Service rate per hour.

Enterprise and Beacon were ordered to publish the audit for Jan 1 to Dec 31, 1950 and Jan 1 to June 30, 1951. The year beginning July 1, 1951 to June 30, 1952 will be the usual fiscal year and the County is now off the calendar year, for working.

Bus rates.

J.F.Bean was requested to put on a small bus for \$1440 for the balance of the year 8 mos Nov to June Letter sent

Elias Gant- requested to put on a small bus for \$1440 for the balance of the year 8 mos to June Letter sent

In the afternoon Mr. Guy was absent on account of business in Washington. Miss Dent came in to talk about the prospects of Leonardtown being classified a defense area, which she says is not possible. Only 11 children attending the public school, in Leonardtown have parents employed at the base. She suggested that the County Commissioners write the Bd of Education requesting the allocation of the present Incentive Fund the 1951-52 amts from the State & County for the Incentive Fund All funds available through the State School Loan, for use in the construction of a new Pub School in Leonardtown

The present I.F. is about \$38,000
anticipated " 9,000 from County
Available thru SSL apro 158,000 \$205,000.00
Mr. Tilp advised the Bd when here that a splendid school, 10 rooms auditorium, cafeteria etc could easily be built for \$200,000.00 and the 12 room school would not cost too much more and with the amt from the State for the incentive Fund maybe the Com would not have to borrow anything at all, or very little to build a school here.

Letter was written to Mr. Johnson as of the above, and requesting a conference with the Bd of Edu on Nov 13

Board adjourned at 4 p.m.

approved

President.

Leonard Schrey

November 13, 1951
Regular Meeting

Messrs. Alvey & Stone were present at the meeting today.

CGF#1	1st Nat. Bank, Leonardtown, Md.	\$118,371.50
CGF#2	County Trust " "	67,560.53
CGF#3	" " Mech.-Bldg Fund	57,483.11

The matter of transfer of slot machines from one place to another was considered by the Board after a talk with Dick Tennison. Mr. Sterling will dictate letters about ~~to~~ this to the persons in question.

Mr. Frederick Tilp, architect presented a sketch for a new Public shcool in Leonardtown. 12 room, auditorium, cafeteria etc., cinder block, brick faced, comparable to that at Mech. It is estimated the school would cost \$248,000.00 and after Tues Nov 20 Mr. Tilp will be able to tell the exact cost of such a building. The Commissioners appeared pleased with the sketch and specifications.

PTA group- Mrs. Ivan Bailey, Russell Frazier, Lou Burris, with Town Commissioners W.T.Bell, Geo. Guy and Delegate R.B.Duke called with reference to a new public school in Leonardtown. All agree that the school is necessary. No definite action taken

Mr. F.T.Stevens, California, Md., called with reference to abandoned road runing near his 100 acre farm-St. Andrews Rd across the 3 Notch to 7 Gables rd. Would cut off distance to Leonardtown. He is willing to give all land necessary for R of W if other owners will not. Commissioners will contact Mr. Thompson about this and advise Mr. Stevens what, if anything, can be done.

Mrs. Mary Drury-Clements, presented claim against Dog fund for 12 turkeys. Owner of dog informed Mrs. Drury of the matter and said he will keep the dog tied up after this.

Mr. Geo Guy requested names of bus contractors in order that he might distribute raincoats purchased by the Leonardtown Lions for school patrols.

Mrs. Miller-7th Dist called again about her road. Full details in previous meeting. Mr. Thompson says he will see what can be done abd feels that unfriendly feeling between Mr. VanWard and Mr. Miller prevents the road being settled. Mr. Alvey advised Mrs. Miller that he will see the road by next Sunday and report at next meeting.

Board of Education came in at 11 a.m. except Mrs. Gardiner- They are in accord with the Commissioners in regards to a new public school in Leonardtown

During the meeting a telephone call from the State Dept of Education advised that the County is eligible to borrow \$158,000.00 from the State School Loan. The Incentive Fund now on hand is about \$35,000.00 and in 1952 the Bd of Educa will receive about \$9,000.00 from the county. This amounts to about \$205,000.00 but Mr. Johnson feels it would be unwise to allocate the entire amount to the new school, but will be willing to allocate part of it and the balance needed would have to be raised by taxes. He asked if the Commissioners were willing to assume the financing of the new building. Mr. Alvey advised that he anticipated a report from Rep. Sasscer due to the classification of Leonardtown or the entire County as a defense area, in which event we would be eligible for Federal aid on the school matter and until then he would not make a definite statement. However, he asked that the Board of Education study the plans as presented, consider the size and type of building and then plan to process the building which requires 2 to 3 months. The Bd of Education is considering another project which is enlarging Great Mills Elementary to relieve the overcrowded conditions there. A school at Leonardtown large enough to accommodate all the children who should be enrolled there would also relieve conditions at GMES and at MBHS. Miss Dent said she felt the Bd of Edca should make a definite commitment of the amount they will allocate to the new school. No definite action will be taken until after Rep. Sasscer communicates with Mr. Alvey.

Extension of Blake Creek Road- DEED recorded but not presented to Commissioners.

Mr. Stanley Torbet and Fritz of the State Dept of Health were present to report on the work at the new Health Center. They feel the work should be speeded up but lack of steel material is preventing this. However, contractor reports steel will be here not later than Nov 30. Building should have been under roof by now, so carpenter work could continue. 0

Zoning- laws need revising. 2 Pub hearings must be held before any changes can be made.

Elias Gant, Dameron, Md., submitted bid for additional bus route at 22¢ but Bd advised that their contracts are for 20¢ per mile. He was advised he could have the contract for 20¢ and contract was sent him for \$174.24 per mo for the 8 months remaining in the school year to June 52

Clerk was instructed to order rubber stamp
Tall Timbers Erosion Relief Tax
for use by the Treasurer's office in preparing tax bills for 1952

November 13, 1951

Letter written to State Dept. of Public Improvements regarding repairs on jail bungalow roof -recd/ reply that jail is owned by County. Second letter written to advise that Fed govt still owns jail and it was necessary to secure permission to place window screens in 1949- waiting reply.

Board will meet in Dec on Tax Review of new property date to be set later.

Meeting adjourned at 3;30 p.m.

November 27, 1951
Regular Meeting.

All members of the Board were present at the regular meeting held today.

DEED for R of W-mortgage release from Robt. Blackistone recd. This is for the road at 7 Gables.

Alex Hebb came in to report that his bus no longer picks up Dr. Patrick's child, but does go over the Claude Abell and Carroll Jarboe road, which makes the route the same distance as before, as well as cutting off 10 minutes of time. He asked that the bushes be cut from the road and road be cleaned out. Says it is a good gravel road. Mr. Thompson was advised and says he will get busy there soon.

Mrs. Clarence Guy came to see about bus transportation for her children attending St. Mary's Academy. Board advised her to have them go on the St. Jos. bus and transfer where it meets the Academy bus, but she says the 1st bus is about 10 min too late for this. Transportation will be worked out for the children

Mrs. Elmo Guy came about the same situation.

Mrs. Miller came about the R of W thru Mr. VanWard's famr and was told by Mr. Alvey that he had been over there and had hopes that a roadway could be worked out soon.

Clerk was requested to inform the So.Md. Elec. Co-Op that the Commissioners are exempt from Sales tax and to request the amount they have paid so it could be claimed. Letter was written to this effect.

Dec 11 10 a.m. was set for Tax Review of new assessments in the 1st and 8th Districts.

Dec 17 set for Bus examinations and meeting of Commissioners for pay day.

Clerk was requested to write the Sheriff and send copy of resolutions regarding parking in Lexington Park Area. This was done. Resolutions are to be enforced.

Letter was addressed to Mr.M.C.Thompson,Jr., requesting that obstruction at ~~front~~ of Public Landing at the end of the White Neck Creek road be moved.

Tax Rate was set for the year ^{July 1} ~~July 1~~, 1952-~~June 30, 1953~~ at \$1.50 per \$100. Assessable basis was \$19,436,000.00

Letter received from Public Improvements Bureau advising they have no jurisdiction over repairs to roof of jailor's bungalow. Board will have repairs made and pay for them. Mr. Sterling says it is not necessary to secure a Public bud unless repairs are \$500 or over. Mr. Alvey says to have the roof repaired in the leak, and then have whole roof tarred.

Letter from Jos.D.Weiner, relative to property he purchased at Tax Sale. Same has been under water for several years. Agreed to give him refund.

Mr. Duke made request for 1951-52 allotment for the Leonardtown Vol. Fire Dept \$700.00- was granted

Board signed request for \$55,000.00 grant from the State for Mechanicsville School.

Mr. Sterling was directed to prepare a letter to the Sheriff instructing him to collect delinquent Personal Property Schedule taxes.

Mr. Frank Bailey says the dogs killing Mrs. Drury's and Arthur Briscoe's turkeys belong to L. Vallandingham. Letter was addressed to Game Warden advising him of this.

Board adjourned at 4 p.m.

Approved

Leonard D. Alvey

Letter to Sec. of County Commissioners Association advising that all members of the Board and attorney will attend the meeting at Annapolis on Dec 12

Letter from Dr. Macon of California, Md., advises the road at Sypher's Road, had just been taken over for maintenance extension is desired, wants to widen the road. Mr. Alvey says he certainly hopes to get this thru, when deed for R-W is accepted, after survey.

SPECIAL MEETING
December 4, 1951
2 p.m.

Members of the Board with their attorney and Mr. M.C. Thompson, Jr., attended the meeting with members of the Highway Research Board, Mr. Hebden and Mr. Haas.

The main topic discussed was how this Board felt about there being one highway system, State. It was pointed out that where the Commissioners and the Roads Engineer cooperated it worked out very well with the County having a Roads system, but where there was little or no cooperation it didnt work out so well. The Commissioners explained that they had never considered the matter of changing the system. This was the first Board to be interviewed who could not succeed themselves, and this being their first year in office the matter had never come up.

Another topic discussed was that of the Secondary Road Federal Aid program. Mr. Thompson said he felt that it cost more to receive the Fed. aid than the County could build a road for. Mr. Hebden said that roads would be checked for cars per hour- a ten car hour would not need as heavy a road as a 100 car hour road. He further said that the Commissioners of Frederick County understood just how this worked and had received a great deal of Fed. aid for their secondary roads. He suggested that these Commissioners might do well to contact Frederick County commissioners and see how they worked the matter. The Board said they would consider the matter. Mr. Hebden said that evidently communications from the State office did not make the use of Fed aid clear and that a road such as St. Andrews Ch. road would be eligible for this aid.

The matter of turning back the roads to be incorporated in one system is one of the subjects to be discussed when the County Commissioners Association meets in Annapolis on Dec 12. All members and their attorney will attend this meeting,

December 11, 1951
Regular meeting.

This morning the Commissioners sat in Tax Review of new property for the entire County. All members, their attorney, Mr. George Lawrence, Supervisor of Assessments, Mr. W.B. Raley, Asst. Tax Assessor were in attendance. Ten complaints were heard but none were allowed.

Clerk was requested to write to Dr. Snell-6 D. that his assessment is the minimum for a brick dwelling- 40¢ cu ft. His neighbors have frame dwellings but none have been reduced as he had said. Letter also to be sent Mrs. Bertha Poe-her assessment is to stand as set.

Mr. W.S. Donaldson of Chaptico appeared about R of W through his farm. He is willing to give all the land necessary and Mr. Carpenter will grade the road if the SRC will put on the gravel which is to be given by Mr. Carpenter and Mr. Donaldson. The R of W is an old abandoned road, but when same is usable several lots will be sold for homes. Mr. Dobry has sold his place to Mr. Weaver and a Mr. Bradford has also purchased a home site. This road formerly hooked into the Red School and Tin Top roads Gardiner's Mill to Chaptico. Mr. Donaldson explained that 3 or 4 pipes will be needed to drain the water and Mr. Thompson says these can be had after the DEED is given to the Commissioners. Grading of road is to begin this week by Mr. Carpenter. No gravelling will be done this winter. The Board advised Mr. Donaldson they will accept the road after the proper procedure is followed.

Mr. Baldwin came in to congratulate the Commissioners on having Leonardtown declared in the defense area. Altho several telephone conversations have been had about this matter, no Directive has been received confirming these calls. Mr. Baldwin further said that when the Commissioners apply for funds, they must be very sure that the area they desire to assist is really a critical area, stating why.

A letter was addressed to the Attorney General relative to payment of salary of Trial Magistrate.

A short meeting of the Planning Commission was held and Mr. J. Claude Johnson of Morganza, Md., was appointed to succeed Mr. Dickey who had resigned, but whose term would be up in May. Letter has been written to Mr. Johnson asking that he accept the position.

Executive session was held relative to continuing the employment of Mr. Nicolet as Technical Advisor of the Planning Commission. His work is satisfactory and the Board feels in view of the increasing work necessary for the new housing project it will be well to make no changes at this time, and the appointment re-

in affect through the fiscal year closing June 30, 1952. Plats of the Planning Com. should be recorded in Clerk's office. Commissioners desire to have all records belonging to the Planning Commission in the Court House. These records are to be made available to the County Surveyor, attorneys etc but should be kept locked up. Mr. Nicolet has the authority of the Board to make plans etc., for private parties outside of his office time, in order to avoid criticism. The Planning Commission cannot charge for any work they do. Mr. Thompson requested a letter from the Commissioners to this effect.

Parking violations in the Park will be enforced as soon as the Summons slips have been received by sheriff and deputies.

Jailor's bungalow roof- Mr. Stone will contact Mr. Guy Wilson and have him examine the roof and give a price on painting the leak, then covering the entire roof with heavy Builder's paper and painting the entire roof.

Personal Property Taxes not paid must be collected. Mr. Sterling interpreted the law to place the work of preparing the extra tax bills in the Treasurer's office. On the bottom of the bill the Treasurer must write an order to the Sheriff to make a levy and collect these taxes.

Letter to Mrs. Sophie Bowles, Loveville, Md., advising she is to continue transporting the Clarence Guy, Elmore Guy and Ruark children to the Academy for the rest of the School year which closes June 1952. Mrs. Bowles is to be paid \$30 a mo for this work. Letters to Mrs. Clarence Guy and Mrs. Elmore Guy advising that this service can continue for the rest of the school year but they will have to use the regular bus transportation beginning Sept. 1952.

Sam Thompson, Abell's Wharf requested bus to come in 3/4 mi to pick up 10 yr old child. Board says it cannot do this for 1 child.

Meeting adjourned at 4 p.m.

Approved

Leonard S. Flvey

Dec 14, 1951 Trial Magistrate's report for Oct 1951 recd	\$283.30
State of Md. Motor cases	376.00

December 19, 1951

Meeting held today since Regular meeting would fall on Xmas eve. The Board and their attorney were present.

Trial Magistrate requested Receipt Book for use in his work. Same was ordered from Lucas Bros.

Mr. J. Claude Johnson accepted the position as member of the Planning Commission.

Letter was sent to Mr. Tilp regarding wooden window sashes on job. Commissioners referred to the Addenda page 4 which calls for all metal window sashes. Mr. Tilp was asked to check on this before windows were installed.

Inspection of Parochial buses held today. Date set for May 3 for final inspection but clerk is to contact Mr. Abbott to see if satisfactory for him to come at that time. Contractors received Dec. checks today as school close this week for 1951.

Mr. Johnson asked if the Commissioners built and maintained roads into new projects, for schools. He was advised that this was not done. The road in question is in the Zantzinger-Digges property where they have allocated a site for a new public school. The project will have around 450 houses. The County will accept and maintain the road after same is built. Such a thing has onoy been done in one instance where the road had been a former public road and then abandoned. It is now being opened since the Navy is constructing a 1000 unit and the road will be ready when the homes are ready for occupancy. This is the Willows-Jarboesville road.

When Mr. Johnson was asked about plans for the Leonardtown Public school he said he was anxious as the Commissioners to have a new school here, but felt it advisable to wait for federal aid and that the Bd. of Education is preparing plans for the new school at Lex. Pk and Leonardtown to be presented together when they request Fed. aid.

Mr. Sterling talked by phone to Mr. Buckler of Nile, Barton, Yost and Dankemeyer, attorneys who are preparing the bonds for the Tall Timber Erosion Relief Project- Mr. Buckler said a legal question was holding up matters- whether the law made at the short session of the Legislature was binding- but he felt it would be settled and bonds advertised for sale soon.

At this time no Directive has been received from the Advisory Committee on Defense Areas tho copy has been received from Rep. Sasser. The Committee wrote to the Town Commissioners and Rep Sasser, but not the County Commissioners and the Board is anxious to have an original decision.

State Roads Commission requested the Board to concur with them in having a 35 mile speed limit sign placed on St. George Island, as both the State and County maintained roads should be marked in order for the limit to become effective. Clerk was requested to advise the SRC of their decision. Letter was written.

Mr. Thompson reports the bridge to the Island in bad condition but that is a State matter alone.

Board adjourned at 3:25 to meet on Jan. 8, 1952.

Approved

Leonard S. Alvey
president.

January 8, 1952

The first meeting of 1952 was held today. Due to illness Mr. Stone was absent.

With reference to the status of Bonds for the Tall Timbers Erosion Relief project, Mr. Sterling phoned Mr. Warren Buckler, attorney, who advised that on Jan. 22 a Resolution would be sent to the Commissioners for their signatures, with full explanation in letter.

Check and report were received from Trial Magistrate for Nov. 1951, \$508.95

Mr. Guy requested that Game Warden be contacted concerning release of deer in the County. Letter was written and reply was received that 25 deer were being released in St. Mary's for hunting purpose.

Road in Evergreen Park was considered. Mr. Phil Dorsey is attorney and will present R of W Deed etc when matter will be completed.

Commissioners with Mr. Thompson and business men from Crisfield, Md., went to Pt. Lookout and considered the proposed ferry from Crisfield to Pt. Lookout. Then trip was made across to Lucette, Va., where matter was further considered- nothing definite decided

Board adjourned at 3;30 p.m.

Approved

Leonard S Alvey
President

Mr. Jim Greenwell appeared relative to purchasing a lot on the Alms House tract. Mr. Alvey and Mr. Guy went to view the land, but no decision was made.

Mr. C. B. Guy advised Route of Mr. Frank Ellis was to add 6 mi per day additional, making contract beginning Jan 1, 1952 \$4080.00 per year, \$408.00 per mo

1952
Jan 8, Regular meeting

The Board had its first meeting of 1952 today. Mr. Alvey and Mr. Guy were present. Mr. Stone was ill.

Tall Timbers

Mr. Sterling had a telephone conversation with Mr. H. Warren Buckler, Jr of Niles, Barton, Yost & Dankmeyer, the firm which is preparing the bonds for Tall Timbers Erosion Relief Project. On Jan 22 that firm will advise their decision as to the law and send a Resolution for the Board to sign.

Received check from Trial Magistrate for Nov. 1951 Fines & Costs \$508.95 deposited same in CGF#1 1st Nat

Receipts from C.B.Greenwell, Clerk Ct. Ct for \$2399.76 deposited in Bldg Fund, Mech, Md. County Trust

Clerk was requested to write Game Warden and ask that deer be released in St. Mary's County. This was done.

Mr. Phil Dorsey, representing Evergreen Park Corp. (near Park Hall) asked if Commissioners would maintain road in that area after same is completed. When road is completed many houses will be ready for sale which will bring in good amount of taxes. Commissioners agreed to maintain road after same is properly built.

Proposed Ferry Service- Crissfield to Pt. Lookout
Commissioners with Mr. Thompson and Mr. Nicolet made a trip in company with several business men of the County to Pt. Lookout where they met a committee from Crissfield to consider a proposed Ferry system. All made the trip to Lucette, Va., and return on the launch. Nothing definite settled.

Mr. James G. Greenwell called to ask about purchasing a lot of the Alms House property. Mr. Stone being absent nothing definite was settled altho the Commissioners wen with Mr. Greenwell to see the land he wanted.

Board adjourned at 3 p.m.

Approved

Notice of Personal Property Schedules

Notice placed in Beacon and Enterprise fixing Feb 15 as final date for sending in Personal Property Schedules. Copy attached hereto.

Alms House Lot- Mr. James Greenwell called again in reference to the lot he desires to purchase. No action taken

Roads.

Proposed school site at Lexington Park- Zantzinger et al are letting the Bd of Education have 11 acres of land for \$1.00 in order to erect a school there-provided the school is built within 2 years from date of deed, otherwise property reverts to former owners. School Board is to refer the matter to the Planning Commission for approval. Commissioners are requested to grade, gravel and black top road 20 ft wide between Shangri-La and Midway Drive. No curbs or gutters required. Site is within one mile of Lexington Park housing area which will eliminate transportation. Sen. Bailey would like decision from Commissioners then he will prepare the Deed Plng Com approved site-Bd. agreed to road.

Mr. J. Frank Bailey called about the road from Morganza to Oraville, which is in bad condition- is used by school buses, cars and trucks. Also Mrs. Boyd's road needs attention badly. Is to be cared for this spring.

Cornfield Harbor.

Request for road there should be made by land owners Drinkley and Gruber. Commissioners will inspect the road and see what needs to be done, so that the road will not lie entirely on one man's land.

Tall Timbers Erosion Relief Project

Mr. Neil MacDonald presented statement for material-labor on the Tall Timbers Erosion Relief Project \$15,000.00 It was anticipated that by this time bonds would have been ready for sale, but owing to unconstitutionality of the law of 1950 concerning such a project, this has not been done. The bill was paid from CGF#1 funds, and check for same was given the treasurer to cover this amount. When bonds are sold this amount will be deducted and placed in the CGF#1 account, since it should come direct from the TT ER project bond sale.

11-2263-2264

Letter from Mr. H. Warren Buckler, Jr., to Mr. Sterling explained the reasons for not preparing the bonds. Letter was copied and will be given to Sen. Bailey to see what- if anything- can be done at this session to make the law state-wide.

Leonardtwn Pub. School status

Miss Dent was interviewed with reference to the status of the new public school in Leonardtown. The Commissioners are anxious to build this with Federal funds, but Miss Dent is very doubtful that Leonardtown is qualified to receive such money. Federal funds are allocated to schools etc in 3 classes- a- where parents are employed and reside on Fed. projects; b where parents are premanently employed on Fed projects and c- where parents are temporarily employed on Fed projects. Leonardtown has no a or b children, and only a few c children live at St. Clements Shores. Miss Dent suggested that a meeting be arranged between the Commissioners and Dr. Coleman of the US Board of Education who could fully explain the matter. When a requisition is made for Fed funds for such a project there must be facts to substantiate the request. At this time papers are being processed for a school at Lexington Park, but this would not jeopardize any chance Leonardtown may have, if it is found to be qualified to receive Federal funds. However, since the Govt has declared Leonardtown to be in the defense area, there may be some regulations for applying for such funds which she does not know and Dr. Coleman would know all about this. When Mr. Alvey asked if any steps had been taken to prepare papers for a school in Leonardtown Miss Dent informed him that there had not.

Jail-bungalow roof

Repairs on the roof of the jailor's bungalow were approved-\$270 and proper papers signed and returned to contractor.

Letter from Atty Gen. Hall Hammond set forth status of Mr. Hurry as Tr. Mag. Since he had been absent for more than 15 days, his salary was to be paid to the Act. Tr. Mag- Mr. W.H. Knight who was sub trial magistrate. Mr. Knight will continue to serve as Acting Tr. Mag until such time as a new Tr. Mag is appointed, and at the salary of \$175 per mo.

Clerk was requested to prepare a list of property owned by the County in order that same may be offered for sale.

Meeting adjourned at 3;30 pm

Approved

Special Meeting

Friday, February 8th, found the County Commissioners of St. Mary's County, Md., in conference with members of the U.S., State and County Educational offices, to determine the status of Leonardtown as to eligibility for Federal Aid in the erection of a new Public School.

Dr. Wm. H. Coleman, U.S. Office of Education, Wash. D.C., Mr. James L. Reid, Supervisor of School Plants, State Department of Education, members of the County Board of Education, a representative of the Town Commissioners of Leonardtown, of the Leonardtown Chamber of Commerce and the P.T.A. attended the conference.

Dr. Coleman explained in detail Public Law 815, 81st Congress, Chap. 995, 2d Session, which is an Act relating to the construction of school facilities in areas affected by Federal activities.

Title 1

Deals with the Survey and State plans for school construction.

Sec 101 deals with assisting States to survey the need for construction of additional facilities in relation to the distribution of school population - and sums appropriated ~~in~~ pursuant to this section are to be used for States whose applications for funds to carry out such purpose have been approved

Sec 102-

- 1-designates the State Educational agency as the sole agency for carrying out such purpose
- 2-provides for making inventory and survey in accordance with Sec 101, containing information requested, for developing a State program in accordance with such section
- 3-provides that the State agency shall make such reports, in such form and containing such information as the Commissioner (U.S. Office of Education) may require from time to time, and to insure verification of such reports and give the Commission access to the records upon which such information is based.

Title 11

Sec 202-

Designates payments to local educational agencies
a-local agencies shall be eligible for payment where children reside on Federal projects with a parent employed on Federal property

b-children, reside on Federal property or who reside with a parent employed on Federal property

Federal Property

Federal property is real property which is owned or leased by the United States and is not subject to taxation by any State, or any political subdivision of a State, or by the District of Columbia.

County Seat not Eligible

After a lengthy and informative talk by Dr. Coleman, questions were asked as to the status of Leonardtown, which has been declared in the defense area. He explained that that classification did not make Leonardtown eligible for Federal aid in new school facilities. It was definitely established that Leonardtown is the County Seat, that its present public school building was erected and has been in constant use for more than 70 years- a 2 class-room frame structure, but that it is not eligible for Federal funds since the children attending school there do not come under either a or b- in Sec 202, since there must be at least 15 children of either classification, and must be 5% of the number of all children who will be in average daily attendance during the current fiscal year.

State School Loan only hope

The gist of the information received at the conference is that in order to erect a new public school in Leonardtown funds must be secured from other sources than Federal aid. It was explained that after all emergency buildings have been completed, in the various sections where defense activities have caused such emergencies, other school building programs may be considered to secure Federal aid. However, since that is a matter for future consideration and the present need at Leonardtown school is urgent, a new public school could be erected with funds secured through the State School Loan, the building could be completed and used for years until such emergencies have been cared for, and then application for part of the expense be made to be borne by Federal aid. This appears to be the only solution to the problem.

The meeting adjourned at noon.

Approved

president.

February 11, 1952

Regular Meeting.

Meeting today was with Mr. Alvey, Mr. Sterling and Mr. Tilp about the windows being installed in the new Health Center. The Board called Mr. Tilp's attention to Addenda 4, in the specifications and Mr. Tilp replied that the windows being installed were called for when the Board selected Alternate Bid #2. He further explained that the steel frames called for were of a very inferior grade metal and while the windows being installed were of wood, they were specially treated and would outlast a weak steel frame. He explained that he would be glad to have any three architects from Washington and Baltimore examine the windows and give their opinion on them and he was sure they would agree with him that the wood frames were of excellent quality and would outwear the metal frames. Mr. Tilp said that the metal windows in Tech. School were of heavy aluminum and they were very expensive and also could not now be obtained.

Mr. Alvey and Mr. Sterling appeared satisfied with Mr. Tilp's explanation.

A Public Meeting had been called for Feb 12, 1952 but since it was a legal holiday it would be held in March.

No business being under consideration, they adjourned at 1 p.m.

Approved

president

February 26, 1952

Commissioners met today with all members and their attorney present.

Willow-Glen Road

Mr and Mrs Gladstone and Mrs. Stahl called to see the Board relative to status of the Willow-Glenn road. Mr. Thompson and Mr. Guy will look over the ground and report at the next meeting. Matter first came up Nov 1950- road was to be accepted April 1951 after R of W was deeded to Commissioners.

Leonardtwn PTA- Leonard School

A group of members from the Leonardtown PTA- Mrs. Piercey Mrs. Frazier, Mrs. Wood, Mrs. Henderson and Mrs. Bailey with Mrs. Chas. E. Fenwick, principal of the Ltn school and Mr. K.B. Duke representing the Town Commissioners inquired into the matter of building a new public school in Leonardtown.

Mrs. Fenwick reported that a recent census showed that 450 children would be eligible to attend this school; there are at present 39 in the 3-4-5-6-7 grades and 36 in 1-2; there are not sufficient facilities for these children; that several years ago when the State School Loan first came up, she with a group had met with the Board of Education and asked that a new public school be erected in Leonardtown and they had been told it would; that later the PTA had been given the runaround and the school built in Hollywood- they referred to the Program prepared by the Bd of Educa in 1949- Feb which shows Ltn Pub. school to be the 3rd major project- program is on file in Minutes of this date) Mrs. Fenwick said she felt a 10 room school would answer the needs of this area for the next 10 years. She then commended RBDuke for realizing the growing possibility of Leonardtown and giving streets etc for this purpose. Then commended the former Bd of Com for purchasing the site for the new school- Note- the Bd. of Cms paid \$2,000 towards this and the balance was secured from the State School Loan)

Mr. Afvey advised that the Comms. realized the need for a new public school here, and that they had wanted to be sure no Fed. funds could be secured before putting additional taxes on the people of the County. Their meeting of Feb 8th had determined that, and the funds for the new school must be secured through the State School Loan and other means. He said the Bd of Educa is definitely in accord with the Comms. that the new school must be built and have agreed to allocate certain sums for that purpose. He advised that the County's power to borrow up to \$550,000.00 had not been used, but it is hoped funds can be secured and bonds not necessary.

Mr. Guy remarked that ^{Public} Leonardtown is the only County seat in the State without a high school. He feels the County seat should have a fine school and perhaps more people will reside here, and thus increase the size of the Disrict as there is

a possibility of moving the County seat to a larger District but that if possible must be prevented. He said both Town and County Commissioners want the new public school here and must work together to build it.

Mr. Duke asked if the Board would like the Town Commissioners to state in writing how far they would be willing to assist the County Commissioners in building this new school, if so the Town Comms. would consult their attorney to determine what they could do in the matter. He said the Town Coms would like to have a letter from the County Comms. outlining what they propose to do, then they would hold a discussion on the subject. Mr. Duke said the Pub. Sch bus starts at ~~Marionville~~ up St. Andrews rd to Bennett's gas station, to Wise corner, to White Pt. and after a run of 1½ hours it returns to Wise corner, thence to Great Mills School. It requires over 2 hrs a day on this bus for school transportation and many children who should attend the school in Leonardtown attend the catholic school rather than spend so much time in transit. The Academy is already overcrowded with as many as 72 children in one class room. If we had a consolidated school many who attend Great Mills and Margaret Brent schools would come here and would save money in transportation. (Gov McKeldin says the new schools are the responsibility of the Counties at this time and that it looks oike no additional help from that source.) He asked how long it would take to have the necessary plans approved by the Bd of Educa, County and State, before actual building could be started. He further stated that he could give no reply for what the Town Commissioners would do, but knew they were anxious to have a new school here.

Mr. Sterling said it would be easy to bond the County and borrow the money but it would have to be repaid and the County already is indebted for over \$600,000.00 and the Coms are cognizant of the taxpayers' part in paying this back.

Mr. Guy advised that our present public school system is costing more than all the rest of the County government and expenses put together; that the levy is for 65¢ for general appropriation 5¢ for the Incentive fund (70¢ out of every tax dollar the County receives) that the County must pay \$50,000.00 on the present existing loan which means 25¢ more or 95¢ from the 1952 taxes, which is still not sufficient

Mr. Alvey assured the group that the County Commissioners are very anxious to start on this new school for Leonardtown area; that they will do everything in their power to have a new school without putting too great a burden on the taxpayers. He requested the clerk to write the Board of Education, asking that they allocate all available money from the State School Loan, approx \$158,000.00 also of the Incentive funds now on hand and the Incentive funds due June 30, 1952

\$158,000.00
25,000.00
<u>9,515.56</u>
192,515.56
<u>18,000.00</u>

and other sources must be located to yield about as the Coms feel the school sufficient for this area can be built to cost not over 12 class rooms, cafeteria, auditorium for 450 etc.

\$210,000.00

In the afternoon Miss Dent came in for a short session and intimated that such a request would meet with the approval of the Bd. of Education, she thought. Letter was written.

Roads. Cornfield Harbor

If County receives R of W, it will maintain the road, it passes over a 250 A at Pt. Lookout Creek, fishing etc. there Mr. Thompson had viewed the land- Mr. Brinkley said he will have R of W surveyed- 30 ft Mr. Stone and Mr. Thompson will look the land over and will report. The road bed is said to be a good one, needs gravel. Report at next meeting.

Clerk was instructed to write Mr. Thompson, Civil Defense director to secure Communications radio equipment for Civ Def

Clyde Lawrence and John Hodges, ask for 3/4 mi road which will serve 4 families and 3 farms. Matter delegated to Mr. Guy and Mr. Thompson who will report at next meeting.

American Legion Psts suggested the name of Mr. Plavidal for Director of Civil Defense - also Geo. Quade for the 7th District

Commissioners requested county newspapers insert notices that they will meet March 11 and March 18 as their regular meeting day of March 25 is holiday

Clerk instructed to write letters to Miss Alma Wathen, Miss Rosa Milburn and Abraham Butler that the Feb check may be their last pension check as there is a question of the legality of the Coms paying State employees. This was done. Opinion stated by Mr. Sterling, not written, that Comms. should not pay this amount

James C. Greenwell came again about the lots he desires to purchase on the Alms House property. The Comms. will meet him Sunday at the Alms House and go over the ground and report their decision at their next meeting.

Commissioners accepted two checks from Chas. J. Mattingly, late Treas. of St. Mary's County to settle his official business as Treas from 1947-48-49-50

Chas. J. Mattingly, Acct #2	1st Nat Bank	\$118,361.04
" " Gen Acct	" " "	10,604.83

The Comms. will pay any expense that may grow out of the accounts of the former Treas. Letter to Mr. Mattingly to this effect. Entire amount turned over to Treas. for County expenses. Feb. 22, 1952.

Clerk instructed to write State Tax Commission, giving names and addresses of applicants for the position of Supervisor of Assessments vice the late Geo. L. Lawrence,

J. Ralph Abell, Leonardtown, Md.
Wm. F. Herbert, Oakley Md
J. Claude Johnson, Morganza, Md.
Walter B. Raley, Leonardtown, Md
J. Wayne Russell, Clements, Md.

The Board will abide by the decision of the State Tax Commission in their appointment.

Soil Conservation Commission and FMA desire to change the partitions in the new Health Bldg. Mr. Alvey will meet with them, Mr. Johnson and Mr. Tilp on Monday for decision.

Board adjourned at 6 pm

Approved

Leonard J. Alvey

President.

March 11, 1952

Mr. Ohm of St. Clements Sh res called when the Commissioners and their attorney, met today about conditions of the septic tanks in St. Clements Shores. He had previously written to the Gov who referred the matter to the Comms. Mr. Ohm was referred to Mr. Jack Bell, sanitarian of the Health Dept and an appointment made for him to see Mr. Bell at once.

Mrs. Stuart Edmonds called about the Comms having a clinic to prevent dogs from getting rabies from foxes. This condition is prevalent in Pe na and many people and animals are being bitten by mad foxes. Mr. Cosenien was present at this time and a lengthy discussion was held on the matter. The Comms considered publishing the law concerning tagging of dogs. No action taken. Mrs. Edmonds advised the Game Warden that she is willing to have deer placed on the church swamp but not on Lead-O-Bay farm. She was advised that no matter where you put the deer they will seek a place to live for themselves.

Mr. Greenwell called again about the Adams House property. At this time there was present a timber man who said he would buy the standing timber at 15 for oak and 20 for gum. The Comms. feel the timber on the land is worth more than the land and when they have a price they will advise Mr. Greenwell what it is worth and how much the land is worth.

Mr. Tilp asked about having a tree at the corner of the new health Center removed, at least part of it that rests against the building. He was given permission to have Mr. Sutter remove one side of the tree. The commissioners asked him if a 12 room school, where water and sewage would not be a cost- could be built for \$210,000.00 and he replied that M.M. Dean of Hollywood is now building a 10 room school with well and septic tank at Charles County, Va. for \$188,000.00 and he felt positive that a 12 room school could be built here for \$210,000.00. When the Board advised Miss Dent of this she said please write the Bd. of Education to that effect and she was certain they would agree to allocate \$158,000. State School Loan

25,000. Incentive Fund now on hand
\$183,000.00

and that would leave \$67,000 to be secured elsewhere Then the Bd. thought of the extra \$9,515.56 coming to the Bd. of Educa in June and decided to ask for that as well, making a total of \$192,515.56 for the Bd of Educa to pledge towards the new public school in Leonardtown.

The Comms. decided to ask the Town Comms. if they would supply pipes for water and sewage from the road to the school building and build an entrance on Route 5 to the new school building. Letter was written.

Board adjourned at 4 pm

Approved

MARK WORK *** 3411

April 8, 1952

Regular Meeting

All members of the Board were present today. Miss Lankford of the St. Mary's Welfare Bd. came to present the Budget for 1952-3 and explained what the increase in anticipated expenses covered. The Board agreed to allow the Budget as presented.

St. Mary's Co. Mem. Library sent in a budget request for 1952-3 for the 4¢ allowance on \$100.00 Board agreed to this and letter was written advising Librarian of their action.

Following names submitted to State Dept. of Welfare for 6 year appointment, in place of Mrs. J.J. Johnson and B.K. Abell, neither of whom are eligible for reappointment

Geo. R. Quirk (d) Park Hall, Md.
Frank Aud (d) Lexington Park, Md.
John Roach (d) Mechanicsville, Md.
Wm. Chesley, Jr (r)"

3 yr assessments in County.

In compliance with law of 1950, the County has been divided into 3 Assessment Districts as reassessments of property must be done every three years. The Districts are similar to the Commissioner Districts

Comm. Dist #1- 1-2-3-9
" " #2- 3-6
" " #3- 4-5-7

Letter to Mr. A.A. Ward advising him of this action was written by Mr. J.R. Abell and copy with map attached is in our files.

Tall Timbers

Lt. Cmdr Downs, with Mrs. Gawler and Mrs. Beavers asked about the Erosion Relief Project work at Tall Timbers. Cmdr. Downs felt that the contract which was estimated to be \$74,400.00 was for the completed job- He was advised by letter this could not be, since the amount of backfill necessary has changed the contract price, and completed contract cannot be determined until work is completed. Mrs. Gawler was informed by others that a second petition to include the Kloman property had been presented to the Board. This petition has not been received. Mr. Guy instructed her to have all the property owners in the next sub-division to that now under relief prepare their petition etc., just as was done by the 1st group then when the bonds are sold, the Com. will go ahead with the second sub-division. She was instructed to have the sub-division properly recorded in the Land Records.

Daylight Savings Time

Daylight Savings Time is to become effective midnight Sat April 27 at 12:01 Beacon and Enterprise were sent Notice to this effect asking they be published as news items.

PTA- Teachers Salaries

PTA Group- Teachers salaries

Members of the PTA from MBHS, GMHS, GMES, Hollywood schools and Col. Hayward, Pres. of the County Council PTA, requested the Board to give the teachers of the public schools in the County an overall raise of \$300.00 per year, this would require about \$42,600.00 since it is anticipated there will be 142 teachers in the public schools in Sept. 1952. It was suggested the Board lay a special school tax for this and Mr. Sterling explained the Commissioners had no authority to lay a special tax, but must lay it to cover all county administration. It was also suggested that Tax Bills show the amount spent for Pub. schools and other county costs. The group advised they had been to Annapolis in the fall and were informed by Sen Bailey that he would work for them, but this he failed to do.

Letter from Mr. Alfred Toombs urging the request be granted was received. He was advised the Board had the matter under consid ration.

Roads.

Chaptico-Mrs. W.W.Yowaiski, Mr and Mrs Sewell called about the drainage of the road to the wharf. It appears a ditch thru Mr. Sol Russell's property direct to the wharf would be the solution to the trouble in this area, but Mr. Russell appears indifferent to the matter and refuses to give R of W Mr. Thompson suggested that Mr. Alvey and the other members see Mr. Russell and if they cannot get his ok, they will have to condemn the property and make the road usable. The road serves 21 families, all of whom with the exception of Mr. Russell are willing to have the road fixed.

Trent Hall

Delegation representing about 12 families using the Trent Hall Road appeared and requested that the road be surfaced. It was recently graded and this makes it almost impassible after a rain. Road will be put on 53 list and oiled as soon as possible.

Drum Cliffs

Dr. Houser requested County take over road 1-1/10 mi nee s grading- is 20 ft wide. Property along this road is assessed for \$125,000. Dr. Houser was advised to have the road surveyed, secure the necessary R of W and when DEED has been prepared and recorded to Commissioners, they will take over.

M.H.Dean and J.C.Capps presented map showing road in 8th Elec. Dist they want the Board to accept. Board will inspect the road and advise them later of their action in the matter. (Letter was written advising that inspection shows the road is not up to required specifications and at this time cannot be accepted. If and when the road is built to specifications the Board will reconsider the matter.)

April 18, 1952

Board of Education- Teachers' Salaries

All members of the Bd. of Education and Miss Dent called about increase in public school teachers' salaries. They are asking a \$300 raise for each teacher- this will mean \$42,600 as they anticipate 142 teachers in the fall. The Tax Rate for 1952 is already set at \$1.50 and the Bd. of Coms. will not have a sufficient Cushion Fund to permit this, but they will take the matter under consideration and see what can be done.

McKay's Beach Vol. Fire Dept.

Messrs. P.T. Hannon, J.P. Boston and Ed. Kogel called to inquire when this organization will be entitled to receive assistance from the County. All members have passed the prescribed course and they have the necessary equipment. They were advised they will be eligible when their company is actively engaged in fire protection

Furniture for Orphans' Court room.

Judge A.C. Latham asked that chairs for the Judges and extra lights be placed in their Court room. Mrs. Clarke informed that the State will pay for her desk and asked the Comms. to furnish them with 3 chairs similar to those used by the Comms. also a desk chair and to have an additional light installed at the end of the room where the attorneys work on the records. Comms. instructed their clerk to attend to this.

Pension for 3 Teachers.

Mr. Sterling reported that the pension formerly paid to 3 Public school teachers - and discontinued last month- could be paid by the County, as the State law allows the County to assist teachers retired who are not receiving a total of \$100 per month from the State, if the amount paid by the County did not exceed \$25.00 per mo each. The teachers whose pensions were not paid in March were advised by letter that the April check would include last month, also Letters were written to Misses Alma Wathen, Rosa Milburn and Abraham Butler as above.

Boys' Club of Washington

Letter from Boys Club of Wash. D.C. requests that they be exempt from County Tax, and if this is legal the Comms. desire to comply. Mr. Sterling will report on the matter at an early date.

Wm. Herbert-Oakley, Md. Tax Assessor.

Letter from State Tax Comm. approves the appointment of Wm.F. Herbert of Oakley, Md., as Tax Assessor to succeed W.B. Oakley, resigned. Appointment becomes effective April 16, 1952 at a salary of \$2100 per annum. Letter to Mr. Herbert advised him of this appointment.

Evergreen Park- R of W

Deed for R of W in Evergreen Park received April 18, 1952 road varies in width- 75 ft. wide- 60'- 25' and 50', as appears on plat recorded CBG 35 folio 473

Board adjourned at 4:15 p.m.

Approved

President

April 22, 1952

All members present today when the Board met .

Thos Waring of Waring & Son was requested to make a survey for Accident insurance, Liability- for the County and same will cost between 2 and 3\$00 per year for \$100,000.00 personal injury and \$500,000 per accident, this is for all buildings etc which the County owns.

Mrs. John Ferrari, requested road at Brubacher's, Britton Beach, be repaired. The road begins at Wigginton's and has bad turn and soft shoulders.

Health Dept presented their budget for 1952-53 Board will consider matter with Budget, tho 1st page was passed as presented. Matter of sanitarian and eye and hearing tests will be considered later.

X Letter to Boys Club of Washington, including part of reply from State Tax Commission states that Boys Camp is not tax exempt.

PTA- Hollywood, Ltn. Charlotte Hall- NSES- and Patuxent River Base came for interview and matter of teachers salary raise. A copy of the proceedings is on file. Letter to Lt. Comdr. Henderson advised permission to have same printed was not granted. A lengthy interview followed. No answer could be given since the Budget had not been prepared and the County Commissioners did not know how much would be available. There was no consideration given the matter when the tentative budget was prepared in Nov. since it was understood the Governor would pass the Bill and the State would be liable for the increases.

Rosecroft- addition to road when DEED has been recorded and presented to Commissioners.

Mr. M.M. Dean interested in the Dean-Capps Road in Hollywood was advised that the road must be 30 ft wide with ditches on either side, outside the 30 ft. 3 inch gravel base with proper drainage/ Light poles which are in the middle of the proposed roadbed must be removed. Mr. Dean was advised by this over the phone while Mr. Thompson was here.

Plat and DEED received from Mr. John A. Brickley. He was advised by letter that same must be recorded at no expense to the County.

Hospital Delegation- Mrs. Hayden, Mr. Burroughs and Mr. Hartwell. Stated importance of the hospital and of a resident physician on hand to handle emergencies. This would cost about \$600 a month. It costs \$12.17 overall cost per patient per day. They spoke of the necessity of enlarging the hospital. The Board agreed to take the matter under consideration and would do what it could.

Leonardtwn School- Bd. of Education advises they are anxious to see a good school in Leonardtown. Mr. Alvey asked if the present school and site now used could be sold and that money

held for the new school in Leonardtown. Commissioners are anxious to have a reply from the Bd. of Education stating just what they will allocate for this school. Letter written in Feb. 1952. No reply to date.

Fair Board requests that lot of Mrs. Ridgell's, adjoining the grounds of the Fair lot, be purchased in order to square off the proposed Race Track. Mrs. Ridgell is on Welfare- Mr. Henry Fowler will contact Welfare and see if she can sell the lot. He ascertained it could be purchased for \$75 and she could keep that much money. The question now is whether the Fair Board or the County Commissioners will purchase the lot.

Wilson Butler- road near Miss Mary Dixon's is in need of drainage children cannot get out to go to school after bad rain.

Meeting adjourned at 3:30 p.m.

Leonard S. Alvey
approved.

Mar 13, 1952

All members present today when meeting was held.

Dr. Houser came in to explain the necessity for the request of a second Sanitarian, due to Navy requirements for the milk served on the base. He stated that Clarke's dairy purchased at least \$100,000.00 of milk from the county farmers yearly, and if the milk is not used on the base this will cut that amount in half as all of them do not have the equipment to pasteurize the milk. It takes about $\frac{1}{2}$ day to properly inspect each dairy, and there are 65 dairies in the County, so it takes about 15 days a month to inspect the dairies. With all the new houses coming on it will be impossible for the disposal systems to be inspected by him. The Haring and Vision Testing machine is equally important. The amount requested will cover both public and parochial schools.

When the Auditors were in they advised that the books in the Treasurer's office should be in fireproof safe. all records.

Dep. Sheriff Lancaster desired to know how far the County Commissioners would go in backing the Sheriff in attaching personal property for sale to pay taxes. Clerk was instructed to advise him that is what they want- to get those taxes paid.

Letter was sent to the State Dept of Welfare about the increase in pay of Case Workers, Commissioners concur in the matter as presented by the Welfare Bd.

Mr. C.B.Greenwell and J.H.T.Briscoe called about the old Abell's Wharf Public landing which cannot be located. Mr. Greenwell is willing to give 60 ft for road, so there will be room for turning. Mr. Thompson says Mr. Bowman can locate the old landing and that if a new one is made the Commissioners should try to secure a place large enough for a picnic area as well as landing.

Mr. Starkweather- and wife came in about increase in assessment. Last year the tax was based on \$2731.00 this year it is on \$4426. They said no notice was received of the Tax Review held last winter or they would have complained then about the increase. No buildings have been added or repairs made of any kind. The Commissioners advised they will take the matter up with Mr. Abell and have him view the buildings etc. Mr. Starkweather also informed that part of the land had been taken off for the railroad and also for the SEC, and there was a difference in the acreage now.

Langlev- Coprage road surveyed and deed recorded. Mr. Thompson advised of this.

Donaldson-Weller road- Mr. Thompson wants the Board to look over that proposed road before they take any action at all.

Jarboesville-Willo Road will be very expensive road. Plat shows the dedication. Mr. Thompson and Nicolet spoke of Public Law 139 which provides funds for streets etc., if there is any money available. They are anxious to have some funds for the road which will lead to the 1,000 unit housing project this road has to be made as well as the road leading into the new school at Lexington Park area. It was suggested that Mr. Sterling and Mr. Nicolet make an appointment with Rep. Sasser and consult him as to the probability of obtaining any of this money.

Lt. Cmdr. Downs called about the Erosion Relief Project at Fall Timbers. He complained that material being used was not according to specifications etc. Mr. Thompson says the material is ok. and is random length. Cmdr. Downs says the boards are not creosoted all the way through etc. and some width not followed out, some boards are 4 in, some are less. Mr. Thompson wants the Commissioners to drive down and look over the seawall. No provision in contract made for clearing away old debris, seawalls and trees, etc. Cmdr. Downs say just $\frac{1}{2}$ of the wall is according to specifications and the rest is bad.

Sarefoot Road extension will be accepted when DEED is prepared and recorded. about 800 ft.

States Atty Mattingly was questioned about the work done by the several Justices of the Peace. He says he does not know about each one of them. The Governor has appointed several new ones, making the number over 10.

State Rd. Police :- Sts. Atty J's M. Mattingly made a request that the County Commissioners ask for at least three additional Road Police- troopers- and suggested that if the County was known to have at least two of them lying in wait for offenders on the 3 Notch Rd- as they have in the Hughesville area- there would be fewer violations.

Bd. of Education came in at 3:30 and talked about the new Public School to be erected in Leonardtown. To date they have not replied in writing to the Commissioners' request for certain sums to be set aside for that school. Miss Dent read from the Board's minutes that they had allocated certain sums for this school, but the Commissioners have not a copy of those minutes.

Increment to Teachers Salary- the Commissioners agreed to set aside \$16,000.00 in the 1952-53 Budget for increment to teachers salaries. They realize that the salaries should be increased, but are unable to give the requested \$300 overall raise. The Commissioners decided that all salaries under \$2500.00 per annum should be increased to \$2500.00 and that all over that up to those receiving \$2600.00 should receive \$100 per annum this making it \$16,000.00.

The Bd. of Education asked the Commissioners if they had an architect whom they would like to handle the new public school in Leonardtown and it was unanimously agreed upon that they would like to

May 13

have Mr. Fred Tilp, and also that they liked to sketch he had made last winter for a school in Leonardtown. They decided they would spend \$250,000.00 at the most for this school and if one large enough could not be built for that amount, they would build one suitable for the present needs and later as needs grew, they could put additions on the building.

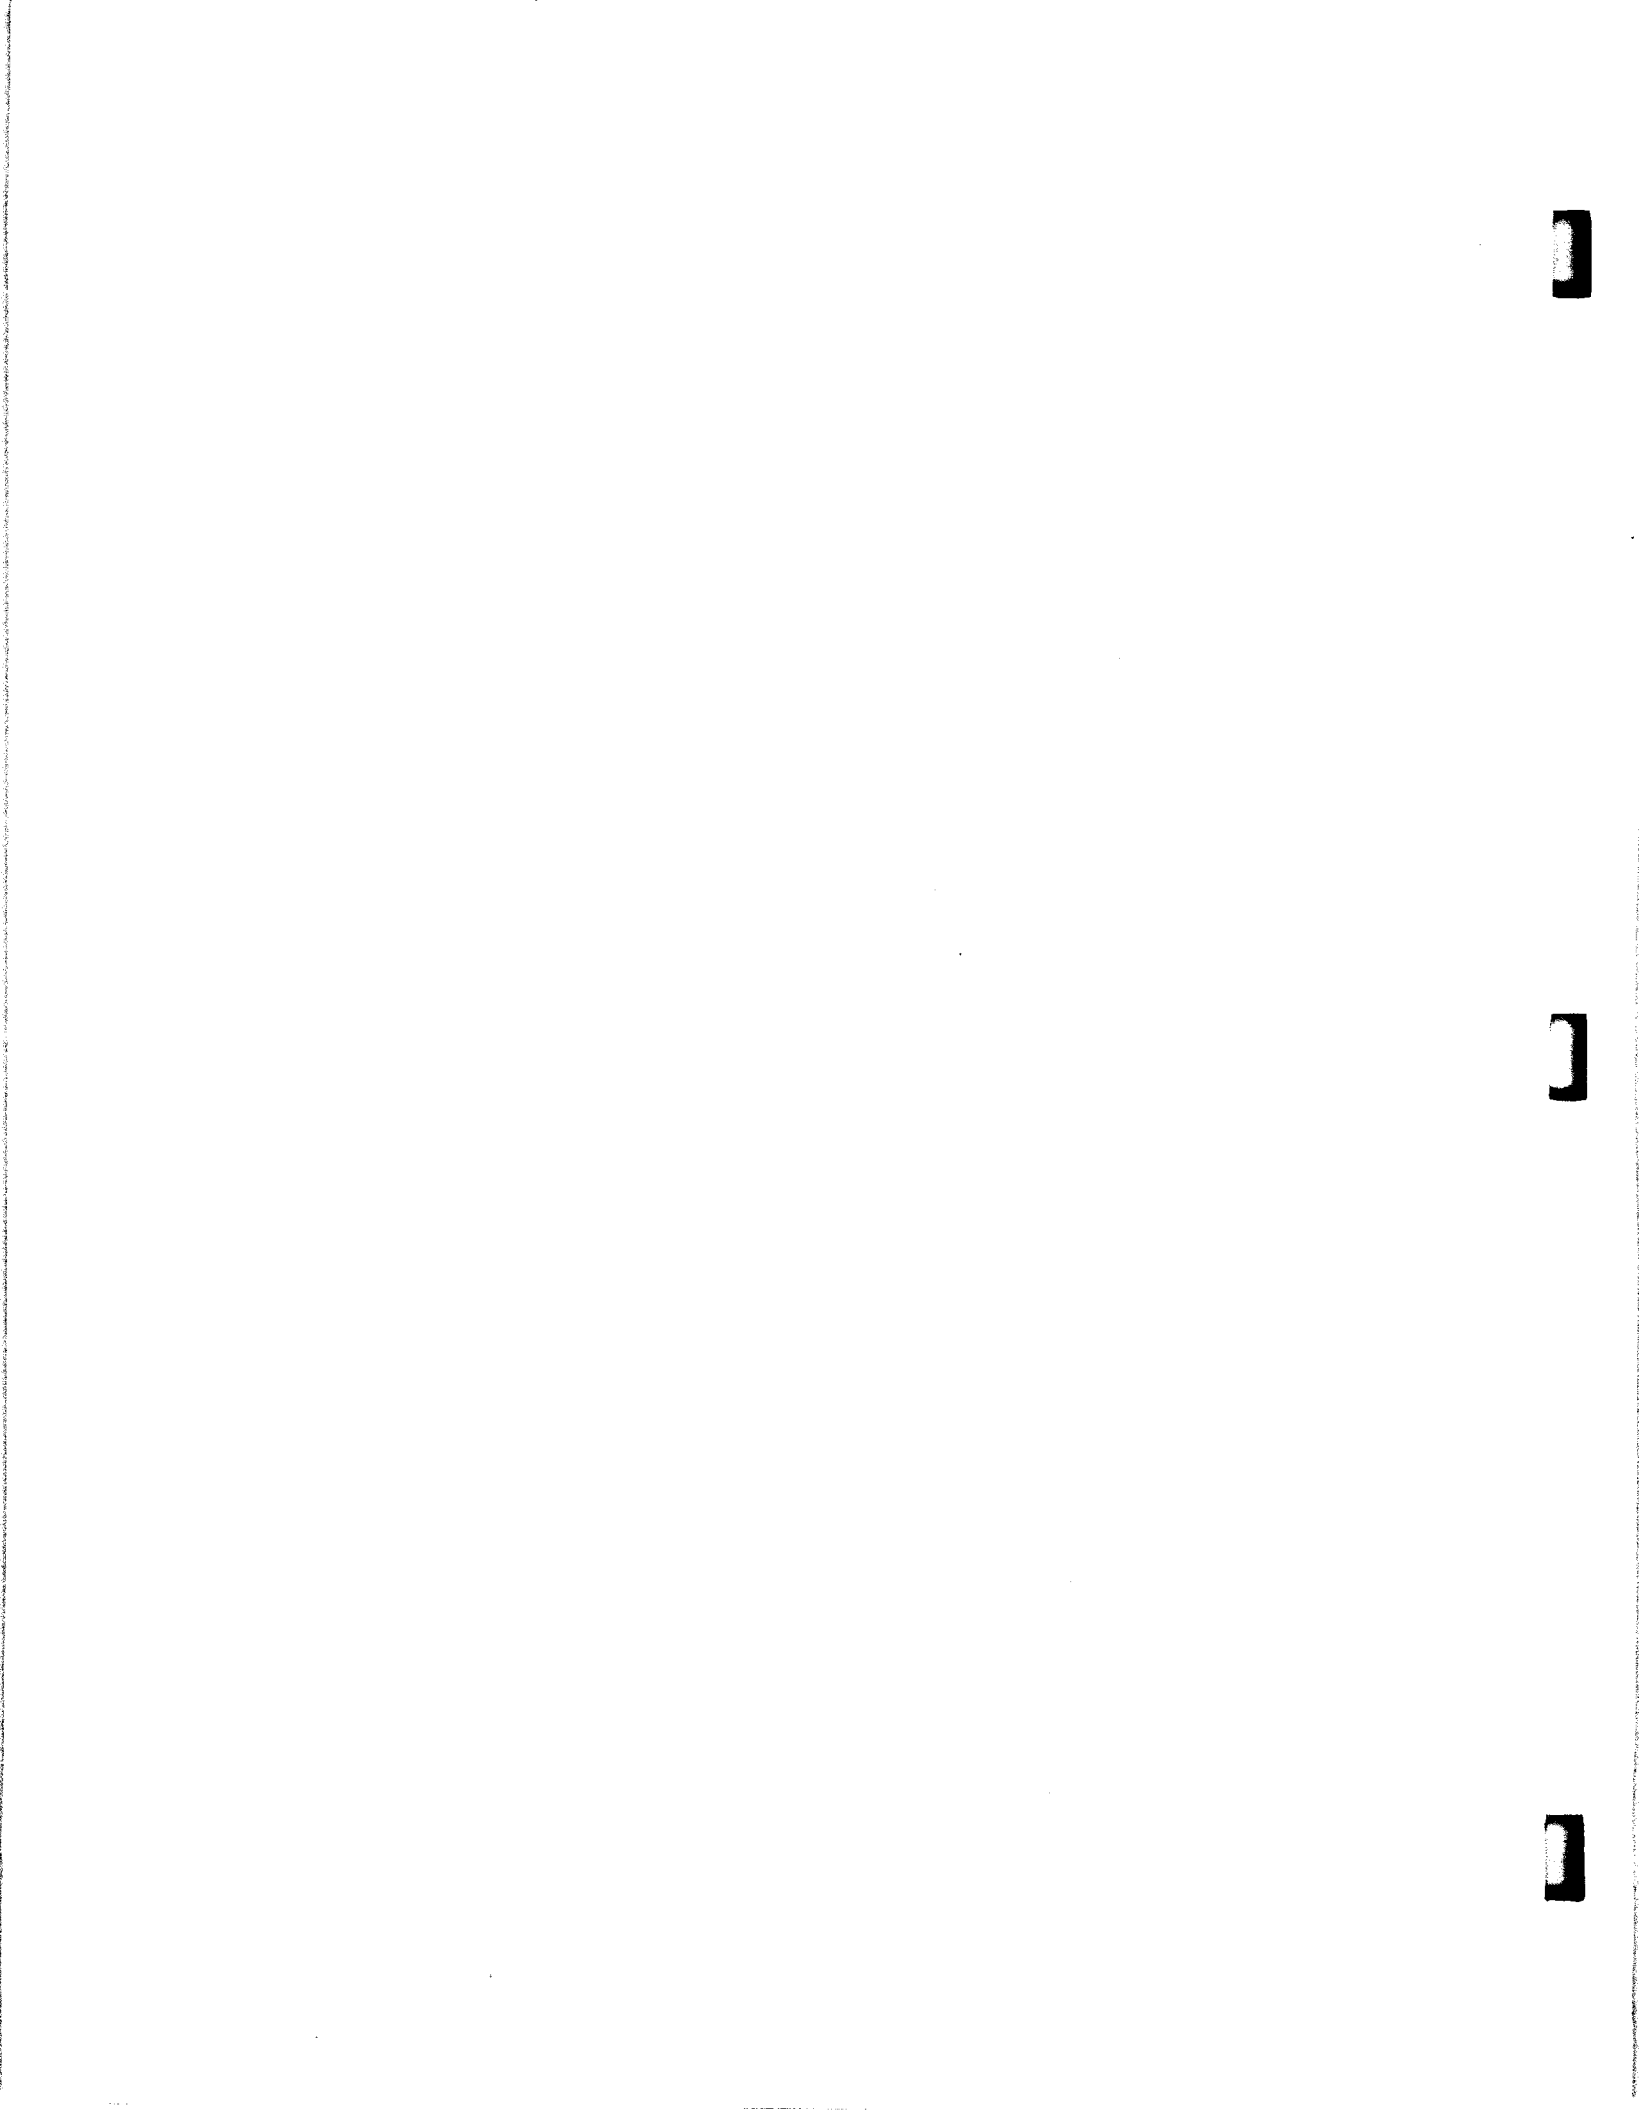

Letter was addressed to Mr. J. Claude Johnson, (copy sent to Miss Dent) informing that \$250,000.00 was the highest price they wanted to pay for the Leonardtown public school.

Meeting adjourned at 5:50 p.m.

approved

Leonard S. Alvey
president

Notice of Public Hearing on proposed Budget for 1952-53 was sent to Enterprise and Beacon, with the request they be published May 16 and 23, as required by law. Meeting was set for May 27 at 2 p.m. in the Court House.

May 27, 1952

All members and their attorney were present today. Board met earlier today due to planned meeting with the Bd. of Education in the morning and the Budget Hearing set for 2 p.m.

After approving vouchers for salaries and expenses the Planning Commission had a very short meeting with the Commissioners. The Board agreed to return the old Public Landing at Abell's Wharf, in exchange for Deed to 75 ft. R of W, with 30 ft. across the road for a new Public Landing. Deeds have been signed by all parties and are now being recorded etc.

Starkweather axes;- Mr. Abell reported on his visit to the home of Mr. Starkweather at Hollywood, the old Weems Hutchins place. He feels that since no improvements have been made for more than 10 years, and also that due to land taken by railroad and SRC, about 4 acres, the taxes are too high. He was instructed to reduce them as he felt proper, and in all such cases he had the authority of the County Commissioners to make such reduction as was necessary.

Meeting with Bd. of Education (Mr. Johnson and Miss Dent) and the architect they had secured to design plans for the new Public School in Leonardtown. The Commissioners desire a 12 class room, consolidated school with auditorium, home ec. room etc., fully equipped cost not to exceed \$250,000.00. Mr. Johnson was very urgent in his request that the Commissioners visit Banneker and see what a fine school it is, and plan Leonardtown school somewhat similarly, but the Comms. did not have time to make the visit today. They have set the price at \$250,000.00 and this will necessitate the borrowing of about \$60,000.00 which together with other funds is carried in the Budget appropriations. They do not desire to pay any more for the school and request that the plans be such that later, if necessary, additional rooms can be added. A long discussion was held relative to the proposed school and it was stated that to plan a school for this price, which will include architect's fee, will take a great deal of time.

7 Gables Creek- James Barnes reports that road to creek is in bad condition, needs black top.

Road between Claude and Henry Guy's needs a pipe lowered to drain

Lynch Wood asks that ditches be cared for- this is ~~not~~ a public not a private road. No action. Mr. Alvey will look at the road

Discussing the Willows ^{gutter & curb} J. Boesville Road, Mr. Thompson said that one mile of black topped road now costs between 90 and \$100 thousand. The road to the proposed school at Lexington Park area will cost about \$70,000.00. Housing Project will build curb and gutter on one side, Zantzinger et al to build same on other side. Mr. Thompson explained it is harder to put in the drainage without the curb and gutter.

A. J. Jones, Jr., representing the Town Commissioners called about the water main at Tom Bond's lot. Some Town Commissioners have the idea it was installed by the County Commissioners. It will cost about \$600 to repair same. Board took no action.

States Atty to Ocean City

Mr. Mattiarly asked if the Commissioners would assist in defraying his expenses to Ocean City where he is obliged to attend the States Attorney convention. The association holds 2 meetings annually, one in Baltimore and one in Ocean City. He defrays his expenses at Balto. The Board agreed to allow \$50 for the Ocean City trip, June 6-8.

PFA and others attend Budget Hearings.

The Budget Hearing was attended in the afternoon by members of the several PFA's, Miss Dent and others. Since it was explained that the tax rate is set in Nov since the Tax Bills have to be printed made up and sent out in Jan. the rate had already been established but there could be changes in the amounts allocated the different offices in the County Government. Interest was manifested only in the increment for teachers and in the new public school for Leonardtown. It was explained that \$16,000 was in the Budget for the increment and \$60,000.00 for the new school in Leonardtown. It appears that there is trouble in securing teachers for St. Mary's due to the fact that other counties are offering better salaries. The schedule for increment to salaries of teachers is included in these minutes. Miss Dent stated that there are now 6,000 children under 6 years of age in the County.

Board adjourned at 3:30 to visit the Erosion Relief Project at Tall Timbers, where the recent storms have caused much damage to a section of the wall. Mr. Bowen has made a re-survey of damage and estimated cost of same for remaining is \$2,000.00.

June 10, 1952

All members and their attorney were present at this meeting.

On presentation of claim for damage done by dogs, Mrs. Mary O Calloway, Calloway, Md., clerk was instructee to ascertain from Mrs Cabloway if she knew whose dogs they were, and if she did the owner should kill them-if he refuses he is to reimburse the County for the amount paid. If she does not know, Game Warden is to be requested to shoot the dogs. Claim was allowed at 60¢ ea for 81 chickens \$48.60

Leroy Thompson has 2 parochial school busses; says gas and oil is high and drivers request more pay; asked if Bd. would increase his contract. He was advised there are not sufficient funds to do this now, but the Board will consider the matter before the next budget is prepared.

James Mattingly presented bid to carry children from NATS gates to Little Flower school- 70.8 mi per day 83 children; \$293.11 per mol He was advised if possible Bd. will have Navy carry the children, if that cannot be done they will consider James' bid.

Mrs. Geo. Boyd of Chptico, reminded the Board of their promise to have the road leading to her home oiled, this was to be done in July.

Waring & Son presented survey on insurance for the Board
Pub. Liability from 5-10,000, anyone injured in County owned buildings \$69.95 per yr
Property damage 5-10,000 \$25.00 per yr
(damage to clothing etc)
Employee's compensation- 300.00 per yr
this latter would pay salary, hospitalization etc of any county employee injured in any of the County owned buildings during working hours.
Board will consider and give reply

John R. Drury and Son, presented survey for
Public Liability, only \$180.34 per yr
No action taken on either of these.

Bid recd from So. Md. Oil Co
#2 fuel oil to County owned bldgs
3/4 cents per gal below posted price at time of delivery
#2 fuel oil for new County Health Bldg, in transport
1 1/2¢ less per gal on posted price.
Bids have been requested from Thrift Oil Co and Burch Oil Co- no decision will be reached until these are received.

Trial Magistrate's report for May and check recd \$397.55

Breton Beach- citizens (Messrs. Fritz, Chappellear, R. and J. Brubacher, Saunders, White et al) appeared requesting that something be done about the road before winter, as it is almost impassible. The dust in summer is terrible. 1/4 mi long, needs gravel, oiling, Board advised they would bear it in mind for this fall- it is a Dead end road, serves 20 homes, is 12ft wide and overgrown with weeds, -4-5 years ago the SRC did some work there, but should be

widened now to 30 ft. R.E. Wingington did not appear, but said he is willing to give land to widen the road, if necessary

Donaldson-Carpenter Road- Chaptico about 12 yrs ago, Messrs Carpenter, Fowler and Donaldson appeared before the Co. Coms. and requested that the road be taken over. The Bd at that time more or less promised to put the road through-from Tin Top school Mr. J. Claude Johnson was a member of that Bd. When the old road was not kept up farms had to be abandoned. Road to Mr. Donaldson's was kept up-if the Bd would put pipe in the road and drain it it would help. Property owners have agreed to give the necessary gravel if the SRC will grade and put pipe in the road. DEED on record for 30 ft Right of Way. Mr. Thompson was present and said there is no possible chance to do it this year. He feels all members of the Board should see the road before making too definite promises. Board agreed to see the road before next meeting

Willows-Jarboesville Road. papers to be completed by clerk for financial statements on Thursday and given to Mr. Nicolet and Board will apply for Federal aid to build the road and it is understood the Board can do better by making a personal visit to the Fed aid Bd than writing. Needs 8200 linear ft cost approximately \$160,000.00.

Leonardtwn School. Miss Dent appeared to ask the Board if they would change the article which appeared in the Beacon, that the Commissioners expect a 12 class room school etc., top price \$250,000 She feels doubtful that a school that size could be built for that amount. Feels that the Board of Education should spend the money wisely and do things in an economical manner, would be better to use the number of class rooms, but it would not be less than 10 rooms. She talked on the subject at length and left asking for a reply as soon as possible. After a discussion among the Board, Mr. Sterling dictated a letter saying that the Board insisted on a 12 class room school, with all other facilities, and that \$250,000 was the price set for the school.

Teachers increment; The Board had planned a schedule for the increase in teachers pay to amount to \$16,000.00 per yr, but at that time no teachers at a \$2500 salary ~~minimum~~ were included When asked if she could use the allotment to cover whatever grades of teachers would be here in 1952, Miss Dent advised that it would be all right, but she was also advised the allotment would not exceed \$16,000.00 per yr. The starting salary for the increment is \$2500 and no teacher receiving over \$3000.00 is included.

Mr. Stawley Torbet was in about the New Health Bldg. He said it is definitely the County's building, and the only stipulation is that it must be used for the Health Center for 20 years, after that they can do otherwise if they so desire. Mr. Alvey asked who would pay for the heat and Mr. Torbert said he would take it up with Mr. Gaines of the State Board Dept of Health in Baltimore.

After lengthy search there appears to have been no DEED from Capt. M.R. Bailey for a Public Landing in the 7th District. Capt Matt talked about the matter, but never gave a DEED as far as the records show.

Farm Bureau- A.E. Durfee of the Dept. Agriculture; Messrs. J.I. Johnson, Wm. Garner, F.B. Hayden, Pres. Farm Bureau Ralph Stevens, B. Reeves called about the county having a full time Assistant County Agent. They feel it is necessary to teach the young farmers, and the 4H boys how to farm along modern lines. Many old fashioned farmers still operate here and it is felt that if an Asst. County Agent can start the young boys in the modern manner, the County will show more progress. At CBHS where they had an agriculture teacher, those boys are way ahead in their work as the boys at GHS where they had no such teacher. It appears that there is not available a part-time county agent as we have had in the past few years as all the counties realize how important it is to have a full time man on this work. A long discussion followed, and the Board agreed to add the amount of the fulltime agent to the allotment for the Dept. of Agriculture.

Board adjourned at 4 p.m.

Approved

Leonard S. Alvey
president.

June 24, 1952
Regular Meeting

All members and attorney were present at today's meeting.

Clerk was instructed to purchase fan for Commissioners' room and small ladder for Treasurer's office to reach Tax books.

Bids for fuel #2 for the season 1952-53 were received from
Thrift Oil Co .121 per gal
So. Md. Oil .134 less $\frac{1}{4}$ ¢ for 2 small tanks
 $\frac{1}{2}$ ¢ " 1 large "
Gulf Oil Co always at prevailing price

Contract for all tanks was awarded Thrift Co and they were so notified.

Trial Magistrate J.D. Hurry returned to assume his duties June 16-

Roads- Library etc. Letter from Miss Pickrell, librarian of St. Mary's Co. Mem Library asking whose roads they were, who should care for weeds etc. Letter sent advising they were property of Tudor Hal Co., but that Commissioners had requested the road from the blacktop parking lot all around the lot owned by the County, and encircling the library. If these are deeded to the County, they will maintain them.

Insurance-Public Liability- Jas. Waring & Son were authorized to write Pub. Liability Ins. for employees in the Court House and to cover property owned by the County. This insurance is \$25-\$50,000.00 and became effective June 24, 1952, covers damage or injuries received while on County owned ground.

This does not cover injuries received by County employees while on duty.
Letter received from Mr. Lester Tippens, Dog deputy asking that any cases he is concerned with be postponed until his return from Atlanta, Ga., where he was called due to illness in his wife's family.

Received check for \$100.00 for rent for Fair Ground 1952

Deed for R of W to Public Landing in the 7th, given by Capt. M.R. Bailey and Mrs. Clara Bailey has been located. No deed for Public landing has been made

Letter from Mrs. B.R. Vredenberg relative to sanitary conditions and exorbitant rent for her daughter's apartment in Great Mills. Letter advised her matter was referred to Health Dept for the sanitation trouble, and she should consult Rent Control office in Lex. Pk about the rent.

Letter to Mr. Gaines, State Bd. of Health asking if State contributes towards heat, light and water expenses of new Health Bldg.

Roads- The matter of placing all county roads under the supervision of the County Commissioners was discussed, Alms House property considered a good location for garage etc. Will consider matter further at later meeting.

Appointment with Bd. of Education and architect re Leonardtown Public School postponed to Thursday at 7 p.m. due to misunderstanding of date with architect.

Board adjourned at 3;20 to inspect damage done to Health Dept door by recent fire.

Respectfully submitted

Approved

Leonard S Alvey

pr sident

June 26, 1952

A special meeting was held at 7 p.m. between the three County Commissioners and their attorney, with the Board of Education and Mr. Johannes, architect for the proposed new public school in Leonardtown.

After a lengthy discussion it was finally agreed that the cost of the school, every possible item included, should not exceed \$300,000.00. This will be a consolidated 12-class room, Home ec. multi-purpose etc., school. The cost of paving grounds etc is included in the above price as well as the architect's fee.

The meeting adjourned at 10 p.m.

June 27, 1952

Letter with 5 copies for approval of Mr. Alvey had been received from Mr. Tilp for the erection of an additional partition in office #4 of the New Public Health Building. Mr. Tilp's office was contacted by phone, that the Commissioners would not approve this partition, letter to this effect and the five unsigned copies were returned to Mr. Tilp.

Incentive Fund check for 1951-52, requested by Bd. of Education was to be held by clerk until after the July 8 meeting of the County Commissioners.

RESOLUTION

Merchantable Timber on Alms House Property

WHEREAS A. J. Goldsbrough of St. Mary's County, Md., has applied to the Board of County Commissioners of St. Mary's County, Md., a body corporate and politic, for the purchase of all merchantable timber standing on the property known as the "Alms House Property" lying and being in the Third Election District of St. Mary's County, Md.,

AND WHEREAS the Board of County Commissioners of St. Mary's County, Md., aforesaid, hereinafter known as the Party of the First Part, do hereby bargain and sell to A.J. Goldsbrough of St. Mary's County, Md., aforesaid hereinafter known as the Party of the Second Part, subject to all the restrictions set forth in an Agreement between the Party of the First Part and the Party of the Second Part, dated July 8, 1952 and filed herein, properly signed, witnessed and notarized, all the merchantable timber now standing or which will be standing on the property above mentioned, for two years next from date of the agreement noted above, for the sum of TWELVE HUNDRED AND FIFTY DOLLARS (\$1250.00) receipt of which is hereby acknowledged

NOW THEREFORE BE IT RESOLVED, and it is hereby resolved that the Contract between the Party of the First Part and the Party of the Second Part is declared just and binding for two years from the date of the above noted contract, subject to all restrictions as noted in said contract.

July 8, 1952

July 8, 1952
Regular Meeting

All members and their attorney were present at today's meeting.

Alms House Timber

A contract was entered into with Mr. Jack Goldsborough for timber on the Alms House property. Contract duly signed and notarized is on file. Check for \$1250.00 paid by Mr. Goldsborough marked for deposit in the Building Fund. The proper Resolution regarding this contract will be prepared by Mr. Sterling

Assessment protest

Mr. Warren Kmunke of Tall Timbers protests the assessment on his property. He was advised to see Mr. Ralph Abell who will return from Md. U at the end of the week.

Roads- Compton

Col. Hilman called about the road at Miss Martha Poole's. He was informed that the Commissioners agreed sometime ago to take over the road if properly surveyed and DEED for 30 ft R of W was made to them. Miss Poole came in a few minutes later and was told the same thing. Necessary culverts along the road will be installed by the Commissioners, but the land owners will pay for them

Sanitary Rules and Regulations

Complaints have been made to the local Health Dept. about lack of proper sanitation in several bars, taverns and restaurants in the County. Several have been put out of bonds by the Navy. To correct this condition Dr. A.D.Houser, local Health Officer and Mr. Jack Bell, sanitarian had prepared a set of Rules and Regulations which sometime ago they presented to the attorney to the Board and the States Attorney for their opinion as to their legality. Both attorneys agreed that the Ordinances were legal. The Board agreed to study the Ordinances and if they appear proper, they will be published in the County papers and the people concerned can become familiar with them. If accepted the Ordinances will not go into effect before Jan 1953 which would give all concerned time to get their places into favorable condition. Proper facilities for washing and sterilizing glasses, dishes, utensils etc., where food and drink is served on the premises should be installed in all places where food is handled. Where only a small amount of food is served, paper service of dishes, cups etc., could be used instead of putting the tavern owners to the great expense of installing a water system.

Country butter.

The subject of country or homemade butter being sold in some stores was discussed. It had been said that this butter if not clean and fresh could cause disease or an epidemic. Dr. Houser says that in the event the butter is impure or unclean, the consumer will make a complaint to the merchant who in turn will advise the party selling the butter that he cannot handle his products and this will bring about a better condition. Dr. Houser also said there is no record of disease or epidemic brought about thru country butter.

Local Dairy Praised

Dr. Houser was high in his praise of the Leonardtown Dairy owned and operated by Mr. Geo. Clarke. The latter offers a premium for milk with high butterfat content and of good quality. Many farmers have replaced the Holsteins in their herd with Guernseys of Jerseys raising standard of both herd and milk. He said this dairy rates as high as any in the State.

County Agent-Home. Demonstration Agent

Rooms in the new County Building to be occupied by these two agencies did not have communicating rooms, superintendent of building instructed to cut in the two doors, at a cost of \$110.00 each- phoned to Sutter about this)

Clerk was instructed to write SRC Engineer to have area for picnic cleared at Forrest Landing.

Bd. of Education Budget

Miss Dent presented her budget for 1952-3 which was signed by the three Commissioners and returned to her. Incentive Fund check for \$9515.58 for 51-52 was presented to Miss Dent. She assured the Board this was earmarked for the new Leonardtown Pub. school.

Eagle Construction Co.

Status of the land on which the 1,000 housing units is being built to be ascertained by Mr. Sterling. A long discussion terminated in this decision.

Tall Timbers.

Mr. Sterling talked with Mr. Buckler, attorney for Niles, Barnton Yost and Dankemeyer as to the status of the bonds for this project. Mr. Buckler suggested a test case thru the Circuit Court to be brought by a taxpayer, if the Circ. Ct. is of the opinion that the law is ok it will not have to go to the Ct. of Appeals and the bonding company will go ahead with the bonds. Mr. Buckler also suggested that the local banks be contacted for borrowing sufficient money to complete the project, without waiting for the sale of the bonds.

Clerk to Sheriff

Salary of Mrs. Bernardine Boyd, clerk to the Sheriff etc., was raised \$25.00 per month and Mrs. Boyd was so notified.

Meeting adjourned at 4:30 p.m.

Approved

Leonard S. Alvers

President

July 22, 1952

All members were present at today's meeting.

The following list of owners of slot machines, who have not secured a license was presented by H.A.Tennison, slot machine inspector

Frank Apell	Vernon Hayden's	Mech	1
"	Bernie's Bar	"	2
"	Oak Serv Sta	"	2
Ed Thomas	Greenland Gardens	Hlyd	1
Paul Colona	Gen.Ser Sta	Mech	2
S. Ferrell	Variety Store LP		1
J.V.Thompson	Thompson's	S.G.Isl	1
Chas.Price	Price's	Calif	2
Norris' Bar	W. Greenwill's	Hlyd	2
Abe Weiner	The Dock	Lex Pk	7
"	Gateway	"	4
"	Anchor Inn	"	4
"	Pt.Lkt Hotel	Pt.LkT	1
"	Arms Pl	Lex Pk	4

Since all who were late in securing licenses were not penalized, due to explanation that machines were new, the penalties collected from several were returned as follows

J.O.Mattingly	Palmer's	\$15.00
Clarke & Houseman	Calif	2.50
J.A.Latham	Ltn	20.00
E.Dyson	C.Hall	10.00
W. Greenwell	Hlwyd	20.00
W.R.Blair	Bushwd	20.00

Letters were sent to the above advising that hereafter all machines must be licensed on or before May 31, or they would be penalized according to law.

Property of Mr. Sol Russell for Pub.Landing has not been determined. Mr. Sterling will make full report at next meeting.

Civ.Def needs clerk for 2-3 hours daily. Mr. Thompson was authorized to secure one. Mrs. Nicolet has been working for Civ Def but does not have sufficient time to give to it

M.C.Thompson, Jr., tendered his resignation as Chairman of the St.Mary's Planning Commission. Letter was addressed to Mr. John Roahce asking if he would accept appointment to this commission-explaining there was no salary and meetings were held monthly, unless specially called.

Christ Church Road

Mrs.Wm.Hayden came in about this road. The Bd. and Mr. Thompson agreed to meet her at 4:30 pm in Chaptico to see what-if anything can be done to help. In 1951 Mrs Hayden was advised that if R of W could be secured the Bd. would accept it. This has not been done as yet.

Miss Mary Dixon requested repairs etc to road which would cost between \$8 and \$10 thousand dollars Cannot be done. She was so advised by letter.

Mr. Tilp came in about the steps to the new County and Health Office Bldg advising they would not cost extra. He also looked at the corridor in the Court House which the Bd desired to have partitioned off so they would have 2 more rooms in the Court House. He will send sketches at end of this week.

Mrs. Hayden asked about the salary of resident physician to Hospital- Bd agreed they would pay \$6,00 per year not \$7,200 as asked. Physician to be paid monthly when he comes.

Clerk authorized to purchase 3 ven. blinds for office of Clerk of the Circuit Court.

Mrs. Geo. Boyd requested repairs to Baptist Ch road-says when it rains 2 cars cannot pass as part of road was washed out in recent storm. Bd will look at road and report at next meeting.

Tentative sketches for new Pub. school in Leonardtown were viewed-no comments

Board adjourned at 3:30 pm

approved

Commissioners of St. Mary's County
Leonardtown, Maryland

Gentlemen:

At the regular meeting of this Commission held on February 14, 1950, it was voted to recommend to the County Commissioners that the Building Restriction Line on the north-east side of Shangri-la Drive be eliminated. This recommendation was approved by the Commissioners on March 14, 1950.

Conditions have changed during the past several years which makes it advisable to reestablish the Building Restriction line for the following reasons:

1. Shangri-la Drive is to be the main traffic artery leading to the 1000-unit housing project, the Elementary School, and future residential developments on the east and south of the Jarboesville-Willows Road.
2. The plans for the design of Shangri-la Drive upon which the recent estimates of cost were based call for off-street parking to be established in front of all of the new commercial buildings.
3. To allow parking on this artery is considered a traffic hazard and not in the interest of safety.

At the regular meeting of this Commission held on August 4, 1952, the recommendation of the Technical Advisor was accepted, that the County Commissioners be requested to rescind its former action and pass the following resolution:

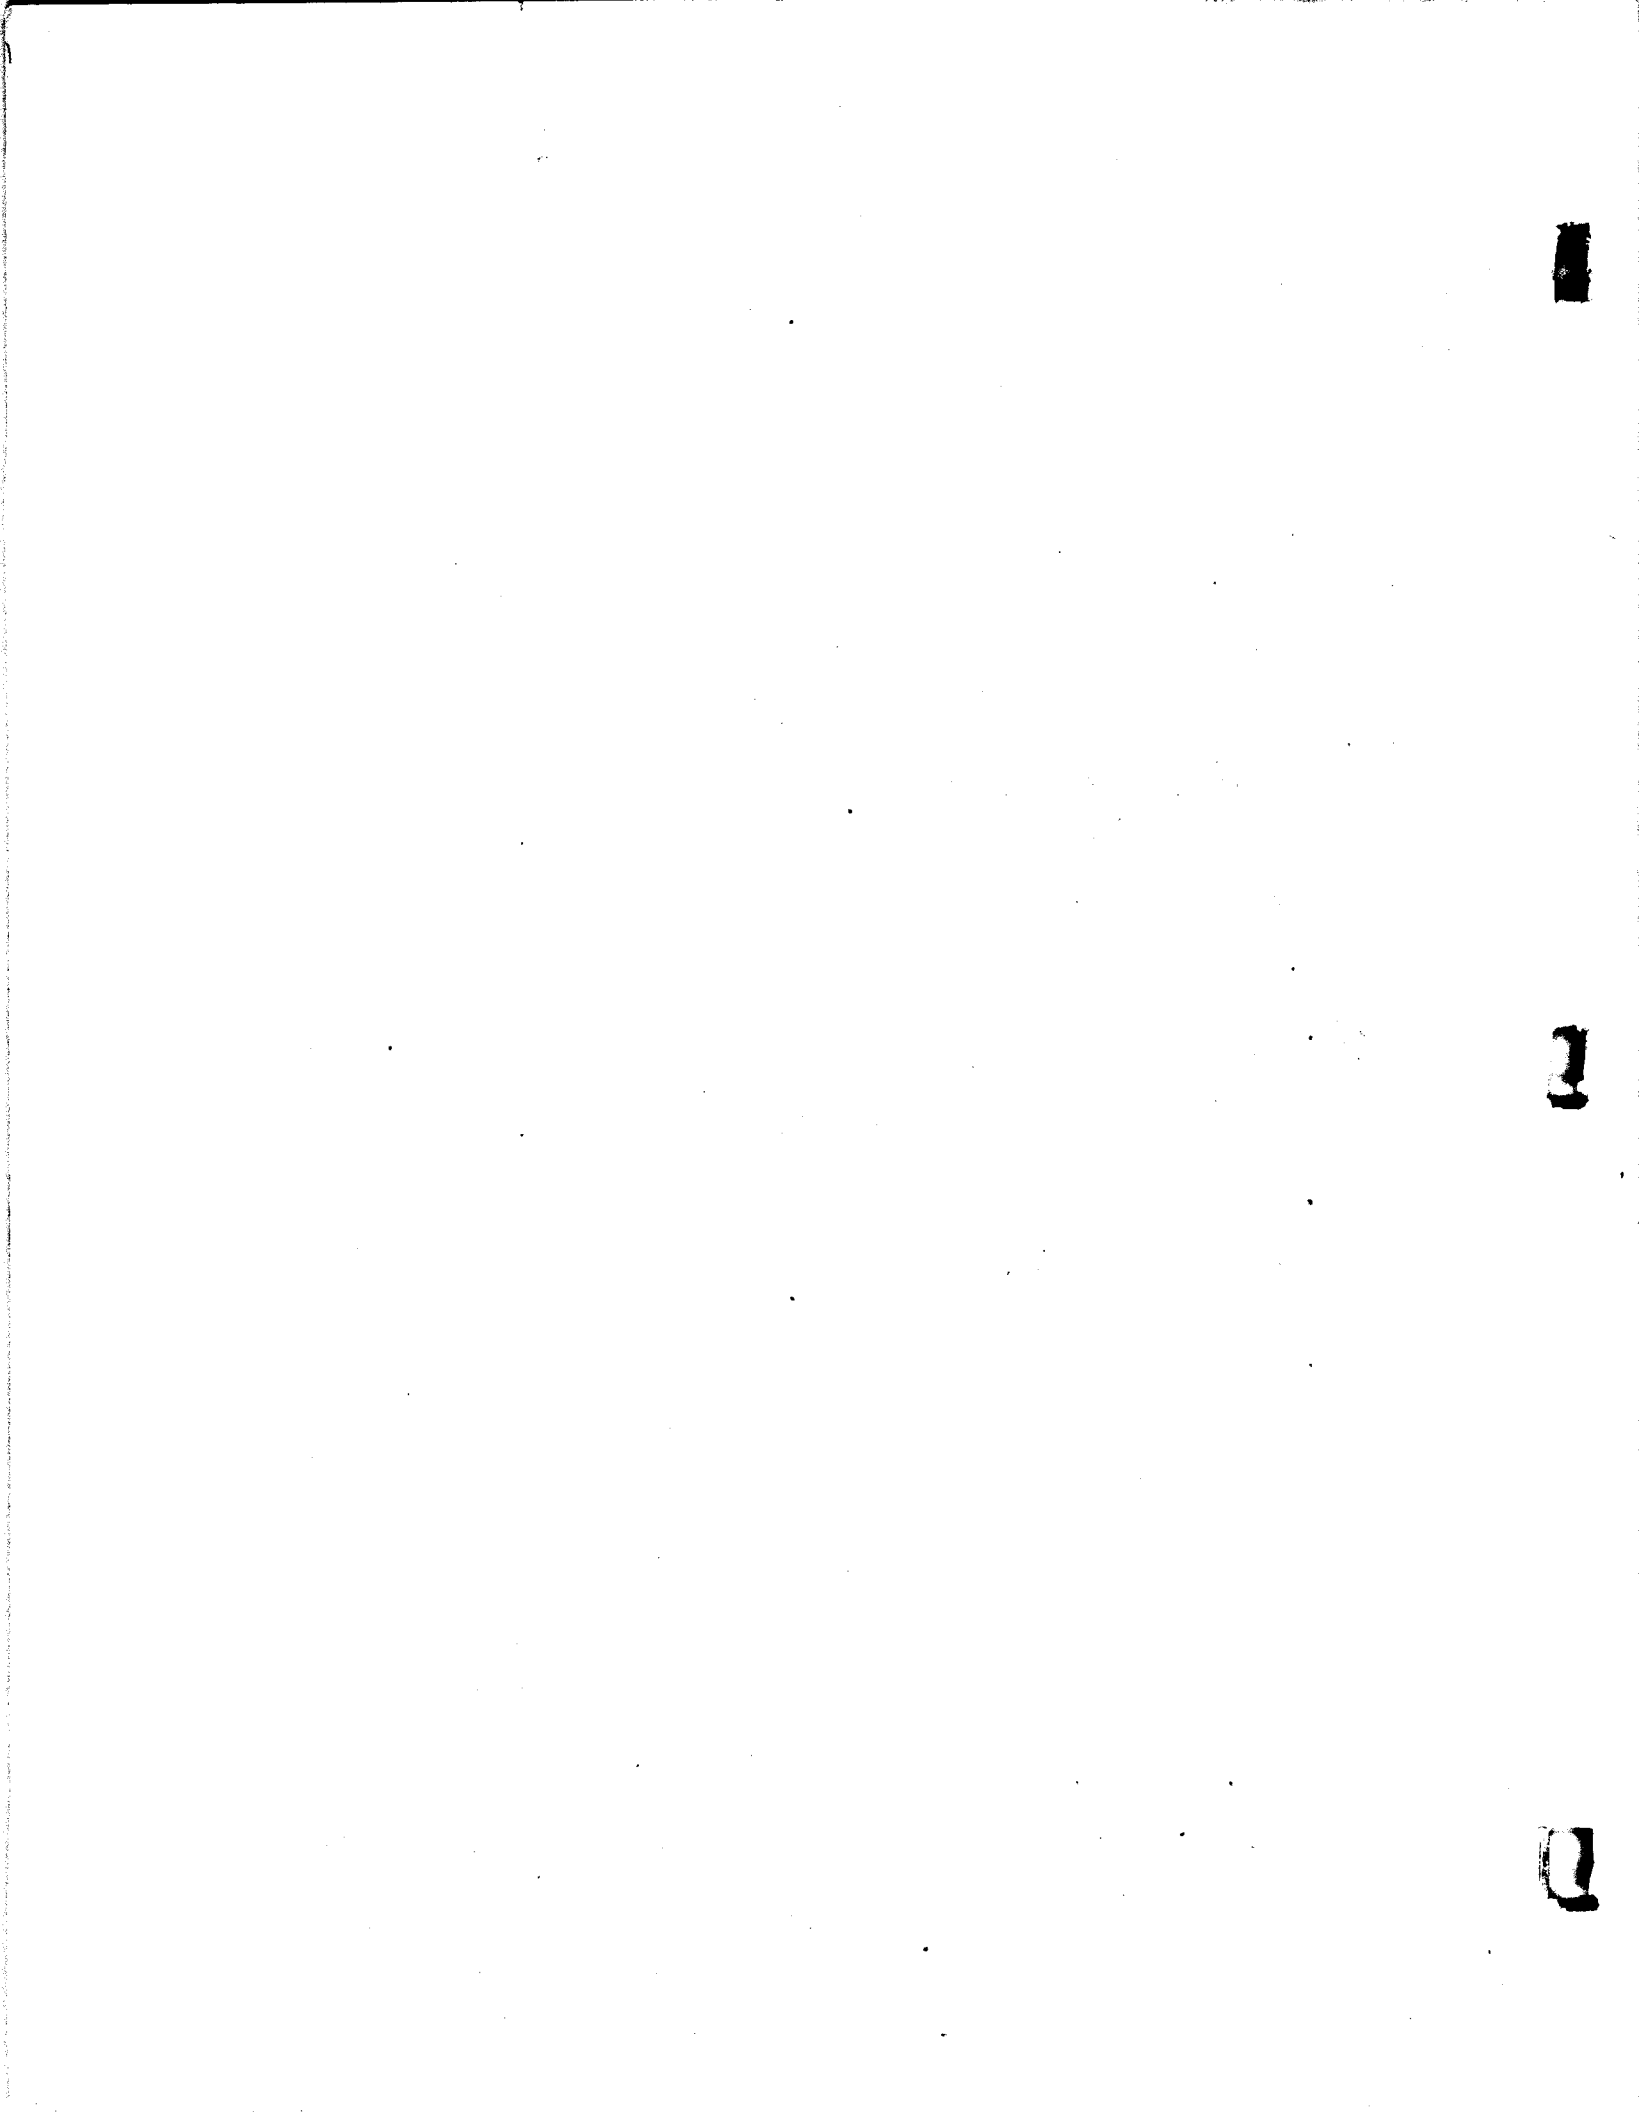

"Be it Resolved, that this Board of County Commissioners accepts the recommendations of the St. Mary's County Planning Commission to reestablish the 30-(thirty) foot building restriction line on the north-east side of Shangri-la Drive, extending from the east end of the building owned by Mr. John P. Rue, and known as Rue's Roost, to the intersection of Shangri-la Drive and the Jarboesville-Willows Road, and that this Resolution be entered into the records of the proceedings of these Commissioners."

St. Mary's County Planning Commission

M. C. Thompson, Jr., Chairman

Attest:

Secretary

August 12, 1952

Commissioners Alvey and Stone and their attorney present today.

Mr. Sol Russell advises that he desires to withdraw his offer to sell a tract of land leading to the old Chaptico Wharf, or Public Landing.

Col. Elmer Munshower, Supt. Md. State Police, advised by letter that Det. Srgt. Murray Jackson has been reinstated to full duty in St. Mary's County. Col. Munshower requests that a separate room be set up for the use of the State Troopers and he was informed that on completion of the new County Office Bldg this will be done. A letter from Srgt. Jackson asked for 2 chairs and two desks for this room. Board agreed to furnish same.

Letter from Mr. Clemens Gaines, State Dept of Health, advises County Commissioners are to pay for all heat, light and janitor service for the new Health Center

Welfare Board asked for renovations in their present building which they will occupy in full when County Agent moves to new County Bldg. Commissioners will go into this when new building is completed., and rooms are vacated. Welfare Bd. refunded over \$1100.00 for last year's expenses.

Enterprise, Lex. Park complained that they were not receiving information regarding Commissioners meetings. They were advised by letter both County papers have equal rights and opportunity to secure data of meetings if representatives are present. Also invited to attend all meetings.

Planning Commission advised that hereafter all Public Notices are to appear in both County papers.

Jones Landing Letter to Mrs. Walter M. Henderson informed her that permission had been given to Cliff Fuller and Franklin Bailey to erect wharf at Public Landing at Jones Landing, to be used by the public.

Dog Law-Kennel- Mr. Frank Bailey asked if a "kennel" license permitted one person to license several dogs and keep them in different places, or must they all be retained in one place. Mr. Steling will interpret this for him- all dogs so licensed must be kept on one place.

Judge Loker asked if old St. Johns Rd was County road. He would like County to place pipes at entrance to his farm if so, as he is repairing road. He was advised by letter that it is a County road and pipes will be placed there as soon as possible.

Clerk authorized to secure price list for supplies and furniture from LaPlata Supply Co and Park Stationer.

Jarboesville-Willows Road Mr. Thompson advised that there is a possibility

possibility that if the county builds this road, as they agreed to do, and have it ready when the 1,000 units are ready for occupancy- they may get a refund from Congress, thru the Housing & Home Finance Agency. Road will be 22 ft wide with storm sewers put in later. Road to be made with ditches. Mr. Bowman will give Mr. Thompson side lines and grades of road. Actual cost of all to be kept by MCT.

Mr. Gibson of the 7th asked for repairs on private road. Advised Board cannot do this.

Mr. Stanley Donaldson asked status of ~~proposed road~~ thru his farm. He was informed that when road is properly graded the County will put in the pipe. If man doesn't keep his word and put road in proper shape, then County can do nothing. Mr. Donaldson asked if road doesn't go thru will County give him back the DEED for R of W. He was advised the Board will consider this later.

Baptist Church road to be tarred in 2-3 weeks. Mrs. Geo. Boyd advised of this.

Messrs Dean and Capps called about their road in the 8th District new development. See minutes of Ap 8, 1952 when they were advised if the road meets with certain SRC requirements it will be accepted. They were advised by letter of the necessary changes to be made before road can be accepted.

Lights at Coral Pl and GM Road. Mrs. Hume Peabody, on behalf of citizens of Lexington Park asked the Board to place a stop light at this intersection which is considered a very dangerous place. She was informed this is a SRC matter, not for the County, but the Board will ask the SRC to make a survey and report on same.

Mrs. Kendall King-Red Hill Farms-6th Dist asked that section she is selling have County road thru same. Board advised this cannot be done until lots are sold and homes erected so at least some taxes are being received by the County- road in question is 7/10 mi. Four children of school age reside on farm and cannot get out to school in bad weather. Mr. Alvey and Mr. Thompson will look over road.

J.H.T. Briscoe representing Morgan Thompson asked price of one acre of land on Alms House property, adjoining lot of Mr. Joe Goldsborough. He was advised it would cost \$350.00

Mr. Turpin asked for permit to erect Tourist Court. Advised that area he owns is to be rezoned after Pub Hearing Aug 26, he was told to present his plans to Mr. Nicolet who will study same and advise if Planning Com approves of them.

Mar 14, 1950 Board adopted Resolution for setback Shangri-La- to Rue's Roost eliminating building restriction line. Aug 14, 1952 Planning Commission asks Board to reestablish that setback line Resolution was adopted, letter attached hereto.

Mr. Neil MacDonald presented bill for work on Tall Timbers Erosion

Relief Project, \$33,739.50. Board will review work and payment be made later.

Chirst Church Road- Board viewed this road and cannot accept same for County maintenance.

Board adjourned at 3;30 pm

Approved

Leonard S. Alvey

President

August 19, 1952

Board met today to grant requests for transportation to Parochial Schools. All contractors were notified to appear August 26, to sign contracts and to receive information regarding any change in pupils and scheduled stops.

Letter to Rev. J.M. Johnson granting request for new contract for L.M. Dorsey, driver Leon Barnes from Hollywood-Leonardtown to St. Joseph's Morganza, Md. Total 75.4 mi per day Contract for \$2,714.20 per year, payable in 10 installments \$271.42 per mo Sept 52-June 53. He was advised that no further mileage could be allowed this term.

Matter of incomplected contract by W.F. Sutter for New Health Dept. to be heard August 26.

Mr. Geo. Dederer called about Navy children being transported to Little Flower. This matter was taken up last fall and same decision rendered again this time. Navy will write asking Co. Com assume this transportation, Board will reply there are no funds for additional transportation at this time, should such funds become available (Pub. Law 874) the County will be in a position to set up the requested transportation for the children residing on the NATC Base.

Mrs. Boyd advised that the Baptist Church Rd, since the last rains is too narrow for 2 buses to pass.

Mr. Cecil Gibson asked about the road in the 7th-Gibson-Beitzell Road.

Bids are to be in for work in the hall of the Court House Tues. Aug 26.

Board adjourned at 3;30 pm

Approved

President.

NOTICE OF PUBLIC HEARING

In accordance with Chapter 599 of the Acts of 1945 as amended by Chapter 806 of the Acts of 1947, notice is hereby given that public hearing will be held upon the proposal to rezone properties located on both sides of the Three Notch Road, extending from the location where the railroad tracks enter the Naval Air Station Property, to and including the gravel pit located at the intersection of the Three Notch Road and the Esperanza Road from "A" Residential and Commercial, to Industrial, all as shown on a map which may be inspected in the office of the County Commissioners, at the Court House, Leonardtown, Md. This public hearing will be held in the Court House, Leonardtown at 10 A. M. on Tuesday, August 28, 1952. Any exceptions to this rezoning as proposed must be filed in writing with the undersigned on or before the date and time of public hearing.

August 26, 1952

All Commissioners and their attorney were present today.

Contracts for Parochial schools

Contracts for Parochial school transportation were renewed and several extensions allowed. List of contracts and extensions as of today appears at end of these minutes.

Flag pole

Old flag pole knocked down by Milstead truck. Mr. Milstead agrees to replace pole when and where Commissioners advise him same is to be erected. The Board desires it located 6 ft. south of the former spot, on the lawn beyond the iron pipe. Letter to Mr. Milstead advised him of this.

Reads

Road used by school bus from W. Yates' to Wilkinson's store needs to have bushes cut. Mr. Thompson was advised of this.

Public Landing- Mr. Sol Russell's place.

Phone call to Mr. Russell developed he does not desire to sell land for public landing. Price he wants for road thru his place depends on how much land is taken. Board desires 30 ft wide with space at end for turnaround. Mr. Thompson will stake this off.

Set back in Lex. Pk

Messrs. Zantzinger and James Waring disagreed that there was a set back in Lexington Park at Rue's Roost, as Planning Commission had notified Board by letter requesting that the setback be eliminated. After discussion it was decided to hold a meeting Tues. Sept 23 at 2 pm between the Planning Commission, this Board and Waring and Zantzinger. Minutes of 1950 state this hearing was held.

Lex. Pk. Hospital Committee

Mr. Gaylor Aschenbeck and Atty. Arthur Rysticken representing the hospital committee presented a brochure with maps and data relative to need for hospital in this area. The Commissioners had previously advised the Committee by letter that the County has no funds on hand with which to erect this building, nor could extra taxes be levied to take care of cost of maintenance. The Hospital Committee in applying for Fed. aid requested the Commissioners to sign a report relative to the need of Fed. aid for the project. The report was signed. Mr. Rysticken then stated that if Fed. funds are received it does not necessarily follow that the hospital must be erected in that area, but wherever it is deemed best to locate it. The Lex. Pk. Hos. Com has agreed to furnish the site.

State County. Coom. Conference.

Clerk instructed to make reservations for Mr. Alvey and Mr. Guy at Geo. Washington Hotel, Ocean City for State Comms. conference Sept 6 -7-8- This was done.

Street ligyts in Patuxent Park area

Mr. Abe Weiner presented a letter relative to installation of street lights in Patuxent Park. Installation would carry no charge to the County, but the monthly cost would be about \$60. No action was taken.

Chimney Sweep

Mr. Boggs was advised by phone to clean chimneys at Court House, Alms House and Welfare B.dg for the price of \$70.00 This was done.

Erection of 2 walls in Court House.

Four parties were requested to bid on this work, but Mr. R.B.Duke was the only one to do so. His bid was \$457.00- blue prints have been prepared by Mr. Tilp. After waiting several weeks Mr. Duke was given the contract

Public Hearing- 3 Notch Rd & Gravel Pit

Public hearing set for 10 a.m. rezoning 3 Notch Rd from Railroad tracks to gravel pit, from "A" residential to "Industrial" copy of ad is attached hereto. No protests were sent in writing-no persons appeared. Rezoning was approved.

New Public Health Center

Meeting between Commissioners, contractor, architect and member of bonding company in regards to the lagging of work on this contract. Dr. Houser and Mr. Stanley Torbet were also here. Mr. Sutter agreed he would have the building ready for complete occupancy November 1, 1952. He explained that at the time he signed the contract he notified the architect and the Commissioners there would be a delay caused by inability to secure proper steel etc. which would hold up the job. Signed contract July 17, advised of the above by letter in Dec 1951. 300 days was time allocated for the complete project. A letter was written to Mr. Sutter advising no time extension was granted on this project and the building just be completed by Nov. 1, 1952. Mr. Sutter agreed verbally to this.

Leonardtwn Pub. School

Miss Dent informed the Commissioners that preliminary sketches of the building had been approved by the State Consultant architect and she hopes to have blueprints ready and advertise for bids by Nov 1, 1952 and work started before Xmas, with school ready for use Sept. 1953

Leonard S. Sutter

Sept. 9, 1952

Meeting today attended by all commissioners and their attorney.

Report of Trial Magistrate J.D.Hurry received for the month of August 1952, check for \$292.45 deposited in 1st Nat. Bank, Leonardtown.

The auditors have requested again that the Commissioners secure a safe in which to place the Tax Books, in order that they may be better preserved. They suggest visiting the Diebold and Mosler Safe Co in Wash.DC, where a used safe could be secured at a nominal price.

Dean Capps Road- Towne Creek Rd.

Deed for R of W of Towne Creek Road has been accepted after another visit there and inspection of the road by the Board. The FHA District Office in Wash.D.C. was sent a certified notification of the acceptance of this road.

Red Hill Farm Road.

Mrs. King again appeared with Mr. Driscoe urging the Board take over this road. Road was said to be a very bad condition with deep ruts etc. Mrs. King explained that there are 2 children living on the farm who desire to attend school and the bus cannot get in. Bushes need trimming. For years previously the County maintained this road. It is $1\frac{1}{2}$ mi from an old Public Landing. The road now is built up to the barn. Will contact Mr. Thompson and see if road can be taken over. If so, Mrs. King must follow the procedure of survey etc and Deed to County. Miss Dent came in later and said she had asked Mr. Fred Greenwell to carry 2 children over this road to meet the bus but he was unwilling to do so, unless road is repaired.

Mrs. Miller of the 7th District came in again about her road. Her neighbor is behaving badly about the road and she has already broken 2 axels on her car and chassis, caused by the holes in the road where the turkeys and chicken wallow. No action on this.

Mr J.J. Johnson inspecting the rooms he hopes to occupy when the new Health Bldg is completed said the present foreman said he knew nothing about cutting in the two doors ordered. Mr. Alvey and the others talked to him and showed him the signed requisition which provides for this work. (Doors have been cut in)

River Springs School road- needs to be scraped. Mr. Thompson will see about this.

Penalties for not securing Slot Machine license

Mr. Tennison was informed when he presents a form for failure to secure license for slot machines, he must also add the fine of 10% per month, in this way the party knows just what he will have to pay when he secures his license.

Mrs. Jackson and husband reported Douglas Corner, 34 families on road from Dudley Herbert's corner to Jackson's gate desire to have road blacktopped. Mr. Guy knew about this, and Board will consider the matter.

B.E. Tennison of Ridge claimed that dog belonging to J. Frank Raley, Jr had killed 44 turkeys. Also another dog which stays at Chas. Raley's in Scotland killed some of them. Game Warden was contacted and requested to see owner- if he will pay for the damage he may keep the dogs. Mr. Tennison says dogs were full of blood, but Mr. Raley says his dog did not kill the turkeys.

Partitions in Court House.

Letter to Mr. B.B. Duke instructing him to order materials needed for the project and to proceed at once with the work, bid was \$457.00

Mr. Frank Bailey asked for extension of his route 1.8½ mi one way, 3.7 mi per day \$133.20 per annum \$1320 per mo- granted.

Board adjourned to inspect a road.

Approved

Leonard S. Alvey
president.

September 15, 1952

Special meeting today as court is in session. Mr. Alvey and Mr. Guy present, all day. Mr. Stone part of the time.

Mr. John Bean reported that his extension of route to Tall Timbers for 8 children- as far as the Pub Sch Bus turns, adds 6 mi per day to his contract, \$156.00 per year making his full contract to date \$11,588.00, \$1158.80 per mo.

Dr. Houser explained in detail the out-patient program for communicable diseases in Health Program. Board authorized him to approve admission of patients from St Mary's County needing this service. Letter to be written confirming his authority.

Clerk requested to write Miss Lettie Dent advising that the road from ShangriLa Dr to the new Pub Sch in Lexington Park will be completed by Nov. 1st.

Oil and Road program to be prepared for 1953 work at next meeting.

Mr. Ted White appearing for Navy in regard to transportation of school children residing on NATC and attending Little Flower or other parochial schools, This was done last year by the Navy at a cost of \$649.70. Mr. White feels if the County will pay for this service (reimburse the Navy who does the actual transporting) that some exchange value program- perhaps roads may be worked out with the Navy. Mr. White will attend next meeting and report on this.

Sub-Division at Tippetts Road- Park Hall. Golden Commissary requests County take over for maintenance a road they are building. Letter was addressed to the company advising that if the road is built according to SRC specifications the County will accept same when properly surveyed, deed to County prepared and recorded etc. Two copies of the plat were requested for the SRC

Capt Will Clarke reported a road needing repairs.

Letter was addressed to SRC requesting that balance as of July 1, 1952 \$20,847.74 be transferred to Maintenance Authorization

Chapico Public Wharf. Mr. Thompson is to stake this off and also enough road for a turnaround for a bus etc. After the road is staked off Mr. Sol Russell will advise how much he wants for the land. Road will be on building program for 1953

Board remained in session until 1:50 then adjourned.

Approved

Leonard Alvey

President

September 30, 1952

Tyler-Tennison right of way thru farm. Argument between town~~er~~ of Tennison far and Tyler Farm property sold to T~~ler~~ by Mr. J.D. Hurry who walked it off. Property never properly surveyed.

Mr. J.J.Jhnson, County AGENT INTRODUCED Mr. Loren M. Huddleson who has been appointed as full time Assistant County Agent.

Benedict C. Smith of Ridge, plans sub-division, also Welfare Club similar to that of St. Joseph's planned by Fr. McKenna- want County to accept Road for maintenance. Mr. Thompson will see the road and report at next meeting.

Mr. Waring asked that letter be sent to Mr. Pierre Ghent advising if the County is paid fees by the Government, the County will reimburse him for work on the work done for Zantzinger etal.

Letter was sent to Mr. Thompson requesting him to complete installations of pipes and entrance to farm of Raymond Tennision.

Earl Gatton was allowed an extension of route and to³put on Station wagon to carry 19 small children in 2 loads-Mrs. Gatton will drive the station wagon and he will be allowed \$1500 for this route

September 30, 1952
Special meeting

This morning the audit of 1952, with the exception of the Sheriff's books, was handed to the Commissioners by Mr. David M. Gruber, CPA. Mr. Gruber explained several items in his report and talked at length about a Billing Machine, which can be rented for the purpose of preparing the Tax Bills rental for about 7 hours would do the work it requires clerks to do in about 6 - 7 weeks. Mr. Gruber spoke about a safe for the records which Mr. Wilkinson says he does not think necessary. Mr. Guy and Mr. Sterling are to go to Washington to see about a safe and will contact Mr. Gruber.

The audits are required by law to be published in the 2 County papers for 2 weeks, prior to the election in November. Mr. Gruber is sending this audit to the papers next week. He spoke about taxes on the 1,000 units which are built on land leased from the Government, but by private concerns. We cannot tax the land, but there is hope that we can get taxes from the improvements. He will also send Mr. Sterling information on this subject. If it is decided not to purchase a safe, he suggested that the present safes be checked for their fire resistance qualities.

Wilson Greenwell, asked permission to sell 2 coin operated machine licenses to Abe Weiner. This was not allowed. Letters to Mr. Greenwell advised him this cannot be done. Letter to Mr. Weiner advised him the decision of the Bd and also stated since he had been informed that licenses were due, he must secure them at once from the Clerk to the Court and pay the penalty

Dr. Gamble came in to report that the bank fill on the Erosion Prevention project at Tall Timbers was sinking and that the Contractor, and Mr. Thompson, had informed him that before the job was completely finished this would be refilled.

New Health Center- Inspection by the US Public Health Service called for ceiling in basement storage area to be plastered. This was agreed upon by the Commissioners. Mr. Sutter, Mr. Tilp and the foreman advised of the agreement.

Board adjourned at 1:30 pm

Approved

Leonard S. Harvey
president.

October 14, 1952

Full Board met today.

Roads Mrs. Robt. Mcgee, Mrs. Ed Macon and Mrs Gen Macon met with the Board concerning their road which had already been discussed with Dr. Macon and he was advised Board would include the road in the County road system as soon as possible. Letter was written to Dr. Macon advising him of this, and stating Commissioners hoped to have it done in early spring of 1953.

Board agreed not to pay over \$5 for large turkeys killed by dogs

Mr. Otis Wood, representing Lexington Lions asked for permission to visit Alms House and see about installing radio or some form of entertainment for inmates. Letter was addressed to Mr. Ford, Supt., asking him to cooperate with Mr. Wood in place to install radio etc.

Roads Mrs. Miller of the 7th again asked for some help in her road situation. Mr. Jim VanWard is not cooperative. She was advised her only help lay in bringing him before the Trial Magistrate's Court since he had admitted giving her Right of Way thru his farm, which he now keeps filled with refuse etc. Board then said land could be condemned and jury would put a price on it and if R of W is given the County, road will be maintained by County.

St. Mary's Beach- Hines Engr. Corp. Mr. Hines Jr called about a road at St. Mary's Beach Sec 1 was developed in 1947 has 35 permanent homes. Mr. Thompson has seen the roads in this subdivision. Commissioners agreed to take over maintenance of Sec 1 and await further developments in Sec 2 of this tract. To advise Mr. Hines of their decision. Roads in this section are 50 ft streets 20-28 ft.

Zantzinger and Waring- lengthy discussion was had about the setback-(Mar 14 and Aug 14,) Mr. Ghent is to prepare drawings showing what they want, with setback line withdrawn, angular parking and setback on opposite side of road. Board would be willing to remove setback line if by doing so will not interfere with traffic.

Waring's Sub-div Road requires 6 inch compacted gravel and pipe 15 in in diameter, road to be shaped up.

Air Raid Sirens have been installed at Lexington Park and McKay's Beach Vol. Fire Depts and 7th District 2357.05 Check for same made to F.L.Anderson Co of Balto.

Mr. Johnson, on road between Carrol's and Briscoe's near gravel pit has built home, asks that road be graded as far as gravel pit- he built the road as far as the gravel pit himself. Board agreed road to be dragged when dragging Caroll's road to Dietrich's.

Petition for road from St. Andrews' to Wise Corner, to be hard topped.

Matter to be considered.

Odea and L^ooyd road to be extended and accepted. 6th D

Board adjourned at 3;50 p.m. *Leonard S Alvey*

November 12, 1952

The full Board met today and most of the meeting was spent in talking about roads.

Paul Bell complained that the Sisters fail to have Academy doors open when he brings in his first load of children, and it is now too cold and bad for them to remain outdoors until he returns with the second load and then collects those who go to Medley's Neck school. Clerk was instructed to write to Sister Superior and ask that doors be opened for the children to go inside. Clerk phoned, and then wrote.

Stephen B. Foxwell was instructed, by letter, to install piles at the Public Wharf at River Springs- all labor and material to cost not over \$1244.00

Arrangements were made for Mr. Alvey, J. Ralph Abell and Wm. Sterling to go to the State Tax Office to ascertain if the new units at Lexington Park- Center Gardens could be taxed.

Tax Review set for Dec 10 at 10 a.m.

Letter was written Mr. Chaney of the SRC advising that the County Commissioners would reimburse the Md. SRC cost of constructing concrete curb and gutter along the proposed dual section of proposed reconstruction on Route 246, approximately one-half mile and will dedicate to the SRC, so far as their right, title and interest in the 20ft. on each side of the proposed route.

Mr. Thompson reported that the road to the new "ex. Park school was not completed but usable and will probably start the graveling next week.

Board adjourned at 3:30 pm

November 25, 1952

The County Commissioners and their attorney met this morning.

Request from Mrs. Gilbert Dorsey for reimbursement for bringing son to meet Paro. Sch bus denied. Trip too long for bus to make for one child, 12 mi round trip per day

Applications denied for claim of damage by dogs from Dr. Walter Graham, begun by him and completed by another person Letter advised him to properly prepare claim and send in for reviewing.

Arthur Briscoe, claim begun by him, completed by his wife, and he appointed as one of the appraisers. Letter advising him how to properly prepare claim was sent.

Mrs. Dorothy Holmes, claim signed by 2 persons, one her daughter, returned with instructions for properly filling out another claim.

Alvin Pomerantz, % Style Center, "Lexington Park, Md., requested refund on Traders' License which he purchased for store in Mech. Store was sold and he was obliged to sell out his business. No refund allowed.

Mr. O'Brien of Remington, Rand Co called about a safe for the Treasurer's office as he says any safe over 25 years old is not even heat proof and there is grave danger to County records stored in such a safe. He was asked to inspect the old safe and make a report what is needed. Matter will be considered later.

It was decided to have each bus driver physically examined for fitness to drive parochial school bus. This is required by State Bd. of Education., for public school bus drivers. Board agreed it was a good thing and forms were sent out to all bus drivers for the examination which is to be made prior to January 1, 1953. Dr. Houser said have chest xrays made by the Health Dept and this will save the bus driver \$10.00

Mr. Waring and Malcolm Guy, representing citizens residing on Horse Head Road, appeared to request the Commissioners take over the road in that sub-division. Mr. Thompson says the road must have a 6 inch compacted gravel bed, and 15 inch entrance pipes installed before it meets requirements of SRC. Mr. Waring said at time of building road 4 inch gravel bed was required by SRC. Board agreed to accept road when properly repaired and DEEDED to County, at owners' expense.

Mr. Bailey reported a sharp turnat Staunton Guy's where parochial school bus passes, and asked that it be cut; also road a Geo. Boyd's in bad condition- both dangerous to school busses.

Willows-Jarboesville Road;- letter from Mr. Pierre Ghent about reimbursing him for work on plats etc. Mr. Sterling to dictate letter about this.

Public Hearing at 2;30 on proposed Ordinance and Regulations of Health Dept. Attached hereto. Approved by Commissioners.

Mr. Aubrey Stone asked if there was a public dumping ground, or place for disposal of garbage in County. He suggested County provide these in different sections. Matter not given full consideration as yet.

Budget reviewed and deductions made. Corrected budget will be ready for Dec 9th meeting.

Clerk instructed to write Treasurer of Charles County for Tax bill in order that this Board may consider printing on each bill the proportion of money used for various items such as Pub sch. Fire and police protection; Roads etc.,

Board adjourned at 4;35 p.m.

December 9, 1952

The Board of County Commissioners with their attorney met today in regular session.

Mr and Mrs Gladstone, Willow Glenn Farms, 4th District, came about a R of W which would be in part thru Dr. J. Bay Jacobs land. After a slight misunderstanding between the two parties, Dr Jacobs refused to give R of W. It was suggested that Mrs. Gladstone ask him what price he would consider fair for the ditch & bank. If present road is followed it will be necessary to take some of Dr. Jacob's land in. Mr. Alvey explained that where fences are removed the owner furnishes the fence and the County replaces it. Mrs. Gladstone is to write and advise what Dr Jacob considers a fair price.

9th Dist.

James Edgar came in reference to County maintaining road thru that section, which serves 4 families. He was advised that unless the property owners would agree to give 30 ft. of land along roadway it could not be accepted.

Benedict Smith- Desires County take over road thru his subdivision. He was informed that when more houses are built there, and a road made the County will consider maintaining same. He was instructed to contact Fr. McKenne, S.J., in this matter.

Camp Dengees Road. County has deed for section of road, but road should now be widened, straightened and old tree in roadway removed. 30 ft R of W is recorded in Liber JMM #11-416-17. They were advised the County will need a new deed and survey of plat and then will accept same and widen road as soon as possible.

Mr. Sol Russell;-Cant see the necessity of a ditch along his road will damage his property especially near his house. He will advise if he will agree to 30 ft road at house and 40 ft road after the turn is made.

It was decided to inform the SRC the County would pay not exceeding \$2,000 for curb and gutter inlets on the proposed new dual highway along Great Mills.

Mr. W.S. Torbet, State Health Dept called about use of basement for storage. Said it must be absolutely free of everything or Fed Dept of Health will not accept the building. Later, written permission must be secured from Dr Houser for agencies using the building to place articles in storage.

The Board inspected the new Health Center and are very well pleased with the building and the price.

The date of Dec 20 was selected for the Public Hearing on the Proposed Budget 1953-54 at 2 p.m. Notices were sent to both County papers for insertion on Dec 12 and 19.

Meeting adjourned at 4 p.m.

December 10, 1952

The County Commissioners, Supervisor of Assessments, Tax Assessor and their attorney met today in Tax Review on new buildings throughout the County.

Mr. Paul E. Casassa, Executive Director, Camp Winslow Boys' Camp, called about having camp tax exempted. Mr. Sterling read him a letter from the State Tax Commission which advises the camp is taxable. He was given Mr. Mueller's name and address and if after a conference with him the decision of the State Tax Commission is reversed, the County will be glad to exempt the camp. No protest was made as to the amount of taxation placed on the camp.

Mr. Frank Aud came about the rate on his new home. Mr. Abell explained that it was brick, etc., and that raised the value. No reduction in taxes was allowed.

Horse Head Road, Mr. Waring called for an appointment with the residents on this road and was given 1 p.m. Dec 16.

Board agreed to meet with the Board of Education, architect etc., Town Commissioners on the matter of the bids for the new Public school in Leonardtown. Board had set \$300,000.00 as top sum to cover all expenses. Lowest bid was \$386,086

Board adjourned at 3:30 p.m.

December 16, 1952

A special meeting was held this afternoon between the County Commissioners, the Board of Education of St. Mary's County, Md., representatives of the Town Commissioners of Leonardtown, Mr. Johannes, architect and members of the Leonardtown PTA, in conjunction with the low bidder of the Leonardtown Public School Project, Mr. Roland B. Duke.

The lowest bid for the school was 64,000.00 above the amount set by the County Commissioners. It was suggested that the low bidder and the architect meet to negotiate the matter of reducing the cost of the school. The County Commissioners requested permission to sit in on the negotiations and Mr. J. Claude Johnson, president of the Board of Education assured them of a welcome at each such meeting. The Board of Education also allocated an additional \$20,000.00 towards the project making their allocation

Special Meeting

The Commissioners with their attorney met today for the proposed Budget Hearing 1953-54. Others present were R.B. Broun, Jr., Rev. Gordon Clewes and wife, Gen. Hume Peabody and wife, Hon. Henry J. Fowler, R.B. Duke, Miss L.M. Dent, Mrs. Julia Cuniberti, Mrs. C.E. Fenwick, Miss Hewlett, Miss Long, Miss Jane Mattingly, Com. J.T. Henderson, Dr. Houser, Dr. Locke, Jack Lancaster, W.M. Loker, Jr., Mrs. Maud Gardiner, Mrs. E.D. Chase, Mr and Mrs Theodore Elwell

Library.

All of the above were interested in having the County appropriate \$3,000, in addition to the 4¢ allotment, to be used for the salary of an assistant librarian. After a discussion on the subject the Board agreed to take it under consideration.

Schools.

The above group was also interested in the school problem, increase in salary of teachers and asked a \$300 increase for every county teacher. The necessity for planning additional new schools was discussed. Board agreed to consider the matter of the increment.

Board of Education.

The Commissioners then met with members of the Board of Education, R.B. Duke, Mr. Passarelli, P.H. Dorsey, Jr., A.L. Rysticken atty for the Bd. of Education, Mr. Johannes, architect for the new public school in Leonardtown. After discussing plans and the money available to the County Commissioners

1952-3 Budget	\$60,000.00	
1953-54 "	<u>\$60,000.00</u>	\$120,000.00 ✓

1952-3 "	\$11,139.55	
***Other sources <i>Levell</i>	<u>\$20,000.00</u>	<u>\$65,655.13</u>
**Promised by Mr. Johnson)	Total	\$343,655.13

To meet the lowest bid- that of Roland B. Duke

Base Bid	\$363,680.00	
Less Alternate #3 makes total bid		\$359,380.00 ✓
Plus architect's fee		<u>21,562.00</u>
Total Cost of proposed school		\$380,942.00 ✓

The Board of Education reiterated that the Commissioners would have the funds they had pledged. Mr. Johnson had returned alone to advise the Comms. of the additional \$20,000.00 just agreed upon. The majority of the Commissioners agreed to accept the bid. Mr. Alvey dissented, stating that \$350,000.00 which included the architect's fee was the limit the County could go for this school. It was suggested that a list of possible reductions for the Leonardtown school be prepared and sent to Mr. Johannes,

with the hope that a savings can be affected in the cost of construction. This was done.

County Commissioners approved paying \$100 for their share of the salary of 2 attorneys appointed to the State Association of County Commissioners. Letter was written.

Public Health & County Bldg

Library and General conference room on the second floor of the building is to be made available to all County agencies, not only those occupying offices in the building. Clerk is to keep a roster of dates room is assigned to various agencies. Letter to each agency advising them of this decision, Bd. of Education, Farm Bureau, Home Dem. agent, State Troopers, Soil Conservation Comm. PMA, etc.

Mr. M.C. Thompson advised that R of W will be secured thru property of Mr. Sol Russell, Chaptico for the purpose of leading to a public wharf. Board agreed to purchase this land.

A. Loker representing Mr. Lee Wilson appeared about entrance to latter's property at Lexington Park. Board agreed to this.

Mrs. Cuniberti had addressed a letter to the Board relative to the \$3,000 for the library. Mr. Sterling dictated reply, advising her it had been granted.

Prior to adjourning Board agreed on the \$3,000 additional amount for the St. Mary's County Memorial Library and \$16,000 for the teachers' increment to cover the grades covered by the 1952-3 allotment.

Board adjourned at 5:30 pm

December 9, 1952.

County Commissioners,
Leonardtown, Maryland.

Gentlemen:

At the regular meeting of this Commission held on December first, the technical report of the Technical Advisor was carefully studied, and was ~~unanimously~~ approved.

As the report states, the set-back line was eliminated at the request of Zantzinger et al in order that land could be sold to Mr. John P. Rue and Mr. Rue's approval was given on condition that he provide 100% off-street parking. We are of the opinion that the County Commissioners should request Zantzinger et al to make some provision for Mr. Rue to add an additional sixty feet of frontage for his parking, which is at the narrowest part of the land now held by Zantzinger et al, and which is not deep enough for a decent size building even with the set back line removed. It was suggested that a letter to Mr. Richard C Zantzinger in whose name the land is recorded who we believe will cooperate in this matter, be sent direct.

In the event that no satisfactory arrangement can be made between Mr. Zantzinger and Mr Rue, it is recommended that the matter be again referred to this Commission as a different solution must be arrived at so as to design Shangi-la Drive as a no parking thoroughfare with a narrower pavement and off-street parking in front of all of the buildings.

A copy of the technical report is attached herewith.

December 1, 1952

MEMORANDUM TO THE St. Mary's County Planning Commission

SUBJECT: Technical Report re Set Back Line, North Side of Shangri-la Drive, Lexington Park

After very careful study of the subject matter, your Technical Adviser recommends the following:

1. A few weeks ago a conference was held between Mr. Pierre M. Ghent, Mr. Richard C. Zantzinger, representing Zantzinger et al, and M. C. Thompsen, Jr., and myself, representing the County, at which time it was suggested that if the setback line were eliminated it be done under certain conditions as follows:

a) That the number of entrances from Shangri-La Drive to the property extending from that owned by Mr. John P. Rue be confined to three.

b) That the pavement width be 44 feet and 13-foot sidewalks.

2. Shangri-la Drive is definitely a thoroughfare leading to the thousand unit housing project; to the Baptist Church Site; to Route 5 near Park Hall; to the new elementary school; and to future housing projects on land now owned by Zantzinger et al. It is my technical opinion that Shangri-la Drive from Great Mills Road to its junction with the Jarboesville Road should be a no street parking thoroughfare with 4 traffic lanes.

3. The setback line was eliminated at the request of Zantzinger et al in order that they could sell land to Mr. John P. Rue and on condition that Mr. Rue would provide 100% off-street parking for his patrons. Mr. Rue has 28 tables which together with the stools at the bar requires a 28-car parking space. At the present time Mr. Rue has a parking lot with a capacity of only 12 cars. He needs an additional 60 feet of frontage to provide the necessary parking to comply with the Zoning Ordinance.

It is recommended that no action be taken by this Commission to eliminate the setback line until such time that Zantzinger et al and Mr. John P. Rue come to some satisfactory agreement whereby Mr. Rue will have sufficient space to provide for his off-street parking, otherwise it will be necessary for on-street parking to be allowed

on a traffic artery to the detriment of the public safety and general welfare as required of the County by the Enabling Act which states that it is the duty of the Commission to lessen congestion in the streets; to secure safety from fire, panic, and other dangers; to promote health and the general welfare; to provide adequate light and air; and to prevent the over-crowding of land.

Tell W. Nicolet, Technical Adviser

January 13, 1953

Regular Meeting.

County Commissioners met today. Since the agenda was not a large one, Mr. Sterling was excused from attendance as it was Annual stock holders' meeting day of the 1st Nat. Bank, and he is one of the directors.

Roads 7th District

Mr. Wood, with Misses L.M. and Fannie Joe Dent, Mrs. Cryer, etal appeared regarding a road in the 7th which passes thru the property of Col. J.F. Dent and others, formerly used by mail until 1941, now no longer a County road according to the SRC map. Road is between farms where wood is cut, but road is in such bad condition cannot get in to get the wood. Asks that road be repaired so folks can use it- about 1 mile in length. Mr. Thompson says it became an abandoned road in 1933. Mrs. Ellis says in 1934 the road continued to be used to the colored school in Milestown and the new road was built in 1934, but mail continued to use this road until 1941. Citizens made no protest as to conditions of road, hoping that it was on the list for repairs and time would come around for it to be repaired. Board explained that so far all money has been earmarked for roads used by school buses.

4th District

Mr. and Mrs. Gladstone called about the prospects of their road. Board will advise them later.

Coburns Wharf Road- road is under water. ✓

Trossbach Road at St. Jerome's. Mr. Thompson and Mr. Stone will confer on this and advise later. MCT to have road surveyed.

Board desires to confer with Mr. Sterling on authority for the Commissioners to adopt Bldg and Plumbing Codes and changes cost of Bldg permits.

Letter addressed to McClung-Logan advising them the Board confirmed the telephone order of Mr. Thompson regarding the purchase of 2 Moped D Tandem Drive Motor Graders-Allys Chalmers
price each \$4,975.20 each \$9950.40
less allowance on 2 2000.00 \$7,950.40
Model W- patrol graders Payments to be made in
April, May and June. \$3,000 each for the 1st 2 months
\$1,950.40 the 3rd month.

Clerk was instructed to contact Miss Dent and ascertain how many children attending public schools in the County live in trailers. This was done.

January 13, 1953

Page # 2

Letters regarding bridge at Cornfield Harbor Road. Mr. Buckley has purchased materials for bridge and asks permission to construct same. He was advised by letter to have the bridge constructed at no cost to the county. Later the road will be accepted by the County for maintenance. DEED has not been recorded.

Opening of new County Health and Office Bldg postponed to later date, after inspection of contractor, architect, owners etc., from Federal and State Health Dept. set for Jan 14th.

Miss Dent advised there are 289 children living in trailers. 74 families, 201 preschool children, 88 children in school.

Approved

Commissioners of St. Mary's County
Leonardtown, Maryland

Gentlemen:

An application was received from Gilpen Properties, Inc. for approval to construct an addition to the A & P Store in Lexington Park.

This Commission disapproved of the proposal that an entrance from the Tulagi Place Parking Compound be permitted because it would cause a continuing traffic hazard and further increase the existing traffic congestion.

A plan was approved by this Commission wherein the twelve-car parking requirement for the addition is provided by eliminating the waste spaces now occupied by grass areas which require useless maintenance by the County and serve no useful purpose.

It is recommended that you render permission for Gilpen Properties, Inc., to make the changes in the curb and paving arrangement as shown on the approved plan on condition that the work be accomplished in a manner satisfactory to your Board and at no expense to the County.

Upon your approval of the above, this Commission will sign an application for a Use and Occupancy permit so that a Building Permit may be issued and the work started immediately.

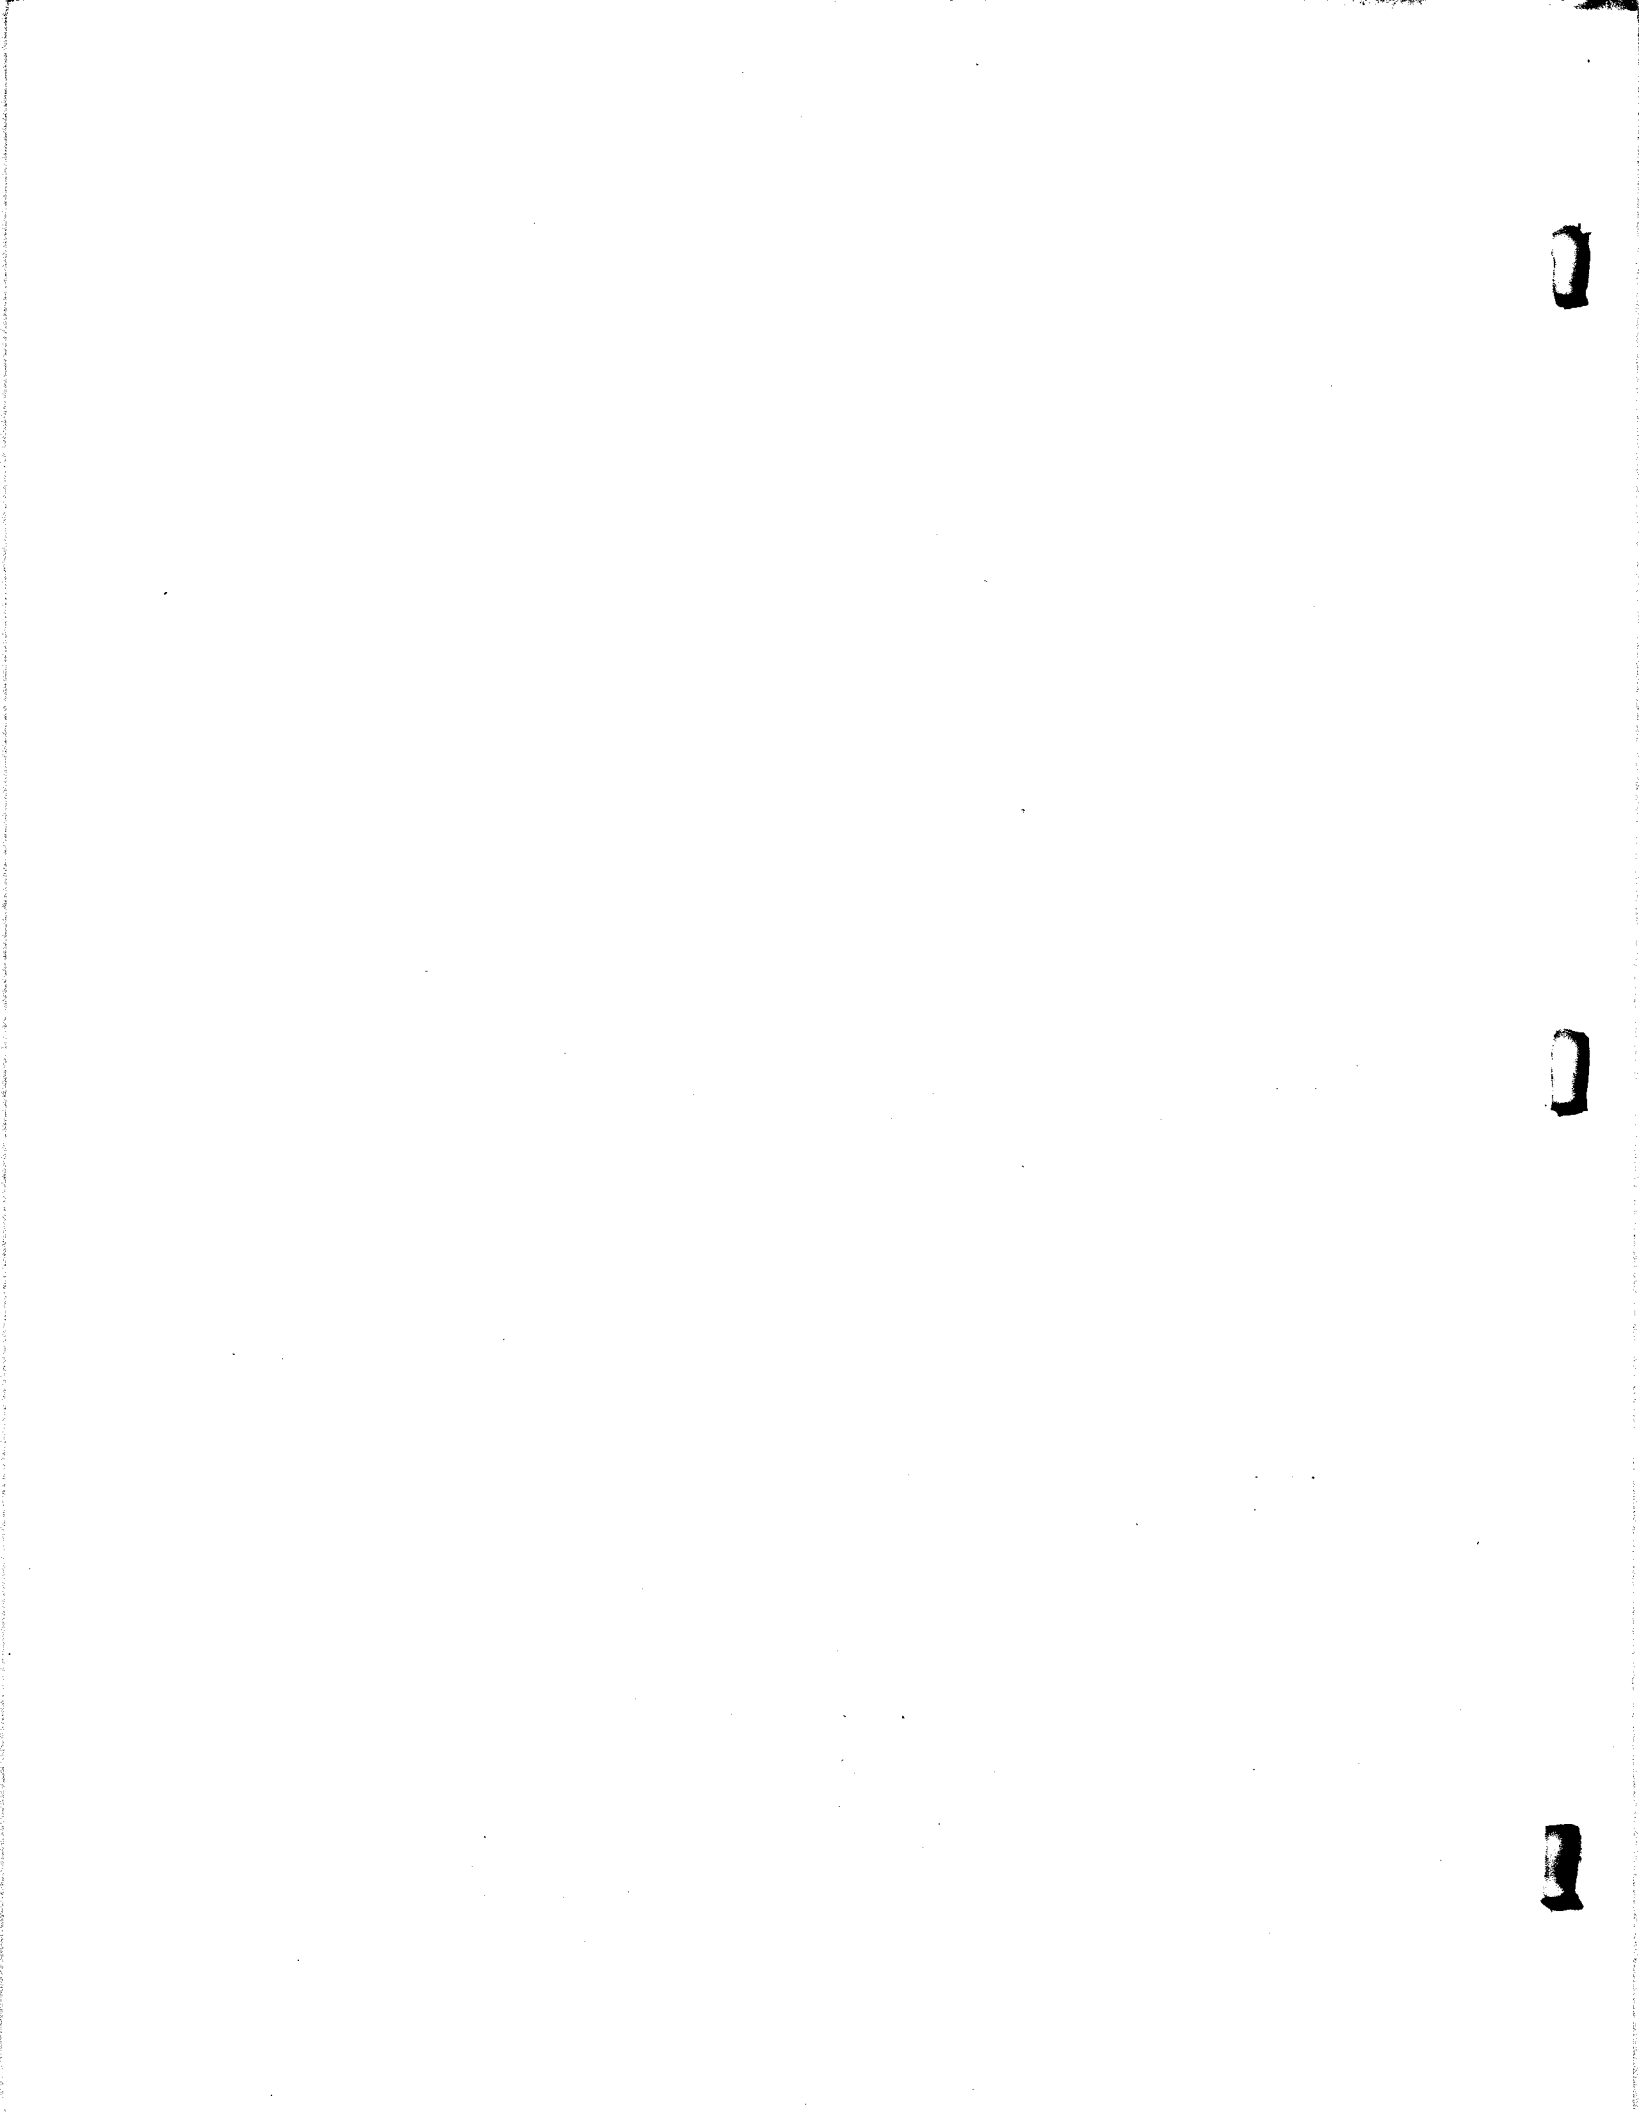

Very truly yours,

T. W. Bell

T. W. Bell, Chairman

January 27, 1953

The Board with their attorney met today in regular session.

Sanitation

Dr. Houser with Dr Robt Locke, newly appointed sanitarian appeared re areas contaminated in Veterans' building. Under supervision of Sanitarian 3 septic tanks were properly installed at 250 ft drainage as required by law. Other tanks were installed at 120 ft which was too close to the houses. This was done in the cheapest and fastest method possible, and the owners are now having to do it all over again. Dr. Houser suggests raising the cost of Bldg permits to pay a Bldg and Plumbing Inspector so the work can be done properly. The law of 1947 was passed to get new buildings on the Tax books. Special legislation is required to raise the Bldg permit to \$10 or \$20. Such a permit would require a permit from the Health Dept and insure inspection of sewage etc This new permit should be in sight at all times to protect the builder and purchaser, showing that all requirements had been met.

County Dairies.

Dr. Houser is endeavoring to have all county dairies certified by the Health Dept before June 1st, otherwise they will lose their permits to sell milk. Dr. Locke will spend most of his time on this and cannot inspect sewage of new buildings.

Eating Places

Several places in the County have been given a certain length of time in which to comply with the new regulations passed as of January 1st. Unless all comply with these regulations they will be closed, but there are only a few who have not done so.

1st Dist. Special Deputy

Mr. Henry Fenwick, Mrs. Mae Morgan and others came in and requested that Mr. Fenwick be appointed a Special Deputy for the 1st Dist to protect the merchants as there have been many robberies committed in that area. He was paid for one month by the merchants, but they now want the County to take over. Board agreed to consider the matter and advise him by letter, letter was written advising him the law allows the sheriff to have 3 deputy sheriffs, one for the lower part of the county, one for the upper end of the county and one for the Leonardtown area and the County does not have the funds for a 4th.

Andy Clark, member of the Isak Walton Fishing Club requested that since fishing in the summer brings a lot of tourists here, something should be done about hauling with seine in night, in Jan, Feb and Mar when the fish spawn. He was advised Bd. would take the matter up in Annapolis when they went to consult their representatives about several new laws for the County

A & P at Lexington Park

Owner of present store desires permit to enlarge same. W.A. Loker, Mr. Waring, Town Comm. T.W. Bell and Mr. Nicolet sec. of the Planning Commission appeared to consider the required parking space necessary for a larger store. Mr. Bell, chairman of the Plng. Comm., presented a recommendation from the body, which they agreed on 100%- Mr. Thompson did not approve. After a lengthy discus-

sion by all parties, the Board recommended the adoption of the Recommendation of the Planning Commission, and that they ve made a part of these minutes. They are filed hereto.

Waring, Zantzinger etal. Set Back at Jack Rue's
Another discussion took place about the set back at Jack Rue's restaurant. This matter will be taken up at another meeting on Feb 2, when the Planning Commission will be present, and a decision reached then as the subject has been under discussion for a long time.

Ins. on New Health Office & County Bldg.
Board desired to consider insurance on new building. Mr. Waring had appeared on this matter in the summer before the building became the property of the County and he was advised that when the Commissioners took it over they would contact him and divide the insurance among the agents in the county.

Inspection of new bldg.
Board adjourned to inxpect the new building which will be dedicated Feb 2 at 11 a.m. with Gov and Mrs McKeldin, Dr. R.H.Riley and other dignitaries among the guests.

Mr. Thompson was requested to have the road in front of the new building black topped as soon as possible.

Board adjourned at 4 p.m.

approved *Leonard S. Alvey*

February 10, 1953

All members of the Board and their attorney were present. Clerk absent due to illness, Mrs. Clare Raley is acting clerk.

Bd. of Educa.

Miss Dent requested the steel shelves in the Grand Jury room to be used in the library in the new County bldg. She also asked for new furniture for the General Conference room. Mr. Alvey suggested Miss Dent and Mrs. King select the furniture. Mr. Sterling will ask Judge for permission to use shelves which are the property of the County law library.

Road. 1st Dist

Petition requesting repairs for road to Fr. White Memorial presented by Mr. Ewing and Mr. Bohanan. Mrs. Gas will not give deed for road, R of W. (Mr. Clarke and Mr. Pembroke were present)

Legal Counsel.

Letter was sent to the County Commissioners Association advising this Bd. would contribute the sum of \$100 for services for legal counsel for the organization.

Painting Welfare Bldg

Bid of Herman Gas accepted for this work for \$400.00

Boys Camp Assessment. \$24,500.

Letter sent to officials of Boys Camp Winslow, Pt. Lookout advising them property is taxable and will be taxed.

Insurance for new bldg

\$60,000.00 has been set for insurance claim for new county bldg. Mr. J.T. Waring is to act as broker and split the insurance 5 ways, between all insurance companies in the County.

Sanitarian

Dr. Houser has appointed Mr. Virgil H. Mast as sanitarian he desires to be paid semi-monthly with his expense account on the 1st check.

Board adjourned at 3 p.m.

approved

REGUALR MEETING 2-24-53

U.S. Air Corp, Sgt. Combs asked for a room or desk space. He said the Air Corp was unable to pay rent. They could pay for utilities. The Comm. will give him room in the Court House.

Directory in the New Health Bldg. is to be put up and Mr. Tilt is having it made up.

Miss Dent was here to see about her tables and chair for the conference room and to see the Commissioners about a room for Mr. Waters who is the colored supervisor of schools for the Board of Education.

County Agents office wants to buy a Radio Recording Machine. They have the money to pay for the machine from last years budget and the Comm. granted them the right to buy the machine.

Law Library. The lawyers wanted to know if the County would appropriate them \$500.00 for the library. This was denied. The Library is to get help from the fines that are to be paid to the Magistrate Court.

Assessment Case. ^{Circuit} Mr. Reed (Eagle Const. Co.) asked the Comm for a tax settlement on the buildings of the govt. property. Claims he really does not have to pay taxes that they are on the govt. property. This was denied.

Road Case/ 8th District.

Road from Rues Roest to New Shool site at Lex. Park.

At request of Co. Comm. of st Mary's Co. the attorney called Senator Bailey in regards to House Bills #260,264,265,300. Relative to certain changes to be made theri-in as follows.

In House Bill 260 and 264 make the appropriation mentioned their-in discretionary instead of mandatory.

In regard to House Bill 265, make the effective date Jan 1, 1955 instead of June 1, 1953.

In regard to House Bill 300 make the penalty of such delinquent owners \$1.00 for each license that is delinquent.

Mr. Thompson asked for a check for \$4000.00 and received same.

Clerks Job in Comm office is to be permanent and Mr. Alvey asked about taking on additional responsibilities.

March 10, 1953

The regular meeting was held today with all members and their attorney present.

It was decided that Mrs. Clare Raley would be continued as assistant clerk with the Commissioners paying her \$50.00 per mo, the clerk paying her \$50.00 per mo and Civil Defense paying \$25.00 per mo, until July 1st when the Civil Defense will pay her \$50.00 per mo. Her appointment became effective March 1, 1953, and she will work part time for Civil Defense in the afternoons.

Civil Defense took up its abode in the New County Office Bldg authorization was granted Mr. M.C.Thompson, Jr., to purchase 1- 16 mm projector, with sound tract and films and to have electricity installed in the C. D. stations at Leonardtown, Avenue and Mechanicsville. Phone to be extension in SRC garage

Messrs. H. A. Sward and G. A. Owens came in. They represent Explosives Inc., located between the 3 Notch Rd and New Freedom Rd. Mr. Sward is senior member of the firm which is purely non-government, they expect to pay tax s etc. The plant is a munitions factory and employs 80% women. Details were given as to training, rate of pay, sickness leave etc., They anticipate employing about 1,000 to 1500 local people when they are in full operation.

Check #6226 1st Nat Bank, CGF#1 \$50,000.00
advance to Treas, J. Frank Bailey on 1952-53 budget

Salary for Justices of the Peace discussed
\$300.00 Clarence Dodge, Mex. Park, Md.
200.00 Harry Davis, Mech. Md.
100.00 Geo. Quade Bushwood, Md.

Board will consider Mr. Hurry's salary at next meeting. He was away part of Jan and all of Feb.

New Health Bldg-Board decided to take out insurance to the amount of \$90,000.00 to be divided among agents in the County

Srgt. Coombs, USAF requested bills in triplicate monthly for heat and rent of office space. He will also pay his telephone bill.

Board adjourned at 3;30 pm

approved

Leonard S. Avery
president

C.B.Thwaley, Half Pone Pt., Hollywood, Md., requested transportation to St. John's- bus would have to come 1.3 mile beyond present stop He was advised it would be impossible to make this extension this year.

Bill for W.L.Bowman, surveyor for proposed Chaptico wharf to be paid and amount deducted from SRC allotment in April

March 17, 1953

Co. Comm. met first Tuesday of Court

Mr Sterling was excused as he was busy with court. Mr. Alvey, Mr. Guy
Mr. Stone were present.

Three members of Grand Jury came to inspect the books and Mr. Alvey
showed them the ledger and the vouchers. They were satisfied and
were happy to know the County was not in debt.

Mr. Guy requested that a letter be sent to Bowie race track to ask
for passes for the Commissioners to use during the coming racing
season. This was done.

No regular business handled today.

Board adjourned at 3 p.m.

approved

Leonard S. Alvey
president

March 24, 1953

Regular Meeting

The Board with their attorney met today.

Roads

Dutchman's Cove extension accepted - letter to SRC and 2 copies of plat delivered to Mr. Thompson

Clarke's Landing to Yankee Pt. thru Norris and Lewis property will be accepted when DEED is prepared etc. At this time the road will be maintained only, not reconstructed.

Cornfield Harbor Road, Mr. Brickley asked for return of DEED and plat for Right of Way, as the owners decided to maintain road themselves.

Wharf, St. Catherine's Sound, White Neck
Letter to U S Army Engineers advising them the County had purchased this wharf for public use. 4 copies of drawing of wharf accompanied letter.

Folkner Photo Service bill was paid for Civil Defense Equipment They were requested to furnish Commissioners with 5 copies of receipted bill in order that County may be reimbursed.

Seal for Orphans' Court will cost \$90. Clerk was authorized to purchase same.

After conferring with Dr. Houser it appears that Mr. Mast is to receive the expense account, even when absent since his salary as Sanitarian would not be sufficient without the increment.

Mr. J.D.Hurry was not paid for Feb due to his absence for part of Jan and all of Feb. He was paid for March.

Jailor was informed Board would furnish paint for his bungalow if he would furnish labor. He will advise later.

Check from Comptroller's office \$158,000 for Leonardtown School.

Check to Treas for \$8,112.64 on Bldg Fund County T. Mech, Md.
W.F.Sutter, contractor \$4,269.81
F. Tilp architect 3,842.83

Clerk instructed to contact Remington-Rand about renovating typewriter. If this cost is less, no new one will be purchased as the allowance on the old one would be 52.50

Approved

Leonard Solway

president

It was determined to pay the assistant clerk to June 30
\$50 as custodian and \$75 for Civil Defense, after July 1st
her salary will be \$50 as custodian and \$100 from Civil
Defense and 2 hrs in the afternoon will be devoted to Civil
Defense work

April 14, 1953

The Board of County Commissioners and their attorney met today.

Tall Timbers.

Dr. J.A. Gamble and Mr. Wm. Vernstein of Tall Timbers came in about the Erosion Relief Project. Dr. Gamble complained the 6 ft jetties were sawed in half, and 3 ft jetties were installed; that part of the wall is weaving due to lack of sufficient back fill and support. Mr. MacDonald had suggested tying and backfilling the entire wall, but the property owners felt it would be too expensive. Dr. Gamble asked how much the County paid towards the project, and he was informed the property owners paid all- it was necessary to secure 75% of the property owners signatures before the project was started, and the other 25% would be taxed also, that the County bears no part in it. Dr. Gamble then suggested there should be a new survey as he feels the entire seawall is on Juneman property. He offered Mr. Juneman 500\$ per acre for the undeveloped section that lies to the rear of the seawall and Mr. Juneman said he would start at talking when he was offered \$1000 per acre. When Dr. Gamble asked who had inspected the wall he was advised that Mr. Alvey and Mr. Thompson had been there a number of times. Mr. Thompson told Dr. Gamble he had not been designated as inspector and he was not responsible for the work that he had been there several times, but not every day. Dr. Gamble was advised that the next step in the project was to hold a Public Hearing which would take place some time in June 1953.

Roads. 4 Dis.

Messrs. W.S. Donaldson, Bradley and Wallace appeared regarding a road thru the Donaldson property which had previously been considered by the County Commissioners. After a lengthy discussion Mr. Alvey asked the property owners along the proposed road if they would have the road graded if the County put in the necessary pipes and gravel- they said they would. The road will be of use to people going to Yowaiski's mill, the road will also extend to Tin Top, southeast of the Bethel Church Road, near Donaldson's to Chaptico. It was also thought that instead of using 4 ft pipe it would be better to build a bridge. This was not definite.

Dogs.

Letter was sent to Mr. R.S. Burroughs to go to the home of Mr. Ford Wathen and check on how many dogs there had tags, Mr. Wathen has 6 dogs. All should be tagged and he should be advised that he cannot allow them to run at large destroying people's poultry and cattle unless he wants to pay the damages.

Voucher #4736 to Wm. F. Sutter for \$4,269.81 was cancelled and he was advised by phone to return check in that amount and the check for the correct amount of \$3,842.83 would be sent him. He agreed to do this- (later check was received.)

Plats were received for the Paul Cecil road in the 2nd District and 2 given to Mr. Thompson. Mr. Thompson understood the road - Garner-Goddard-Bowles road- had been approved by the former Board

of County Commissioners, in 42 Or 43, but no record of this is in the minutes.

Gave States Attorney commitment papers on Harlen Guy, feebleminded, in order that a Committee may be appointed by the Court.

Sypher
Syper Road- Mrs. Rhea and Mrs. Macon inquired about continuing the Syper road a short distance to take in a short distance of road where 3 houses are built. This is a turn off Dr. Macon's road and will join the present Sypher road. Board will look into the matter and advise her.

Thompson's Corner- E.A. Wood with Messrs. Barber, Williams and 4 Hansen brothers came in about the road at Thompson's Corner which is used by 2 school busses. Road has bad turn in it and needs widening. Commissioners received R of W 18 years ago (see minutes July 8, 1941 page 462) Board agreed to put the road on list for next year.

1st District- Pembroke- Clarke and Gasparovic Road- Mrs. G. not willing to give R of W, but records located which give R of W without her agreement. Road passes Fr. White Memorial-needs repairing Bd. agreed to take it over after proper procedure is followed.

March report recd from Trial Magistrate and check for \$238,35

Planning Commission presented recommendations for bus stops in Lexington Park- Board will act on this at next meeting, after suggested stops have been checked by Mr. Thompson.

M.K. ^{B, S} ~~Jobs~~ complained about his assessment, is higher than same size of neighbor's property- (Mill Creek-Shaeffer property) when compared to other lots in this area it was agreed the tax was too high and in 1954 assessment will be less than \$1300.00 present valuation

Budgets for County Agents'- white and colored- approved by Mr. Alvey.
Items not allowed \$300 for telephone in Negro agent's request-
" " " \$950 " stenog " White " "
" " " \$250 " office supplies " "

In a letter to Mr. Johnson it was suggested he take \$200 from the \$700 allowed for Jap Beetle control and apply same to stenog's salary if he so desired.

PTA County Council- Letter from Sec. Mrs. Eleanor Clews, asking Commissioners to consider the increasing population in pre- and school age children; requesting that Commissioners expand their school building program and construct additional schools; also to appoint additional officers to check on taverns and bars etc. Mrs. Clews was advised that the Commissioners know about the children, that they have already borrowed \$763,000 which must be repaid with in by 1968 which will make the total indebtedness amount to \$1,144,500.00

April 28, 1953

The Board and their attorney met today.

Colored Schools;- Russell Hayward and others representing the Colored PTA requested additional schools for the colored children. He was informed to contact the Supt of Education- Miss Dent- about this matter as there is nothing the Commissioners can do about it.

F.F.Wood and Wm.H.Wood asked about taxes on buildings and land. They were told to contact Mr. Abell in this matter, and he suggested they have the property surveyed.

Lease for USAF in Court House returned, to include the clause that the Commissioners, as well as the USAF, can terminate the lease on 30 day notice.

Mr Frank Bailey called to ask that the road his school bus travels be put on next year's list for repairs.

Advise all bus contractors to meet in this office June 23 at 10 a.m. to renew contracts. All who are satisfied with their present contract need not come. Postals to be sent out to all asking that they measure their mileage and report same on day of meeting.

Mrs. David Saunders of California, Md., asks that speed signs be placed on the road to 7 Gables Hotel, as children playing in that area are in danger from cars speeding down there. See Mr. Thompson about the signs.

Golden Clarke- Garner Road 2nd District- Commissioners have agreed to take over the road for maintenance when DEED is properly prepared and recorded.

Letters to be sent to 3 delegates re visit to Annapolis by the Commissioners and attorney in response to a telephone call from the Governor's office concerning the Dog Race Track Bill and Liquor Bill to come up at 4:30 Wed. April 29th

Board to visit the SRC on Tues, at 11 a.m. April 28

Clerk instructed to write Mr. Fredk Tilp re signs for the new County Office Bldg

Letter from Dr. Gamble, re matters at Tall Timbers. Letter was turned over to Mr. Thompson who desired to show it to Mr. MacDonald contractor for the project.

Bids for screens for the new County Bldg

Bacon ' Paserelli	\$524.00
Duke	330.00
Hewett Lumber Co	369.12
Dean " "	397.60

Bid was awarded to Duke.

Mr. Sol Russell, 4th District accepted check for \$300 for Right of Way thru his farm to Public Landing. Check #12, Bldg Fund 4/20

May 12- representatives from Beacon and Enterprise invited to attend meeting

Bd of Education asked how many children of school ~~age~~ age in County attending Pub schools about 3,000 and about 6000 not yet attending -the same number are attending Parochial 3000

State Association of Attorneys to meet in Ocean City on June 5-6, Board allowed \$50 for J.A.Mattingly expenses

W.H.Knight, sub tr.mag who served as Tr. Mag in Feb allowed the extra \$25 on his salary and Mr. Hurry was not paid for Feb

Board adjourned at 4;pm

approved

Regular Meeting

Mr. Curtz, the salesman from the Fitch Dustdown Co. was here to see about an order and upon visiting the New Health Building requested the Comm. to allow him to show Mr. Farr how to use the floor machine.

Mr. Raymond Swann was here to see about land he wants to buy. He saw Mr. Weimer who is handling the deed.

Miss Lee was here to see about brush cut and about straightening the road between Mocantash and Glover Hill School.

Stephen Demko requested the Road leading from Route 235 to Steven Demko passing thru Cherbonnier et al approved. To be taken over by County when deed is delivered to County Commissioners.

Capt. Will Clark appeared again to have a ditch repaired to his road at Ridge.

Mr. Thompson requested Mr. Sterling to write a Contractor at Lexington Park who has not complied with repairing road after sewerage has been put in. The correct Contractors name was not given.

Sheriff and Co. Comm. met in closed session.

Sheriff requested a larger allowance to go to Calif. to get a suspect. The States Attorney stated the case was not too strong for a conviction and the request was denied.

Refer to request of Philip E. Gray for Construction of Parking Area and Bus stop in front of the Plaza Theatre in Lexington Park shown on Plat dated 4-24-53 is upon recommendation of St. Mary's Planning Commission and Mr. M.C. Thompson County Road Engineer is approved and Philip E. Gray Inc. may proceed with the necessary work to conform with the plan, provided he first file with County Road Engr. a \$1000.00 performance bond. Philip E. Gray Inc. will pay all the costs of the change and no expense to the County. Mr. Gray Inc. was represented by Mr. Phil. E. Dorsey .

No action taken regarding the water cooler for the Welfare Bldg.

The adding machine was returned to the company the Commissioners saw no need to buy it.

Approved

Full Board and their attorney met today

In considering the expenses incident to the operation of the new County Office Bldg, it was decided that the Commissioners are liable for the electric service of the entire building, since the State Dept of Health furnishes heat for the building. All other expenses, supplies, janitor etc to be borne by the County.

Mr. Mast's salary and expenses, except car and its expenses, are to be brought up in meeting of June 9th. Dr. Houser has been asked to attend then

Treasurer asked for amounts collected from sale of Dog tags and amounts paid out for Damage Claims and for destruction of dogs

Sand Gates Road- discussion over new location of road-also authority of Commissioners as Roads Commission- see Laws 1930 Art 19, Sec 173-196 Art 25 Sec 124-143 Code Gen Pub Laws also 100 Md. 449- Riggs vs. Winterode

Where road is to be abandoned and new one laid out, there must be a Notice published in the papers after land owners have made formal petition and stated they will be willing to give land for new location, then Notice of abandonment to be published, and road closed before acting on the petition

Several Justices of the Peace have called for their money due in May- Mr. Clarence Dodge has been paid \$200 and Mr. ^{Harry} ~~Chas~~ Davis is to receive \$100- he called about this and said the Board promised him last year they would increase his salary this year- he did receive \$100, other JP's want their money but Board has not determined just what they will be paid.

Mrs. Boyd reported that the old Baptist Church road needs taring before summer rains set in.

Board adjourned at 3 pm to visit the Sand Gates Road.

approved

Leonard Olvey
president

May 26

Clerk authorized to have wall switches installed in 2 halls of new Office Bldg, so that lights may be turned on from either top or bottom of stairs and turned off in the same way

Miss Pickrell, librarian desired to borrow new floor sanding machine she has been very generous with her lawn mower when our's was out of commission, the request was granted.

State Dept of Health says the Commissioners must furnish 3 screen doors for the new County Office bldg- 2 at front entrance and one at rear entrance No action taken

Board questioned Miss Dent about the sale of abandoned public school houses, she advised Mr. Rysticken informed her he would have the list ready in about 2 weeks.

Rezoning Methodist Property-Lexington Park- notice of meeting published in both papers, meeting held but only Rev. Tobey, C.E.Phipps, H.W.Rosser and Atty Rysticken attended. Site was rezoned from "residential" to "commercial" in accordance with recommendation of Planning Commission in letter which is on file.

Welfare Board asks if they may have water cooler- no action.

June 9, 1953

Regular meeting was held today with all members and their attorney present.

Hospital Committee composed of Dr. Roy Guyther and Messrs E.J. Waring and Jack Ruge called about a resident physician for St. Mary's Hospital whose salary is to be paid by the County Commissioners. They were informed that the Budget for 1953-4 carried a sum of \$5,000 as a gift for the new hospital wing. When asked which would be more preferred the money or the salary of a resident physician they could not reply until they talked to the Hospital Board. A resident physician would cost \$6,000 per year. A Dr. Geronimo, Philipino, whose wife is the anæsthetician at the hospital has been approached by the Committee and he would be willing to accept the position and he would be very agreeable to the hospital staff as they have worked with him for some time. However, the Bldg Committee has collected \$18,000 and it is necessary to collect an additional \$20,000 to meet the Federal Government requirements and the Hospital Committee will advise the Commissioners at a later date of their decision. The money for either the gift or salary will be available after July 1, 1953.

Street Lights, Great Mills Road. John K. Fogarty Post American Legion, represented by Messrs. Michael Keehan and Ralph Stanton called to ask the Commissioners to pay for the lights along the G.M. Road from Millionson's Bldg down towards the Spinning Wheel. Originally merchants paid for this, and recently the Post has paid for it but it is a great drain on their financial state. The Board advised that effective July 1 1953 they would assume responsibility for these lights. A letter was written to the So. Md. Elec. Co-Op Inc advising them of this decision, also a copy was sent to the Post.

Sanitarian. Dr. Houser and the Commissioners talked about the salary and expense account of Virgil H. Mast, ^{appointed Jan 53.} sanitarian. Hitherto Mr. Mast has received \$600 a year for the expenses but the State Dept of Health is now furnishing him a car and will maintain it, so his salary is to be that of all sanitarians in his class- effective July 1, 1953 he will receive \$3131.00 per annum with annual increase of \$125 until his salary reaches \$3700. Check to be made out on the 1st and 15th of each month, less wht. For 1953 to June 1954 the check will be \$130.45

Justices of the Peace

With the \$600 allocated in the Budget he JP's were paid as follows:-

Clarence Dodge,	Lex.Pk.	\$200
Harry C. Davis	Mech	100
Noah Callis, Sr	Hlyd	37.50
O.W. Baldwin	Lex.Pk	"
E.C. Smith	Ridge	"
R.W. Clarke	St. Geo. Isl	"
Dan Morgan	Val. Lee	"

Fred A. Moreland	Nech	\$37.50
J. Albert Long	Helen	"
J. I. Bowles,	R2-Ltn	"

Postals were sent out to all bus contractors advising them to be present June 23, 10 a.m. to renew contracts if they were satisfied with their present one. If not, they are to be advertised. Letter from Fr. Johnson advised that the contract and service of L.V. Dorsey for colored children to St. Joseph's church was ok.

Coin Op. Machines-unlicensed several on sidewalks in the old Shopping Center at the Park, 5 in front of the Variety Store 1 in front of the Drug Store. Mr. Nicolet advised that the weight machines had been placed there 3 years ago with the understanding they would be opened and split 50-50 with the store operators- this has never been done. The other machines P.T.17- X 17, Dopey Duck and Champion Space Ship belong to the Chris Novelty Co of Baltimore. None of the machines are licensed and they are in the way on the sidewalk. Citizens are complaining about them. W.M. Loker, Jr., asked if they should be licensed and there is no provision in the Resolution for such machines. *Letter to Chris Novelty Co informing if machines are not removed within 60 days, they will be confiscated.*

Trailer Law W.M. Loker, Jr., representing owners of trailers said in his opinion the law is unconstitutional as it refers to trailers. He cited the case of Anne Arundel County 1943 A.A.Co. vs English 182 Md. page 514 where the tax is referred to as a Use Tax on the trailer. A lengthy discussion followed and it was decided to let the Court have a Test case. The Commissioners feel that if this law is illegal, they will have one passed that will be legal.

Tall Timbers Hearing set for July 14, at 2 p.m. Letters to all property owners and ads to both papers to be prepared.

Lt. Com. Thawley asks for transportation for 1 child from 1/2 Pone Pt to Hollywood-it would require the bus to come 1 1/2 mi further in the road than at present. Matter will be discussed on June 23

Welfare Drinking Fountain to be purchased from B.I. Mattingly
 Bids received were Smith's Inc \$295.00 complete installed
 B.I. Mattingly \$250.00 " "

Letter to Mr. Mattingly and Welfare advising fountain should be installed at once.

Herman Millison, 7th D asked for refund on restaurant and BWL licenses. Law does not permit this and Mr. Greenwell was so informed. ~~Millison's place of business was closed by the Health Dept due to violation of Health Rules & Regulations- his second offence he was found guilty and charged \$50 -his first offence was guilty, \$50 fine, suspended~~

Playground dedicated by Lexington Park Co- 3 large areas -DEED recorded Nov 51. May 29, letter from Capt McClure advises Navy has funds to secure equipment for such areas. T.W.Bell, Chrmn Planning Com, letter June 2 advises Navy of these 3 areas- County Commissioners agreed today to have land cleared and maintained as soon as they are advised as to cost of same. It is understood Navy will furnish picnic tables, swings etc for all age group. DEED is being photostated in order that Lex. Pk Co may have copy and see just what they have dedicated.

Bounty on Hawks raised to 50¢ effective July 1, other bounty remains unchanged Owls 25¢ Crows 10¢

Dog Tags sold up to May 30, and including 1952 bal	\$3061.25
" claims paid " " "	891.57
" Tails " " " " Tippens	58.50
	<u>950.07</u>
Dog Fund bal on hand 6/9	\$2111.18

Treasurer reminded that Kennel licenses are only for group of dogs kept in same place. After Aug 1st licenses sold outside the Court House will cost \$1.00 extra per dog. Any J.P.'s who desire to may sell tags and retain \$1.00 per tag sold after August 1st.1953.

J.P.'s appointed May 1953 were Leo Young Ltn and Clem Dyson Clements and J. Bradley Bankins, Hlwyd

Board adjourned at 3;30 pm

Approved

June 23, 1953

The full Board of County Commissioners and their attorney met today.

Contractors for parochial school transportation were present and all but 2 signed their contracts as of last year- at existing amounts, with the provision that additional mileage would yield additional fees. Will advertise for contract for J.F. Jean and G. Alex Hebb routes.

Sand Gates Road- Judge Loker, representing a group of taxpayers who reside in this area asked that the old road be abandoned and a new road to the rear of the property be made- the property owners are 3 Plugge brothers, Norman, Gordon and Cameron, 4 Dixon brothers, Edgar, Raymond, William and Harry- it appears that so many people gather on the beach the owners cannot have any privacy, and have lost their riparian rights. Mr. Sterling pointed out that the law requires a Public Notice be inserted in the county papers for 2 weeks advising that the old road will be abandoned and a new one built. A lengthy discussion followed. Part of a road has already been built by the County. The property owners are willing to give as much as 50ft of property if necessary for the new road if located to the rear as they request.

Fr. White Memorial-Snow Hill Road
Property owners along this road ask that road be widened. Mrs. M. Gasparovic is unwilling to give R of W. Mr. Thompson will contact her later and report to the office.

Playground areas

3 areas in Lexington Park have been dedicated to the County
Lots of clearing necessary, Board decided to wait until the work of the SRC is lighter when that crew will be taken in by Mr. Thompson to clear the land.

Trailer Law:- Bill of Complaints filed by group of Trailer owners thru attys W.M.Loker, Jr and C.R.Guyther- Robt. Lomes; L.E.Frierson M.V.Strageski and A. Helsinger

Welfare Refund Mrs. Rapp Director of Welfare for St.Mary's Co. asked permission to retain all unused funds from 1952-53 to be used as needed in Board of Children or emergencies. Refused. Mrs. Rapp was instructed to refund all money unexpended and when funds are necessary present request to Board.

H.A.Tenison, slot machine inspector resigned as of June 30, 1953

Louis J. Mattingly, R2 Leonardtown, Md., appointed Slot Machine Inspector as of July 1, 1953 at a salary of \$600.00 per annum, payable quarterly. Instructed to contact Mr. Sterling who will advise him of his duties in this position. Letter was written

Resolution re gift to St. Mary's Hospital, Leonardtown, Md., introduced by Mr. Leonard S. Alvey, president, seconded by Mr. C.B.Guy, member, approved by all re: Pledge of TEN THOUSAND DOLLARS (\$10,000.00) for new wing at hospital, it is understood

Pledge will be redeemed subsequent to July 1954. Letter to hospital building committee advising them of this decision.

Meeting adjourned at 3;30 pm

approved

Leonard S Alvey
president

July 14, 1953

All members of the Board and their attorney met today.

Judge Wm.M.Loker, Sr., with Mr. Alsop of Tall Timbers, appeared regarding the back fill of the T.T.Erosion Relief Project which Mr. Alsop says is 4 ft. above the level of his lot. He also said he did not receive a Notice of the Meeting to consider the seawall project. However, since more than 75% of the taxpayers of that property involved, did receive and sign the petition asking the Commissioners to erect the seawall, it was done according to law. Mr. Alsop also admitted he had made an opening in the wall to relieve pressure on his sewage system, but later had it closed.

Mrs. Layman Thompson, representing the Southern State, extended an invitation to the Commissioners to attend a supper and games at Leonard Hall on August 25, at 7:30 pm as guests of the organization.

Mr. Hamilton Robrecht of St. Geo. Isl., who had previously sent in a claim for amage by dogs to his rabbits, appeared. This was the first such claim ever presented to the County Commissioners and it had not been determined just what was the definition of "livestock". Mr. Briscoe read from the Opinions of the Atty. Genl 1920 page 313, which is in part **"all domestic animals useful for food and kept within an enclosure for that purpose" *** Mr. Robrecht raises rabbits for his livelihood. The claim was allowed. He was advised to contact the owners of the dogs and inform them that unless the dpgs

Dr. R.T.Fuchs mentally examined all inmates of the Alms House with a view to determining how many should be placed in institutions. His report shows that all of them are over 76 yrs. that they are adjusted to life where they are and none of them are really fit inmates of an institution and should be kept where they are.

James W. Mattingly, parochial school contractor applied for permission to purchase a larger bus. All the roads he travels are good except the Glebe to Wise's Corner and at McKay's Beach- where the roads are narrow. He was given permission to buy a larger bus.

Letter addressed to Judge Loker advising that on the new road at Sand Gates the Board would follow the law, and advertise the abandoning of the old road before any work was begun on the new one.

Mr. Swann who had been interested in a piece of County owned land in the 4th Dist informed the Board that he would not buy it as Mr. Weiner said he could not get a clear title to it.

Letter from Mr. Azor Kleagle, of Jehovah's Witnesses, asking permission to hold 5 meetings in the St. Mary's Co. Mem. Library in Aug. He was informed that the County Commissioners have no authority over that building, but they do not approve of its being used for religious purposes. Copy of letter was sent to Miss Pickrell, librarian.

Richard Smith, owner of a sub-division Smith's Creek, had plat of sub-division filed

Letter to be sent U.S. Senator Butler, and Rep. Frank Small, Jr., as well as Sen. Glenn Beall asking them to secure funds for project on St. Catherine Sound and St. Patrick's Creek.

Letter to be sent St. Mary's County Planning Commission, giving permission to use volunteer labor, Boy Scouts etc., in clearing off land dedicated for 3 playgrounds in the Lexington Park area.

Delegation from Deep Creek informed that the mouth of the creek should be opened. Water is stagnant, reported by the Health Dept. 74 families live along the creek and they feel it should be opened from Tanner's Creek to Pt. Lookout to Webb Knott's house. No definite action taken.

Board held Public Hearing on Tall Timbers Erosion Relief Project at 2 p.m. in the Court Room and detailed minutes of the hearing are filed in the Tall Timbers file.

Board adjourned at 4:50 p.m.

approved

Leonard S. Alvey
president.

July 28, 1953

The Commissioners and their attorney met today in regular session.

Mr. G. Alex Hebb, parochial school bus contractor wants to add \$800.00 to his present contract, or divide the contract and let him keep the original one 75 mi per day for \$3,590 per yr. He will keep that and the other is to be advertised for two weeks, for new contractor.

John F. Dean's route to be advertised for 2 weeks, as his sons do not want it at the present amount which they feel is not at 20¢ per mile but at 15¢.

Mr. Gilbert Dorsey, Mech. RFD, asked that bus come in road 3 mi from State road to pick up his son. The colored parochial bus comes in 2 mi to pick up 2 small colored children. He was advised by letter that if he will bring his son and the two small colored children to the State Road the Commissioners will pay him \$288 per year. (*wants to be paid each month 24⁰⁰ Sept. Aug 54*)

Letters from Rep. Small and Sen Beall read, in re the St. Catherine Sound and St. Patrick's Creek projects.

The following ad was sent to the Beacon, Leonardtown, Md., and Enterprise, Lexington Park, Md., to be published in the issues of July 39 and August 4, at legal rates

Route #1

St. Johns School, Hollywood, Md. to $\frac{1}{2}$ Pone Pt., to Forrest Landing; in Sotterly, over to main highway to Alvin Hayden's; to Drum Cliffs- to old Jones Wharf Road, thru Hillsville out to Boston Corner, approximately 68 miles per day approximately 135 children, 180 school days
(formerly G. Alex Hebb's route)

Route #2

Little Flower School, Great Mills and meet the bus to St. Michael's School, Ridge, to Lexington Park, Piney Point, Tall Timbers, Horse Head Road a distance of approximately 453 miles per day, approximately 300 children, 180 school days

In approved glass enclosed automobile bus, sufficiently large to give each child a seat, and always at a safe rate of speed.
(formerly John F. Bean's route)

Leo Young, JP of Clements authorized to sell dog tags at his home, or soliciting at homes, male dogs \$3 each and females \$5 after Aug 1, 1953

Tuesday August 18, the Board will sit in Tax Review of 3rd Dist

Mr. George De derer of the USN, Patuxent River, Md., called about transportation of children living inside base to Little Flower School. Letter from Commanding Officer on Base to Commissioners requesting this will be sent here. It is understood same arrangements as were made last year will be made this year, with slight increase in charge.

Mr. Bauer and others from St. Mary's City request road used by 12 families be taken over by Board. 3/4 mi.

Hutcherson, colored, California, requests Board build a road into his place of business. Mr. Thompson will see about this.

Dr. Houser reports that Evans, inmate of Alms House is dissatisfied there. He will contact Mrs. Rapp and see if she can place him in a family elsewhere.

The Board of County Commissioners left at 3 p.m. to meet with the Board of Education in Executive Session, regarding the school building program.

July 28, 1953
Executive Session.

The Board of County Commissioners and their attorney met with the Board of Education on Tuesday afternoon, concerning a request by the Board of Education that the County Commissioners make application to borrow the sum of \$406,000.00 for School Construction Purposes under the 1953 State School Bond Issue. The Commissioners desired detailed information as to what projects this amount would cover. They were advised by the Board of Education that they then had under consideration the following:-

- #1 Great Mills Elementary School, multi-purpose room
- #2 " " High " new wing, which would include gym and to abandon the frame building
- #3 Jarboesville School -colored- multi-purpose room and 2 class rooms
- #4 Hollywood School- 2 new class rooms
- #5 Elementary unit for colored children to be constructed in the upper part of the county, 4 classroom school

The Board of Education informed the Commissioners that they would look to Federal funds for the construction of G.M.H.S. and Jarboesville, and possibly Ridge School.

The schools in order of priority, to be improved or constructed out of County funds are as follows:-

- | | | | |
|----|-------------------------|---------------|-------------|
| #1 | Great Mills Elementary- | approximately | \$30,000.00 |
| #2 | Colored Elementary-new | " | 120,000.00 |
| #3 | Hollywood | " | 20,000.00 |

It was then pointed out that maybe some of the momey available under the 1953 State School Bond issue could be used for the new Leonardtown school.

There was a request made by the Board of Education that an entrance be made into the Ridge School. The Commissioners said they would take this under advisement.

The County Commissioners took no action in making the application for the money available under the 1953 State School Bond issue but agreed to take the matter under advisement and render thier decision to the Board of Education at their next regular meeting on August 11th,1953

There was considerable general discussion between the Board of Education and the County Commissioners relative to the school situation in the County.

Meeting adjourned at 5:45 pm when the Commissioners returned to Miss Dent the application blanks for the loan.

August 11, 1953

Regular meeting held today with all members and their attorney present.

Bids for 2 bus routes were opened at 10 a.m. by Mr. Sterling.
R.1, Hollywood, Md.

Geo. Huntt,	Hollywood, Md.	Bid \$3,525.00	awarded
Thos. Dillow	"	3,590.00	
Paul & Edna Bell	Ltn	3,835.00	

R. 2, Lower part of County			
M. Redman & Jos. Bean Calloway		\$16,000.00	awarded
Paul & Edna Bell,	Ltn	16,300.00	
H. & W. Hewett	G. Mills	19,753.40	

Mrs. Gordon Clewes and friend of Hollywood PTA called in reference to 2 rooms for the Hollywood school. The school was built 2 years ago and the Commissioners feel it is adequate at present.

Group of PTA members from Great Mills Elementary School asked that multi-purpose room be added to the building - Mrs. Henry Dodson, White Pt was spokesman for the group, others speaking were Mr. Wm. Chapman, Mr. Freudberg, Miss Hope Greenwell, Mrs. Judy Lockerman (teacher) Mrs. Vernstein and Mrs. Schieble all of the same opinion that the multi-purpose room would answer their problems. After lengthy discussions the Board decided to borrow \$25,000 for the multipurpose room at GMES and also \$60,000 for the new public school being erected in Leonardtown.

Request made thru the Board of Education for State School Loan
\$25,000 GMES multi-purpose room
\$60,000 Ltn school
\$85,000.00 in full

Letter from USNATC, Capt. McClure asking for repairs in road serving Base- new schedule will be made in Sept. He was advised that this road will receive attention as soon as possible.

Letter to Mr. J. Claude Johnson (with copy for the Bd. of Edu) asking that \$85,000.00 be borrowed in the routine manner-for the two above projects

Letter to Mr. H. Warren Buckler, Jr., of Niles, Barton, Yost and Dankmeyer advising the Board had approved and signed the Resolution he had sent in,

Ads cut from Beacon, re Tall Timbers Bond and sent to the following banks- County Trust Co of Md. 1st Nat. Bank of St. Mary's-both Leonardtown; Charles County banks, were Bank of Waldorf, LaPlata Tr. Hughesville Savings; also Brandywine Bank; Upper Marlboro 1st Nat Co. Tr. Farmers & Merchants; Citizens Nat. Laurel; Suburban Trust Hyattsville; Riverdale Bank; Calver Co Trust; Farmers Nat-Annapolis; Bank of Glenn Burnie and Co. Tr. also letters were received from

Dun & Bradstreet, NYC; John Legg, Balto., Walter, Woody & Heimerdinger of Cincinnati- asking for information re bonds at Tall Timbers. All inquiries were answered.

Board adjourned at 3;30 pm

approved *Leonard S. Alvey*
President

*JR abell sr. advised he has looked into
assessment of  Krumholz - Pomeroy Pt.
St. Joe Park.
They appear to be fair & should stand as on books.*

August 18, 1953

The Board and their attorney sat in Tax Reveiw of the 3rd District today.

Complaints

1- Fred and Maybell Boone-Red Gate Farm.
Complains that in 2 years taxes were raised from \$2475 to \$3655 that they are paying for acreage they do not own.
Decision- have property surveyed, and if they are overcharged adjustment will be made but the assessment is fair.

2-Camp Maria- asks that camp be exempt- Mr. Sterling read Law's 1950-page 3902 Chap 27- camp not used solely for educational purposes and is not exempt. Ask that bill for the Camp be sent separately from that of the Academy.

3- Elizabeth & Bernard Somerville-Loveville desires to know just how assessment was made- explained and she was satisfied

4- Mrs. Emily Raley Vause- satisfied about assessment asks that name be changed from Raley to Vause

5- Ernest Moore- Ltn represented by JHT Briscoe- property very badly constructed- down stairs rented as beer garden upstairs not usable, Decision keep assessment at \$2,000

5- Mrs. Walter Clements- Ltn asks that assessment be reduced as property is in bad condition inside. Outside looks good and decision was to allow assessment which Bd. feels is low.

6- H.K.Stettler- Compton. asked for explanation as to how assessment was reached and satisfied when informed.

7- Ruth and Marcene Rausch- R2 Leonardtown
1.7A building in bad shape but large, and house was cubed and at 15¢ Bd feels it is fair price- Decision, assessment remains as is.

8- Edwin B & Josephine Floyd- Compton
misunderstood assessment-thought it was being added to their old assessment- satisfied when informed what had been done.

The Board adjourned at noon.

2 P.M. The Board with Mr. Thompson and Mr. MacDonald went to Tall Timbers to check over complaints re* Erosion Relief Project.

approved

September 3, 1953

All members and their attorney were present at the Regular meeting held today.

Roads.

W.S. Donaldson, Chaptico, advised his road is complete as far as he is to go, almost to Waller's and Tin Top- 30ft R of W, road has been bulldozed and filled in part way, desires gravel on road before rainy weather sets in. Board will view road and recommend same at next meeting.

Breton Beach- 26 families using road ask that $\frac{1}{2}$ mile be repaired, widened etc. (see Minutes of June 10, 1952 for details.

Drum Cliffs- Dr. Houser, representing 26 families in this area asks that road be repaired. Road is on list for attention recommendations will be made at next meeting. ✓

Tall Timbers- Filling at Alsop's to be levelled off, advise Judge Loker when this is done.

Piney Point- J.C. Weigman asks that old ditch be drained and repaired-after rains his property and that of neighbors is washed and refuse overflows

Sypher-Macon-Myrtle Pt road- in bad condition-road is on list but nothing can be done for at least 6 months.

Letter from Mr. Fahenstock-Park Hall Manor advises of violations of Parking laws etc at Lexington Park-asks that matter be given attention. Letter to him advises his letter has been referred to St. Mary's County Planning Commission for attention

Clerk was instructed to write to Mrs. Wm.H. Patrick, California, Md informing her the County would pay her at the rate of 20¢ a mile 14 miles per day for the school year Sept 1953 to June 1954 -180 days \$504.00.

Clerk was instructed to advise Mr. R. Woodburn, Beachville, that his road was in too bad condition for the bus to come in all year, J.E. Gatton's route- letter in file from Mr. Gatton to the Bd.

Walter C. Spott of Palmers, Md., was informed the County would sell him Lots 708-9-10 Block 34, Pt. Blackistone, Md., (Dec. 1940) for the sum of \$100.00-

M.C. Thompson, Jr., authorized to purchase drawing table and instruments for use of the Planning Commission for the sum of \$100.00

Authorization was given for the purchase and driving of poles at the Forrest Landing.

Extensions of bus lines granted appear on separate page.

Meeting adjourned at 4:00 p.m.

approved

president

September 22, 1953

All Board members and their attorney were present today.

Roads.

Gen. Hume Peabody, Compton, Md., asked that repairs be made on the road leading to Rose Bank Farms. Over 6 years ago Mr. W.S. Knight deeded 40 ft. R of W to the County - serves 19 families thruout the year, with 10-12 additional families during the summer. Several new homes now being constructed there. Board will consider the matter.

Boss Bailey Road.

Delegation asked that road be oiled, this is an old road used by school busses etc. Board will check on same and make recommendations.

Bus Service

Delegation from Bay View Trailer Camp asked that bus be allowed to continue down the Green Holly road to pick up several children whose parents now bring them by car to the highway. Driver is said to come into road and back out - also the road is constantly used and children endangered while walking to bus. Board will check the road etc., and make recommendations.

Delegation from Lexington Park are asked that parents be allowed to pay for seats in the busses for children, thus assuring those who ride in crowded busses that they will always have a seat. Attorney advised this would be illegal and cannot be done.

Grand Jury

The members of the Grand Jury, Mr. Henry Burroughs foreman, visited the County Commissioners' office, asked for explanation of their work and looked over the ledger after being informed how entries etc., were made. They sent in their report which has been filed.

H.T. Waring & Son, Insurance Agents were requested to prepare the proper papers to cover all employees of the County with accident insurance. This does not cover bus drivers who are under contract as private individuals.

Clerk was instructed to write a letter to Shrf. W.B. Long instructing him to remove all unlicensed machines which appear on the sidewalk in Lexington Park, since the owner of the machines - Chris Novelty Co of Baltimore were advised by letter in June-53 to remove the machines within ten days or same would be confiscated.

Bus Route Extensions;

Mr. Alvey, Mr. Stone, Paul Bell and M.R. and J.L. Dean were to meet on Wednesday morning and traverse the bus routes from Red Gate to and thru Center Gardens and decide which contractors

would handle the extensions needed in that area.

Paul Bell extension of 52 miles per day, plus 4 miles in Medley's Neck was granted. This will add \$2,016.00 per yr or \$168.00 per mo to his contract.

M.R. & J.L.Bean were granted extensions 20 mi Center Gardens
6.4 Dave Hamett
this makes 26.4 mi additional, 990.40 per yr \$82.54 per mo

Sam Bailey Yowaiski's 1.2
Knotts's 1. 3.8 per day \$316.80 per yr
\$26.24 per mo

J. Earl Gatton, 15.4 mi per day \$554.40 per yr \$45.20 per mo

W.R.Quade 4 mi per day \$144.00 per yr \$12.00 per mo

G. Alex Hebb 6 mi per day \$156.00 per yr \$13.00 per mo

Geo. Huntt 12 mi day \$332.00 per yr \$36.00 per mo

L.V.Dorsey 4 mi per day \$144.00 per yr \$12.00 per mo

Road Repair & Building Program will be recommended at next meeting.

Board adjourned at 3:30 pm

Approved

Leonard S. Alver

October 13, 1953

All members of the Board and their attorney were present today.

Mr. Marshall Gatton, carpenter, asked for any work needed his telephone is GR 5-6773 lives in Hollywood, near Bowles.

The publication of the audit for 1952-53 in the two County papers, as required by law, was ordered.

Judge Digges insists that all persons committed to jail have proper commitment papers- Sheriff feels it would be advisable to appoint Mrs. Howard Buckler a Justice of the Peace, at \$200 per year, in order that she may sign all commitments not otherwise signed. Board will consider matter

Clerk was instructed to purchase a Seal for the Trial Magistrate

Wilson Marshall asks that road which passes the farm formerly owned by Mr. Frank Bailey, be repaired- road was gravelled 7-8 years ago 3 school busses use this road.

George Guade was admitted to the Alms House until he can locate other living quarters Letter to Welfare asked if they would assist him to find a place

Group from Bay View Trailer Park asked that bus come in 1 mi for children- 2 busses do come in, this is Bean's route and the parents were told to contact him and if he is willing, he can come in the mile- the Commissioners do not feel it is a good road

Leroy Thompson, carrying 93 children, was told to measure his route and see where it could be changed to bring in only part of the children and make a return trip without buying another bus He will contact Mr. Stone

Mr. Thompson will contact Mrs. Gasparovic again and see what can be done about the Snow Hill manor road. He was allowed to offer her \$2500 for R of W.

Tall Timbers- The price for payment of T.F.E. R.P. was \$1515.15 for the front lots and \$734.32 for rear lots, payable within 15 years. rate of Taxes for 1954 was set at \$2.50 on the \$100 basis of real estate is \$130,410.00 Will offer Howard \$1500.00 for his wall and Leonardo \$1,000. Mr. Alvey, clerk and attorney to go to Baltimore Thurs Oct 15, and complete bond transaction.

Mrs. Neilson, Forrest Landing advises she wants to build a home but Mr. Thompson or MacDonald has equipment in water nearby and makes her lot look bad. Will contact Mr. Thompson about having same removed.

B.I. Smith who purchased the equipment of the St. Mary's Athletic Asso. at an auction recently, requested that lease for Ball Park be rewritten and made in the name of Smith's Inc., at same rate and time etc., as original lease. \$100.00 per year- 22 years

Donovan Bohanan asked for refund on license for Used Cars.
Commissioners agreed to refund all but the 8¹/₄ which has been
sent to the State Comptroller.

Earl Bell's route extended 4.8 mi down Towne Creek road.
\$172.80 per year \$14.37 mo commencing Oct 15

Board adjourned at 4 pm

October 27, 1953

At the regular meeting held today all members of the Board and their attorney were present.

Roads.

Mrs. Miller, 7th D. asked that something be done about the road thru Mr. VanWert's farm to her property so she can come in and out this winter. This is a matter of long standing, and the Board feels it may have to condemn enough land to make a 20ft R of W if Mr. VanWert does not become more cooperative. Will work out something as this road serves 5 families. Report at next meeting.

Warren Krumke, asked for reassessment, but Mr. Abell advises he has looked into the matter and feels it is just- assessment is to stand as is.

Board will check over all roads promised during the past year and make their plans for the roads needing attention first;

SRC 235 to Gate 4

Sand Gates Road

Glebe Road

Ditch at Piney Point

Snow Hill

Myrtle Point

Maddox

Macon-Sypher

Breton Beach

Boss Bailey's

Drum Cliffs ✓

Gen. Peabody

Horse Head Road-8th D. Letter to be sent J.T. Waring & Son informing them that when property owners have pipes laid and completed into entrance to property Board will take over for maintenance.

Roads accepted;- Whittaker 1 D Roach-Cullison 1D
Capps Road- 6D Notify Mr. Capps road needs more gravel-does not have adequate gravel and drainage and when same is completed, County will accept same for maintenance.

Clerk instructed to have Treasurer endorse 1st Nat. Bank check \$96,550.30 endorsed by Treas to Co. Coms and deposit same in Tall Timbers Erosion Relief Project account. Done 10/27/53

Leroy Thompson carrying 95 children to St. Peter Claver's has checked route over and advised Mr. Stone he can divide route and carry 93 children in 2 busses. Mr. Stone will contact him again and see what plans they can make-will report at next meeting.

Library budget 1954-55 Miss Fickrell presented Budget for 1954-5- Board will allot 4% on the \$100 and the salary of the asst. librarian, \$3,000 per annum-same as last year. Not in position to do more at this time.

Audit 1952-3 Mr. David Gruber, CPA presented the audit for 1952-3 for Commissioners, Trial Magistrate, Sheriff, Treasurer, Planning Commission and Civil Defense- with personal copy for each member and clerk- also made several suggestions which Board feels are very

good- and he was given permission to set up proper system for Sheriff and Trial Magistrate.

SRC- will again attempt to secure Federal aid for the Jarboesville-Willows road. Mr. Thompson explained the manner for securing aid for the County-Board will ask for same but the usual allotment of \$36,000 for 1954-5 will be in the budget.

Sanitarian D. Mast- Dr. Houser informed Board that law increased salary of Mr. Mast effective October 1, 1953 from \$3750 initial salary per yr to \$4250.00 highest- his salary effective June 1 became \$3131, or \$260.90 per mo less wht. (see minutes of 6/9/53) No action taken on this.

Clerk informed she may have assistance for 2 days per week at \$5 per day.

Records in Basement at jail- Auditor advised they should be properly indexed and filed for future use this matter should be brought to the attention of the Clerk of the Circuit Court as it is his files which are stored in the jail and in very bad condition-almost impossible to find records.

Letter from Mr. Knight, acting Tr. Magistrate, asks that salary of his clerk be increased to \$150.00 Letter to Mr. Knight with copy of Mrs. Boyd, clerk advised that when Mr. Hurry, Trial Magistrate, is absent from duty both Mr. Knight and Mrs. Boyd are to receive \$25 per mo additional, on Mr. Hurry's return, their salary will automatically return to \$150 for Mr. Knight and \$125 for Mrs. Boyd. Mrs. Boyd was allowed a ditical compensation for Sept and Oct

Furniture for Supervisor of Assessments office for new clerk- Mr. Guy will see about this. Desk-chair-typewriter

Mrs. King requested to contact Dr. Gamble on matter of lots at Tall Timbers in an effort to locate the property owners who come under the NT Erosion Relief Project.

Board adjourned at 3:30 pm after making appointment with Mr. Thompson for Fri. at 9 a.m. to go over road lists.

Approved

Leonard S. Harvey
president.

Mr. Thompson conferred with the Bd about the curbing and gutter along Washington street, Leonardtown, Md., and they agreed to pay for the construction of approximately 2,000 feet of same. Letter was addressed to SRC advising them of this and requesting they include these items in their blacktop project.

November 10, 1953

The Board and their attorney met today in regular session.

Telephone complaint received about parochial school bus in Patuxent Park- asks that blow horn on reaching Sussex Drive in order that children may leave their homes then, rather than stand out in bad weather. Mr. Bean asked to have driver do this.

Review of new property taxed set for Dec. 10 at 10 a.m.
Budget for 1954-55 hearing set for 2:30 pm Dec 10
Dog tags- \$1 added to usual cost of tag, when purchased after Aug 1, male \$2 plus \$1; female \$4 plus \$1 this applies to tags purchased at the Court House as well as tags sold at homes.

Letter from Mr. E. Koehler, Patuxent Park asking that road thru his property be allocated elsewhere- he has already given land for roadway. Letter to Mr. Koehler's attorneys-Alvord & Alvord advising Board will be glad to have him come in on Nov 24, to talk the matter over. Letters in file from A & A, and K and reply.

Roadwork for 1954 not yet completed, tho 26.75 miles of new road will be tarred.

Stone's Wharf Road. Mr. Frank Bailey asked that bushes on roadside be cut- road is used by school busses and it is hard to see around curve. ✓

Leonardtwn Pub school is progressing- payments of \$21,701 and \$1,101. made to R.B. Duke and Johannes & Murray, respectively. Bal now due \$73,000 approximately. It is anticipated that school will be entirely completed by Feb 54.

Hanes Subdivision- clerk instructed to contact Mr. Nicolet and ascertain if this subdivision is properly recorded. Atty Wigginton says it is.

Woodlawn Drive needs additional gravel before it can be accepted into County Road system. Mr. Capps advised of this some time ago

Road from Dayden to Cherryfield to be looked over by Mr. Stone and Mr. Thompson and report made next meeting

Board adjourned at 3:30 pm

approved

Leonard S. Alvey
president

November 24, 1953

Board and attorney were present today.

Complaint ~out bus backing out of BayView Trailer Lot made by parent- telephoned- Messrs. M.R. & J.L.Bean were present to speak of this they advise that traffic does not stop as law requires for school busses. Board to have State Trooper on the road at 8:15 am bet. St. Andrews and Horse Head to see about this matter. Report will be made at next meeting.

Mr. Koehler and attorney Alvord came about the R of W thru Mr. Koehler's property at Patuxent Beach. After lengthy discussion Mr. Koehler's attorney suggested the lot be surveyed and a report made to Board at a later date about how much of Mr. Koehler's property has been taken for the new road.

J.L.Mattingly, coin operated machine inspector was asked to inspect machines at Banagan's Drive-In, Lex.Pk and Lloyd Bean's Ridge, for license on Pin Ball machines

Mrs.Miller again asked that something be done so she can have access to her home thru winter. Mr. VanWard will not cooperate in the matter. There has been a verbal agreement for many years prior to this that R of W thru farm was agreeable but there is no written record of this agreement. Board will give this matter further consideration

Mr. MacMorman called with reference to parking meters in Lex Pk but he says the Park is not ready to have them.

Dec 8 Bd of Education, Miss Dent et al, asked to meet with Commissioners when PTA of River Springs and elsewhere is present to speak about interchange of transportation between Parochial and Public busses. Letter from Mr. Toombs concerning this matter was answered and he also requested to be present Dec 8.

Letter to Mr. H. Kendall King, Hollywood advising that road thru his subdivision will be accepted by County after survey is made and DEED recorded not later than Dec 12, 1953 Needs 3 copies of survey- SRC needs 2, and Land Records need 1

Letter addressed to Commanding Officer, NATCUSN, advising that at this time County has no funds with which to complete the Jarboesville-Willows road.

Lieut. Ramsey, Lex Pk requested to appear Dec 8 at 2:30 to answer charge of complaints that he is violating Fire regulations and Planning & Zoning laws .

Board adjourned at 3:30 pm

From letter to Co Coms from M. C. T. "12/7/53

December 8, 1953

All members and their attorney were present today when the Board met in regular session.

At 11 a.m. Mr. Alfred Toombs of Bushwood representing the PTA of the 7th, appeared asking that children attending the Pub. School and residing in a certain area in the 7th be permitted to ride on the Par sch busses, as it would prevent them from being on the road so long every day. Mr. Toombs said he, and the PTA felt it would be advantageous to the County to have a single bus system, in which the County Commissioners heartily concur. The Commissioners said they had no objection to the children riding on the Paro busses, provided it didnt overcrowd the busses. The Bd of Educa-
tion was represented by Miss Dent, Mr. J. Claude Johnson, Mrs Maude Gardiner, Mr. Ed Thomas, Abe Weiner, ~~R. Barnes~~ and their attorney ~~Arthur Rysticken~~. ^{Robinson}
^{Barnes} A lengthy discussion was held, and Miss Dent informed that she would not permit any child to board the Paro sch busses without a written request for it to do so, from their parent.

Leonardtwn Pub School

It appears that change in the installation of the sewage system raised the cost and the Town Commissioners requested the Bd of Education to pay \$1600 for this work-the Bd of Education in turn asked the County Commissioners to pay \$800 of the sum. The County Cpm-
missioners were under the impression that the original contract for construction of the school covered the water costs to the main pipe, Miss Dent will confer with the architect and see if this is so then advise the Commissioners.

USNATC-anxious to make a gift to the Alms House asked that the Commissioners decide what should be sent- Commissioners decided a television and mattresses were needed. Letter addressed to Capt McClure advising this; also letter addressed to G.I. Ford, Supt of Alms House advising that whatever the Navy sent was for the use of the inmates and was not to be moved to any part of the house; to stay in the general living room.

Mattingley Sons asked if County would pay the bill for ambulance service to the hospital with 3 men ^{and wife} who were shot when apprehended breaking into a warehouse of Burch Bros. It was also necessary to make a box and bury and arm that was amputated from one of the suspected robbers- the Commissioners agreed to do this for \$20.00

Board adjourned at 3;30 pm.

Approved

Leonard J. Alvey
president

Howard Buckler, jailor, appointed Sheriff of Leonardtown, Md as of Dec 1, 1953 at \$75.00 per mo from the County.

December 10, 1953

Special Meeting- Tax Review 10 a.m.

The Board and their attorney met today in Tax Review of New buildings thruout the County. The following complaints were heard:-

C.J.Dominy Assessed \$16,576. error in figuring reduced to \$13,098.40

Chas. Whitney Hills Trailer Park- Trailer cost \$2800 in 51 asessed at \$1600 reduced to \$1100.00

Thos F. Jones- Hollywood assessed \$300 for incompleated garage which he used during the summer for living quarters. Stands as assessed

J.W.Lloyd-Oraviole incomplete bldg assessed \$5990, reduced to \$5948

Monroe Zimmerman Loveville, assessed for silo \$400 addition to barn \$380.

F.Himmelfarb- assessed for several trailers, argued that all were in poor condition-assessments lowered

Alvin Pomerantz Trailer, Hills Trailer Park-assessed \$1500- reduced to \$1000
1000 " 800 both old trailers.

Eagle Construction Co-Newark,N.J. asked that they be granted an extension of time as persons interested in Center Gardens, for which the Company is assessed- could not appear until after Jan 1st. Date for Jan 12, at 11 a.m. set Registered letter sent, and notice of its arrival has been received.

Afternoon session Budget for 1954-55 read Present, Dr. A.D.Houser, Health Dept; Miss Eloise Pickrell, Library, Miss Dent, Bd. of Education; Mr and Mrs Cuniberti and son, Mr. Kay of the Beacon. Health Dept budget inceased to pay for one nurse, also increases in salaries of 2 sanitarians and one jr. stenographer. No increase in personnel ; all requested granted.

Library requested additional \$5000, in view of the fact that Bd pays asst librarian's salary, they felt that 4¢ on the \$100 on the basis was all they could grant.

Miss Dent. Requestd 2 teachers to teach driving to pupils of Pub Schools.

Tax Rate set at \$1.50 per \$100.

Meeting adjourned at 4 p.m.

Approved

Leonard S. Hwy

president

December 17, 1953 Special meeting

Mr. Alvey and Mr. Sterling attended this meeting with representatives from Center Gardens. They were interested principally in the Jarboesville-Willows road. Mr. Thompson dictated a letter which advised the Eagle Construction Co that the road could not be completed this year due to weather conditions and should be completed, by them, in the early spring as soon as weather permitted. The Construction Co representatives took exception to the words "by you" but they remained in the letter.

Mr. Alvey and Mr. Sterling explained that the County had felt something would be paid in lieu of taxes and that when they agreed to complete the road this was the implied understanding- now the E.C.Co wants to argue that they are not taxable. Mr. Sterling advised that in view of recent rulings of the Court of Appeals it was determined that the improvements are subject to tax. The real estate belongs to the Govt., is in the name of the Govt and no levy was made on the land, only the dwelling units. Mr. Sterling said he felt they-the Company representatives-were dickering as to whether or not they would pay taxes and that the clause in the lease would relieve them of paying taxes. An extension of time had been granted for the hearing in this matter. One of the attorneys advised that the road in question was not on the property where the housing units had been erected. Mr. Steling said they would not argue the matter then, but at the meeting on Jan 12. The complete file on this subject was given to Mr. Alvey for study purposes.

Meeting adjourned at noon.

5523 Mar 1 begins

January 12, 1954

A special meeting was held today between all members of the Board of County Commissioners, the Supervisor of Assessments, Tax Assessor, Myron Weiner attorney for the Patuxent Sections Inc., and Mr. Edward Hellman also of that firm, relative to the assessment on improvements in Sections 1-2-3. Sections 4 was assessed in 1953 and no objection raised. A lengthy discussion was held and after due consideration from all points the Commissioners advised the firm- by Registered mail- that the assessments would stand as follows

Sec 1- \$695,103.00

Sec 2- \$548,843.00

Sec 3- \$548,843.00

Return Receipts have been received on these letters.)

Mr. Weiner and Mr. Hellman said the firm was agreeable to pay reasonable tax, but the present assessment was too high. 1

Mr. Greenwell and Mr. Briscoe appeared relative to a request from the County Law Library, and were advised to come in Jan. 20.

Board adjourned at 4:30 pm

approved

Leonard Alvey
president

January 19, 1954

All members of the Board and their attorney met today in regular session.

Indexing system

Messrs. C.B.Greenwell and J.H.T.Briscoe, representing the County Law Library Association asked that the indexing system now in use for Land and other records be changed to the Cott System. The estimated cost of the complete change is \$10,000 and the State has agreed to pay half of this. Clerk was instructed to write to the above members and inform that the County would pay half of the cost if it does not exceed \$5,000 for their share.

M.R. & J.L. Jean's route increased 3.2 mi per day

Civil Defense

Capt. Bloom and Lt. McVey of the State Police with Mr. M.C.Thompson talked about installing a Central Alarm System which would be connected with the Vol. Fire Depts of the County. The cost is estimated about \$6,000 of which the State will pay half. It is felt in case of an air attack the telephone system would be severely damaged and this central alarm would cover the entire County. Board agreed to meet with chiefs of all Vol Fire Depts in the County on Jan 22. In taking care of stations it is felt persons should be paid, as volunteer work is often unsatisfactory.

Leonardtwn Public school

Mr. R.B.Duke, contractor asked if the Board would allow him the amount the architect approved on the building-Board agreed to this. Balance due from the County on this school is about \$40,000.00 they have paid \$216,893.00. At this time Miss Dent asked the Board if they would pay $\frac{1}{2}$ the cost of the changed sewage plans \$800.00 and they said no and suggested she take it from the proceeds of the sale of old school houses. Miss Dent had intimated it could be paid from the Incentive Fund if the Board agreed. Miss Dent then asked for 2 teachers to be Trainer-Drivers. The Board feels most children of age to receive permits already know how to drive and would not approve this.

Multipurpose room at GMEs.

When first requested the cost of such a room was estimated at \$30,000 and Board agreed to borrow \$25,000 from the State School Loan which they did. Miss Dent informed plans of Johannes & Murray call for nearly \$50,000.00. The Board did not approve this and suggested she contact an architect who can do it for less.

Fed. Explosives Inc.

Mr. Dixon of Fed. Explosives called to report on progress of that factory. To date they employ nearly 300 people and have a payroll of between 4 and 5 thousand \$ a week-they have erected 12 buildings and built 3 miles of road. They would like

the Board to visit the plant any time. (Their road is on the list for oiling this summer)

Board adjourned at 4:45 pm

approved

January 26, 1954

All members and attorney present today.

Letter from Gov. McKeldin to Pasco F Huet-re dog tags and taxes. Letter addressed to Gov McKeldin advising in detail about the taxes which must be paid by all dog owners in St. Mary's County- letter to Mr. Huet also in detail about this matter.

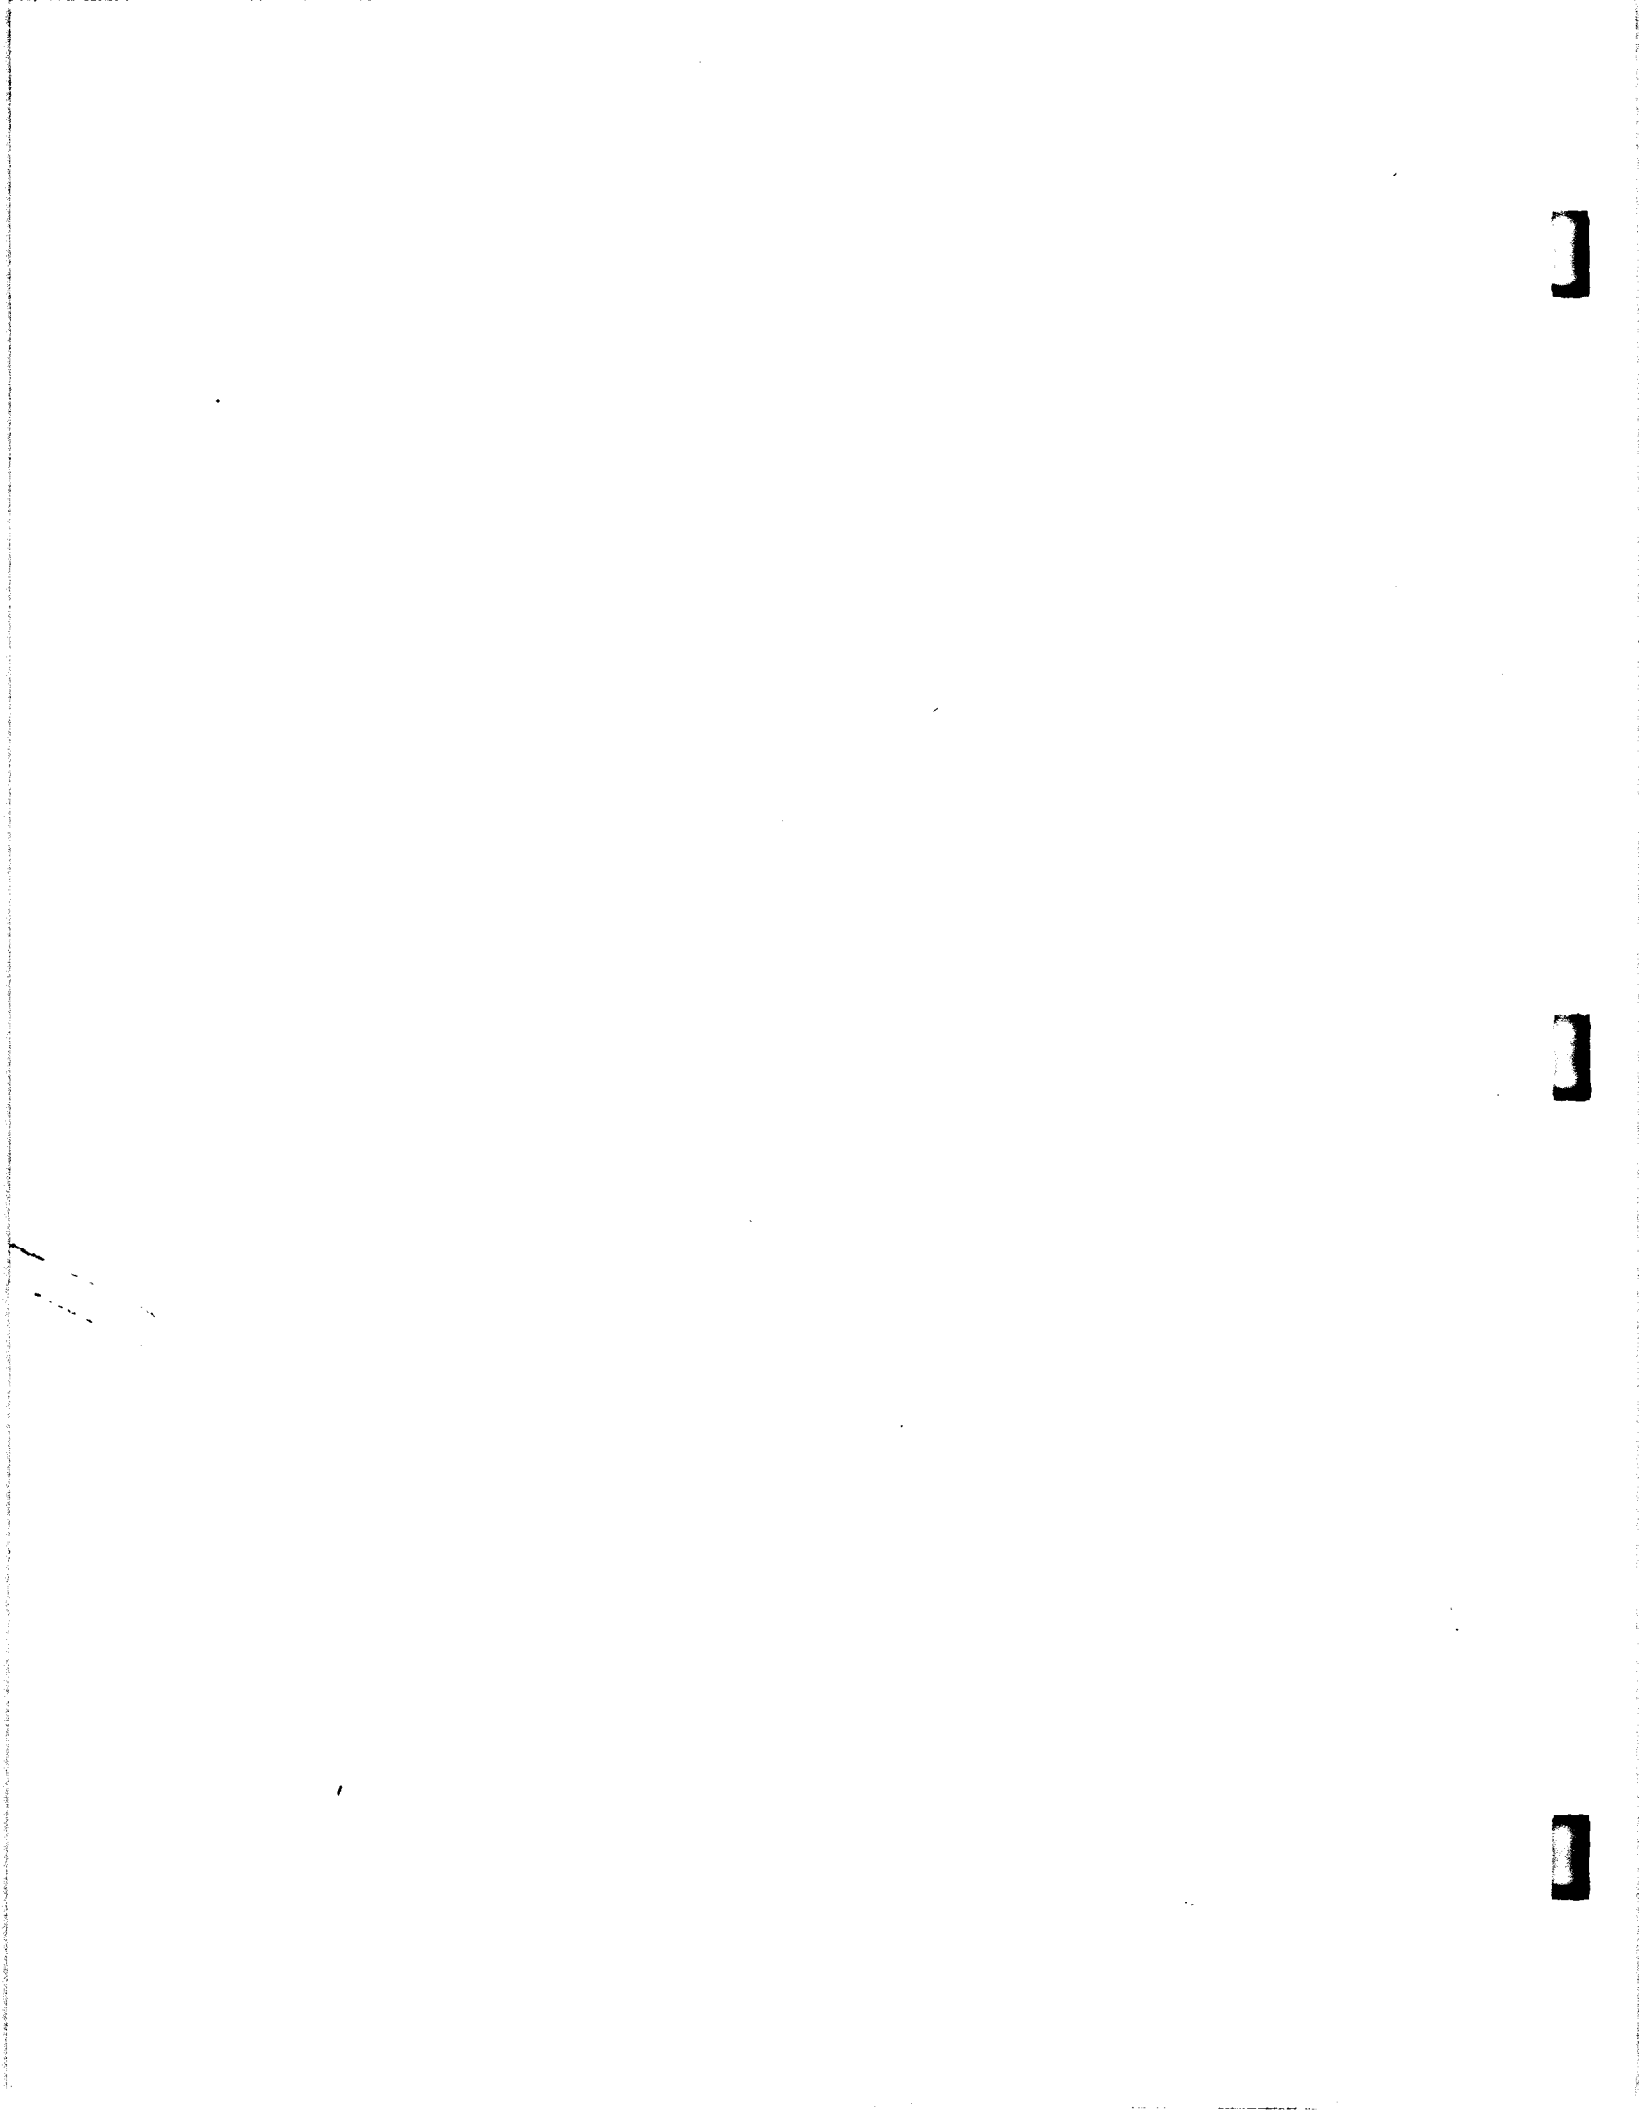

Report received from Dr. Houser regarding the inmates of the Alms House

Clerk instructed to write State Game Commission asking for quota of deer for St. Mary's County. Letter sent (reply received that no deer will be released in this County until proven they do not destroy the crops etc.)

Boys Camp-Dameron, Md., representatives ask that taxes be lowered. They were referred to the letter from the State Tax Commission and suggestion made by this Board that they contact the State Tax Com. and if they will allow it, taxes will be dropped or lowered. Land has been lost by erosion as shown on old survey. Board asked to see the survey.

Mr. Tilp, architect of the New County Office & Health Bldg asked if the Board desired to have the matter cleared up and building turned over to County. Board agreed they did. The Fed. Health Dept has already paid their share of this building but it has never been released from the contractor.

DEED for Horse Head Road- 8th Elec. Dist received and road accepted.

February 9, 1954

The Board met in regular session today with all members and their attorney present.

Drum Cliffs Road

Dr. Houser appeared relative to the road on which 26 families reside. The road was ~~erred~~ and the residents now want it widened. No decision. *accepted for maintenance & added to list* ✓

Bauer Road

DEED for Right of Way over this road was given in 1947

Liber CBG #20 folio 126

signed by Mark Milburn etux, Geo Kohut etux Sr and Jr. John Balto etux, J Frank Raley etux et al. 12 families in all reside along this road. 3/4 mile asked to be inspected by Mr. Stone and Mr. Thompson and recommendations to be made next meeting.

State School Loan for Lntn and GMES

Miss Dent called for the signatures of the Board members on a request for SS Loan of \$85,000 for the 2 schools above noted. Board did not sign this as they hope not to need to borrow the money. Miss Dent appeared later with the rough plans for the multipurpose room at GMES for which Johannes and Murray estimate a cost of almost \$50,000.00 and the Board of County Commissioners feel that is entirely too high. Miss Dent also agreed with them on that, and said members of her Board had suggested she contact other architects in an effort to secure plans at a reduced cost.

Planning & Zoning

Mr. T.W. Nicolet, secretary of the St. Mary's County Planning & Zoning Commission asked for room in the Court House, or rented space in the Court Square Bldg inasmuch as he is keeping all records and plans etc in his home and he needs the room they occupy. The Board will secure space for him on County owned property. He also asked that the P & Z Com be given authority to enforce the regulations of zoning in zoned areas. The Board does not have time to keep up with all these activities of building etc., and Mr. Nicolet would be right in the neighborhood. In the future all P & Z regulations not being complied with, or a suit instituted, the P & Z Commission would advise the County Commissioner and the matter could be discussed. Board agreed with this.

In order to give the P & Z Com. room, the Recruiting Officer could move into the room vacated by the Bd. of Election, as of March 1st.

Dog Tax-Arthur Hughes of Lex. Pk came in about the dog situation in Lexington Park. people would like to have a Dog Pound the question of paying \$5 for a female dog as explained that the extra \$1 was pt on for fine since tax was not paid until after Aug 1- and was collected then. Collections for 1953 were \$3061 paid out for claims \$1291.75. Board agreed it might be a good idea to have a dog pound since it already had an official tax and

dog collector.

Woodlawn Road.

G. Victor Rodgers, 70 Coral Place, Lex.Pk purchased a lot from JECapps, in Towne Creek sub-div Mr. Capps part- the road in front of his house is only 10 ft wide, Mr. Capps told him it was maintained by the County- this was incorrect- County has advised Mr. Capps they cannot take road over and no one there can secure aid from the FHA for building. Mr. Nicolet was asked to look into this situation .

Road Equipment.

Mr. Thompson requested the Board to purchase a Bay City Shovel & Crane, half yard model 30 price f.o.b. factory \$17,175.00 allowance to be made on Model 15 B Erie shovel 5,800.00 delivery to be made April 1, 1954 Letter written Feb 10.

Public Hearing on rezoning Tennyson Property on 3 Notch Road set for 2 pm. Three persons appeared, but neither Mr. nor Mrs. Herbert Tennyson.

Board adjourned for Public Hearing- record of same follows this report

Board adjourned at 5 pm

approved

Leonard S. Alvey

president

February 10, 1954

Special Meeting for Public Hearing on Rezoning 5-56/100 Acres of land, located on the 3 Notch Road near the intersection of Horse Head Road, California, Md., owned by Mr. Herbert Tennyson - to rezone from "A Residential" to "Industrial" Notice of Hearing appeared in Enterprise and Beacon Jan 21 and 28, Feb 4, 1954 as provided by Law.
2 p.m. Appeared against the rezoning- Mr. Aubrey Stone, J. B. Collier and Norman McKay
Appeared for the rezoning- no one.

Commissioner Ernest L. Stone being related to one of the protestants disqualified himself before the hearing. Commissioners Alvey and Guy, attorney W.O.E. Sterling, Planning & Zoning Secretary T.W. Nicolet and Resident Engineer M.C. Thompson, Jr., present.

Mr. Sterling;- Gentlemen what have you to say in regard to the rezoning application?

Mr. Stone;- If the property is rezoned to "Industrial" it will lower the value of the property as a residential area. I live across the road from Mr. Tennyson and I think it should remain "residential"-there are several others living along there who have nice homes and expect to stay there all their lives and it would certainly mess things up to rezone the place. I dont know of anything more important that I could add to that, that's the main reason we are opposed to it. What was the use of zoning at all if you are going to rezone from time to time I cant see any point in rezoning. There's Combs and Clarke and Collier and McKay, they all bought that land for homes and if it is changed to "industrial" you know what will happen along that road. Anything can be built up there, right next to a nice home. I dont know what they want to rezone it for. I would like to know how far it is back to the railroad.

Mr. Thompson;- about 400 ft between the railroad and the 3 Notch road.

Mr. Collier- you mean it is 3 or 400 ft from the railroad track out to the highway?

Mr. Thompson- it could be more, I was only guessing.

Mr. Sterling;- has anyone else anything to say?

Mr. McKay;- I havent anything to add that Mr. Stone didnt say- other than that I bought the lot for residential purposes and I dont like the idea of it being rezoned for industrial and some business place going up across from my home. I expect to live there the rest of my life.

Mr. Sterling;- it is true that if the property is rezoned "industrial" it certainly will detract from the value of your home.

Mr. Collier;- if business places go up there it would naturally bring more prosperity if it is to be used for what I understand

Mr. Guy;- there is that strip of land between the railroad and the road.

Mr. Collier;- if the railroad is inside the 400 ft. it would look like it would go between the road and railroad.

Mr. Nicolet;- on the opposite side of the road the zoning goes 400 ft. on the other side of the road it is zoned "Agriculture"

Mr. Guy;- who owns the land on the other side of the railroad

Mr. McKay;- I own the strip of land on the opposite side where the old 3 Notch road went down, I own that and there is no road frontage, but a short strip up to his driveway, past that it is some road towards California in front of my house, and he has no front on the road

Mr. Guy;- on the other side where it is zoned "Agriculture" if you want to build a warehouse could that be done?

Mr. Nicolet;- the warehouse is supposed to be in zoned "Industrial", the ordinance specifies what can be zoned for "agriculture" but when you sublet land for manufacturing business you are not supposed to build.

Mr. Guy;- well if you want to put up a tobacco barn between the strip between the railroad and the road could you do it.

Mr. Nicolet-yes Where you have "Industrial" zoning the traffic is increased. My point is that where you have existing property zoned "Agriculture" it isn't good to go ahead and disturb that property for "use" such as manufacturing- when it comes to the time that all that land is used up then it is time to think about encroaching upon that zoned area, but that time hasn't come yet.

Mr. Sterling;- has anyone else anything to say? Then it is the opinion of all that that land should not be "rezoned" ? All answered "yes."

Then it is the opinion and decision of the Board of County Commissioners of St. Mary's County, Md., that the application is denied and the land remains as zoned "A Residential."

2;37 p.m. meeting closed.

February 23, 1954

The Board and their attorney met in regular session today.

Bauer Road- clerk was requested to write and inform Mr. Sam Bauer, St. Mary's City, 1st Elec. Dist that the Bauer road would receive oil treatment during the 1954 program.

Shrf. Long reported vandalism at GMHS and requested permission to employ watchmen in attempt to apprehend those responsible for breaking into and stealing goods from the supply room. Clerk instructed to advise Shrf, Long he could employ someone for 10 days, not to exceed \$10 per day, if possible.

Mr. Alfred Toombs, representing the County PTA asked the Commissioners to endorse passage of SB #18, which deals with increasing salary of School Supts Miss Dent whose salary is \$6,500 is lowest paid Supt in State, Bill would increase her salary to \$8,500. Miss Dent also appeared relative to this matter Phone calls were made to Delegate Duke and Sen Bailey, resulted in information Bill had passed the House and would come before the Senate that evening. St. Mary's representatives were requested to vote for same.

Tom Bond reported dog belonging to Mr. Smith on farm adjoining that of Mrs. Bond Sr was killing sheep-several persons saw the dog attack the sheep-Valley Greenwell and Mrs Julia Liston and others- Sheriff can go and take care of dog or Tom Bond can kill the dog- the latter went to talk with Mr. Smith's son who lives in Leonardtown. No action by Board.

Capps-Subdivision-Towne Creek- Mr. Nicolet made survey of this property owned by Mr. Capps and advises he Capps- has sold all of his lots; Mr. Capps stated he intends deeding all of his roads to County Commissioners- Comms have advised him several times roads will have to meet SRC specifications before they can be accepted for maintenance.

Hollywood Shores- new subdivision-Health Dept approves this if artesian wells supply water Owner must put up bond for \$10,500.00

Rezoning application and fee- Resolution was proposed by Mr. Alvey and approved by Comms. Guy and Stone- Resolved that all applications for rezoning of property must be accompanied by funds sufficient to meet all expenses incurred, ie advertising etc, a flat fee of \$50.00 with application.

Lawrence Hayden- on old St John Road- 4 families use road- asks that road be repaired- no action.

Board agreed to go along with Mr. Thompson on his request for more road equipment and clerk was authorized to give Mr. Thompson a letter to secure the necessary equipment. He is to get bids on same.

Mr. Wm; L. Calloway, member of the Zoning Board of Appeals resigned due to ill health, effective Feb 24, 1954

In the matter of the \$50 application rezoning fee- if the Notices are advertised and hearing held there is no refund, whether the request is approved or rejected.

Board adjourned at 5 pm

approved

March 9, 1954

Board met in session today, all members and their attorney present.

Towne Creek Manor Speed Law

A delegation of the Towne Creek Citizens' Association, LCDR J.H. Henderson, spokesman, with Messrs Duquette and Merchant appeared to ask that speed signs be placed in that area cutting down the speed. After conferring with Mr. Thompson the Board decided they would have erected signs setting the speed

Towne Creek Manor Road	30 MPH
Sunrise Drive	30 MPH

This is the minimum speed the State allows for residential sections. The following Resolution was introduced by Mr.

Alvey, seconded and approved by Messrs Guy and Stone:-

RESOLVED: that the speed limits in Towne Creek Manor, California, Md., on Towne Creek Road and Sunrise Drive be maintained at 30 MPH, and the State Police notified of this and asked to enforce the law and maintain this speed." 34 families live along this area and many small children play there. LCDR Henderson was advised by letter of the action taken.

Zoning

The Citizens' Association of Towne Creek Manor presented maps prepared showing where they would like the area zoned. Letter was sent to them advising the request would be placed before the Planning and Zoning Commission who would consult with the Association later.

Conference.

Dr. Houser asked that funds be allocated for the use of Sanitarian Virgil H. Mast to attend a conference in North Carolina, a Training Course approved by the State Health Dept. Request was granted.

Noble Beachum asked permission to transfer his parochial school bus route to Alice Marshall, driver J. Somerville. Board will advise him of their decision as he does not want the route advertised.

Board invited to attend the public dedication of Leonardtown Public School March 11, 8 p.m.

J. Ralph Abell, Sr., Supervisor of Assessments suffered a leg injury when he fell. He will be incapacitated for some time. During his illness Mr. Herbert has been instructed to secure an assistant, and Mr. Herbert will be paid 7¢ per mile for travel. The pay for assistant will be \$7 per day. Mr. Abell is to receive his salary but not expense account.

Wm. Callaway resigned from the Appeals Board of the Zoning Commission, due to illness. Mr. Irving Hewett was asked to serve in Mr. Callaway's place.

Request for rates of insurance on funds kept in the Treasurer's office. R.B.Broun, Jr., J.R. Drury & Son, J.T. Waring & Son sent letters asking for rates on \$3,000 full year \$7,000 additional Mar 15-April 15, annually.

Valley
of
Mrs. Emma Vause asked that ditch on her farm adjoining that of Wm. Clements at ~~St. Clements Shores~~ be opened as water drains over the land. Mr. Thompson was notified of this.

Complaint that Scanlon Herbert was discharging children at the intersection of the roads at Morganza, Md., was heard and Board instructed clerk to advise Scanlon children must be carried direct to the school before being let off the bus.

Board adjourned at 3:40 p.m.

Approved

Leonard S. Alvey
President.

March 16, 1954

Commissioners and their attorney were present for half day- Scanlon Herbert had advised clerk he carried children to the intersection and let them off there then returned to bring second load of children and carried them to the church- this was only done on the days children attended mass. All other days he carries them direct to the school. Letter was sent to Scanlon advising he must carry the children direct to the church or direct to the school and at no time are they to be discharged on the road.

Miss Dent asked the Board to complete the request for \$85,000 State School Loan. \$25,000 of this is for GMES and \$60,000 elsewhere. Request was signed.

Letter to Noble Beachum advising him that transfer of bus route would not be granted. End of school term is close at hand and since he did not want the route advertised Board prefers he continue until the fall term, then if he still does not want the route it will be advertised in the regular way.

Letters to Mr. Thompson advising him of action taken in re Towne Creek Manor speed signs.

Farm Board
Mr. Alvey, representing the ~~Farm Bureau~~ asked that Conference Room in new County Office Bldg be reserved for the last Friday of each month. He was given a key to the room.

Board adjourned at 1 p.m.

Approved

Leonard S. Alvey
President.

March 23, 1954

Today the Board of County Commissioners met in regular session. Court being held, attorney Sterling was absent.

Tall Timbers.

Dr. Gamble reported a break in the new seawall there. Mr. Thompson was advised of this- he will inspect the wall and report

Road-7th D.

Group of citizens in this area ^{continuation of Maycroft Road} asked that ~~road leading to~~ ^{to} ~~Kopel's~~ be widened. Commissioners advised they must have the road surveyed and DEED prepared to give County Right of Way. When DEED has been recored etc., as above, the County will maintain the road until same can be widened. Messrs. Ellis, Bowling & Ward were in.

8th D.

Messrs. Ryseticken, Rue, Gale, Chapman and Lancaster asked that Commissioners allocate a sum for protection against robberies, etc., in the business section of the town. It costs about \$700 per month for watchmen but when they had the watchmen the thefts stopped. After a lengthy discussion the Board agreed to appropriate \$350 if the businessmen put up \$350 a month until legislature can be passed providing for adequate protection in that thickly settled area. The group pointed out that during the time it was known that night watchmen were abroad the thefts which had been recurring often ceased. Now there are no funds to continue this service. The \$350 per month will not be turned over to the Businessmen until it is established that they also are paying out \$350 per month.

Mr. Rue asked if sidewalks could be laid by the County, and the owners of the places where they are laid reimburse the County. Mr. Alvey said he would seek legal advice in this matter but felt it could not be done

St. Geo. Island. Messrs R.L. Wagner and Webster Poe asked that the Island creek be dredged. They brought a petition with 300 signatures asking for this. It appears that the creek would serve as a place for harbor in a storm. The dredging of this creek, along with other work, has been approved by the Rivers & Harbors, but no money appropriated. Clerk was instructed to write Congressman Frank Small, Jr., John Marshal Butler and Gov. McKeldin asking that they request priority for this project. Copy of the letter was sent to Mr. Wagner.

Insurance bids recd. from Waring & Son, Frank Combs and R.B. Broun, Jr. Clerk instructed to write each of them, asking for coverage of funds from Treasurer's office, and in the safe for the month of March 1 to April 1, and June 1 to July 31, annually.

Mr. Alvey and Mr. Thompson to visit Sand Gates road Sunday Mar 27, and see new road staked out. One owner complains road is too close to her tenant house and takes too much of her road. Plugge's fence is to be used as the dividing line between Plugge and R. Dixon's property.

Representatives from St. Mary's Garden Club, Mrs. F. Cuniberti and Mrs. E.D. Chase, with representative from Women's Clubs, Mrs. J.M. Gough asked that Commissioners find a place to locate a public dump in each district. Board considered asking thru the 2 County papers if anyone had gully or piece of land within easy access of road where trash etc could be dumped by the public.

Civil Defense. Mr. Thompson reported contacting several retired service men to act as Directors of Civil Defense, but none were interested. The position carries no salary, but the need for a permanent Director has been stressed by the Grand Jury. American Legion would like Jim Lanham to represent them. No definite action was taken or name suggested.

SRC desires 6 pick-up trucks. Board will take matter up next meeting.

Board of Education

Mr. Johnson and Miss Dent came in to ask the Board to borrow \$58,000 from the State School Loan or give them permission to use the amount which is in the Incentive Fund- \$58,000 plus. Board felt it would be unwise to use all the fund for one project and did not feel they could allocate any more to build the new school at GMI- which it is anticipated will cost about \$532,000.00. In order to receive the Full Government grant it is necessary that the Bd of Educa. state where they will obtain the \$58,000 which is that much short of the cost of the building, as far as the Fed. grant is concerned. The Bldg program of 1949 was reviewed and the Bd of Educa feels it has accomplished a great deal in the time and with the money at their command. They have very extensive programs in mind for the near future, especially machinery repairing etc.

Mr. Stone asked that the Board advise Lester Tippens, Dog Deputy to stop the sale of 1953 Dog Tags since the 1954 tags will be ready in June. This was done by letter

Board adjourned at 5 pm

Approved *Leonard S. Alvey*
president.

*Board to sit as Board of Health,
Tuesday May 25, 1954 at 10 am*

All members and their attorney were present at today's meeting.

Youth

Mr. Alfred Toombs, representing the PTA County Council called with reference to what cooperation the Commissioners were willing to give in a movement to supply the youth of the County with fitting recreation. the PTA's plan on contacting all civic orgnaizations of the County with a view to sponsoring contests etc., in an effort to find good recreation away frm bars and tav erns. Board assured Mr. Toombs of their deep interest and requested that he contact them after the organizations had lined up their programs.

Mrs. Wm. Callaway on Great Mills-Valley Lee Road asked that stop lights be placed at the intersection of these roads. Matter has been taken up with Mr. Thompson but he informed her there was not sufficient traffic to warrant such lights. Mrs. Callaway advised that cars had struck the frame house twice, knocked it from its foundations, hit the hyfraulic lift, brick building and Public auction stand adjacent to her husband's filling station. Asks that red light be placed to reflect on Valley Lee road and yellow light be placed on route 5. No action taken as it is a SRC matter.

Library

Miss Pickrell, librarian and administrator of the SMCML, asked that the Board make a loan of \$1164.44 until she receives a che k for that amount from the State. It was explained by the State librarian to Miss Pickrell that due to the fact one of the counties had not sent in their monthly report no checks would be forthcoming until the last of the month. Board agreed to this when Miss Pickrell and Mr. Wm.Loker,Jr., signed a note for the above amount with the understanding that check would be sent to them when received.

Request was made for repairs to road in front of old school at Bernard Goodwin's. Board will consid r matter.

Eagle Construction Co.

Mr. Hellman of the Eagle Construction asked that Board build the road from Rue's Roost to the Center Gardens development. Correspondence in reference to this matter is on file- Lengthy discussion was held as to matter of paying taxes for Patuxent Sections 1-2-3-4 Mr. Hellman feels the road in questio can be built for \$5,000 and that the first tax bill they pay will cover this. No definite action taken.

County Vol. Fire Depts and Central Alarm System

A group representing the 6 Vol Fire Depts of the County, with Mr. Ben Poindexter spokesman, called to ask about the new system being installed; to whom each fire Dept would be responsible, etc., and who would be appointed to the 3 positions that have been made possible. The 6 VFD's have agreed not to accept the annual allotment made by the County in order that the persons operating the Central Alarm System can receive a salary. Mr. Thompson aexplained why

the system was being installed, that the State Police paid for installation and upkeep of stations etc. Stations are already at Leonardtown and Lexington Park and will be erected in the other areas where VFD's are located. All the Fire departments have been asked to locate someone they consider eligible for the positions and then they will be interviewed by the County Commissioners and later screened by the State Police. The system will be the cooperative work of the Fire Depts., Civil Defense, State Police and County Commissioners.

The committee representing the 6 County Vol fire depts are

Lexington Park	Ben Poindexter	Avenue,	Ben Wible
Leonardtown	Roy Goddard	McKay's Beach	John Koegle
Ridge	Ralph Messick	Mech	John F Wood

Mr. Guy suggested each Fire Dept contact State Police and Civil Defense and present their plans, select a chairman for the group and have all applicants for the above positions contact the County Commissioners.

Roads for 1954 in order of their priority

Board with Mr. Thompson left to inspect break in seawall at Tall Timbers. Will report at next meeting.

Clarke's Landing

Mr. Phil Clarke, Hollywood, asked for road into his place willing to give R of W also land for Public landing and wharf

Board of Education presented a request for \$100,000 for State School Loan which was signed in duplicate by Board, as requested.

Commissioners attended conference with SRC on _____ to consider the new SRC program and participate in the funds from the bonds. 3 copies each of the Agreement and Record from Minutes- prepared by SRC and sent here- were signed and sealed and mailed to SRC on Wednesday April 14. Board also visited State Police Commissioner to ask for additional police here. Then to the Civil Defense Bureau where they saw a colored film of the H Bomb.

Board adjourned at 4 pm

approved *Leonard J. Alvey*
 president

THIS AGREEMENT, executed as of the _____ day of _____, 1954, in three counterparts, each counterpart to be treated as an original, by and between the State Roads Commission of Maryland (hereinafter referred to as the "Commission") and the County Commissioners of St. Mary's County, Maryland, (hereinafter referred to as the "County"):

S T A T E M E N T

By Chapter 657 of the Laws of Maryland of 1953, the General Assembly of Maryland adopted a program for the rehabilitation of, and additions to, the State Highway System and as a part of said program, Sections 162A to 162F, inclusive, were added to Article 89B of the Annotated Code of Maryland (1951 Edition), authorizing the Commission to finance said program in part by the issuance during a specified period of time of additional State Highway Construction Bonds payable, as to principal and interest, from a sinking fund created with certain State tax revenues derived from the use of motor vehicles and allocated to the Commission. Said Act of Assembly also added Section 162G to said Article, authorizing the Commission to issue its bonds on behalf of the several counties of the State in order to enable said counties, at the election of each, to conduct corresponding programs of construction and reconstruction of county roads, such bonds to be issued annually over the same period of time specified in Section 162A added to said Article 89B, subject to the limitation that at no time should there be outstanding during said period of time in excess of Fifty Million Dollars (\$50,000,000.00) face amount of such bonds. Said Section 162G provides that such bonds shall be obligations of the Commission, shall be issued substantially in accordance with the provisions of Section 162B, added to said Article 89B, and shall be payable, as to principal and interest, from a separate sinking fund to be established by the Commission by making annual deductions from the State tax revenues allocated to each participating County by Section 22 of Article 89B of the amounts necessary to provide each such County's proportionate

THIS AGREEMENT, executed as of the _____ day of _____, 1951, in _____, each counterpart, each counterpart to be created as an original, by and between the State Roads Commission of Maryland (hereinafter referred to as the "Commission") and the County Commissioners of St. Mary's County, Maryland, (hereinafter referred to as the "County");

S T A T E M E N T

By Chapter 67 of the laws of Maryland of 1951, the General Assembly of Maryland adopted a program for the rehabilitation of the State Highway System and as a part of said program, Section 182M of the Annotated Code of Maryland (1951 Edition) was added to Article 89A of the Annotated Code of Maryland (1951 Edition) authorizing the Commission to finance said program in part by the issue during a specified period of time of additional State Highway Construction Bonds payable, as to principal and interest, from a sinking fund created with certain State tax revenues derived from the use of motor vehicles and allocated to the Commission. Said Act of Assembly also added Section 182N to said Article 89A authorizing the Commission to issue its bonds on behalf of the several counties of the State in order to enable said counties, at the election of each, to non-repay corresponding programs of construction and reconstruction of their roads. The bonds to be issued annually over the same period of time specified in said Article 89A added to said Article 89A, subject to the limitation that at no time shall there be outstanding during said period of time in excess of \$10,000,000 (Ten Million Dollars) face amount of such bonds. Said Section 182M provides that such bonds shall be obligations of the Commission and shall be payable in accordance with the provisions of Section 182M, added to said Article 89A, and shall be payable, as to principal and interest, from a separate sinking fund to be established by the Commission by making annual deductions from the tax revenues allocated to each participating County by Section 18 of Article 89B of the amount necessary to provide each such County's proportionate

share of said sinking fund in accordance with its participation.

Following enactment of said Section 162G the Commission prepared certain schedules showing its tentative suggestions for participation by the several Counties of the State in said bond issue authorization in each of the twelve fiscal years beginning July 1, 1954. A copy of the schedule applicable to the County was forwarded to it on October 15, 1953. On or before December 1, 1953, the County notified the Commission of its desire to participate in the bond issue contemplated for the fiscal year beginning July 1, 1954, to the extent of Seventy-nine Thousand Seven Hundred Dollars (\$79,700.00). The Commission has since approved said request in accordance with the formula prescribed by said Section 162G.

Accordingly, this Agreement is entered into in accordance with said Section 162G for the purpose of securing the repayment of the County's requested share of the net proceeds of the first series of such bonds, to be issued by the Commission in the fiscal year beginning July 1, 1954, in the event said bonds are so issued and sold and in the event the County's requested share of the net proceeds thereof are paid to the County or are held for its account by the Commission.

NOW, THEREFORE, THIS AGREEMENT WITNESSETH: That, in consideration of the mutual covenants herein contained, and in accordance with the provisions of the Act of the General Assembly of Maryland above described, the parties hereto do hereby covenant and agree as follows:

1. Issue of Bonds. During the fiscal year beginning July 1, 1954, the Commission will offer at public sale the first series of its bonds authorized by Section 162G, added to Article 89B of the Annotated Code of Maryland (1951 Edition), to be known as "State Roads Commission of Maryland County Highway Construction Bonds, Series A", in an aggregate par amount equal to the approved portion of the total requests received by the Commission from the several counties of the State on or before December 1, 1953, for participation in the proceeds of such bonds, provided that the aggregate par amount of said first series of bonds may be reduced by the

share of said sinking fund in accordance with the participation

Following enactment of said Section 1052 the Commission prepared cer-

tain schedules showing its tentative suggestions for participation by the several
Counties of the State in said bond issue authorization in each of the twelve fis-
cal years beginning July 1, 1954. A copy of the schedule applicable to the County
was forwarded to it on October 15, 1953. On or before December 1, 1953, the

County notified the Commission of its desire to participate in the bond issue con-
templated for the fiscal year beginning July 1, 1954, to the extent of Seventy-nine
Thousand Seven Hundred Dollars (\$79,700.00). The Commission has since approved

said request in accordance with the formula prescribed by said Section 1052.

Accordingly, this Agreement is entered into in accordance with said Sec-

tion 1052 for the purpose of securing the repayment of the County's requested
share of the net proceeds of the first series of such bonds, to be issued by the
Commission in the fiscal year beginning July 1, 1954, in the event said bonds are
so issued and sold and in the event the County's requested share of the net pro-
ceeds thereof are paid to the County or are held for its account by the Commission

NOW, THEREFORE, THIS AGREEMENT WITNESSETH: That, in consideration

of the mutual covenants herein contained, and in accordance with the provisions of
the Act of the General Assembly of Maryland above described, the parties hereto do
hereby covenant and agree as follows:

1. Issue of Bonds. During the fiscal year beginning July 1, 1954, the
Commission will offer at public sale the first series of its bonds authorized by

Section 1052, added to Article 89B of the Annotated Code of Maryland (1951 Edition),

to be known as "State Roads Commission of Maryland County Highway Construction
Bonds, Series A", in an aggregate par amount equal to the approved portion of the
total requests received by the Commission from the several counties of the State on
or before December 1, 1953, for participation in the proceeds of such bonds, provid-
ed that the aggregate par amount of said first series of bonds may be reduced by the

Commission in the event and to the extent that any of the counties making said requests, shall not have entered into an agreement with the Commission, substantially identical to this agreement, on or before May 10, 1954.

Said bonds shall be dated as of a date within thirty (30) days from said date of sale, shall bear interest payable semi-annually accounting from said date of issue, shall mature and be payable in 15 consecutive annual serial installments, shall bear interest at the rate or rates named by the successful bidder for said bonds and accepted by the Commission and shall be subject to prior redemption by the Commission at prices specified by it prior to the issuance thereof subject, however, to the provisions of this Agreement.

The obligation of the Commission hereunder to issue any of the aforesaid bonds is subject to its uncontrolled discretion to determine when and under what conditions during said fiscal year said bonds shall be issued, the form and contents thereof and of any official statement issued with respect thereto, and to accept or reject any or all bids received therefor, it being the purpose of this reservation that this Agreement is at all times subject to the paramount need for preserving the credit of the Commission and the security of revenues collected by the State from the use of motor vehicles.

2. Distribution of Proceeds. In the event the bonds above described are issued as aforesaid then, promptly after settlement therefor and delivery thereof, the Commission will cause the proceeds thereof to be applied as follows:

(a) there shall first be deducted from said proceeds all moneys received from the purchaser of said bonds on account of accrued interest and premium, if any, which shall be credited to the Sinking Fund hereinafter provided for;

(b) from the remainder there shall be paid all expenses incurred by the Commission in the issuance and sale of said bonds, including expenses of printing, advertising, delivery, and financial and legal fees.

(c) the balance of said proceeds remaining shall be divided in the

...the extent that ...
...shall not have entered into an agreement ...

same proportion that the approved request of the County for participation aforesaid bears to the total aggregate issue of said bonds and said proportionate share shall thereupon be remitted to the appropriate fiscal officer of the County, hereinafter designated, or the Commission will cause such proportionate share to be applied on account of expenditures for construction and reconstruction costs of the highways of the County, as directed by appropriate written resolution of the County filed with the Commission prior to the distribution of such proceeds.

3. Sinking Fund. The County covenants and agrees that, in the event said bonds are issued and the proceeds thereof are distributed as aforesaid, then, and in such event, the Comptroller of the State of Maryland shall thereafter withhold from the State revenues allocated to, or held for the credit of, the County under Section 22 of Article 89B of the Annotated Code of Maryland (1951 Edition) an amount equal to the County's proportionate share of the principal and interest payable on said bonds in the fiscal year in which the same are issued and in the next succeeding fiscal year. All such State funds so allocated to, or held for the credit of, the County shall be so applied until the County's proportionate share of such debt service for the then current and the next succeeding fiscal year shall have been accumulated. After the County's proportionate share of said debt service payments shall have been so accumulated, either in the fiscal year in which said bonds are issued or, if necessary, in the fiscal year following, then for each fiscal year thereafter said State Comptroller shall withhold from the State funds allocated to, or held for the credit of, the County an amount equal to the County's proportionate share of the principal and interest payments on said bonds due in the next succeeding fiscal year to the end that, during the period said bonds are outstanding, there will have been credited to the Sinking Fund, hereinafter provided for, from the County's share of said State revenues, an amount equal to its share of said principal and interest payments due in the current and the next succeeding fiscal year. The amount to be withheld by the State Comptroller in the fiscal year in which said bonds are issued, shall be reduced

by an amount equal to the County's proportionate share of accrued interest and premium, if any, paid by the purchaser of said bonds as aforesaid.

The withholding hereby authorized is not intended to create any lien or pledge in favor of the bonds provided for in Paragraph 1 hereof prior or superior to any such withholding which may hereafter be authorized by the County with respect to any subsequent series of bonds issued by the Commission on behalf of the County pursuant to said Section 162G, or any amendment thereof, but it is the intent hereof to reserve to the County the right hereafter to agree to an increase in said withholding to provide debt service for its share of any such subsequent series of bonds and thereby to provide that the series of bonds provided for in Paragraph 1 hereof and any such subsequent series shall participate pari passu in such increased withholding.

In the event the County shall elect to pay its proportionate share of said principal and interest payments from the proceeds of taxes to be levied by it directly, the County shall notify the State Comptroller, in writing, not later than the first day of January in the calendar year in which the County proposes to make such payments and, upon receipt of such notice, the State Comptroller, shall not withhold, in accordance with this paragraph, any of the said State revenues allocated to, or held for the credit of, said County after the first day of July in such year, unless and until the State Comptroller shall receive further written notice from the County so to withhold, or unless and until the State Comptroller shall receive written notice from the Commission that the County has failed to make the necessary deposit into the Sinking Fund, hereinafter provided for, at the times and in the amounts necessary to maintain the same as above described.

Immediately upon delivery of and payment for the bonds above described the Commission will cause the State Treasurer to establish on his books in the name of the State Roads Commission a separate account to be designated "County Highway Construction Bonds Sinking Fund" and the Commission will further cause

Faint, illegible text, possibly bleed-through from the reverse side of the page. The text is arranged in several paragraphs and is difficult to decipher due to its low contrast and orientation.

said State Treasurer to credit thereto accrued interest and premium received upon settlement for said bonds as aforesaid. The Commission will further cause the State Comptroller to credit to said Sinking Fund from time to time the amounts withheld by him from distribution to the County as above provided.

All payments on account of maturing principal and interest of the bonds herein described shall be made from said Sinking Fund by the State Treasurer upon warrants of the State Comptroller, as requested by the Commission, but in no event shall the Commission request a warrant disbursing from the moneys withheld from the County and credited to said Sinking Fund an amount greater than the County's proportionate share of the next accruing liability on account of said bonds at the time of said disbursement. In order that no such excessive disbursement shall be made, the Commission shall at all times keep accurate records of the total deposits and disbursements made into and from said Sinking Fund, a statement of the County's proportionate share of each, and accurate records of the deposits and disbursements made into and from said Sinking Fund on behalf of the County.

It is hereby covenanted and agreed that the County's share of the total amount on deposit in said Sinking Fund shall at no time be greater than its proportionate share of the amount necessary to meet debt service on the bonds above described accruing in the then current and in the next succeeding fiscal year, nor less than its proportionate share of the amount necessary to meet such debt service accruing in said next succeeding fiscal year. In the event said deposits shall be continuously made from the date of issue of the bonds above described then the authority to withhold hereby conferred on the State Comptroller shall terminate not later than the end of the fiscal year next preceding the fiscal year in which the final serial maturity of said bonds shall occur.

It is understood and agreed that the Commission shall have the right, from time to time in its discretion, to invest any and all moneys in said Sinking Fund in accordance with Section 22 of Article 95 of the Annotated Code of Maryland, (1951 Edition) and to apply the County's proportionate share of earnings

from said investments as follows:

(a) if the deposits in or credits to said Sinking Fund on behalf of the County shall have been continuously made as aforesaid, the Commission may apply such share from time to time to bond redemptions as hereinafter in Paragraph 4 provided but if no such redemptions shall be effected the Commission shall apply such share in reduction of the County's liability to said Sinking Fund for the fiscal year next preceding the fiscal year in which the final maturity of said bonds shall occur.

(b) if the County's proportionate share of said Sinking Fund shall at anytime be less than the amounts required by Paragraph 3 hereof, the Commission shall apply such share of earnings in reduction of the County's accrued liability to such Sinking Fund and thereafter as in subparagraph (a) hereof.

Unless the County shall have previously exercised its option under Paragraph 4 hereof, the County shall be entitled to reimbursement of its proportionate share of any balance remaining in said Sinking Fund, allocable to said bonds, after all of the above described bonds, and the coupons attached thereto, shall have matured and been paid, or provision made for such payment.

4. Redemption. If, in the issuance of the bonds above described, the Commission shall reserve the right to redeem said bonds in whole or in part at a price in excess of par, it shall not thereafter obligate or commit any funds of the County, in the Sinking Fund or elsewhere, in the exercise of such right without the prior written consent of the County. If, however, the right to redeem said bonds in part is so reserved, the County may cause the Commission to call for redemption at the next succeeding redemption date sufficient of said unmatured bonds to liquidate the County's proportionate share thereof, by depositing with the Commission not less than fifteen (15) days before the next date upon which the Commission may issue a call for redemption, sufficient funds to pay the principal, accrued interest and redemption premium of the bonds so to be called, together with sufficient funds to meet the reasonable expenses of the Commission in effecting such redemption and to discharge the difference, if any, between

the County's unpaid obligation hereunder and the par amount of said bonds so redeemed. In the event the County shall take the action herein provided for, all further obligation of the County hereunder shall terminate forthwith.

5. Covenants and Representations by County. In consideration of the issuance and sale by the Commission of the above described bonds and the distribution of the proceeds of sale thereof as herein provided, the County covenants and represents as follows:

(a) that there are no liens upon, or pledges of, the County's share of State revenues allocated to, or held for the credit of the County under Section 22 of Article 89B (Annotated Code of Maryland, 1951 Edition) prior or superior to the withholding for Sinking Fund purposes herein agreed to, other than current contract commitments for highway construction and maintenance;

(b) that so long as this Agreement shall remain in full force and effect, the County will not pledge any such revenues nor create or permit the creation of any liens thereon prior, superior, or equal to the commitments made by it hereunder, other than for subsequent series of pari passu bonds which may be issued by the Commission on behalf of the County, and that it will not do or suffer to be done any act or thing which will impair or interfere with the security of the bonds above described or which will impair or interfere with its ability or the ability of the Commission, the State Comptroller and the State Treasurer to perform in accordance with this Agreement;

(c) that so long as this Agreement shall remain in effect the County, in each fiscal year, will levy ad valorem taxes upon all property within the County subject to assessment for County taxation at such rates as will be sufficient for it to collect in tax revenue a minimum of one dollar per capita of county population, and will certify its annual tax levy in each year to the State Comptroller, it being the intent and purpose of this covenant to insure that the County will not impair its other covenants and agreements hereunder by failure to comply with the provisions of Section 22 (e) of Article 89B of the

the County's unpaid obligation hereunder and the par amount of said bonds so re- deemed. In the event the County shall take the action herein provided for, all further obligation of the County hereunder shall terminate forthwith.

5. Covenants and Representations by County. In consideration of the

issuance and sale by the Commission of the above described bonds and the distribu- tion of the proceeds of sale thereof as herein provided, the County covenants and represents as follows:

(a) that there are no liens upon, or pledges of, the County's share of State revenues allocated to, or held for the credit of the County under Section 22 of Article 89B (Annotated Code of Maryland, 1951 Edition) prior to payment to the withholding for sinking fund purposes herein agreed to, other than contract commitments for highway construction and maintenance;

(b) that so long as this Agreement shall remain in full force and effect, the County will not pledge any such revenues nor create or permit the creation of any liens thereon prior, superior, or equal to the commitments made by the hereunder, other than for subsequent series of past bonds which may be issued by the Commission on behalf of the County, and that it will not do or suffer to be done any act or thing which will impair or interfere with the securi- ty of the bonds above described or which will impair or interfere with its ability or the ability of the Commission, the State Comptroller and the State Treasurer to perform in accordance with this Agreement;

(c) that so long as this Agreement shall remain in effect the County, in each fiscal year, will levy ad valorem taxes upon all property within the County subject to assessment for County taxation at such rates as will be sufficient for it to collect in tax revenue a minimum of one dollar per capita of county population, and will certify its annual tax levy in each year to the State Comptroller, it being the intent and purpose of this covenant to insure that the County will not impair the other covenants and agreements hereunder by failure to comply with the provisions of Section 22 (e) of Article 89B of the

Annotated Code of Maryland (1951 Edition) as enacted by Chapter 475 of the Laws of Maryland of 1953;

(d) that, by the issuance of bonds by the Commission on behalf of the County in the manner hereinabove outlined, no Constitutional or statutory debt limit or referendum requirement will be exceeded or violated and that the County's participation in such bond issue will be within any such limitation and will not require approval by the qualified voters of the County;

(e) that the net proceeds received by the County from the issue of bonds hereinabove described will be expended by the County on the construction and reconstruction of County roads and for no other purpose whatsoever.

6. Agreement for Benefit of Bondholders. It is hereby covenanted and agreed by and between the parties hereto that, in addition to such parties, the provisions of this Agreement shall and are intended to be for the benefit and security of the bona-fide holders from time to time of the bonds and coupons hereinabove described and that the agreements and covenants herein contained shall be enforceable by such holders to the same extent as though they were parties hereto.

7. Validity. It is hereby covenanted and agreed by and between the parties hereto that they will take all action within their respective delegated powers to assure the legal validity of this agreement and of the bonds hereinabove described and that, in the event further legislation by the General Assembly of Maryland should at any time be deemed necessary to assure such validity, they will use their best efforts to obtain the passage of such legislation.

8. Approval. The execution of this Agreement has been duly authorized by resolution of the Commission duly adopted at a regular meeting of said Commission held on _____, 1954, and recorded in the minutes of said meeting, and by resolution of the County duly adopted at a regular meeting of its County Commissioners held on *April 13th*, 1954, and recorded in the minutes of said meeting.

Annotated Code of Maryland (1951 Edition) as enacted by Chapter 415 of the Laws of Maryland of 1953;

(d) that, by the issuance of bonds by the Commission on behalf of the County in the manner hereinabove outlined, no Constitutional or statutory debt limit or referendum requirement will be exceeded or violated and that the County's participation in such bond issue will be within any such limitation and will not require approval by the qualified voters of the County;

(e) that the net proceeds received by the County from the issue of bonds hereinabove described will be expended by the County on the construction and reconstruction of County roads and for no other purpose whatsoever.

Agreement for Benefit of Bondholders. It is hereby covenanted and agreed by and between the parties hereto that, in addition to such parties the provisions of this Agreement shall and are intended to be for the benefit and security of the bond-holders from time to time of the bonds and coupons hereinabove described and that the agreements and covenants herein contained shall be enforceable by such holders to the same extent as though they were parties hereto.

Validity. It is hereby covenanted and agreed by and between the parties hereto that they will take all action within their respective delegated powers to assure the legal validity of this agreement and of the bonds hereinabove described and that, in the event further legislation by the General Assembly of Maryland should at any time be deemed necessary to assure such validity, they will use their best efforts to obtain the passage of such legislation.

Approval. The execution of this Agreement has been duly authorized by resolution of the Commission duly adopted at a regular meeting of said Commission held on _____, 1954, and recorded in the minutes of said meeting and by resolution of the County duly adopted at a regular meeting of the County Commissioners held on _____, 1954, and recorded in the minutes of said meeting.

This Agreement may be avoided by either of the parties hereto in the event that the Board of Public Works of the State of Maryland shall not approve the sale by the Commission of the bonds described in Paragraph 1 hereof in the manner required by law and none of the covenants herein contained shall become operative until said Board shall have approved said sale.

9. Fiscal Officer. The title of the fiscal officer of the County authorized by law to receive and hold custody of all moneys due and payable to the County is Treasurer of St. Mary's Co. and any and all payments hereunder shall be deemed to have been made to the County, if made to said fiscal officer.

IN WITNESS WHEREOF the parties hereto have set their hands and seals the day and year first above written.

STATE ROADS COMMISSION

ATTEST:

_____ Chairman

_____ Secretary

COUNTY COMMISSIONERS OF **ST. MARY'S**
COUNTY

ATTEST:

_____ President

_____ Clerk

April 27, 1954

Regular meeting was held today with full board in attendance.

Chimney Sweep bid \$70.00 to clean the 3 chimneys on County owned property CH-J-AH No decision made until it is determined whether chimneys need cleaning.

Clerk instructed to order supply cabinet for Supvrs. of Assessments office.

Fresh Pond Neck Road Capt Will Clarke and Srgt called about this road. .6 mi 8 houses Board agreed to put road on 55 program- is between Bradburn's & Wilkinsons'

St. Mary's County Mem. Lib. asked to have road leading from town on both sides of Health Dept repaired-in very bad condition. Board desires R of W from Turdor Park Co for this road

Plumber-

Dr. Robt Locke, sanitarian for the County Health Dept called to talk about a Plumbing Inspector for the county. Plumbing is being done by others than registered plumbers and all work is not satisfactory from a sanitary standpoint. Colored houses in Lexington Park opposite Dock and Gateway were served notice April 1, to tie into pipe landssewer lines and clean up their places and abandon use of central well and privet now in use. Desires Board to enforce this notice. Board will consider the matter. Feels there should be a Plumbing Code and Pl. inspector.

Rosecroft Road. 2.2ml petition signed by 14 families to have road conditioned. Trees grow so close to the road that for a space of 200 yards there is not sufficient room for 2 cars to pass. Mr. Thompson said the road should be reconstructed entirely and asked that SSRC be requested to place this road on the 1955 list. SRC will try to have So.Md.Elec.Co meet them and cut down trees. Taxpayers on the road will remove the trees .

Piney Point Shores- Mr. Herman Babel asked that road serving 13 families be repaired- Mr. Stone and Mr. Thompson will inspect the road and report at next meeting.

B.W.Poindexter consulted Board about Civil Defense employees for Central Alarm System- 3 will be paid \$2100 per annum and 1 will be paid 2700 per annum. desires to have sick leave 30 days per annum and reg. leave of 15 days, to place them on retirement fund-or social security feels all fire Depts send in their recommendations and County Commissioners have final authority to select employees. Board will meet with Civ. Def amd County CFD April 28 in Conference room, County Bldg.

Eagle Construction Co-phone call from Mr. Ed Hellman requesting Tax Bills for 53 and 54. Letter to Mr. Hellman, letter to Irving Trust Co of NY concerning this matter. In files.

Letter to Eagle Construction Co advising them it is now seasonable weather for black topping road. Board agreed Construction Co should do this- letter in files.

Clarke's Landing Road- was inspected but no definite action

Wharf at Smith's Creek- Bid from S.T.Foxwell, \$1195.00 pulling down old wharf, furnishing and driving piles for new wharf- accepted

Board adjourned at 4 pm

approved

Leonard Solvey
president.

april 28, 1954

Bo met with C.F.D officials but

did not grant request for leave - annual or sick.

If any absence should occur, Mr. Thompson will secure a temporary employee & overtime will have to pay this time at \$1.00 per hr.

All members and their attorney were present at today's meeting

Library survey

Miss Eleanor Finney, making a survey of small libraries for the State interviewed the Board as to the value of the St. Mary's County Mem. Library. Their feeling is that Miss Pickrell has been doing a splendid job, is very efficient in her work; library being greatly patronized. Their reason for having no County library heretofore was due to lack of funds.

Report that employees leave light all night in the Health Center was made, letter was addressed to Dr. Houser asking that the lights be off when the last employee leaves.

Board agreed to allow a fee of 50¢ for each dog tag sold between now and Aug 1st, After Aug 1st all tags allowed \$1.00 Letters sent to all JP's advising that any who wish to sell, may secure them from the Treasurer.

Checks for JP's salary May 53-4 sent out

Clarence Dodge,	\$300.00
Chas. H. Davis	200.00
Geo. Quade	100.00

J. Clem Dyson	Owne Baldwin	Elliott Smith	Roland M. Clarke
Noah Callis, Sr	Daniel Morgan	Fred Moreland	J. Albert Long*
J. Ignatius Bowles			

all the above allowed \$30.00 taken from the Dog Fund since there was not sufficient in the Budget to pay these accounts.

Mrs. Lillian Copsey-Horse Landing- 5 families reside on this road deep gully by Morgan's needs filling Board will confer with Mr. Thompson and after taking a look at the road will decide at next meeting what has to be done.

Drum Cliff Road

Towne Creek Road } accepted for maintenance

Dr. Locke and Mr. Nicolet report collection of garbage in Lexington Park done by open truck-trash and garbage spill on streets- no decision

Hohensee Pub. Hearing

A Public Hearing to rezone certain part of Mr. Hohensee's land on the G.Mills Road from "A" residential to "Commercial" will be held on May 31 at 8 pm in the Court House. Notices published in two County papers for May 15 and 22.

Gasparovic Right of Way-Mr. Bowman is having survey photostated and expect action soon.

7th Dist- Russell, Gibson, Long Road Mr. Guy with Mr. Tjompson will go over this road and Board will decide at next meeting action to take

Piney Pt. Road- Chas Price complains that water runs over his land- could be turned off into old run back of his land is on the new road from Callaway to Valley Lee- Board will consider the matter

VanBrunt- road at St. Michael's Mr. VanBrunt was advised to have survey made before action can be taken.

Eagle Construction Co.
Road will cost approx \$5,000 will have triple service treatment. FHA will accept that and Mr. Hellman is agreeable. Letter to Mr. Hellman advising County will maintain road after same has been completed, inspected and approved by MCT and Co. Coms. Specification for road set forth in letter

Civil Defense Chas. H. Donaldson, Towne Creek Manor
Calif, Md. appointed Chief Operator Civil Defense Central
Alarm and Communications System, \$2700 per annum, July 1, 1954

Board adjourned at 3;30 pm

approved

Leonard S Alvey

president

May 25, 1954

The Commissioners and their attorney met in regular session today.

Board of Health

At 10 a.m. the Commissioners met as the County Board of Health with Dr. A.D.Houser, secretary. Dr. Robt. Locke, sanitarian was also present. Vital health conditions affecting the County were under discussion. 1. 14 new cases of T.B. have been reported so far this year. 2. Sewage conditions in the County must be improved and people educated to the use of septic tanks Plumbing and Building Inspectors are needed and one inspector might be found who could fill both positions. Change in price of Bldg permits discussed-this needs new law. After July 1 no licenses will be issued to jack-leg lumbers- notice to this effect to be prepared and published in both County papers. Dr. Houser will prepare the notice. Dr. Locke was asked to sell dog tags there is an extra fee of \$1 attached to each tag sold after Aug 1st. In view of the number of dogs roaming about untagged the Bd. agreed to pay the extra \$1 now for each tag sold.

G.Mills-Lex.Pk Road asks for Water and Sewage

W.M.Loker, Jr., attorney, representing 35 taxpayers who reside along this road, presented a petition signed by them asking for the water and sewage. This would serve the homes, 2 schools and all the trailers in this area. Project would cost approximately \$100,000 USNATC has been contacted and they inform that their disposal system is not working to capacity and Navy could easily take care of the waste. Mr. Sterling asked to become familiar with the law and Commissioners will discuss this matter at a later meeting. SRC is now laying new road and it would be well to install pipes etc., for this project before road is completed, if the Commissioners decide to take the matter up. Mr. Loker will be advised if and when a decision has been reached.

Swimming Pool-Shirley K Hotel

Copy of letter and petition signed by property owners in this area who feel the water supply will be lowered and St. Patrik's Creek contaminated if this is allowed. Letter and petition were addressed to the Dept. Geology, Mines and Water Resources protesting the granting of this request. Commissioners also wrote the above Dept for an expression of their opinion in the matter.

Health Dept Salaries

Effective July 1, 1954 the salary of

Dr. Robert Locke, sanitarian	is increased to	\$1800.00	per an
Virgil H. Mast	" " "	\$3570.00	" "

Radio Station- Leonardtown

Central Alarm System station in Leonardtown tested and found ok State Police are anxious to use same over weekend and holiday. MCThompson, Jr., will take 10 hrs duty, J.D.Raley will take 10 hrs and another operator will take balance of time for \$1 per hour. Mr. Sam Perkins has had over 2,000 hrs work in this line and will be contacted by Mr. Thompson for position.

Breton-Potomac Beach Road

Letter from Mr. Chappellear asks that road be repaired. Site is marshy land. Mr. Alvey will inspect the road and report at next meeting what can be done.

Mrs. Miller-7th Dist

A survey of this road is to be made-Mrs. Miller reports it has not been done- Boundary line in question was established in 1888 when verbal R of W was granted. Board will take other measures if Mr. VanWard fails to allow survey.

Old Fort Lincoln at Pt Lookout

Mr. Thompson suggests this would make ideal picnic area-would need lots of work, landscaping etc., but would be beautiful. Commissioners also feel it would be good picnic area No definite action taken.

Board adjourned at 4 pm

June 8, 1954

All Board members and their attorney met today in regular session.

Tall Timbers.

Wm. Aleck Loker, attorney, representing Mr. Ercole Leonardo owner of waterfront lots 43 & 44, Tall Timbers, asked that the latter be relieved from special taxes for the erosion relief project etc., in this area. Mr. Leonardo protested the project from the beginning, altho more than 75% of the taxpayers requested relief, and he has since stated that he would have no part in the matter, as he had previously erected a seawall that is in good condition. A lengthy discussion resulted in setting Friday June 18 at 8:30 pm for a special meeting with Mr. Leonardo and Mr. Loker.

Miller R of W

Mrs Miller of the 7th Dist came in about the R of W thru Mr. VanWard's farm. This is a matter of long standing- the Board decided to make Mr. VanWard an offer of \$200 per acre for land that would be used for the road, this to be done by registered mail to be sure Mr. VanWard receives it. If this is not acceptable, then condemnation proceedings will be started.

Mr. Chappellear, Breton Beach Road asked that something be done about the road to his property. Since the road would have to thru a marsh he was advised nothing could be done at this time.

Mrs. T. C. Diamond, Dameron, Md., offers a marsh site for use as Public Dump- there is a very good road to the dump, about 1 mile off the state road. She would also like to have the SRC use it for a dump.

Mrs. Cuniberti and others sent in a petition requesting that the roads be cleaned of the trash etc., making them unsightly. Mrs Cuniberti was advised by letter that the Board is doing all possible to clean up this matter.

Zoning Hearing for Tall Timbers and Towne Creek Manor set for Friday July 13, at 2 pm

Letter received from officials of the Health Dept., Board of Education, Extension Service, stating that janitor of New Health and County Office bldg is very satisfactory.

Virgil H. Mast, sanitarian, was allowed expenses not to exceed \$40 for his special training course in North Carolina.

Sign setting Speed Limit at 30 MPH is to be placed at Cabbage Alley.

Mr. Ray Combs, 1st Dist, 3 farms, asks that road to his farms be repaired. No decision.

Civil Defense Public Service

Chas. H. Donaldson, Towne Creek Manor was appointed as Chief Radio Operator of the Central Alarms System, effective June 1, 1954 at a salary of \$2700.00 per annum.

Saml Perkins, R2, Leonardtown, appointed Asst Chief, at \$2100.00 per annum, effective July 1, 1954

Robert Arnold, Abell, Md., appointed Asst Chief; at \$2100.00 per annum effective July 1, 1954

Board adjourned at 3:30 pm

approved

Leonard S. Alvey

president.

June 22, 1954

The County Commissioners met in regular session today.

Plumbers.

Dr. Robert Locker, sanitarian, was present in the morning and spoke about the plumbers in the County. Many are not licensed. Several went to Baltimore to secure licenses but were unable to make the proper contacts. Law requires that all be licensed as Master Plumbers or Journeymen. State Board of Plumber Examiners will be in St. Mary's County the last week in August to conduct examinations and issue licenses- these exams are not difficult. Master plumber exam includes drawing house and putting in pipes and connecting same. Registration fee \$3 for Master Plumber \$1.00 for Journeyman Notice of exam will be in both County papers. Commissioners approve program and will gladly cooperate. Dr. Locke reported that Nace Mattingly is doing splendid work and will be eligible for Master Plumber exam.

Weller-Donaldson road

Road thru the former Carpenter-Donaldson farm (now Seifert's) is in good shape and ready for gravel- road needs 3 small pipes- road has been graded according to SRC specifications. Some time ago Board agreed to gravel road and owners of land have offered all sand that is available from their part, anxious to have road completed as soon as possible. Board will contact Mr. Thompson about this.

Sheriff's Office

Request for file and supply cabinets approved. Clerk instructed to order same.

Letter from Pierre Ghent & Associates relative to Jarvoesville-Willow Road, answered "Jarboesville-Willow-ShangriLa Drive-Road has been constructed with County funds and Fed Govt has not reimbursed County in any way.

Board adjourned at 3:30 pm

July 11, 1954

Regular session held today with all members and their attorney present.

Dr. Locke appeared and asked permission to go ahead and prevent unlicensed plumbers to continue work in this County. Stoekel Co. is installing plumbing only 20 ft from a well, instead of 100 ft-in violation of a Health Law. Dr. Locke was requested to contact Mr. Ed Stoekel and advise him of his violation and request he change the distance to the proper footage-if he refuses the Board will take action.

Smith's Inc-asked if they could use several round septic tanks which they had on hand-new ruling is that all septic tanks must be square. Board agreed he could use the 5 he has on hand, must order square ones in the future.

Board of Education.

Members of the Bd. of Edu with Miss Dent called about their School Building program. They plan a new school for colored children in the western section of the county, as well as in Ridge and Jarboesville areas. Cost of the multipurpose room at GMES was considered, and Commissioners decided to go ahead with the \$100,000.00 request for ~~that~~ *school* work. Bd. of Educa also plans a Shop Unit for MBHS and a new High School for Great Mills section, for some of this they hope to receive Federal grants. The question of non-segregation came up and Miss Dent informed that she feels if the colored schools are in keeping with those for white pupils there will be no trouble here.

Essex Drive-Midway-ShangriLa

Planning and Zoning Commission strongly urge the improvement of Essex Drive to be used in connection with the new school in Lexington Park. Midway Dr. to be of use to the school would need lots of cutting and grading. Later the Commissioners will complete ShangriLa and Midway drives. MThompson, Jr., will secure R of W for these roads.

P & Z Appointment

Appointment of Mr. Hiram Millison, member of the P & Z Com whose term expired in June- to another term June 54-59 Letter was sent Mr. Millison asking him to serve.

County Commissioners Sued.

Ercole Leonardo and wife have filed suit against the County Commissioners in connection with the Special Erosion Tax for Tall Timbers.

A...Elgin near Scotland advised that Tanner's Creek is closed again and conditions around that area very unsanitary. Property owners will give permission to cut ditch sufficiently large to properly drain creek so it will not fill up again. Mr Stone and MThompson will meet Mr. Elgin Weds. 5 pm to consider the matter.

Fred DeJaegger- was granted permission to move coin op. machines from Hermanville Bar & Grille (which place was never opened) to A J Gibson's bar at Hay's Beach, Great Mills, Md.

July 11, 1954

Radio previously used in Dep. Shrf Lancaster's car to be used by sheriff and new one to be purchased for Lancaster.

Public Meeting-Zoning

- 1-Tall Timbers to "A" residential
- 2-3 Notch Rd & Towne Creek Manor to "A" residential

#1 Mr. Wm.M.Loker, Jr., attorney represented a large number of property owners in the Tall Timbers area under discussion and that T.T. was a selective residential section. At the first hearing 30 or 40 property owners spoke in favor of the zoning, there were about 100 present. He requested that all in favor of the zoning not attend the meeting-only those opposed. There were none present and the section was zoned "A" residential as requested.

#2 A number of property owners appeared at this time, but only 2 resided in the section to be affected by the zoning-Mr. Ford and Mr. Binder, as well as others present, were violently opposed to the zoning to "A" residential but later it appeared that none of those who spoke against it were residing or owned property in the area under discussion. The request was granted and the property zoned "A" residential.

Fort Lincoln.

Last remaining Fort used in So.Md. during the Civil War, located near Scotland would make ideal public picnic area if County would make necessary improvements- Edgemore Land Co of Bethesda, Md. owners have intimated they will DEED the land. County has agreed to accept the land etc.

✓ Lights on streets in Patuxent Park considered- ~~no~~ action taken.
C & C install lights Bd - pay current

Auditor A.J.Lipski requests conference with Commissioners regarding modernizing tax methods etc. Date set for 3pm July 27-

Clerk instructed to order screens and screen doors for Court House and Welfare Bldgs.

Board adjourned at 5:30 pm

Approved

Leonard J. Alvey
president

July 27, 1954

All members and their attorney were present at today's meeting.

Notice regarding Dog Tags was phoned to St. Mary's Deacon and Enterprise, to be published 1 time only July 29-1954 at legal rates Notice is attached to this page.

Mr. Nicolet reported that plat of Tall Timbers area zoned "A" residential has been recorded in Plat Book CBG 2-folio 67 Letter to Atty Wm.M.Loker, Jr., regarding zoning decisions mailed.

So.Md. Oil Co., LaPlata, Md., was awarded the contract for 1954-55 Bids sent in were Thrift Oil Co. Leonardtown, Md.
Burch Oil Co Mech. Md.
So.Md. Oil Co LaPlata, Md.

Edgemore Land Co of Bethesda, Md., has agreed to deed the old Ft. Lincoln to the County, land has to be surveyed etc.

G. Alex Hebb appeared before the Board asking for an increase in mileage in his contract for transportation of children to Parochial schools. He was advised by letter that this cannot be done.

Miss Dent brought in request for \$100,000.00 which was signed by the Commissioners of this sum \$40,000.00 is to be applied to the new school at Ridge and \$60,000.00 to the proposed school near White Marsh, for Colored Elementary school. Board agreed that balance of amounts of Loans, allocated for schools already completed, could be placed in a "Construction" account. Resolution passed for loan, duly signed, is attached to these minutes.

Auditors David Gruber and A.J.Lipski held a conference with the Board regarding the installation of a modern method for preparing tax bills, etc.

Robert Meidinzski, nominee of the ^{Democratic} ~~Republican~~ party for sheriff appeared and had conference with the Commissioners regarding cooperation of the two offices.

Board adjourned at 6 p.m.

Approved

Leonard S Alvey
President.

RESOLUTION

WHEREAS, the Board of Education for *St. Mary's* County, Maryland, has revised its request for financial assistance from the State under the provisions of Chapter 609 of the Acts of 1953, Regular Session; and the revised applications for said financial assistance must be approved by the County Commissioners of *St. Mary's* County, Maryland.

NOW, THEREFORE, BE IT RESOLVED, that the County Commissioners of *St. Mary's* County, Maryland, do hereby formally approve the revised applications of the Board of Education for said County and petition the Board of Public Works of the State of Maryland for a loan of (\$) and grant-in-aid of (\$ *100,000.*) for the purpose of financing the following school building projects in *St. Mary's* County:

<u>Name of School</u>	<u>Total Cost</u>	<u>State Grant-in-aid</u>	<u>State Loan</u>
<i>Ridge</i>	<i>85,000</i>		<i>40,000</i>
<i>Mechanicsville Col.</i>	<i>115,000</i>		<i>60,000</i>
	<u><u>TOTAL</u></u>	<u><u></u></u>	<u><u><i>\$100,000</i></u></u>

AND BE IT FURTHER RESOLVED, that the County Commissioners of *St. Mary's* County, Maryland, do hereby consent to enter into the necessary legal agreements with the State of Maryland in order to participate in said State financial assistance.

Leonard Sobley
Ernest L. Stone

August 10, 1954

With all Board members and their attorney present the County Commissioners met in regular session today.

Requests for Bus Route Extensions:-

Mrs. Rose Hutchings, Valley Lee, Md., GM167-J-4 asks J.L.Bean's bus to come in McKay's ^Deach road to Lanedon 4 mi per day for small child ok

Mrs. L.J.Hartin, Hermanville, asks bus to come up 1½ mi to meet small child who has to walk thru heavy traffic- Mr. Stone to see about this GM-2713 Woodburn's bus

Anna Mae Carry- WOBennett's bus to come 1½ mi for 2 children No. Lntn ok

Jos.A.Mattingly, advised to have his child board the bus which comes to CBGreenwell's (no extra mileage for Paul Bell's bus is needed for this.)

Mrs. Francis Stevens, Calif GM 6243 asks Alex Hebb's bus to come for child- bus now goes past Dr. Patrick's- no extra mileage needed for this.

Leroy Thompson, advised to take all children who were on the road and if overcrowded to advise Board at next meeting. Maybe necessary to put on extra bus for this.

Mr. deJaeger called about donation for St. Mary's Hospital drive- was informed Board had made pledge of \$10,000 for 1954-55 and was also paying \$6,000 for resident physician.

Clerk was instructed to have Welfare make financial investigation of Irving Hewett since his son Preston I. Hewett was hospitalized and County paying for same.

Mrs. Miller- called about status of the Miller-VanWerd road and was advised DEED had been prepared and Board was waiting for Mr. VanWerd to sign same. Mrs. M. says she will pay for Deed and survey.

Dr. Robt. Locke-sanitarian called with Mr. Richard Barber of Charlotte Hall about the appointment of a Plumbing-Building inspector. Mr. Barber has been an inspector in Balto since 1904-now retired Dr. Locke was asked to ascertain salary paid in Balto for such work- no decision at this time.

Sept 18, 1954 9:30 a.m. in new Public School Leonardtown, Md., State Examiners will conduct an examination for licenses for Master Plumbers and Journeymen Plumbers Health office to prepare ad to be published in both county papers.

Committee on Youth- Miss Pickrel presented a list of names for various committee chairmen- 1st meeting of the committee will be in the St. Mary's Co.Mem Lib. Sept 1-plans for action and committees

will be prepared and study of problems will be made. Report to be made to the Co.Coms later.

Clements School

Miss Dent was asked to come in about Clements school-it was understood she was having the old school repaired etc., to be used by the Amish children- this she explained was due to congestion in schools and bus transportation since most of the pupils live very close to the school. It is possible the Bd. of Educa may put all Amish and Menonites in one group since other Counties are doing this. The Board of Commissioners feel they have gone to a great deal of expense etc., to secure money for new modern schools and if the A and M parents dont want their children to attend the modern schools the County will furnish transportation and the A & M parents must meet all other expenses.

Letter to Mr. Chappellear concerning the R of W to Breton Beach Mr. Thompson has been requested to inspect the requested R of W and make his recommendations at the next meeting-Aug 24, 1954 at which time the Co.Coms will advise Mr. Chappellear of his findings.

BEED for Mattingly-Latham Road 4th Elec. Dist- Hurry to Dynard Liber CBG 50 folio 380 accepted.

Board adjourned at 4 pm

All members and their attorney were present today.

Dr. Houser was contacted relative to the bill from Childrens' Hospital for patient from St. Mary's sent up by a physician without proper permission. The Health Dept has advised the hospital there is doubt the bill will be paid by the County. Health Nurse to contact father of child and advise him he must go to work in order to pay this bill. Child was extremely ill when sent to DC. Now recovered and returned to his home.

Dr. Houser advised members of the State Plumbing Commission were here last Friday and visited several plumbing establishments. Many plumbers have come to the Health Dept to discuss the coming examination. State Dept insists the County have a Plumbing Inspector. Should have Plumbers' License fee and fee for Plumbing permit/

Mr. Chappellear appeared relative to road into his property where 32 families reside. Desires road into his property on shore. No action taken. Advises road now being blacktopped has only 6 or 7 families residing thereon.

JHT Briscoe presents "confirmatory" deed for Col. Lawrence Peake who purchased the VKCampbell property in the 1st Elec. Dist in 1948 but original deed stated he had purchased from late Treas JBDrury and referred to wrong Tax Sale- this is the same property sold in 1950 by the County

Mrs. J. Gibbons Guy requested contract renewed to transport children from the MacIntosh Road to parochial school bus- \$50 per month Sept to June- \$500.00 Board agreed

Mrs. Miller called about the Miller-VanWerd road in the 7th and was informed Mr. Thompson had just had DEED signed by Mr. Van Werd.

Oliver R. Guyther, representing the Hospital Building Committee explained in detail about the drive, requesting the Board to contribute the sum of \$10,000 per annum for the next four years which would bring the County pledge up to \$50,000.00. The Board signed a letter stating they would request the St. Mary's County Senator and delegates to introduce a Bill in the coming Md. Legislature which would authorize the Co.Coms to make such a contribution- with the understanding that they would discontinue the annual appropriation of \$6,000 for a resident physician. Mr. Guyther assured them the new hospital would be on an accepted base, similar to city hospitals, where newly graduated physicians could interne and we would then no longer need a res.phys.

Aug 10 a letter addressed to Dr. J.Bay Jacobs re-R of W thru his property has never been answered. Clerk was requested to write and ask Dr. Jacob's to reply to the first letter.

Fall Inspection Tour of Roads to be held in Sept.

Parochial school bus inspection set for Sept 14, 9 am.

Attorney

SARA M. KING
Clerk

Mr. John P. Rue, President,
Board of Directors,
St. Mary's Hospital, Inc.,
Lexington Park, Md.

Dear Mr. Rue:-

re: Appropriations to
St. Mary's Hospital
Building Fund

This will advise that the County Commissioners of St. Mary's County, Md., will request the State Senator and Delegates for St. Mary's County, Md., to introduce at the coming session of the Maryland Legislature, a Bill which would authorize the County Commissioners of St. Mary's County, Md., in its discretion, to appropriate the sum of Ten Thousand Dollars per year, for a period of four years, for the Building Fund of St. Mary's Hospital, Inc.

Of course, it should be realized, however, that if such appropriations be authorized and made, the County Commissioners will discontinue the annual appropriation now made to the said hospital for the hire of a resident physician.

If the proposed Bill becomes enacted into law, and the annual appropriations made thereunder, the County Commissioners will then have contributed to the Building Fund of said hospital a total of Fifty Thousand Dollars.

Very truly yours,
ss/ Leonard S. Alvey, Pres.
County Commissioners of
St. Mary's County, Md.

Sept. 14, 1954

In regular meeting today, all members and their attorney were present.

Mrs. S.H. Edmunds talked with the Board about conditions existing in Spring Grove, showing them socks worn by her son Sidney. Her son - (Garner) is to write Dr. Houser, and she is also to write him, in full regarding what they saw at the hospital on visits there - illkept patients and untidy quarters where patients recreate.

Dr. Houser and Dr. Locke talked about the Plumbing Exam which will be conducted by the State Bd. of Plumbers at the Ltn School, Sat Sept 18. No decision as to fees of Masters and Journeymen license was reached. Dr. Houser expects to leave the County about Oct 15 for the Army service overseas and Dr. Locke has been recommended by Dr Riley of the State Bd of Health to succeed Dr. Houser. No decision from the Commissioners

Ozella Cooley, midwife, presented a petition signed by families residing in "Jonestown" 8th Elec. Dist asking that road leading from Shady Oak be repaired as bad weather prevents anyone from reaching Ozella or getting up the road except walking. They were advised that DEED must be prepared, recorded etc. then the Board will assume maintenance of the road. 1½ mi.

Bean Bros, bus contractors, informed they had extra mileage and additional number of children at Center Gardens. They were instructed to put on another bus, and inform the clerk as to extra mileage

Noble Beachum was requested to extend his route to Olin Mattingly's and pick up 2 children there.

Noble Beachum as janitor of the Health Dept and C.O. Bldg was raised to salary \$150. per month, effective Sept 1, 1954. He was so advised by letter.

Clerk instructed to write Childrens Hospital the Co. Comms cannot pay the hospitalization of the Shade child. Also to advise the hospital of conditions in the Shade family.

Mr. Stone will contact Mrs Richd. Woodburn about price she wants to bring child to State Road to meet bus. He will report at meeting Sept 20

Sept 20 Board will decide who of bus contractors will get extra \$300 on contract for 1954-55

State Roads were asked if they had "School Bus Stop" signs; they have not; Clerk was requested to write Md. Pen for price on these signs which are needed to designate where children are to meet bus.

Check from State Roads Bonds deposited SPECIAL ROADS ACCT \$78,961.30 withdrew \$32,000, deposited same in CGF#1 to reimburse account for loan to SRC.

Clerk authorized to have some painting done in Court House, in readiness for Sept. court. Also to have treads put on side hall steps.

Letter to Dr. J. Bay Jacobs, thanking him for his interest in Chaptico wharf etc., and advising the Co. Comms are interested in an outlet for the Gladstone and Johnston properties and they will contact Dr. Jacobs when they have a definite proposition to make him.

Letter to Gov. McKeldin, requesting he appoint
M.C. Thompson, Jr., Director Civil Defense
Roland B. Duke, Sr., Alternate Director, Civil Defense.

Mr. Waring appeared with proposition re *Midway - Sunset Dr.*
He was advised County would accept Road for Midway -

Mr. Thompson presented the list of road projects for 1954-55 to which the Bond proceeds will be applied. This list filed under State Roads General.

Board adjourned at 5 pm

approved

Leonard Solvey
president

September 28, 1954

Regular meeting was held today with all members present.

Clerk was requested to contact Marshall Gatton about cabinets etc., desired by the P & Z Commission to be installed in the room adjoining the Commissioners' office, Court House. The room will be occupied by the P & Z commission.

Trouble with parochial school transportation- Paul Bell is to contact Fr. Wilkinson to try and straighten out the situation and have no overcrowding of busses.

Fr. Wilkinson came in and explained that refusal of pupils for Little Flower was due to the fact that they already had 765 children and were equipped for 600.

Complaints about busses leaving Lex.Pk for Leonardtown with 53 children on one, and the bus from Compton has 70 children.

Geo. R. Quade was admitted to Spring Grove today.

Delegation from 7th Dist-Budd's Creek area asked that Waterloo road be oiled, this is on the 55 program

Clerk instructed to contact Mr. Thompson about SRC erecting signs "Parochial School B s Stop" signs may be obtained from the State Use Industries. He will advise as soon as permission arrives.

J. Frank Bailey reports overcrowding of WR Quade's bus- has 76 children. This will not change Mr. Quade's mileage if Mr. Bailey will meet the bus at Half Way House and 3 Notch Rd, and will add 14 mi per day to JFB's contract. Board agreed to this. \$37.80 mo

Board decided to meet October 13, as October 12 is a legal holiday.

R.J. Pelon, manager of the Lex.Pk. Transit Co- just taken over by Mr. Cato Merchant, asked permission to erect signs denoting where bus stops- he was advised to secure permission from the SRC for this

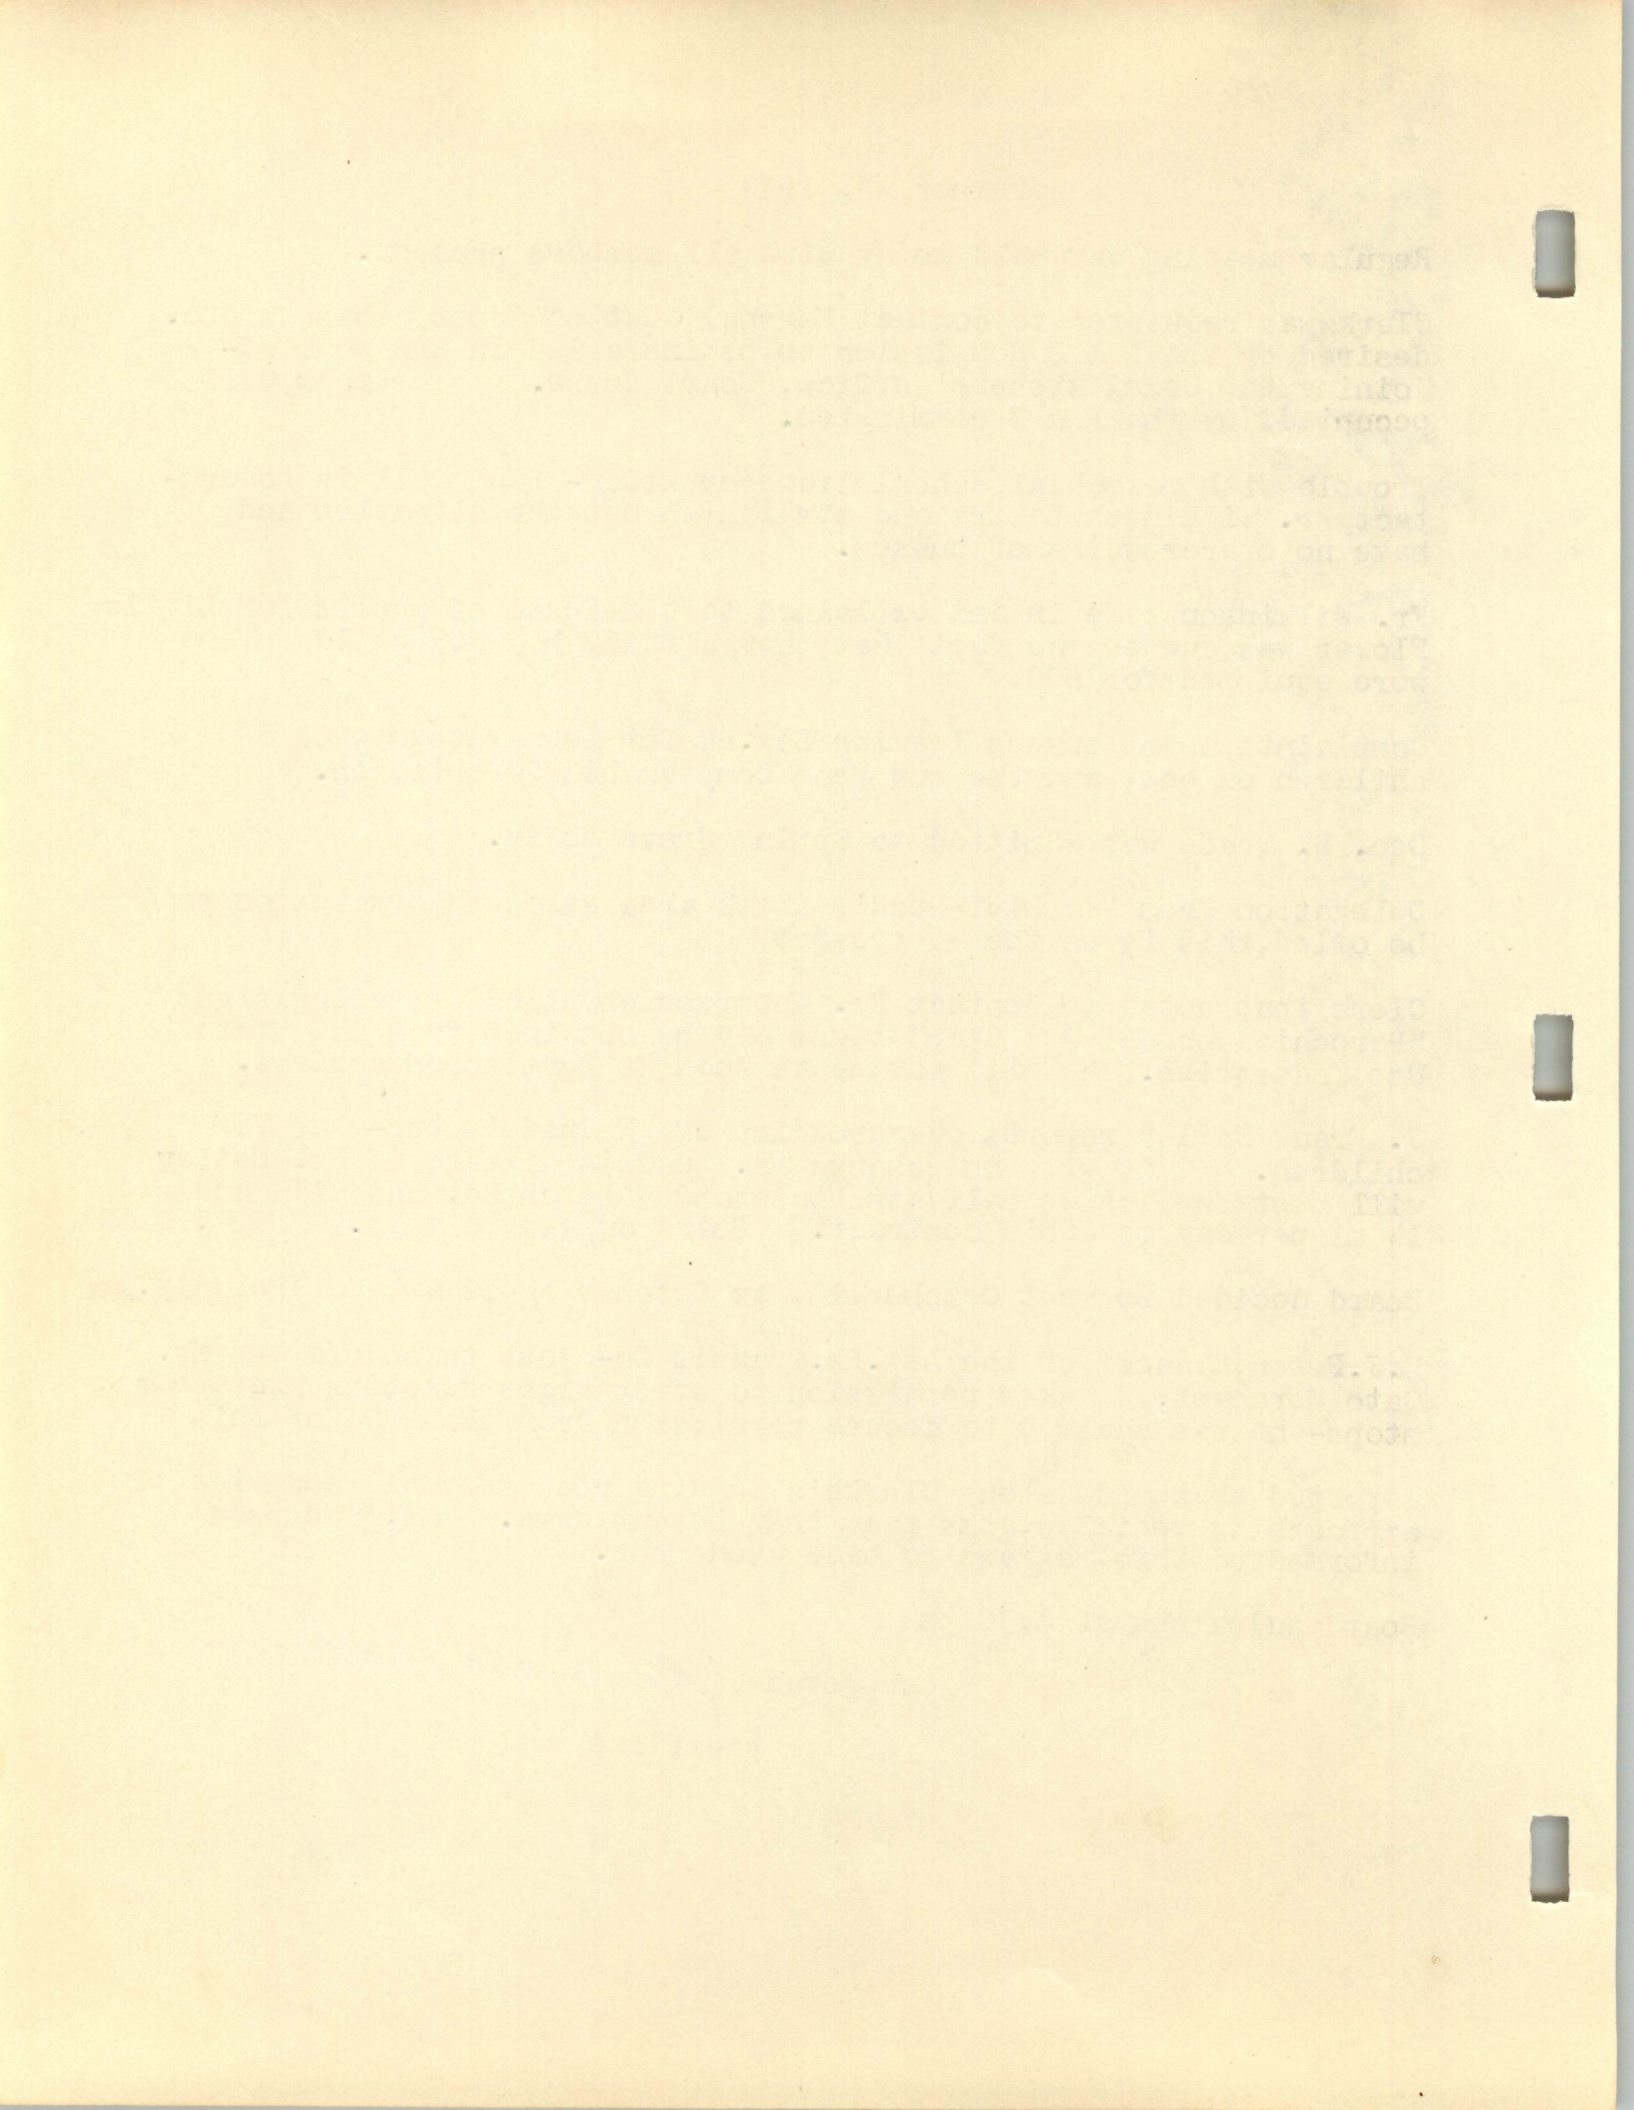

Reported that weeds along Clarke's Landing road prevent good view of approaching vehicles, asks that they be cut down. Mr. Thompson informed of this, agrees to have weeds cut.

Board adjourned at 3:30 pm

approved

Leonard S. Quade

president

October 13, 1954

Tuesday Oct 12, 1954 being Columbus Day the Commissionees did not meet. All members and their attorney met in regular session today, Oct. 13.

Dr. Houser and Dr. Locke request an interview on Tues. Oct 19

Parents report overcrowded busses at Lexington Park- Mrs. Lester Chambers Qtrs 920 C- NATS as follows

7.20 am trip carries	24 children
8.20 " " " "	<u>69</u> "
	93

Bus capacity is 48. On 2nd trip there are usually at least 16 standing. These busses go to St. Mary's Academy and Fr. Andrew White School, Leonardtown- Paul Bell contractor. Mr. Bell was asked to change this which he agreed to do.

Mr and Mrs Johnston and Mr and Mrs Gladstone called about the R of W on Dr. Bay Jacobs road. Long discussion followed relative to R of W being given Mrs. Gladstone's mother, Mrs. Hayden. Nothing definite. Mrs. G. says 1.20 Acres dedicated for R of W. to Willow Glenn farm.

October 19, 1954

Lex. Pk. Transit Co presented petition for Bus Stop signs to be installed at intersections where their bus stops. Could be used for school stop signs, also Approval granted

Clerk instructed to order signs from State Use Industries
24- R-26 double arrow

Dog situation- Dr. Locke says there is danger of rabies in the County-he addressed several Civic groups and spoke of the necessity of a dog pound. Mrs. Teabody appeared and was advised she could go ahead and make arrangements to secure a site etc., and then appear before the Board with detailed information as to cost of operating same. She intimated she had a custodian in view for this job.

Mr. David Gruber, of Gruber and Co. auditors arrived with the audit and spoke to the Board on several changes in the tax system which he feels are necessary for the work to be done properly.

Dr. Houser asked if letter had been received from Supt of Spring Grove State hospital, it had not.

Dr. Houser talked about the absolute necessity of a Plumbing Inspector and said he felt the Bd should set up a Plumbing Board, composed of 1 member of the County Commissioners, one member of the Health Dept., and the Plumbing inspector. State Dept will pay travel expenses, County to pay salary. So far applicants are Eddie Bacon Joe O'Brian, Mr. Barber, Kenneth Link and Mr. Wiley Hartwell Elbert Greenwell.

Miss Dent asked if her group of custodians could be put on the County

Social Security list, and the Co.Coms pay for them, and she was advised that the Board of Pub. Welfare would tell her whether the money should come from her allotment, or the Co. Coms should pay the 2%. She will contact Pub. Welfare for this information and then inform the Board of their decision.

Clerk instructed to look up ad used sometime ago to call in all script. Treas. advised there is no money on hand to pay this.

October 28, 1954

Disaster Commission meeting held. Present, representatives of the Am. Red Cross, Civ. Defense from the Fed, State and County governments. 3,900 barns damaged 200 down, others damaged but can be repaired. Boats piled up, tool sheds down estimated as follows:-

230 barns	\$690,000	Boats	160,000
House roof damages	450,000	Piers & blkhds	140,000
Crops and tobacco	230,000	Live stock & poultry	6,000
Roads and bridges	30,000		

Utilities or small business not included;-

Present Mr. Shirley Ewing, State Disaster Com.
Col. Matthews " Civ Def
Chas Leach Fed " " Reg. #2
M.C. Thompson, Jr County " "
C.B. Guy, L.S. Alvey, E.L. Stone, Co. Coms.
J.J. Johnson, County agent
Paul Hayward, chrmm SMC Red Cross
Wo.e. Sterling, atty, Co. Coms
C.L. Lee, Col, USN Advisor, Disaster Comm.
RBDuke, asst Dir Civ Def
Mrs. E. Rapp, Welfare, & clerk
M.R. Brooks, State Am ed Cross

Mr. Brooks advised there had been no emergency calls of distress or food, shelter etc. They will help feed and clothe watermen and families until boats are located, repaired and watermen get back to business. For example, if repairs on his boat cost \$800 and a man has but \$500 the ARC will pay the \$300. If all requirements are met, ARC will help replace the boats. Where homes are destroyed ARC grants \$5 to \$5 thousand dollars to replace same.

St. Geo. Islnd damaged approximately 6 -8 thousand dollars, including boats. SRC will repair bridge Small farmers who suffer complete loss will be able to put farms back into condition. ARC cannot issue weekly food checks, but will not allow anyone to go hungry or without shelter. ARC will have someone come in and assist with Reability and to fill out forms etc. The Conference room will be used until after election, then the Bd of Elec. Supvsrs room will be used. ---

Miss Dent reported that someone had broken into and cash \$11 stolen as well as vandalism, shots thru doors and windows etc. Sheriff and Deputies are on the job and have several of the youngsters who are under suspicion. Dep. Shrf Lancaster asked that several men be assigned to watch at night hoping to catch the offenders,

November 9, 1954

The Board and their attorney met in regular session today.

Mrs. Paul Hayward and Mrs. George Spence representing the County Council Women Homemakers clubs asked that in the Budget for 55-56 Miss Joy, Home Demonstration agent be allowed an assistant to work specially with the teen age group. To be considered.

Dr. Houser requested that part of his expense allowance be paid to Dr. Locke, inasmuch as Dr. Locke will have so much extra work to do. For consideration.

Paul Bell's bus from Lex. Pk. overcrowded, this is the 2nd bus and most of the riders prefer this one as the first bus leaves there too early. Letter written to Mr. Geo. Dederer asking that high school students take the first bus from the park and the first bus returning from school. Complaints that Leonard Hall boys were also riding this bus were referred to Mr. Bell- 5 boys- and he will notify his driver to discontinue carrying the boys.

Mrs. Weigman of Piney Point called about the drainage on her land. Bd. agreed to meet her at her home Tues Nov 16, and view conditions. They will report their findings and make suggestions for remedying the problem.

Mr. Richley Delehay and wife signed an Agreement allowing the ^{C.} SRC to go on their property for the purpose of constructing a road- as soon as DEED can be prepared giving Right of Way Delehay's will execute that. Mr. Thompson has been advised that agreement has been signed, and requested to get to work on this road at once.

Dr. Locke with Mr. Wiley E. Hartwell called with reference to the latter's appointment as Plumbing and Bldg inspector. The appointment becomes effective November 15, at a salary of \$2400 annually, payable monthly with wht and so. sec. taken out. Other applicants were Ed O'Brien, Mr. Link, Lex. Pk and Mr. Barber Charlotte Hall. Mr. Hartwell was previously employed with the Washington Suburban Sanitary Commission and is considered qualified for the job. The Health Dept will prepare a Code for this work which when and if approved by the County Commissioners will then be sent to the members of the Md. State Legislature with recommendations that it be enacted into law.

Geo. Clarke of the Leonardtown Dairy asked that preference be given his dairy products by the public schools of the County. Letter was addressed to Mr. J. Claude Johnson to this effect.

One of the laws which the Bd hopes to have enacted is that which will specify the size type to be used in legal ads which have to be published, i.e., Election and other Notices, annual audit etc. 8 pt type on 9 pt base condensed is good size.

Robt. Miedsinski, who takes oath of office as Sheriff on Dec 6-1954 asked that his deputies be increased in salary to \$3600 each, with cars provided by the County, as well as uniforms, and permission to appoint as many more over the 3 the law allows, as he may need.

Permission was given him to order the uniforms but the matter of cars and salary will have to become a law before it can be done. His own salary cannot be increased during his term of office

Board suggests that the following matters be discussed with the members of the Md Legislature that bills may be prepared for same and action taken in the coming 1955 session;-

- Number of deputies sheriff may appoint, *
- car for each deputy owned by the County +
- salary of each deputy to be increased to \$3600 annually *
- Specify size type for all legal ads
- Set amount of rent for all voting places
- Plumbing Code and duties of Plumbing Inspector
- Set Master Plumbers annual fee \$25.00 Journeymen, \$10.00 for Registration

Mr. Frederick Tilp, architect talked about enlarging Court House Sent in graph showing location of various agencies in Charles County Court House- we have the new office bldg for many County agencies but the Clerk to the Circuit Court and other offices are crowded. Matter will receive thought.

Board adjourned at 4:30 p.m.

approved

November 16, 1954

Board members and their attorney met today.

Mrs. Gilbert Dorsey called about payment for transporting her son to road to meet bus, same as last year. Board agreed to pay her \$24.00 per mo for this.

Dr. Locke and Mr. Hartwell called about the proposed Plumbing Code. This will be prepared by the Health Dept, considered by the County Commissioners sitting as the County Board of Health, and if approved by them referred to the members of the 1955 Legislature, for enactment into law. One of the features of the Code is to protect the local Plumbers from allowing out-of-town plumbers to come into the County and do the work.

Miss Dent ask d the County Comms. to meet with the Bd of Education, and County Council PTA also the Bd of Health in the Conference Room to talk about who should provide and pay for screens to be erected in school cafeteria , if this is done. Meeting set for 10 a.m. Nov 23.

Miss Dent informed that Hollywood school is not large enough- needs 4 rooms

Screen in window at Miss Dent's office loose- clerk instructed to contact Mr. Duke to take care of this.

Letter to be sent Mr. Jos M. Urbanski, Calif .Md. abot complaints that his dog is destroying poultry etc. He is to keep dog tied up, or he will have to pay the next claim.

Mrs. Beatrice Woodburn asked for reimbursement for carrying small child to school. Says children have to wait 1 hr in cold before doors are opened. 2 mi each way would be 1.60 day- she agreed to do this for \$15.00 per wekk. Will let her know decision.

Concerning reports of Vital Statistics reported to the State Health Dept by the County Health Dept. This work is done by Mrs. Ella Davis and the Commissioners agreed she could continue to report the reports and check for same is to be delivered to her when reports are sent in by the State Health Dept for the work.

Bd. desires to contact new members of th State Legislature about new laws affecting cost of rent for voting places, set rate for charges of same etc. Clerk wrote each new member asking they meet the Bd here on Dec 15, at 2 pm

Bd went to view property damage claimed by Mrs. Weigman of Piney Pt- will report on same later.

Board looked over proposed 1955-56 Budget and set Public Hearing for Nov 30 at 2 pm

Board adjourned at 5 pm

approved

November 23, 1950

Board with their attorney and clerk met with the Bd of Education at 10 a.m.

So far as the County Commissioners are concerned the question appeared to be to determine whose fault screens were not installed in cafeterias, and who should pay for them if and when they are installed. Lengthy discussion was heard by parties present. Commissioners left at 12:30 as they had important meeting later.

Sheriff-elect called about the County furnishing uniforms etc. for new deputies. Board unanimously agreed that all deputies and sheriff should be in uniform, but made no decision as to paying for them.

Clerk for Planing & Zoning Commission appointed for 2 months, or until records etc., can be properly filed, after that may be needed for part time work only. Mrs. Bernardine Combs appointed at \$100 per month, as needed, effective Nov. 30, 1954.

Board considered budget which will be heard in Public on Nov. 30. Adjourned at 4:30 pm

Approved

president.

December 14, 1954

Full Board and their attorney met in regular session today. In the absence of the clerk, due to illness, attorney took the minutes.

Leonardtwn Commissioners appeared, T.W.Bell, J.Abell Longmore, Francis Harris, Wilmer Bowles, and their attorney and clerk W.M.Loker, Jr. They requested

- 1 sheriff for Leonardtown area
- 2 explanation of Plumbing Inspector's duties, if they included Leonardtown area
- 3 tax problem in Leonardtown
- 4 ask that County assist in paying some of their expenses, i.e., Insofar as street lights and pavements are concerned, while the residents of the town pay 3 taxes, state, county and town, the other residents of the county who only pay 2 taxes, state and county, come to Leonardtown and enjoy the public utilities too.

Assessable basis of Leonardtown is \$1,558,919.00 on which the County collects approximately \$23,383.79 and the Town collects \$14,300.00 per annum. Ask that County include some part of these expenses in the 55-56 Budget. Board advised them to present specific request and they would consider it.

Sanitarian Virgil H. Mast and Building Inspector Riley Hartwell called about the Plumbing Code to be approved by the County Commissioners and by them recommended to the members of the 1955 Legislature for action in January 55.

Lawrence Henderson of St. Geo. Isl. reported that the bulkhead is in need of repair, needs backfill near school. Bulkhead is County property Bd. will contact Road engineer.

Mrs. Elbert Norris of Hollywood came about transportation of children to paro. schl. Says they have to wait and at times the store is not open, before bus comes. Bus driver is Geo. Huntt. Mrs. Norris is willing to take children to meet the bus so they neednt wait outside the store. Children reside at Half Pone Pt. Bd will advise her what they are willing to pay.

Bd. decided to pay Mrs. Richard Woodburn \$1.00 per day for carrying children to road to meet bus. Thru midunderstanding she had been paid \$1.60 per day for Set-Oct and Nov. Letter advised her of change in rate and same will be corrected in January check when she will be due just \$14.60 for Dec and Jan.

Road complaints

Bradley's Road-will contact Paul O'Brien; check on Clarke's outlet at Ridge; clean up road at St. Aloysius Church graveyard; Advise Mr. Chapealer, 3rd D that it is impossible to build a new road this winter. Jim Brown's road- 3rd D widen shoulders; Miller road in 7th D thad been patched.

Commissioners considered the Budget for 1955-56 and adopted and signed same as corrected. Tax Rate set at \$1.50 for \$100.00 Tax Rate for Tall Timbers EPP set atv\$2.50 per \$100.00

ACKNOWLEDGEMENTS

The Extension Service Negro representative in Saint Mary's County expresses appreciation to the following for their whole hearted cooperation and assistance given in helping the agent to carry out a worthwhile program. The assistance given the Agent by the following persons and agencies made it possible to serve more fully the farm and non-farm families of Saint Mary's County. Advice, a sympathetic understanding, and a word of caution and encouragement have been of tremendous value in setting up a workable program based on the wants and needs of the farm and non-farm families.

For the support and guidance given by Doctor T. B. Symons, Director of Extension Service, Mr. Paul E. Nystrom, formerly Associate Director of Extension Service, and Mr. John W. Magruder, County Agent Leader, the Agent is most grateful.

The Agent is greatly indebted to Mr. Martin G. Bailey, District Agent, for his tireless efforts in giving information and assistance whenever and where ever needed. The understanding and willingness of Mr. Bailey has done much to improve existing conditions in the county. Mr. Bailey's advice has always proved to be a guiding light toward a worthwhile objective.

To the State and Federal specialists, gratitude is expressed for assistance in solving many farm problems.

The cooperative spirit of Mr. Julius Johnson, County Agent of Saint Mary's County has been of great value to the Local County Agent. Mr. Johnson has given great support to the Agent by means of information, advice, suggestions and assistance. This

cooperation was willingly given with a spirit of good will.

For part payment of the Agent's salary, the Agent is deeply grateful to the County Commissioners of Saint Mary's County.

The Agent wishes to express appreciation to the following other individuals who assisted in the program for the year.

Mr. J. W. Mitchell, Federal Field Agent

Mr. M. S. Downey, State 4-H Agent for Boys

Mr. Theo. L. Bissell, Extension Entomologist

Mr. John C. Jones, Manual Control Supervisor

Doctor Allen Houser, County Health Officer

Miss Elouise N. Pickrell, County Librarian

Miss Lettie B. Dent, Superintendent of Schools in
Saint Mary's County

Mr. Ralph Waters, Supervisor of Colored Schools in
Saint Mary's County

Mr. Fredrick McCoy, Farm and Home Administration

Mr. David Smith, Vocational Agriculture Teacher

COUNTY EXTENSION ORGANIZATION

During the year the Agent worked without a true office or clerical help. The improvised office space used by the Agent has been maintained in his home at Carver Heights, Lexington Park, Maryland, on Route 235, thirteen miles from the county seat of Leonardtown, Maryland. Even under the hardships of no office or clerical help, the Agent has been successful in carrying on a program of interest and information to a large majority of the farm and non-farm families in the county. The success of the program of assisting farm and non-farm families by inseminating information of an agriculture nature, helping with everyday farm problems, and meeting the emergency needs, has been due to a great extent to the full cooperation secured from the following organizations, groups and agencies:

- (1) Farmers and Homemakers Association of 350 members for sponsoring meetings, tours and programs of an agriculture nature.
- (2) Production Credit for information and loans to farmers and veterans.
- (3) County Health Department for guidance, information and assistance in working out a health program.
- (4) Agriculture and Home Economics teachers have assisted in projects and improved practices on farms.
- (5) Farm Home Administration in loans to worthy farmers.
- (6) Soil Conservation for mapping out farms and establishment of projects.
- (7) Churches and Church organizations have given moral support and provided an opportunity to get information before the public.
- (8) Clergy groups have been helpful in carrying messages and making announcements of important meetings and in expressing

the importance of carrying improved practices on the farm.

- (9) Civic Association for sponsoring recreational activities for the youth.

An Advisory Committee of eighteen local leaders assisted in planning the over-all agriculture program in the county. This committee also served as a follow-up group to see that the plans set forth were carried out as far as possible. Leaders meetings of adults and youth were held currently to train leaders in the methods of approach and procedure in carrying out the activities.

Monthly reports were submitted to the District Office and State Office giving accomplishments for the month.

A minimum of time was spent in the office sending circular letters of an agriculture nature, giving information by means of telephone and bulletins, writing and answering letters, preparing news articles, personal conferences with farmers.

The Farmers and Homemakers Association sponsored monthly meetings in the county seat of Leonardtown at which time cooperating agencies gave information of a technical nature on the many different phases of improved practices in farming, health and home improvement.

OBJECTIVES AND RESULTS

I. 4-H Club

A. Objectives:

1. Six chartered clubs in the county
2. Two hundred club members enrolled.

B. Procedure:

1. Conduct a campaign to familiarize parents with 4-H Club objectives.
2. Select and train ten 4-H local club leaders.
3. Observe Achievement Day for ~~4-H~~ Local Club Leaders.
4. Each Club to be represented at 4-H Short Course
5. To establish ten pure bred pig projects in the county.
6. Plan a special 4-H mobilization week in the county.

C. Results:

1. Four chartered clubs in the county.
2. 77 boys enrolled in 4-H and are active members.

OBJECTIVES AND RESULTS

II. Organization

A. Objectives:

1. To train leaders of the County Farmers Organization to plan and carry out a program of work that will promote improved practices in agriculture.
2. To train leaders to increase the educational value of the Farmers and Homemakers Organization to the people.

B. Procedure:

1. Select and train thirty leaders.
2. Conduct ten leader and planning meetings.
3. Contact by mail and personal farm visits.
4. Secure the cooperation of churches and fraternal organizations.

C. Results:

1. 36 leaders have been trained to assist the Agent in carrying out a well rounded program that will promote improved practices in agriculture.
2. The Farmers and Homemakers Association has increased to 350 members. The Association is the responsible group of the county for sponsoring valuable educational activities to all people of the county.

OBJECTIVES AND RESULTS

III. Health

A. Objectives:

1. To assist four hundred farm and non-farm families to secure medical attention.
 1. Negro medical doctor to establish an office in the county.
 2. Establish clinic building.
 3. To become familiar with the State medical program.

B. Procedure:

1. Select and train twenty leaders
2. Conduct ten leader training meetings.
3. Contact families by mail and farm visits.
4. Make plans to observe Negro Health week 1950.
5. Secure a nine man health advisory board.

C. Results:

1. 600 farm and non-farm families assisted in securing medical attention.
2. Three health clinics organized and are functioning satisfactory.

OBJECTIVES AND RESULTS

IV. Tobacco

A. Objectives:

1. To assist three hundred with:
 - a. Market information.
 - b. Grading.
 - c. Production.

B. Procedure:

1. Conduct fourteen grading school demonstrations assisted by specialists.
2. Establish two fertilizer result demonstrations.
3. Conduct two market information schools assisted by specialist.
4. Establish two demonstrations in plant production using improvement methods of controlling diseases.

C. Results:

1. 425 farmers assisted in producing, grading and marketing tobacco.

OBJECTIVES AND RESULTS

V. Live at Home

A. Objectives:

1. To assist 240 farmers in soil conservation.
2. To assist 240 farmers with garden problems.
3. To assist 240 farmers in raising sufficient pork, poultry, and milk for home use.
4. To encourage 240 farmers to produce livestock as an extra cash crop.

B. Procedure:

1. Contact farmers by letters and farm visits to discuss plans for saving the soil.
2. Establish two result demonstrations in soil conservation.
3. Contact farmers by letters and farm visits on garden problems.
4. Establish four result demonstrations in improved pastures for livestock.

C. Results:

1. 5000 farm and non-farm families assisted in food production, conservation and livestock production.

OBJECTIVES AND RESULTS

VI. Advisory Board

A. Objectives:

1. To get one advisory board to function in the planning of county-wide activities.
2. To get advisory board to assist the county Agent in making out program of work in the county.
3. To get the advisory board to assume the responsibility of promoting improved practices in the county in cooperation with the Extension Service.

B. Procedure:

1. To conduct five advisory board meetings.
2. To train the advisory board into the duties of an advisory board in the county.
3. To contact the farmers by mail and visit in reference to the decisions of the advisory board.

C. Results:

1. 18 men and women have been organized and are functioning in an advisory capacity to the local county agent.

4-H CLUB ACTIVITIES

There are four chartered Boys 4-H Clubs in the county, consisting of seventy-seven active 4-H members. These clubs are: St. Joseph 4-H Club, Hollywood 4-H Club, Ridge 4-H Club and Scotland 4-H Club. The majority of these boys are enrolled from second year's roll, and also the largest age group is 14 years. These 4-H Clubs have been organized on a community basis rather than on the school basis. Local leaders have found that 4-H clubs organized on community basis are much more active than on the school system, especially since the consolidation of schools takes the prospective 4-H member such a distance from his home problems. All 4-H Clubs have at least two local 4-H leaders and at least one leader present at each meeting. The 77 4-H members enrolled last year carried a total of 101 projects and completed a total of 74 projects.

Many activities were participated in this year by 4-H members. Five 4-H members attended a 4-H Short Course, at Maryland State College in June. These 4-H members took an active part in many of the phases of the short course program. Judging teams have been trained in cattle, swine, sweet potatoes, white potatoes, corn and tobacco. These judging teams participated in judging contest during the annual fair, sponsored by the Farmers and Homemakers Association. A tractor driving contest among 4-H members was also held during the fair. A tractor maintenance club, consisting of four 4-H club boys has meant a great deal in encouraging 4-H members and adult farmers in care of farm machinery. These four boys have been trained by the local agent and leaders. Leaders take an active part in the tractor maintenance course. The four 4-H Club

members attended the Tractor Maintenance course held for the five Southern Maryland Counties.

The 4-H Club Pig Projects, initiated by the Sears Roebuck Foundations have done wonders in the county to stimulate interest in 4-H club work and in better breeds of livestock. Eight purebred pigs projects, including one purebred boar, are well under way. The gilts in these projects have farrowed 43 pigs. Better feeding practices and the use of pastures for supplemental feed have come about because of these 4-H Club pig projects, seven pastures have been established as a direct result. Farmers had very little knowledge of balance rations. These projects will mean an added income to these farm boys and girls. Special meetings were held for those boys carrying such projects to train them the importance of approved practices in swine production.

HEALTH

Many farm and non-farm families have been assisted by the local agent and local Health Department because of the cooperation of the Health Department and the Extension Service. The people are becoming more aware of the local facilities offered by the local and State Health Department. Many expectant mothers receive medical check-ups whereas before such mothers had gone without any medical care until time of birth. "As a result of such pre-natal care, the number of still-borns have greatly decreased", states the local Health Officer, Dr. Allen Houser.

Infant care clinics have been set up throughout the county. These clinics have meant a direct saving to farm and non-farm families.

The agent held training meeting of leaders to familiarize them with the state medical program. Families were contacted by mail and visits concerning the county health program.

The County Commissioners have approved a budget for the construction of a county Health Center, as presented by the County Health Officer, Dr. Allan Houser. The Health Center is to serve all people of Saint Mary's County.

At the present time there are no beds available in Saint Mary's County Hospital for colored maternity cases. The nearest hospital for such cases is Washington, D. C. , 75 miles away. Dr. Houser has recommended that beds be made available to such Colored cases, and steps are being taken by the county Health Department to correct this situation if possible.

There are three organized health clinics in the county. The members of these organizations act as voluntary nurses to assist the regular nurses during clinic hours.

ADVISORY BOARDS

To assist the local agent in planning the activities of an agriculture and educational nature, an Advisory Committee has been set up consisting of 18 men and women, with at least one member from each of the eight districts of the county. The Advisory Committee meets with the local Agent once each month and advises him on the wants and needs of the people. Also the Local Agent trains the leaders into the duties of an advisory group in the county. The Advisory Committee members also serve as local leaders for their respective communities. As a result of the training leaders and the participation of leaders in the planning

of activities, these leaders have learned to accept responsibilities and to recognize more fully the needs of local situations.

An Advisory Committee of five members has been organized as an advisory group to the local agent on 4-H Club work. Especially is this committee to advise the Agent with the 4-H Club Pig Projects. The members of this committee have been trained in the responsibilities and qualifications of each club member who has a purebred pig or any club member who hopes to receive a purebred as a project. Already this committee has made farm visits to prospective pig owners to check the facilities and to acquaint the club member with the approved practices that he is expected to carry out. The members of the Advisory Committee on 4-H Club work also serve as local leaders.

FARM EXHIBITS

The Annual Colored Fair was sponsored by the Farmers and Homemakers Association, with emphasis placed on the educational values. It is estimated that 3500 persons attended the annual event. 695 different families made entries totaling more than 1,893. Three local machinery dealers exhibited farm machinery and household equipment. Seven schools participated. 4-H Girls, 4-H Boys, NFA Boys, NFA Girls participated by exhibiting as well as judging and giving demonstrations.

Other agencies and persons participating in the fair were:

1. The County Health Department
2. The County Commissioners
3. The County Superintendent and staff
4. The three county colored high school principals---
Mr. Mears, Mr. Rhines, and Father McKenna.

5. Farm and Home Administration
6. Forestry Department
7. The County Vocational Agriculture Department
8. County Library Service
9. County T. B. Association

The leaders who planned and made arrangements for the event were trained by The Agent.

White leaders as well as Colored leaders have remarked favorably at the success of the fair, and have expressed a desire to see this affair continued.

LIVE AT HOME

More and more the non-farm families, as well as the farm families are realizing the value of home grown foods. More than 725 farm and non-farm families were assisted this year in improving food supply by making changes in home food production of vegetables, fruits, meats, milk, poultry and eggs.

Local meetings were held on gardens. Soils improvement was emphasized to bring about better gardens. Several plantings of the same crops was emphasized in order that families could have contineous flow of green vegetables. In addition to meetings, farm visits were made and circular letters were sent to encourage families to increase their production of foods for home use. Families are paying more attention to fall gardens. Seventeen families are using the local freezer locker. These seventeen families expressed a great saving even with the cost of the average size locker at \$14.50 per year.

There has been a great increase in the production of meat for

home use. This increase production of meat has come about largely because of the application of improved practices in feeding as well as the use of high grade animals.

HOME IMPROVEMENT

Housing is a grave problem in Saint Mary's County among farm families as well as non-farm families. Several farmers have gotten loans from the Farm and Home Administration for home improvement. However the majority of families do not meet the qualifications for such loans; thus, other solutions have to be found. An example of other possible solutions to the housing shortage problem is the wonderful work being done by the Saint Joseph's Welfare Club. This club was organized by the Rev. Michael F. Kavanagh, S. J., pastor of a local church. Through the works of the St. Joseph's Welfare Club, 12 colored families are now living in their own homes, on their own land, free of debt. Members who wished to build had to own his land and put down \$50.00 for cost of transportation. The land was cleared and second hand lumber purchased from the near-by Camp Meade. The member enlisted the help of other interested persons and he in return helped them to erect their homes. As a result the club could guarantee a home, 20 by 30 feet to each member at a cost of not more than \$500.00. The club consisted of thirty members. The proud home owners, for the first time realizing the pride of ownership, are now very active in community programs and have been assisted by the agent in farm and home sanitation.

Four farm families have made definite plans for installing water systems and sewage systems for the coming year. Farm visits have been made to train leaders in home improvement.

CONTROLLING RODENTS

Typical of other counties, Saint Mary's has been confronted with the rat problem. Farmers are beginning to realize the destruction of large quantities of feed and food by rats. The rat problem had become so grave on some farms that poultry could not be raised and all feed had to be stored in metal containers. As a starting point for a rat control campaign, a rat control demonstration was held with the assistance of Mr. John C. Jones, Mammal Control Supervisor and Mr. Theadore L. Bissell, Extension Entomologist, University of Maryland. The results of the demonstration were keenly felt by all farmers who carried out the control practices as recommended. One farmer reported that he had seen more than forty dead rats in one location on his farm. Mr. John C. Dyson of Bushwood Community states that he is happy over the fact that he will be able to raise some poultry for his family another year.

TOBACCO

The major problems in tobacco this year has been educating farmers to understand the grading system and to stimulate interest in the production of a grade of tobacco that is high in quality.

Eight tobacco grading demonstrations were held with 350 farmers attending. Farmers are beginning to understand the "hows" and "whys" of tobacco grading. Many questions are being asked about the increase of quality along with the increase of quantity. From a spot survey it has been found that there has been an increase in yield from the use of increase in poundage of high analysis fertilizer per acre. Sixty per cent of farmers are using chemicals to control diseases. A large percentage of the tobacco farmers are

using chemicals for the control of weeds in plant beds. There has been an increased desire by farmers to have their tobacco seeds cleaned and tested.

OUTLOOK FOR EXTENSION WORK NEXT YEAR

- A. New Phases of Extension work that need emphasis.
 - 1. Community Advisory Committees.
 - 2. Home Sanitation- with special emphasis on outhouses and sanitary water supplies.
 - 3. More milk for the family.
 - 4. More sources of income other than the one crop- tobacco.
 - 5. A program to reach a larger number of the non-farm families.
 - 6. A recreational program for youth.

- B. Changes in Extension Organization, facilities and methods
 - 1. The County Commissioners have approved one-half the salary for full-time clerical help, effective January 1, 1951.
 - 2. The County Commissioners have approved \$617.00 for office space and facilities for one year, effective January 1, 1951.
 - 3. There is a need for a full-time Home Agent to serve the farm and non-farm homes in the county.
 - 4. There is a need for more demonstration materials and supplies.
 - 5. There is a need for a special 4-H Club man to be appointed on the Negro Extension Staff to work more closely with Negro 4-H Programs.

APPENDIX

A. County Committee and Officers

1. County Commissioners:

Out-going-- Mr. M. R. Bailey, President
Mr. J. Frank Raley
Mr. Frank Bailey

Incoming-- Mr. Leonard S. Alvey, President
Mr. C. Byron Guy
Mr. Ernest L. Stone

2. County Program Committee ----- 18

Mr. James Forrest, Chairman	Mr. S. Young
Mr. Leroy Thompson	Mr. S. Herbert
Mr. John C. Dyson	Mr. M. Herbert
Mr. Abraham Butler	Mr. J. Bush
Mrs. Florine Butler	Mr. B. Somerville
Mrs. Mary M. Johnson	Miss Ethel Briscoe
Mr. Raymond Hewlett	Mr. C. Stevens
Mrs. Elizabeth Somerville	Mrs. Alice Marshall
Mr. Leonard Bankins	Mrs. Ada Green

3. 4-H Club Advisory Committee ----- 5

Mr. Abraham Butler, Chairman
Mr. James Forrest
Mr. James Bush
Mr. Leonard Bankins
Mr. Bernard Somerville

B. Result Demonstrations

1. Purebred swine
2. Rat Control
3. Full-season pastures
4. Fertilizer practices
5. Water systems
6. Sewage systems
7. Cropping systems
8. Housing for swine
