

October 4, 1955

Regular meeting held today with all members and their attorney present.

Miss Dent came about permission to use \$25,000 or \$30,000.00 of the Incentive Fund to build 2 extra rooms at the Harboesville School. Had meeting recently with colored group and NAACP from Washington about using school at Piney Pt or integration at Frank Knox. Miss Dent feels if she can use this money for 2 additional rooms it will take care of all needs of colored pupils and integration will not be necessary. Commissioners approved the request.

Mr. Molitor of Lexington Park Housing Project asked about road at Midway Dr; street lights; ShangriLa Dr. Was advised Midway and ShangriLa are on list and also street lights had been approved and Board is waiting for the Chamber of Commerce to advise cost of instlation etc.

Miss Dent came again in the afternoon to inform the Board that this July 1955 the new law became effective whereby the Board of Education receives 75¢ on the \$100.00 basis instead of 65¢, which does not include the 5¢ incentive fund- this raised the Pub Sch appropriation \$30,000 and same had to be taken from the Cushion Fund.

Deeds requested for the following for Rights of Way and Dedication
St. Clements Shores Capps Road Golden Beach French Hill

SRC to put gravel on the Foster Morris road

Board advised that for the work necessary at Island Creek and St. Patrick's Creek it will be necessary for the parties thus affected to put up \$1,000-USA Engineers have list of the people who signed the petition- signed in 1946 there is no copy in the files

Board adjourned at 4 pm

approved

Leonard Solway

president
