

October 15, 1957

Commissioners and attorney met today in regular session.

Capt C. Lee, came in to talk about swamp land used for dump sites- many Naval air base runs have been made on such sites. trash is dumped pushed down, treated with DDT and burned over. Within 5-7 years it becomes usable for building etc. Land at neck of creek or cove, try small one first

Heating in Court House- Mr. Don Garner called in about lack of heat on west side of Court House. East side is so hot clerks keep windows open- west side is about 65* Mr. Garner says he will check and balance the heat.

Judge Dorsey came in about chairs for the Petit Jury box. Feels jurors should have chairs with cushion backs and seats, and on pedestal so they can turn to look at prisoner, judge or lawyer etc. Price on these asked from State Use Industries and Madley.

Thompkins Abell- Jutland Road- County agreed to take R of W 30', and was accepted by SRC- now they want 40' and cannot be secured. Letter to go to Mr. Duncan asking if SRC will accept this road since they agreed to take it when 30' was ok This would be for maintenance only, less than 1/2 mi, dead end road.

J. Douglas Bond authorized to purchase power saw from Guy Bros.

G. Beavans and Moakley Mattingly authorized to cut two trees lying across dump site in 7th Dist. This will be extra work and paid for by the hour, in addition to their regular burning dumps.

Letter from Atty W. Aleck Loker about roads owned by Mr. Lee Willson in 8th D. These roads lie between Willson property- Singer Sewing Machine Co- Fire Dept. Matter was referred to Mr. Bond, Res. Engineer for proper attention. Letter to Mr. Loker advising him of this.

Dog Pound- Dr Locke and Dr Watson came in about the proposed Dog Pound- this matter is in abeyance as Law only allows \$1800 per annum for dog catcher etc. They feel the Dog Warden should have wire enclosed truck with 2-way radio, central building, runs etc. No decision.
