

June 17, 1958

When the Commissioners and their attorney met in regular session today a group from the Bauer Road in the 1st Ele. Dist came in to ask for repairs on that road. Needs resurfacing in low places 21 families reside on this road 3/4 mi long. They feel the road should be widened and should also be kept in as good condition as the Rosecraft Road. Rev. Sam Bauer was with the group.

Welfare Bd. asked Commissioners to select two names from the list sent in and ask if they would act as Members of the Board for the next 6 years. Rev. Eugene Linehan, SJ- Chaptico and Mr. King Clarke of Calif. Letters written to them.

L.L. Feimster whose wife is a patient in Deer's Head Hospital, and who now pays \$125.00 per month for her has been advised by Welfare that of his salary of \$344 per mo he will have to pay \$315. Commissioners had talk with Mr. Feimster and Mr. Cook, local Director of Welfare. They feel this charge unfair. Mr. Feimster's gross salary is \$114.20 wk, but his take home pay is \$84.40. Should he be compelled to pay the \$315 it will leave him only \$29.00 per mo to live on. Mr. Sterling will contact Mr. Cook and determine what can be done.

Philip B. Shaefer, 7 Gables Rd California, has 6 children to attend paro school this fall- but bus stop is 2 miles from nearest house. Can extension be made:

Jos. Balatamante, Horse Hd Rd 5 children to go to Ryken and St. Mary's Academy this fall- have no transportation.

Have extensions for parochial schools in August

Mr. Sayre and Mr. Deagle from St Geo Island came in in an attempt to settle the bills presented by the Univ. of Md. for Mosquito control work on the Island. Mrs. Crowder to meet with Mrs. King Sat morning at 10 a.m. on this matter.

Center Gardens group composed of Archie Daniels, stern area, mngr Wherry Housing branch, Housing Div., Navy Bureau Yards and Docks, Mr. Michele Cestne, pres. N.R. Fiore, attorney and Chester Haines local mngr of the Center Gardens development came in to review the matter and have the assessment removed from the Tax Books. Center Gardens, privately owned is located on Govt. purchased property and is a Wherry Housing project. The taxes amount to about \$30,000 per year and would reduce the County's revenue by that much. It was pointed out that the Fed Govt contributes more than \$500,000 to county public schools which should be given consideration and also eliminate the taxes. This goes to the schools and the Commissioners receive no part of it. Residents of that project receive fire and police protection, use of schools and roads and should pay taxes as well as other residents in the County. at least the owners of the project should pay the taxes since they do not sell the houses.

Ray Saks and Henry Satsky, merchants with stores on the Hiram Millison road in Lex. Park came in to ask if something could be done to have that road repaired as it is unfit for travel and also is losing them trade because people can't park there, in safety. After considering the matter the Commissioners decided to ~~seek~~ <sup>ask for</sup> Right of Way from Mr. Millison and repair or rebuild the road as it should be.

Trial Magistrate J. Walter Abell came in to request additional clerical help in the office of the Sheriff as well as his office. It is impossible for the present staff to keep the work up to date. Matter will be considered.

Mr. Cmdr. Nalley of th Nalley-Avis Rd 6th Elec. Dist asked that road be drained etc. R/W was accepted over 2 yrs ago. Mr. Bond will see what can be done.

Bd. agreed to increase salary of Judge Dodge to \$600 per year, effective May 1-58

Bd. adjourned at 4:30

approved
