

May 24, 1960

All officials present at this meeting.

Eddie Stokel asked permission of the Commissioners to give instructions in 1st Aid courses- called it "Baby sitter course. Permission granted. He then spoke about the split in the paint on the County Seal above the Court house door. Commissioners will advise him about this later.

Bill Cosden of the Stuart Oil Co brought a survey of the "change over" of the furnace from Fuel Oil #2 to #6- says it would be cheaper. Commissioners feel an engineer should be consulted before any change is made.

Rick came in to photograph the Commissioners. He spoke about the possibility of another air port- this one to be near the County Fair Grounds. No decision.

Messrs. Lipski, Abell and Herbert came in to talk about additional information on real estate cards and tax bills- this was requested by Mr. Riley, State Supervisor of Assessments This means checking back each piece of property and getting size of lot, number, liber and folio of each, with better description of all property

Sen. Walter Dorsey came to talk about Commissioners having an Advisory Board to meet with them and help in any way to make decisions- Commissioners are inclined to approve of this- will decide later.

SRC- Jr. Raley was told the following roads in bad condition  
Phil Clarke's road; Mrs. Edmonds, Clements; in front of Loker Wigginton & Loker Bldg, Ltn.

Mr. Waxman of Town Creek had asked for signs #15 mi per hr." He was advised the State does not recognize this; he was advised by phone State does not erect "Safety" signs.

Jack Rue came in about the broken bridge near the Naval Air Station- he wants a new and higher bridge. ✓

Board adjourned at 4 pm

approved *Leonard S. Alvey*  
president.
