

June 7, 1960

Dr. Houser and Mr. Hartwell came in this morning and asked that Gerald Vazanna's salary as janitor of the County Office Bldg be increased to \$1,800.00 per yr effective July 1, 1960- this was agreed. They discussed Rule and Regulations for Sub Divisions and asked that they be enforced- the Commissioners agreed on this- They will pay special attention to Kessler who so far has cooperated.

A. Giddings of Andover Estates, asked that he be permitted to send Commissioners check for \$1,000 for surface treatment of road at his sub. and when work is done Commissioners will pay the State Roads Commission. Agreed.

A group of SRC men, including Messrs Bond, McCarl, Webb and Kempker came to discuss the broken bridge at NATC- considering putting in road instead of bridge. Load limit signs should be placed on all bridges. Mr. McCarl will check on the file on Mr. Chas Wood's road and see what can be done about this.

Letters were sent to Capt Woods, Geo. Dedderer of the NATC, and Mr James Bradley to meet here on Tuesday June 13, at 1.30 and talk over the matter of the bridge.

Messrs Allen Weller and Louis Craig of Hollywood Shores came in to ask the Commissioners to take over the road which runs into Maj. Henderson's land- Road begins at end of County road and runs to subdivision. This is not a County problem. Commissioners want to check this matter. There are 30 houses in the subdivision, 14 are permanent homes- 268 lots have been sold- Mr. Weller also mentioned that he would like to have his road graded- it runs thru Donaldson's property at Badds Creek- no decision.

Patuxent Beach property owners would like to have road which leads to waterfront from E st to 1st st abandoned, and have the road run from E st thru Lot #1 to waterfront. No. decision

SRC representatives will meet here on Tues. at 11 a.m.

Board adjourned at 3 pm

approved
