

November 15, 1960

All officials present at today's general meeting.

Atty. Paul J. Bailey came in with Mr. Chap Thompson to discuss "spot" dualizing of SRC 235 and SRC 5, from Waldorf to Lexington Park, instead of a dual road all the way.

Several members of the Leonardtown Vol Fire Dept desire to purchase the old radios removed from cars of Sheriff and Deputies. to be used in determining the location of fires rather than call Emergency Control. Mr. Thompson advised that these radios are adjusted to Police frequencies and cannot be used for other purposes. Later it was determined that the members of the LVFD knew how to change the radios so they could be used for "receiving" only.
No decision

K.B. Duke, clerk to Election Board discussed the possibility of removing several of the personnel from the Voting districts- doorkeepers, clerks etc nothing definite.

SRC- Douglas Bond had a general discussion on road matters. He was informed there are holes in the roads at St. John's and Yowaiski Mill road, these will be taken care of soon. He was asked to check the roads at Hurry Post office and Geo. Lawrence and report next week. Jennifer Norris- 2nd D road also will be repaired

Mr. Harry Dorsey, Map section SRC Baltimore with Atty Bailey and MC Thompson came in to talk over the aerial photos showing where dual roads will be located

Meeting will be arranged between St. Mary's and Charles County Commissioners by the SRC, to discuss SRC 5

Road at Cat Creek, Sand Gates, Commissioners asked to place sign 30MPH
Mr. Bond will check and see if this road should be so marked.
